CHESTERTOWN:

SATURDAY MORNING .....AUGUST 26, 1882.

SALE OF COL. EARLE'S PERSONAL PROPERTY.—The sale of the late Hon. Jas. T. Earle's personal property last week attracted a large number of persons from a distance and in consequence property of all kinds sold at good figures. The stallion "Needwood" was sold to a stock company of farmers in this county for $600, and "Gamble Maid" was struck off to Matthew T. Goldsborough, of Talbot county at $800. Other property sold at like good prices and the whole amount realized was $9,800. The throughbred stallion Tankerville, belonging to the estate, was taken sick and despite the efforts to relieve him he died while the sale was going on. It is reported that a gentleman was there with the intention of purchasing him, provided the figures did not exceed $1,000.—*Observer.*

GARFIELD'S CASE MEDICALLY CONSIDERED.—I cannot avoid the conclusion that, if the right line of surgical procedure had been adopted at the start, such as I have indicated and such as is taught and practiced by the most eminent surgeons in every country, those very serious complications which took place during the progress of the case, such as large pus-sacs and long pus channels, might not have occurred, and hence no septicæmia, to poison the blood, break down the vital forces, and arrest those efforts at reparation which nature had most evidently commenced. Then, as a logical and pathological fact, the death of the President was not an inevitable but an accidental result of his wound.—*Dr. R. Day, in New Orleans Med. and Surg. Journal.*

A REMARKABLE CASE.—The Somerset (Md.) Herald says that Ignatius W. Phoebus, formerly of Princess Anne, who was suppose to have died of yellow fever in Memphis, Tenn., in 1878, is still alive, and residing in Cincinnati. His friends in Somerset were notified in 1878 that he had fallen a victim to the yellow fever scourge in Memphis, and his trunk and effects were forwarded to them.

A GREAT DAY FOR PEACHES.—About 50,000 baskets of peaches arrived at Jersey City last Saturday morning from the Delaware peninsula, and were quickly taken by the packers and hucksters. Ordinary grades brought from 60 cents to $1 per basket, whilst Crawfords Early and Old Mixons sold at from $1 to $1 50 a basket for very fine varieties.

LAND SALES IN QUEEN ANNE'S.—S. B. Fauth has sold his farm, 276 acres, to J. Hersey Hall for $7,176. The Wye or Hobbs farm, 233 acres, has been sold to Miss Matilda C. Pearce, of Kent county, for $10,000. The farm of the late John A. Thompson, Kent Island, 50 acres, has been sold to Mrs. Louise B. Price at $74 per acre.

REDUCING THE NELLY WHITE'S COMPLEMENT.—The steamboat inspectors have reduced the number of passengers allowed to be carried on the steamer Nelly White from 1,200 to 950. As it was against this vessel that the greatest complaint was directed, the inspectors have taken this method to quiet the public mind.

Two peach trains collided on the Delaware Division of the Pennsylvania Railroad a short distance north of Kirkwood, Delaware, about 3 o'clock Thursday morning, wrecking twelve cars and one of the engines. Wm. Morgan, an engineer, had an arm broken and was badly scalded.

AN ECCENTRIC GOBLER.—MRS. Michael Warner, living in Broad Creek Neck, has a turkey gobler that some time since took it into his head to set; he was given fifteen hen eggs upon which to try his luck, and after three weeks faithful setting hatched out twelve chickens, which now form a healthy and thriving little brood.—*St. Michael's Comet.*

FIVE persons were injured by the broken glass of telescoping cars on the Ohio and Mississippi railroad, near Olney, Ill., Friday night. A boy named Chillen, of Cincinnati, who was in an upper birth in the sleeper, was thrown out and killed.

THE Easton Ledger states that ground will be broken for a new hotel in that town at an early day.

IN OUR FAMILY OF TEN, for over two years Parker's Ginger Tonic has cured headache, malaria, and in fact all other complaints so satisfactorily that we are in excellent health and no expense for doctors or other medicines.—*Chron*

BALTIMORE MARKET.—The Baltimore papers of Friday quote as follows:

WHEAT—Longberry $1 15@1 18; Fultz $1 12@1 15 for fair to good. CORN—White, prime 85@86; yellow, 88@88. OATS, Maryland, 65.

OFFICE OF WALTON, WHANN & CO.

WILMINGTON, DEL., July 25, 1882.

A LARGE CROP OF WHEAT.

A Conclusive Proof of the Value of Wilmington's Celebrated Fertilizer.

We clip the following from the "EVERY EVENING" newspaper of the 24th instant:

Mr. Henry Clayton, President of the Citizens' National Bank of Middletown, has just finished threshing a twenty-five acre field of stalk ground wheat, which turned out 940 bushels, over 37½ bushels to the acre.

Mr. Clayton used on this field 330 pounds to the acre of Walton, Whann & Co.'s Diamond Soluble Bone, drilled with the seed, and says the large yield is due to this fertilizer. No other was used.

This is a very large yield, a remarkable yield for stalk ground, and speaks well for the fertilizer indeed.

Upon inquiry it is leanred that this fertilizer is sold for the low price of $25 per ton, and EVERY EVENING is told that it produces larger wheat crops than any fertilizer in the market.

This crop affords an excellent opportunity to determine whether fertilizers pay.

Mr. Clayton thinks the land would not have produced, at the most, over 15 bushels per acre without the fertilizer. A calculation on this basis shows, therefore, the additional gain in wheat per acre, by the use of the fertilizer, is, say

22½ Bushels at, say $1.30 ..... $29.25
330 lbs. Diamond Soluble Bone at $25 per ton 4.13

Profit per acre upon an expenditure of $4.13 for Diamond Soluble Bone $25.12

Whatever may be said of other fertilizers, to say that the fertilizer used in this case pays enormously is a very safe assertion.

Why "DIAMOND SOLUBLE BONE" is a Popular Fertilizer.

It is sold for less money than any good fertilizer we know of.

It is packed in rot proof sacks, which not only prevent wastage and trouble in handling, but are useful for grain sacks when emptied.

It is dry; there is no moisture to pay for, and it is in perfect drilling condition.

By our special process of manufacture it imparts strength to the straw, preventing lodging, thus insuring a perfect development of the grain, and saving much labor in harvesting.

It will raise far more wheat and grass to the acre, at the same cost of application, than any fertilizer that has come under our observation; our experience has shown that the increased yield of grain per acre over other fertilizers, where careful tests have been made side by side, has been more than sufficient to pay for the "Diamond Soluble Bone" used.

One trial insures its use for the future. Its low price places it within the reach of all.

SECTION 34. *And be it enacted*, That if any officer of registration shall fraudulently register, or fraudulently permit to be registered in any registry of voters, or in any list of qualified and registered voters in his charge as officer of registration, any person who is not entitled to be registered therein as a qualified voter, or if any other person not authorized by the proper Judges or Judge, shall inscribe the name of any person as a qualified and registered voter in any registry of voters, or in any list of qualified and registered voters, or if any officer of registration shall fraudulently refuse or omit to register, or shall fraudulently misspell in any registry of voters, or in any list of qualified and registered voters in his charge as an officer of registration, the name of any person entitled under the provisions of this Act to have his name inscribed in such registry of voters, or if any officer of registration shall fraudulently strike from any registry of voters, or from any list of qualified and registered voters in his charge as an officer of registration, the name of any qualified and registered voter entitled to remain inscribed upon such registry of voters or list of qualified and registered voters, or if any person not authorized by the proper order of the Judges or Judge, shall fraudulently strike from any registry of voters, or list of qualified and registered voters, the name of any person therein inscribed as a qualified and registered voter, or if any officer of registration shall enter the name of any person as a qualified voter in any registry of voters in his charge, as an officer of registration, at any time, except on a day appointed by this Act for one of his public sittings as an officer of registration, and except between the hours appointed for such public sitting, or if any officer of registration shall do any act which is by this Act forbidden to be by him done, or shall omit to do any act which is by this Act required to be by him done, such officer of registration, whether he be a principal or assistant officer, shall be guilty of a misdemeanor, and upon conviction thereof by a competent Court, shall be punished by fine, not exceeding five hundred dollars, or by imprisonment not exceeding three years, or both fine and imprisonment as aforesaid.

SECTION 35. *And be it enacted*, That if any person shall fraudulently register, or attempt to register, in any election district, or election precinct, in this State, in the name of any other person, living or dead, or under any fictitious name, or shall fraudulently cause himself to be registered, or attempt to cause himself to be fraudulently registered in any election district, or election precinct in this State, knowing that he has not the right to be registered in such election district, or election precinct, or shall, by force, threats, menace, intimidation, or other unlawful means, prevent or hinder, any person having a lawful right to register, from duly exercising such right, or who shall compel, or endeavor to compel, by any such means, any officer of registration to admit to registration any person not legally entitled thereto, or who shall unlawfully interfere with any officer of registration in the discharge of his duties under this Act, or who shall make and assault and battery, or incite or create any riot or any breach of the peace, at or near to any place of registration in this State during the sittings of any officer of registration provided for by this Act, he shall be guilty of a misdemeanor, and upon conviction thereof by a competent Court, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment not exceeding three years, or by both fine and imprisonment as aforesaid.

SECTION 16. *And be it enacted*, That when any officer of registration shall, at any of his appointed sittings, in the year 1882, enter into his proper registry of voters of any election precinct or election district, of which he is an officer of registration, the name of any applicant for registration as a qualified voter, he shall immediately thereafter enter in the presence of the applicant, if he is in attendance, in its proper alphabetical place, in both of the poll-books, or lists of qualified and registered voters of such election precinct, or election district, the name and residence of said applicant, as the same are recorded in said registry of voters.

SECTION 21. *And be it enacted*, That each officer of registration appointed under this Act, shall, within five days after each of the several sittings, in the year 1882, make and publish in hand-bill form a complete list of all persons registered at said several sittings, and shall, in the year 1883, and in each year thereafter, within three days after the expiration of his September sitting, and within the same time after the expiration of his October sitting, make complete and publish two alphabetical lists, one of which alphabetical lists shall comprise the names of those persons whom said officers have stricken from any registry of voters, or list of qualified and registered voters, delivered to said respective officers by said respective Clerks of Courts; and the other, one of which alphabetical lists shall comprise the names and residences of the persons whom said respective officers of registration have newly registered as qualified voters in their respective election districts, or election precincts, at their said preceding sitting, and also the names of the persons whom the proper Judges or Judge, acting under the authority conferred by this Act, have or has ordered to be registered in said election district, or election precinct; the said respective officers of registration shall cause said respective lists to be published by hand-bills, posted in such public places as they may respectively select, in their respective election districts, or election precincts

SECTION 24. *And be it enacted*, That no officer of registration in this State shall register any name in any registry of voters, of which he may have the custody as an officer of registration, or strike any name from any such registry of voters, or make any other entry in such registry, except upon a day appointed by this Act, for a public sitting of such officer of registration, nor except between the hours appointed by this Act, for his sitting on such day, except by or under the order of the proper Judges or Judge, as in this Act provided.
