RECORDS

OF THE

CITY OF BALTIMORE

(CITY COMMISSIONERS)

1797-1813

CITY LIBRARY, BALTIMORE:

1906
Preface

The records in this volume are a continuation of those of Baltimore Town and Jones' Town previously issued.

They represent certain official acts of the City Commissioners, and are worthy objects of preservation because these acts relate to the establishment of boundaries of sundry tracts of land, opening public highways, etc., as the development of the new City justified the improvement.

This publication begins where the former volume terminated. The first book brought the records up to the time Baltimore Town ceased to exist, covering a period from 1729 to 1797, in which latter year the City began life as an incorporated institution. The historical thread is now picked up at the incorporation, and runs through the affairs of the City of Baltimore from 1797 to 1813.

The writer believes these records are of sufficient value to justify their perpetuation in type. They are the first of the City of Baltimore, and no argument is necessary to show the desirability of having them handed down to coming generations in typographical form. In fact, it is a question of now or never, for some of the old papers are becoming more dilapidated daily, fading and difficult to decipher.

While it is a fact that many of the points or landmarks, referred to in this work, from which surveys were begun, have long since disappeared, not a few of the plats mentioned are yet in the custody of the City Librarian, and may be of assistance to those in search of information. The original documents have been followed literally. If the reader finds the same name spelled more than one way the blame must be shifted to the person who manipulated the pen a hundred years, or so, ago. What was written then is given here; that's all.

WILBUR F. COYLE,
City Librarian.

BALTIMORE, January 2, 1906.
ACT OF INCORPORATION

(Following is taken verbatim—from William Kilty's "Laws of Maryland," published in 1800.)

CHAI\ LXVIII.

An ACT to erect Baltimore-town, in Baltimore county, into a city, and to incorporate the inhabitants thereof.

Supplementary and other acts 1797, ch. 54, 1797, ch. 57, 1797, ch. 75, 1798, ch. 2, 1798, ch. 11.

WHEREAS it is found by experience that the good order, health, peace and safety, of large towns and cities cannot be preserved, nor the evils and accidents to which they are subject avoided or remedied, without an internal power, competent to establish a police and regulation fitted to their particular circumstances, wants and exigencies; therefore,

II. BE IT ENACTED, by the General Assembly of Maryland, That Baltimore-town, in Baltimore county, shall be and is hereby erected into a city, by the name of The City of Baltimore, and the inhabitants thereof constituted a body politic and corporate, by the name of The Mayor and City Council of Baltimore, and as such shall have perpetual succession, and by their corporate name may sue and be sued, implead and be impleaded, grant, receive, and do all other acts, as natural persons, and may purchase and hold real, personal and mixed property, or dispose of the same for the benefit of the said city, and may have and use a city seal, which may be broken or altered at pleasure; the city of Baltimore shall be divided into eight wards, each ward to contain, as nearly as may be, an equal number of inhabitants; the first division shall be made by seven respectable citizens, or a majority of them, to be appointed by the governor and council; and the corporation of the said city thereafter, from time to time, shall cause a correct division of the said city to be made into eight wards, according to the actual number of inhabitants, which divisions shall be repeated as often as the increase or decrease of inhabitants in any ward or wards shall render it necessary, in order to a just representation, and
when the inhabitants shall increase to forty thousand, it shall then be divided into fifteen wards, and for any additional increase of inhabitants one new ward only shall be added for every twenty thousand, in order to preserve, as nearly as may be, an equal number of voters in each ward.

AND BE IT ENACTED, That the council of Baltimore shall consist of two branches, one whereof shall be denominated The First Branch, the other The Second Branch; the first branch shall consist of two members, of the most wise, sensible and discreet of the people, from each ward, who shall be citizens of the United States, above twenty-one years of age, residents of the said town three years preceding their appointment, and assessed on the books of the assessor to the amount of one thousand dollars; and the voters for the first branch of the said city council shall have the same qualifications as voters for delegates to the general assembly of this state; and said elections shall be made *viva voce*.

IV. AND BE IT ENACTED, That the first election for members of the first branch of the city council shall be held on the third Monday in February, one thousand seven hundred and ninety-seven, and on the third Monday in February in each and every year thereafter, at such place in each ward as the judges of the election, in the first instance, and afterwards as the corporation by ordinance, shall direct; the election shall be held by wards, and no person shall be entitled to vote for any but the members of the ward of which he is a resident; three respectable citizens, residents in each ward, or a majority of them, in the first instance to be appointed by the commissioners of Baltimore-town, and afterwards by the mayor of said city, shall be judges of the elections in their respective wards, and they shall have power to appoint their respective clerks.

By 1797, ch. 54, the elections for members of the first branch of the city council are to be held on the first Monday in October in every year.

V. AND IT ENACTED. That the polls in each ward shall be kept open one day, from eight o'clock in the morning till six o'clock at night, and no longer, and when closed, the several
judges shall, within three days after such election, notify to the persons having the greatest number of legal votes in their respective wards that they are duly elected; and they shall make their return, and deposit their polls, in the first instance with the present clerk of the commissioners of Baltimore-town, and thereafter as shall be directed by ordinance; any vacancy happening in the first branch of the city council shall be filled up without delay from the ward where such vacancy happened, in such manner as shall be hereafter directed by ordinance.

VI. AND BE IT ENACTED, That the second branch shall consist of eight members, who shall be chosen from the several wards, and no person shall be eligible as a member of the second branch, who is not of the full age of twenty-five years, a citizen of the United States, and a resident of the said town four years previous to his election, and assessed on the books of the assessor to the amount of two thousand dollars; and the members of the second branch shall continue in office for the term of two years next succeeding the time of their election.

VII. AND BE IT ENACTED, That the mayor of the said city, and the members of the second branch of the city council, shall be chosen in the following manner, to wit: That each ward, at the time and place of electing the first branch of the city council, shall elect, \textit{viva voce}, one person qualified to be a member of the first branch, as elector of the mayor and of the members of the second branch of the city council, on the third Monday in January next, and on the same day every second year thereafter, (a) who shall, on the third Monday of February, one thousand seven hundred and ninety-seven, and on the same day every second year thereafter, meet at the court-house, or some other convenient place in the said city, and elect, by ballot, a mayor, and eight members of the second branch, to serve for two years thereafter; no person shall be eligible for mayor who is not of known integrity, experience and sound judgment, twenty-five years of age, ten years a citizen of the United States, and five years a resident of Baltimore-town, or city, next preceding the election; and in case two or
more persons shall have an equal number of votes for mayor, or members of the second branch, the said electors shall determine, by lot, which of the persons, having an equal number of votes, shall be appointed to the office of mayor, or second branch of the city council, as the case may require; the said electors of the mayor and of the members of the second branch, before they proceed to elect, shall swear, or affirm, as the case may be, that they will elect, without favour, partiality or prejudice, such person for mayor, and such persons as members of the second branch of the city council, as they in their judgment and conscience believe best qualified for the said offices, and having the other qualifications required by this act; that the said electors shall be judges of the elections, returns and qualifications, of their members, but no person shall be elector of the mayor and member of the first branch of the city council at the same time; any vacancy happening in the electors of the mayor, shall be filled up from the ward where such vacancy happened, without delay, in such manner as shall be hereafter directed by ordinance, and any vacancy of the mayoralty happening, the same shall be filled up without delay by the electors of the mayor for the time being, for the remainder of the term; and all vacancies happening in the said second branch shall be filled up by the electors aforesaid.

(a) By 1797, ch. 54, the elections for electors of the mayor, and the members of the second branch of the city council, were directed to be held on the first Monday in October, 1798, and in every second year thereafter; and the electors of the mayor, &c. were directed to meet on the first Monday in November, 1798, and in every second year thereafter, for the purpose of electing a mayor and members of the second branch of the city council.

VIII. AND BE IT ENACTED, That the city council shall hold their first session at the court-house in Baltimore, or at any other place within said city, on the second Monday in February, one thousand seven hundred and ninety-seven, and they shall meet on the second Monday of February in every year thereafter, but the mayor may summon them to convene whenever and as often as it may appear to him that the public good may require their deliberations; three-fourths of
the city council shall be a quorum to do business, but a smaller number may adjourn from day to day; they may compel the attendance of absent members, in such manner, and under such penalties, as they may by ordinance provide; they shall appoint their respective presidents, who shall preside at all their sessions, and shall vote on all questions; they shall settle their rules of proceedings, appoint their own officers, regulate their respective fees, and remove them at pleasure; they shall judge of the elections, returns and qualifications, of their own members, and may, with the concurrence of three-fourths of the whole, expel any member for disorderly behaviour, or malconduct in office, but not a second time for the same cause; they shall keep a journal of their proceedings, and enter the yeas and nays on any question, resolve or ordinance, at the request of any member, and their deliberations shall be public; they shall ascertain, by ordinance, the compensation of their services, which shall not be increased during their continuance in office; the second branch of the city council shall nominate two citizens to each office which may arise under this act, and the ordinances of said corporation, and the mayor shall appoint and commission one of said nomination to fill the respective offices during pleasure; and the said mayor shall appoint proper persons to fill up all vacancies during the recess of the session, to hold such appointment until the ensuing session; the city council shall settle the salary of the first mayor at their first session of the second year, and the salary of the succeeding mayors shall be settled previously to their appointment; all ordinances or acts passed by the city council shall be sent to the mayor for his approbation, and when approved by him, shall become a law, and shall then be obligatory upon the several courts and justices of the peace of Baltimore county, sheriff and constables within the limits of the city of Baltimore, and all other persons within the limits of said city, to every intent and purpose, as the acts of the general assembly of Maryland, provided the said laws or ordinances shall not contain anything repugnant to the constitution or laws of this state, or the United States; but if the said mayor shall not approve of such
ordinances or acts, he shall return the same within five days, with his reasons in writing therefor, and if three-fourths of both branches of the city council, on reconsideration thereof, approve of the ordinance or law, it shall then be an ordinance or law, to all intents and purposes; and if any ordinance or law shall not be returned by the mayor within five days after it shall have been presented to him, the same shall be a law, in like manner as if he had approved it, unless the city council, by their adjournment, prevent its return.

IX. AND BE IT ENACTED, That the corporation aforesaid, shall have full power and authority to enact and pass all laws and ordinances necessary to preserve the health of the city; prevent and remove nuisances; to prevent the introduction of contagious diseases within the city, and within three miles of the same; to establish night watches or patroles, and erect lamps; to provide for a general survey of the city and precincts; to ascertain, when necessary, the boundaries and location of streets, lots, lanes and alleys thereof; to establish new streets, lanes and alleys, with the consent of the proprietors of the ground, and to alter and to streighten streets, lanes and alleys, with the consent of the proprietors of the lots or houses adjoining such streets, lanes and alleys; to provide for the preservation of the navigation of the bason, and Patapsco river within the limits of the city of Baltimore, and four miles thereof; for cleaning and deepening the bason and docks, and for regulating the station, anchoring and mooring of vessels; but no tax, direct or indirect, shall be laid on that part of Baltimore called Deptford Hundred for the preservation of the navigation of the bason, or for cleaning or deepening the bason or docks therein; to provide for licensing and regulating auctions and pawnbrokers within the city and precincts thereof; to restrain or prohibit gaming, and to provide for licensing, regulating or restraining, theatrical or other public amusements within the city or precincts; to erect and repair bridges; to pave and keep in repair all necessary drains and sewers, and to pass all regulations necessary for the preservation of the same; to establish and regulate inspections within the city, subject to the fu-
tiire acts of the general assembly; to regulate and fix the assize of bread; to provide for the safe keeping and preservation of the standard of weights and measures fixed by congress, and for the regulating thereby all weights and measures used within the city and precincts; to regulate party walls and partition fences; to erect and regulate markets; to provide for licensing and regulating, (with the consent of the Maryland insurance fire company,) the sweeping of chimneys, and fixing the rates thereof, within the city and precincts, and for regulating the sweeping of any chimney, by the neglect of which the safety of the city may be endangered, and to ascertain the width of those to be built in the city; to establish and regulate fire wards and fire companies; to regulate and establish the size of bricks that are to be used in the houses to be built in the city; to erect and regulate pumps in the streets, lanes and alleys; to impose and appropriate fines, penalties and forfeitures, for the breach of their by-laws or ordinances; to lay and collect taxes, not exceeding two dollars in the hundred pounds in any one year, except as before is excepted; to enact by-laws for the prevention and extinguishment of fire; and to pass all ordinances necessary to give effect and operation to all the powers vested in the corporation of the city of Baltimore; provided, that the by-laws or ordinances of the said corporation shall be in no wise obligatory upon the persons of nonresidents of the said town, being citizens of this state, unless in cases of intentional violation of by-laws or ordinances previously promulgated; all the fines, penalties and forfeitures, imposed by the ordinances of the corporation of the city of Baltimore, if not exceeding twenty dollars, shall be recovered before a single magistrate, as small debts are by law recoverable, and if such fines, penalties and forfeitures, do exceed the sum of twenty dollars, then to be recovered by action of debt, in Baltimore county court, in the name of the corporation, and for the use of the city of Baltimore.

Several additional powers are given by 1797, ch. 54; and by 1797, ch. 75, the mayor, with any two justices of the peace, may arrest and imprison any French slave who is dangerous to the city, and send such slave to the West Indies in the manner therein directed.
pX. AND BE IT ENACTED, That the powers and authority vested in the town commissioners, special commissioners and port-wardens, heretofore appointed by law for Baltimore-town, except the authority of the town commissioners to hold elections agreeably to the constitution and form of government, (a) shall cease and determine as soon as this act shall be in force and operation; and the corporation of the city of Baltimore are hereby declared to possess, and may provide for the exercise of, all powers and authorities now vested in the said town commissioners, special commissioners and port-wardens, except the holding of elections for delegates to the general assembly, but no rights acquired under the acts of the aforesaid boards shall be annulled, impaired, avoided or restrained, by any act of the said corporation; and immediately upon the operation of this act, and organization of the corporation contemplated thereby, the records, papers, proceedings, monies, accounts, and all other matters and things appertaining to the said commissioners of Baltimore, special commissioners and port-wardens, shall be lodged and deposited with such person or persons as shall be appointed by the mayor and corporation of the city to receive the same; and all acts of the legislature of the state of Maryland, now in force, shall continue and remain in force, but the powers and authorities thereby delegated to the commissioners of Baltimore-town, special commissioners and port-wardens, or any other tribunal or persons, touching the police of Baltimore-town, or any of its internal concerns, shall be and they are hereby transferred and vested in the corporation hereby constituted, and the said corporation are hereby empowered to act under such laws, in the same manner, and as fully, as if the said corporation had been particularly named in such laws; the mayor shall, in virtue of his office, have and exercise all the jurisdiction and powers of a justice of the peace, except as to the recovery of small debts, and may call upon any officer of the city intrusted with the receipt and expenditure of public money for a statement of his accounts, as often as he or the corporation may conceive it necessary; he shall see that the ordinances are duly and faithfully executed, and shall report an-
nually to the corporation, during the first five days of their session, a general state of the city, with an accurate account of the money received and expended, to be published for the information of the citizens; the mayor and corporation of the city of Baltimore, the judges and clerks of the elections, and all other officers of the city, before they enter upon the execution of their respective offices, shall severally take the following oath or affirmation: "I do solemnly swear, or "affirm, as the case may be, that I will faithfully "execute the office of——, to the best of my "knowledge and ability, without favour, affection "or partiality."

(a) This part of the constitution was altered by 1797, ch. 57, (confirmed by 1798, ch. 2,) which appointed other judges, and by 1798, ch. 111, judges were appointed for elections of representatives in congress, and of electors of the president and vice-president. By 1799, ch. 50, section 10, the judges of the elections for the first branch of the city are to be judges of the elections in which the town commissioners had been judges.

X. AND BE IT ENACTED, That the person or persons appointed to collect any tax imposed in virtue of the powers granted by this act, shall have authority to collect the same by distress and sale of the goods and chattels of the person chargeable therewith, but no sale shall be made, unless ten days previous notice thereof be given, and if the tax imposed shall be chargeable on any real property, and no goods or chattels can be found liable to be distressed therefor, the same may be recovered by action of debt, or attachment, in Baltimore county court, in which no impairment shall be allowed.

XI. AND BE IT ENACTED, That all and singular the powers granted to the said corporation shall be and are hereby declared to extend to Deep Point, and to all wharfs and other grounds heretofore made and extended into the basin of Baltimore-town, or which shall hereafter be made or extended into the same, which shall be considered and taken as part of the said city; and the said corporation may provide for the exercise of such powers, in the same manner as if the said wharfs and reclaimed lands were originally condemned as part of the said town.
XIII. AND BE IT ENACTED, That an act of assembly, passed at November session, seventeen hundred and eighty-four,* entitled, An act for the establishment and regulation of a night watch, and the erection of lamps, in Baltimore-town, in Baltimore county, shall be, and is hereby enacted and declared to be, a perpetual law, subject, nevertheless to such alterations, amendments and revisions, as may hereafter be enacted and ordained by the corporation aforesaid, or the legislature of this state.

XIV. AND, whereas the committee of health of Baltimore have incurred a debt of two thousand two hundred dollars in the execution of the trust imposed in them, BE IT ENACTED, That the corporation aforesaid shall assess and levy, on the assessable property of said city, the amount of the expenditures of the said committee of health for and during the year seventeen hundred and ninety-six, to be collected in the same manner as the county levy is by law directed to be collected, and to be applied as aforesaid.

XV. This act to continue in force until the first day of September, seventeen hundred and ninety-eight, and the end of the next session of assembly which shall happen thereafter.

Declared to be perpetual by 1797, ch. 54, except where altered by that act.

CITY COMMISSIONERS OFFICE, Baltimore
the n th day of October 1802

Whereas by an act of assembly passed November Session
1801, the City Commissioners were authorized to condemn as
a public street of the city of Baltimore all the vacant ground
on the lane called Ten feet Lane in the said city between the
buildings on the east and west side of said Lane, provided
that the entire width of the said street from the east side thereof
shall not exceed sixteen feet and an half and to record the
said street as in other cases by the name of McClellans Street—
We the City Commissioners by virtue of the powers in us
vested have caused to be surveyed and laid down the afore-
said ten feet lane agreeably to the original bounds and have
also caused to be surveyed all the vacant land lying on the
west side thereof which said vacant land hereby condemned
as a public highway for the use of the public hereafter for
ever, is contained within the following metes and bounds viz,
Beginning on the north side of Baltimore street and at the
south east corner of a brick building belonging to the heirs of
the late Matthew Swan at the letter A on the platt and running
along the wall of the said building north eight degrees & three
quarters of a degree east seven feet thence North thirty degrees
east eleven feet six inches until it intersects a line drawn par-
allel with the original east side of ten feet lane at the distance
of sixteen feet and a half therefrom thence North easterly
parellel with the east side of said lane to St Tammany Street
at the figure 3 on the plat thence south seventy degrees and a
half east to the west side of the original ten feet lane at the
letter B, thence running and bounding on the west side
of the original ten feet lane to Baltimore Street, at the letter
C thence with a streight line to the beginning— And have also
cauised to be laid out the whole into a street by the name of
McClellan's Street agreeably to the annexed plat which said
street is contained within the following metes and bounds Viz;
beginning for the said street on the north side of Baltimore
street and at the south-east corner of the brick building belong-
ing to the heirs of the late Matthew Swan at the letter A on
the plat and running along the wall of the said building north
eight degrees and three quarters of a degree east seven feet,
thence North thirty degrees east eleven feet six inches until
it intersects a line drawn parallel with the east side of the
original ten feet lane, at the distance of sixteen feet and a half
therefrom, thence northeasterly parallel with the east side of
said ten feet lane to St Tammany street at the figure 3 on the
plat, thence south seventy degrees and a half east eighteen
feet six inches to the east side of the original ten feet lane at
the figure 4, thence running and bounding on the east side
thereof to Baltimore street at the letter D, thence with a straight
line to the letter A, the place of beginning for the use of the
public hereafter for ever; and do hereby direct that the said
plat and condemnation be transmitted to the Register of the
city to be by him recorded—

Given under our hands and seals the day and year above
written.

CITY COMMISSIONERS OFFICE
BALTO. 27th. April 1807

In pursuance of the application of Wm. Jessop to establish the Division line between Lots Number five Hundred & ten & five hundred and eleven on Liberty street, After giving four days public notice met on the fifteenth Instant; John Hillen Commissioner met and adjourned to the twenty second Instant ten O'Clock— On the 226. John Hillen Commissioner met agreeably to adjournment, & not being a board adjourned to 6 oClock in the evening, at which time John Hillen & Hezekiah Watters met, & having examined the evidence relative thereto; Did establish the division line between lot Number five hundred & ten & five hundred & eleven to begin at the distance of seventy five feet from the acute corner of Hezekiah Clagget's Brickhouse at the North east intersection of Baltimore & Liberty Streets Northerly below the water-table, & running thence parallel with Conowago Street to a Spike nail drove in William Jessops brick warehouse In witness whereof we have hereunto set our hands & seals.

JOHN HILLEN [S]
HEZEKIAH WATERS [S]

Upon the above establishment an Appeal was made Unto the Mayor, (by William Wellmore & Michael Ridlemoser,) who appointed David Williamson Elias Ellicott William Winchester, Peter Fricke & Alexander McKim or a majority of them to examine into the determination of said Commissioners in the premisses & to settle all matters in dispute within ten days thereafter & return their awards in writing to the register of the city to be by him recorded.—
In Compliance with the aforesaid warrant, granting by Thoroughgood Smith Esqr. Mayor of the city of Baltimore, The Undersigned have met at the lots in the said warrant referred to, & having heard the allegations of the parties Interested in the object of our Commission, examined their Witnesses, & made such experiments as to us appeared Necessary, to ascertain the dividing line between the lots Number five hundred & ten & five hundred and eleven, We do approve & confirm the decision thereon made by the city Commissioners, and returned to the register's office, Under date of the 27th. of April in this present year 1807 so far as the said decision acts on the said dividing line and we do establish the residue of the said line not acted on by the said Commissioners as follows, viz, By continuing an easterly course parallel with Conowago Street from the beginning of the said line on Liberty Street: Established by the said Commissioners as aforesaid, until the said course intersects the line of Todd's range, or the Westerly side of Forest lane.

Given under our hands & seals in the city of Baltimore the day & year first above written—

ELIAS ELEICOTT [S]
PETER FRICKE [S]
W. WINCHESTER [S]
ALEXR. MCKIM [S]

CITY COMMISSIONERS OFFICE

In pursuance of the petition of John Crouse to establish the lines of a lot on Fayette Street between North Street & Howard Street, leased by John E Howard to Lawrence Bailsman and by Lawrence Bailsman to said John Crouse; the Commissioners did meet on the 28th day of April last; having given four days public notice of the time, place & intention of their meeting; and adjourned to the 1st. day of may & having met & examined the locations & evidence relative to the subject matter prayed for; Did establish the same as follows, the westermost boundary line of said lot to begin at the distance of sixty six feet Easterly from the Southwest corner of John Marsh's brick house on Fayette Street thence northerly to Dutch alley to a point thirty one feet two inches westerly from
the Northeast corner of William Elves Brick house on south side of said alley

The eastermost boundary line of said lot to begin at the distance of Ninety seven feet two inches from said Southwest corner of John Marsh’s brick house on Fayette street, thence running Northerly to Dutch alley to the Northeast corner of said William Elves Brick house— As witness our hands & seals this 22d day of may 1807

JOHN HILLEN [S]

CITY COMMISSIONERS OFFICE

In pursuance of the Application of Anthony Law to establish the boundary lines of part of Lot No. 602 Situate on Liberty street and Dutch Alley owned & possessed by him the said Anthony Law.

The City Commissioners did meet on the 27th. day of May last, having given four days public notice of the time, place & intention of their meeting, and having adjourned from time to time did meet again on the 8th. Instant agreeably to adjournment.

It appears that from the Deeds and Possessions of the property, that they are at considerable Variance, that the Deed to Shaneberger calls for a line from Liberty street, parrallel with Fayette street which appears from the Testimony of Adam Denmead on oath could not have been intended as he had made a purchase from said Shaneberger of part of said Lot, and not having as much ground on the back line as he had bought from said Shaneberger on the front line he requested to have more, but Shaneberger told him he could not let him have any more, as he the said Shaneberger had but twenty four or twenty five feet himself on the said back line: And also on the testimony of Cornelius H. Gist, also on oath, who wrote the Deed for Shaneberger did insert in the body of the Deed the words parrallel with Fayette Street without any instruction from him the said Shaneberger. And from further Information, & the situation of the Improvement on that part of the Lot, & the improvement adjoining, he the said Shaneberger must have built his house agreeably as he conceives was the boundary line of his lot, & not parrallel with Fayette Street, and that he sold to Adam Denmead under those impressions And that Adam Denmead bought & sold under the same.

The City Commissioners therefore, wishing to do justice to all parties, have established the lines of Anthony Law as fol-
In pursuance of the application of John Reese to establish part of lot No. 633, situate on Howard street & Waggon Alley—The City Commissioners did meet on the nth. day of April last, having given four days public notice of the time, place & intention of their meeting, & having adjourned Did meet again on the 12th. day of the same month & after examining the evidence & location relative to the Subject matter prayed for, Did establish that part of lot number Six hundred & thirty three, to begin at the south east intersection of Howard Street & Waggon Alley, said intersection being Northerly twenty nine feet two inches from the North West corner of Said John
Reese's house on Howard Street meeting a point eighty two feet six inches from the North east Corner of Frederick Brendle's brick house on Howard Street and Waggon alley, thence running & binding on Howard Street Southerly Twenty seven feet, thence Easterly parallel with Lexington Street four perches, thence Northerly parallel with Howard Street Twenty seven feet, thence binding on Waggon Alley four perches to Howard Street the place of beginning. In Witness whereof we have hereunto set our hands & seals the day & year above written—

The City Commissioners being called on by Mrs. Jane Baylis, by her application of the 21st. Instant to establish the lines of that part of Lot Number Sixty one situate on Conewago Street, Conveyed by William Langril to her the said Jane Baylis.—

Elias Barnaby of lawful age Deposeth & saith, that the Lot now owned, & occupied by Elias Glenn Esqr. & formerly leased by him this Deponent from the late John O'Donnel, was fixed & laid out by said John O'Donnel on the West Side of a ten feet alley, as laid out by said John O'Donnel on the north side of said Connewago Street. That this Deponent Originally had his lot laid off ten feet more to the Eastward; but in consequence of said O'Donnel's making an arrangement with a Certain Joseph Fitzpatrick, the location of the said ten feet alley, was laid out ten feet more to the Westward than was contemplated in the first instance. This Deponent further says, that said O'Donnel & himself fixed a Stake at both corners of said alley & Conewago Street That the stake fixed on the West Side of the alley was at the South east corner of the House erected by him this Deponent, & now owned & occupied by Elias Glenn; that the improvements erected on both sides of the said ten feet Alley was always considered as correct & satisfactory to all parties that this Deponent has sold the property on the West Side of said ten feet alley to Elias Glenn Who now owns and occupies the same. And that this Deponent hath no interest whatever to the aforesaid Property.—

CITY COMMISSIONERS OFFICE
Baltimore 15II. Janry. 1810

In pursuance of the Application of John Diffenderfer to fix the boundaries of part of Lot No. 100. binding to the South on second street owned by Mrs. Sleigh.

Henry Stouffer did meet on the first day of November last, having given four days public notice of the time, place and intention of their meeting; but in consequence of the Surveyor
not attending, the said Commissioner adjourned to the fourth of the said month. The City Commissioners met on the fourth day of November, Agreeably to adjournment, & having examined the location & evidence relative to the subject matter prayed for— Did Establish the Eastwardmost boundary line of lot No. one hundred, to begin on the north side of Second Street Eastwardly, One hundred & sixty five feet from the Northeast intersection of Second & Frederick Streets, which said intersection is the Southwest corner of said lot Number One hundred thence running Northwardly, parralel with Frederick Street ninety nine feet.

In witness whereof we have hereunto set our hands & seals the day & year above written—

HENRY STOUEER [S]
JNO. BANKSON [SJ
WM. C. GOLDSMITH [S]

CITY COMMISSIONERS OFFICE.
BALTIMORE 1810. Janry. 1810.

In pursuance of the Application of Edward B. Lowry to Establish the Division line between the property of Phillip Rogers and the property of the late Samuel & Robert Purviance extending from Pratt street southwardly.—

The City Commissioners did meet on the sixth day of December last, having given four days Public Notice of the time place and intention of their meeting; but in Consequence of the Surveyor not attending, the Commissioners adjourned to the 8th day of the same month—

The City Commissioners did meet on the 8th day of December, agreeably to adjournment, and having examined the location & evidence relative to the subject matter prayed for. Did establish the Division line between the property of Phillip Rogers <x the late Samuel & Robert Purviance, extending southwardly from Pratt street, to begin on Pratt street Easterly Ninety nine feet from the North east corner of William Patterson's Warehouse, Thence running Southwardly meeting a point drawn Eastwardly One hundred feet from the Southeast corner of Phillip Rogers' Warehouse, standing at the South end of Commerce Street.
In witness whereof we have hereunto set our hands and seals the day & year above written—

N. B. It is not intended that the above establishment should effect the line of Pratt street—

CITY COMMISSIONERS OFFICE

BALTIMORE the 22d Novr. 1809

In pursuance of the application of William C. Goldsmith (one of the present board of City Commissioners) to establish the south west intersection of Sharp & German Streets, & the Northwest intersection of Sharp & Lombard Streets— John Bankson Commissioner did meet on the 12th day of October last, having given four days Public notice of the time, place & intention of their meeting, and having adjourned from time to time, Henry Stouffer, John Bankson, & Samuel II. Gatchell did meet again on the 21st. Inst—having heard at their different meetings the several allegations of the parties. And having examined the several evidences & locations heretofore established on the East & West sides of Sharp street, & also having duly examined the several Platts to them exhibited

The Undersigned Commissioners, Henry Stouffer and John Bankson, Do fix & establish the south west intersection of Sharp & German streets to be south eighty six degrees & a half West seventy one feet one Inch from the North west corner of St. Peter's Church, on a line with German Street— Also did establish the North west intersection of Sharp & Lombard Streets to be at the distance of sixty seven feet one inch North­erly from the North east corner of EHas Ellicott's dwelling house on Sharp & Lombard Streets, meeting a point One hun­dred & forty five feet, from the Northwest corner of said Elli­cott's stable on Lombard Street—

In witness whereof, we have hereunto set our hands & seals the day & year first above written—

Samuel H. Gatchell dissented from the aforesaid establish-
Upon the preceding Establishment the following appeal was made—

To Edward Johnson Esqr. Mayor of the City of Baltimore—

An Appeal is prayed from the decision of Henry Stouffer & John Bankson in fixing the corner of Sharp & Lombard Streets, & Sharp & German Streets, signed by them on the 22d. Inst. returned to the register's office on the 24th. Inst.

W. C. GOLDSMITH.
25IL Nov. 1809—

Whereupon the Mayor issued his warrant appointing the five following persons as Commissioners, to examine the said preceding Establishment & to alter or confirm the same as they or a majority of them should in their consciences see fit. & to make return thereof to him or the register's office, in ten days thereafter under their hands & seals &c Viz, Thomas Dickson, James Carrall, Mark Pringle, Baltzer Schafter & James Armstrong.—

Upon which Commission, the aforesaid five Gentlemen having acted returned the following report & decision to the register of the City (to be entered on the records of the City Commissioners and the Originals filed in his office) the 30th. day of December 1809

Baltimore 21st. December 1809

I hereby certify that Thomas Dixon, James Carroll, Mark Pringle, Baltzer Schafter & James Armstrong appointed on an Appeal of William C. Goldsmith from the proceedings of the city Commissioners on the 22d. of November last made by them on said William C. Goldsmith's application on Sharp, German & Lombard Streets, Were duly qualified before me, agreeably to the tenor of said Commission, under the authority of Edward Johnson Esqr. Mayor of the City of Baltimore.

SAMUEL VINCENT.

We the subscribers having on the 21st. day of December 1809 been appointed by Edward Johnson Esqr. Mayor of the City of Baltimore, to revise & examine the proceedings of the City Commissioners respecting certain Establishments on Sharp,
German and Lombard Streets, of which William C. Goldsmith had complained, and to alter or confirm the same as shall appear to us or a Majority just & proper— Do report, That Henry Stouffer one of the Commissioners by whom the establishment complained of were made, appeared before us & alledged that the said Commissioners were directed & influenced principally by an Establishment on record made the 2d. day of May, 1806 on the application of Edward Waters presuming- they had no authority to question the work of former Commissioners. They measured from the East side of Sharp Street, as then Established sixty six feet, agreeably to the Original plat of the Town, and at the spot where the sixty six feet terminated they made the line on the West side of Sharp street and thereby regulated the same, which work he considered as confirmed by a Variety of Measurements on the said Original plat.

By a recurrance to the Ordinance of the Corporation under which the present Commissioners act, it is presumed they have authority to investigate fully, the principles which influenced the Board to make the Establishment complained of, by William C. Goldsmith, They therefore called on John Hillen, one of the Commissioners who acted when the Establishment was made on the application of Edward Watters, 2d. May 1806, (see deposition of John Hillen, filed) It appears from that paper that the Commissioners then to ascertain the line of Sharp street, on the East side took Stump's corner, on Pratt & Sharp Streets for one point, and a spot at or near the corner of Mr. Dashield's Church on the South side of German lane as the other point, drawing the line of Sharp Street, on the East side, from one point to the other—

To these Data are the following objections.

Stump's corner is not a point established by any record presented to this Board, if it was, that corner is not within the lines of Hall's Addition to Baltimore town made in 1754, but is part of a younger addition, & cannot consequently regulate an Older Survey.— The Spot at or near Mr. Dashiel's Church on German lane & Sharp street, is not established by any record presented to this board. When the affirmation of Elias Ellicott, & the Deposition of Jehu Bouldin returned with this report are considered, it is presumed no such record exists, both points on which the Establishment of May 1806 was made, failing, the
present board are of opinion that the Establishment then made in 1806 was founded on improper principles, of Course anything built thereon must fall with it.

The board then had recourse to the original plat of Hall's Addition made out by Nicholas R. Gay March 25th. 1754 Endeavoring therefrom to locate Sharp street, as it was originally done by Joshua Hall the proprietor, & Nicholas R. Gay the Surveyor. They took into their consideration the outlines of Original Baltimore with which Hall's addition calls to run, The Deposition of Cornelius Howard, & a variety of others returned with this report, a list of which is added thereto:— Also the deeds from Joshua Hall the proprietor to John Moale, Rachel Merryman Now Rachel Stewart, John Hall son of Joshua to Jacob Cromwell, from all which it clearly appeared to this board that Joshua Hall & Nicholas R. Gay located the South east intersection of Sharp Street & German lane at or about twelve feet One Inch & half an Inch, East from the Northwest corner of Mr. Dashiel's Church, As set forth in the Deposition of Cornelius Howard, that spot being nearly the Westernmost point of lot Number twenty eight of Original Baltimore the corner of Sharp street from that point proceeds South agreeably to the plat.

Having then a point fixed, to wit, twelve feet, one inch & one half inch from the Corner of Mr. Dashiel's Church Agreeably to Cornelius Howard’s Deposition, which is two feet nine inches West, from where the South thirty degrees West twenty three perch line of Original Baltimore terminates on the south side of German lane, the present board divided the distance between those two points, and fixed the same as the point from which the East side of Sharp Street, should have taken its commencement: From that point they measured Sixty six feet continuing the line of German lane on the South; its termination they made to be in the line of Sharp street on the Western side thereof, the spot measures fifty two feet six inches from the Northwest corner of St. Peter's Church, continuing the line of German lane on the South, they then run the line of Sharp street southerly for the west side thereof to another point on Lombard street, which is north eleven degrees & one quarter of a degree east sixty nine feet two inches from the North east corner of Elias Ellicott's house.
As the changes which the present board have been under the Necessity of making, will affect some Valuable buildings on the East side of Sharp street, they are happy in having it in their power to connect with this report an Instrument of writing Signed by William C. Goldsmith & George Reinecker by which those Gentlemen have Voluntarily bound themselves to continue the Streets as at present arranged & to accept in lieu of their claim a fair equivalent in money——December 3oh. 1809

THOS. DICKSON          [S]
JAMES CARROLL          [S]
MARK PRINGLE          [S]

J AS. ARMSTRONG       [S]

Extracts of Deeds returned which were taken into consideration by the above board X\z—.--

Joshua Hall to Thos. Franklin, dated i8h. Augst. 1764
Joshua Hall to John Moale—4, Janry. 1772
Do.— to Rachel Merryman (now Stewart) 28. June 1776
John, Son of Joshua Hall to Jacob Cromwell—1, Augst. 1770

The Depositions returned were those of James Calhoun, Cornelius Howard—Jacob Small, Rachel Stewart formerly Rachel Merryman, Jacob Cromwell—Andrew Snyder—Elias Ellicott, George G. Presburv, James Carey, Thomas Moore, Christopher Hughes, John Hillen, Richardson Stewart & Jehu Bouldin—

A plat signed Jehu Bouldin dated Dec. 29I1 1809. also returned, the Stipulation of Wm. C. Goldsmith & George Rein­ecker also returned.—

All of which accompanying documents are on file with the foregoing report & plat annexed—in the register's office.

BALTIMORE 2oh. febry. 1810

Commissioners met on the application of Thomas Barnet to establish the dividing line between lots No. 37 & 38—Con­veyed by Thomas Elliott to Abraham Van Bibber, & the part of said lots conveyed by Thomas Elliott to Wm. Hayes, Situate on Point Street, Fell's point, as also the Northermost line of
that part of said lots assigned by William Hayes to Mason in
the year 1785, & now owned by Wm. Patterson.

Present HENRY STOUEER
JNO. BANKSON
WM. C. GOLDSMITH
SAML. H. GATCHELL

The following depositions were taken at the request of the
parties.

William Johnson Aged 68 years produced on the part of
Wm. Patterson Deposeth & Saith.— That he thinks he was
present when Mr. Patterson purchased lot No. 39 & 40 he be-
lieves it was in the year 1769:—• That it was sold by Capt.
Thomas Patton, That it was improved & inclosed by a fence
as far as in a range with Queen Street, that a post was put
down by George Patton's direction, by this Deponent, And that
he believes the post now shown by Mr. Patterson, is on the same
spot where he put down the post above alluded to— that the
wharf was in a line with said post— Sworn before me

WM. C. GOLDSMITH

William Trimble aged 65 years produced on the part of Wil-
liam Patterson affirms & Says.— That he is acquainted with
the boundary lines of lot No. 37 & 38.— He came to this place
in the year 1775 and remained on the premises until the year
1783. And that at the time he came to reside here, the said
Wm. Patterson's property was enclosed by a fence, on the North
side at or near to a post now pointed out by said William Pat-
terson, That he, this Deponent built a Shed under the direc-
tion of Wm. Patterson, in a range with said fence; And that
some of the post are now standing: That he never heard any
objections to the building of the shed, or to the line of the
fence: He does not know anything as to the lines or boundaries
of any of the lots.— He believes the tide water mark on the
South end of Point Street to have been about where a log now
lays across the street:— He believes that the lots North of
William Patterson's property was open & not enclosed, except a
small frame house filled with brick on Point street, adjoin-
ing the fence of William Patterson, or Nearly so; but does not
know by whom it was built—

Affirmed before—

WM. C. GOLDSMITH
Job Smith aged 52 years produced on the part of Capt. Thomas Tenant & others, being duly Sworn, Depoeth and saith, that he knows nothing of the boundary lines: That he purchased a lot about the year 1794 on Point street on the north end thereof from Dr. Hayes which he believes to be lot No. 37, now owned by Capt. Thomas Tenant & others and that Dr. Hayes told him this Deponent frequently, that Mr. Patterson's enclosure was on his ground 8 or ten feet to the best of his recollection

Sworn before W11. C. GOLDSMITH.

Peter Weary aged 84 years, produced on the part of Wm. Patterson, being duly Sworn, Deposeth & Saith, that he has lived on Fell's point since the year 1783: That he recollects about the year 1784 a fence stood in a line with a post pointed out by Mr. Patterson, or nearly so, That there was a small frame house on Point street adjoining the said fence or Nearly so, to the North end thereof: That he has no Knowledge of any boundaries.— Sworn before W M. C. GOLDSMITH

Levin Hall aged 40 years produced on the part of Wm. Patterson being duly sworn, Deposeth and saith, That he has no knowledge of any boundaries or Division lines: He came to reside on the property of Mr. Patterson in the year 1791 and continued thereon until the year 1807: That a fence was on the ground in a line with the post now shewn by Mr. Patterson: That a frame house was standing on Point street, North of said fence, adjoining, or nearly so, in the year 1791 ; but does not know to whom said house belonged That tide water mark, to the best of his recollection, Corresponds as stated by Mr. Trimble; that his Impressions were,that the property,as now inclosed & improved by Mr. Patterson was his property, & that he never heard, until lately, any objection thereto. That he believes Dr. Hayes did rent that part of the wharf not enclosed by Mr. Patterson—

W M. C. GOLDSMITH

Samuel H. Gatchell aged 52 years, produced on the part of Capt. Thomas Tenant & others. Deposeth & Saith, That he gave Dr. Hayes, in the year 1796 and 1797 some consideration for the
Baltimore City.

Use of the wharf, North of Mr. Patterson's North warehouse, that Dr. Hayes told him this Deponent, that Mr. Patterson had built part of his warehouse on his. Dr. Hayes ground, & also that the fence was on his ground—

Sworn before

W.M. C. Goldsmith

George Plall aged 48 years, produced on the part of Capt. Tenant & others, being duly sworn deposesth & Saith, He believes the tide water at the South end of Point street to be about 10 or twelve feet to the South of the log pointed out by Mr. Trimble & Mr. Hall. That he built the North warehouse of Mr. Patterson and at the time of building the same Doer. Hayes told Capt. Johnson who resided on the premises, not to proceed in building; for that part of the building was on part of his ground: That after some conversation between Doer. Hayes & Capt. Johnson he heard no more on the Subject—

Sworn before W.M. C. Goldsmith

Upon the above establishment an Appeal was made unto the Mayor by Thos. Barnett attorney in fact for Mary Hayes, Thomas Tenant & John Lee, Who appointed James Ellicott, Robert Walsh, David Williamson, Thomas Cole & Thomas McElderry Esqrs. or a majority of them to examine into the determination of said Commissioners in the premises, & to settle all matters in dispute within ten days thereafter, and return their award in writing to the register of the City to be by him recorded. The following Award & Decision was therefore returned to the register to be recorded the 31st. day of March 1810, by the said Commissioners of Appeal.— We the undersigned, in virtue of the authority & powers vested in us by a warrant to us directed by Edward Johnson Esqr. Mayor of the City of Baltimore and dated the 22d day of March 1810. being duly qualified did meet on Point street, on Wednesday the 28th Instant, and after some deliberation on the Subject adjourned until Saturday the 31st March, When we again met on the premises and having attentively read & considered the evidence laid before the Commissioners, And diligently & impartially examined their proceedings, do hereby alter the same; And award that the divisional line between that part of lots No. 37
& 38 Conveyed by Thomas Elliott to Abraham Vanbibber, and the part of said lot conveyed by Thomas Elliott to William Hayes, situate on Point Street, Fell's Point Shall begin on the West side of Point street Northwardly one hundred and thirty seven feet six inches from the end of a line drawn across Point street from the Southwest corner of the Inspection house in the true direction of the North side of Philpot street: At the beginning for which divisional line we have this day planted a Stone from whence the said divisional shall run westward and at right angles with Point street. In witness whereof we have hereunto set our hands & affixed our seals this thirty first day of March in the year of our Lord Eighteen hundred & ten—

BALTIMORE 16th. April 1810

In pursuance of the application of the Revd. Joseph G. J. Bend in behalf of St. Paul's Vestry & others to fix & establish the line of both sides of Jones' Falls from Market or Baltimore Street Bridge to Bridge Street bridge commonly called Griffith's Bride— The City Commissioners did meet on the yh. dav of march last having given four days public Notice of the time place and intention of their meeting; and having ad­journed from time to time did meet again on the ioh. day of March last and having examined the location & evidence rela­tive to the Subject matter prayed for, together with the pro­ceedings of the Portwardens relative thereto—

Did Establish the westernmost line of Jones' Falls to begin twenty four feet from the South East corner of the Brick Cellar Wall of William Patterson's frame house occupied by Jacob Daily, meeting a point sixteen feet three inches from the Northeast corner of the Westernmost Butment of the new stone bridge on Baltimore Street which is two hundred & fifteen feet from the North east intersection of Baltimore & Harrison Streets, thence running North twenty three degrees & three quarters of a degree west passing a point, One hundred & forty four feet from the Northwest corner of John Carrere's brick house on Harrison's Street On lot No. one hundred & fifty ranging with the North end, thereof thence continuing the same course until it intersects the Division line between lots number One hundred and thirty seven & one hundred and thirty eight meeting a point One hundred & thirty six feet from the South east corner of Richard Benson's three story brick house on the West side of Harrison Street, thence running—to the South east corner of the Westernmost Butment of Bridge Street on Griffith's bridge meeting a point sixty feet from the South­ernmost corner of the Easternmost Butment of said bridge, the said line to be drawn—at right angles with the said Jones' Falls; The Easternmost line of said Jones' Falls to begin at the South­ernmost corner of the Easternmost butment of Griffith's bridge —thence running parralel with the aforesaid Westernmost line of said Falls to Baltimore Street at the distance of sixty feet at right angles therefrom
In Witness whereof we have hereunto set our hands & seals the day & year above written

In consequence of the above Establishment an appeal was prayed for by William Bosley & Hezekiah Price, & the following Commission issued from Edward Johnson Mayor of the City of Baltimore.

To Joseph Townshend, Adam Fonerden, Alexander Me-Kim, John Diffenderfer, & John Miller Junr.

GREETING

The City Commissioners having on the 16th. of April last established the lines of both sides of the falls called Jones' falls, from Market or Baltimore Street bridge to Bridge street bridge, commonly called Griffith's bridge; And William Bosley & Hezekiah Price considering themselves Aggrieved thereby, & having on the 18th. day of April last prayed an Appeal from the decision of the said City Commissioners—

This is therefore to authorize you to review and examine the proceedings of the said Commissioners, first taking on Oath or affirmation that you will impartially examine the said proceedings, from which the appeal as aforesaid is prayed; And confirm or alter the same as Shall appear to you or a Majority of you to be just & proper; And return your award in writing within ten days from this date to the register of the City to be by him recorded,

Given under my hand & the Corporate seal of the City of Baltimore this 16th. of May 1810.

EDWD. JOHNSON Mayor
of the City of Baltimore.

(Here follows the award of the Commissioners of Appeal.)

We the Subscribers having been appointed on the 16th. day of May 1810 by Edward Johnson Esqr. Mayor of the City of Baltimore "To revise & examine the proceedings of the City Commissioners in establishing the lines on both sides on Jones's
Falls from Market or Baltimore Street bridge to Bridge Street bridge Commonly called Griffith's Bridge of which William Bosley & Hezekiah Price had complained & appealed; And to alter or confirm the same as shall appear to us or a Majority of us just & proper" Do Certify that in attending to the business confided to us we have discovered that a plot of Jones' Falls was made out & a sixty feet channel marked in lead lines thereon from Market otherwise called Baltimore street, bridge to Bridge street bridge commonly called Griffith's bridge; which plot is on record among the records of the City of Baltimore, & was, by the port wardens adopted & establish as will Appear by a Minute of their proceedings on record, bearing date the 23d June 1784—hence we have inferred that the said plot & sixty feet channel thereon marked is the directory by which we were to be governed in the discharge of the duty assigned to us.— In reviewing the lines of Jones' Falls as ascertained by the City Commissioners, a report whereof was returned to the Mayor's office under the date of the 16th. day of April last, it appears that the said City Commissioners Assumed a point for the beginning to be ascertained that is not located on the said plat.—

We do therefore annul & reverse the proceedings of the said City Commissioners & the lines of Jones' Falls by them declared to be established. In further proceeding in the discharge of the duties assigned us, we have found Mathews's Wharf, on the Eastern side of Jones' Falls, located on the said plot, & adopted & established by the port wardens as herein before mentioned, & that Wharf still remaining in the same position it stood when the said plot was made out & adopted, gives, as we conceive, a certain point from whence to derive a beginning of the Eastern line of the said falls & of the sixty feet channel reserved by the said port wardens—

We have accordingly reversed the course & run the distances called for by the said plot from the Northwest corner of said wharf, and thereby ascertained the beginning of the line of the Eastern side of said Falls. & thence running agreeably to the courses & distances called for by the said plot have ascertained the whole line of the Eastern side of said Falls from Griffith's bridge to Market street bridge aforesaid, and by a line stretched therefrom at right angles across the falls have
ascertained the lines of the Western side thereof, reserving a Channel of sixty feet wide, which lines we have Marked on the New bridge Now building on Market street, & caused a plot thereof to be made out by Samuel Green a Sworn Surveyor of Baltimore County (as on the other side of this paper, whereunto we have signed our names to which plot we refer, as a part of our report & decision, referring also to the affirmations of George Matthews & Samuel Matthews hereunto annexed) and we do hereby establish the lines of Jones' Falls, reserving a Channel of sixty feet wide, from Market Street bridge to Griffith's bridge aforesaid, as the same is laid down in the within plot.—

In testimony whereof we have hereunto set our hands & seals at the City of Baltimore this 26th. day of May 1810

Jos. TOWNSHEND [S]
ADAM FONERDEN [S]

CITY COMMISSIONERS

BALTO. 2d. July 1810

In pursuance of the application of James Calhoun to receive and hear testimony to prove where the water of the Basin of Baltimore extended at a former period round from Camden to Light streets and also the ground and improvements that have been made on, & from the lots No. 548 & 549 in conformity with an act of Assembly of the state of Maryland passed at their November Session 1805.—

The City Commissioners in conformity with the aforesaid act, & agreeably to the above application Did meet on the 28h. day of April last, having given four days public Notice of the time, place & intention of their meeting, And having examined the plat produced by the said James Calhoun Certified to be a Copy of the original plat by George G. Presbury which said Plat is hereto annexed, & having taken the depositions of George G. Presbury, David Poe, Daniel Lammot & Abraham Larew relative to the extension & flowing of the water, & the Improvements on the said Ground, which said Depositions are also hereto annexed, Did establish the extension or flowing of the said water at the period alluded to. On the South side of Pratt street to be Ninety nine feet Easterly, on Pratt street, from the South east intersection of Pratt & Charles streets which said intersection is sixteen inches easterly from the
North west corner of James Powers' Brick house on Pratt street and the extension or flowing of the water on the East side of Charles Street, to be Southerly on Charles Street eighty two feet six inches from the Said South east intersection of Pratt & Charles Streets, In Witness whereof we have hereunto set our hands & seals the day & year above written

HENRY STOUEFER [S]
WM. C. GOULDSMITH [S]
P.OBT. MOORE [S]
JNO. BANKSON [S]

I have carefully examined the annexed plat now produced to the City Commissioners & find the lots Number five hundred & forty eight, & five hundred & forty nine & the wharf & buildings thereon and on the lands made out of the water therefrom, are laid down in the same manner & at the same places they were laid down by me as Surveyor of Baltimore County about the year Seventeen hundred & eighty three in a Chancery suit Phillip Hall against James Calhoun & Phillip Rogers, & afterwards in an Ejectment cause with the same parties & as proved to be on those Surveys.

The usual flow of the tide of the Basin of Baltimore formerly from the North side of Camden street round to Eight Street is also laid down on this plat as it was then laid down by me, & proved to be within the memory of several witnesses sworn on those surveys. This Deponent further saith, that by measuring the distance from Charles Street along the South side of Pratt Street the distance on the said plat appears to be six perches or thereabout And that the distance on Charles Street, South from Pratt street appears to measure about five perches, that the face of the Ground is so altered since he made the above survey by means of filling up, that he is not able at this time, to ascertain the location of the Water as proved on that Survey, but he does believe that the said plat represents its true location as proved in the Chancery Suit aforesaid—

Sworn to before GEO. GOUEDH. PRESBURY.
WM. C. GOLDSMITH.

David Poe has resided in Baltimore for thirty five years past, & well Knows the lots Number five hundred & forty
eight & five hundred & forty nine, He has examined the plat now produced to the City Commissioners & verily believes the former flow of the water, Howard's wharf, & the buildings are accurately laid down: He at one time occupied the Warehouse marked B. having rented it from James Calhoun to whom it belonged When this Deponent first knew Howard's Wharf the water usually flowed considerably higher up than this warehouse & boats came up to it & received & discharged property there: He recollects when James Calhoun & Phillip Rogers obtained permission from the Port wardens to erect a Wharf from the lots number five hundred & forty eight, and five hundred & forty nine. About the year seventeen hundred & eighty three they began the wharf from Pratt Street at the head of the Dock the distance of two hundred feet from Charles Street, when Phillip Hall who then claimed deep point procured an injunction from the Court of Chancery to prevent the Erection of said wharf, After the injunction was dissolved Calhoun & Rogers laid out lots on the West side of the dock fronting on a twenty feet alley at the head thereof. This Deponent contracted with James Calhoun for one of these lots, & attended to the building of the wharf at the head of the dock and filling in the ground above it as the tide usually flowed at that time considerably higher up, & within the memory of the Deponent, as high up as within about one hundred feet of Charles Street. This Deponent has since relinquished his claim to said lot to James Calhoun & has now no interest therein, and further Saith that he believes the water flowed up into Charles Street as far North as to within about five perches of the South side of Pratt street.

Sworn before W.M. C. GOLDSMITH

DAVID- POE

Daniel Lammot has resided in Baltimore for twenty eight years past & Knows the lots Number five hundred & forty eight, and five hundred & forty nine well, having had at one time property on the North side of Pratt street opposite to them. He has examined the plat now exhibited to the City Commissioners, & verily believes the flow of the tide formerly, Howard's Wharf, & the Buildings thereon are Correctly laid down as proved on the Survey in the Chancery suit and an
RECORDS OF

(records of...)
ejectment cause James Calhoun & Phillip Rogers against Philip Hall he having attended those surveys.

This Deponent recollects himself when the tide of the Basin usually flowed to within one hundred feet of the intersection of Charles & Pratt streets on the south side of Pratt street & to within about one hundred & thirty feet of the intersection of those streets on the North side thereof. He well recollects on the survey aforesaid in tracing the upper part of Howard's Wharf which was at that time covered with dirt & had to be dug to find the logs, they traced the North side of the wharf into Pratt street a few feet below the house built by Phillip Hall marked D. on this plat. He recollects the houses marked A. B. C. & D. the one marked A. was on the wharf when he first Knew it the Houses marked B & C were built for James Calhoun and the one marked D. was built by Phillip Hall who then claimed Deep point & was afterwards recovered from him by Calhoun & Rogers in the Ejectment cause before mentioned. He further says the house marked A. on the plat was occupied as a warehouse by John Mickle as Tenant to Mrs. Rogers as he was informed by said Mickle or Mrs. Rogers.

Sworn to before DANI, LAMMOT WM. C. GOLDSMITH

Abraham Larew was employed by James Calhoun in the year Eighteen hundred & two to do the Carpenter's work of a Tobacco Inspection house on a lot of Ground on the South west intersection of Pratt & Light Streets, which he understood said Calhoun had contracted for with the Levy Court of Baltimore County which building is about one hundred & twenty feet on Pratt street & about one hundred and five feet on light street, & he has since done the Carpenter's work for said Calhoun of two brick warehouses on Light street adjoining the South side of said Inspection house three stones high one shed brick warehouse of about sixty feet by One hundred & twenty two feet adjoining these buildings, & a two story brick Warehouse about seventy five feet by One hundred & twenty six feet at the distance of twenty five feet west, therefrom.

These buildings were all erected on ground made out of the Basin of Baltimore, as this Deponent well Knows he having
attended to St Superintended laying the foundation of each building. The last mentioned was erected in part on the same ground where a red warehouse of James Calhoun's formerly stood which warehouse this Deponent took down to give room for the other.

The ground where the first mentioned warehouse is erected had been principally made out of the water only the year before by filling up the dock & the wharf on Light Street was built by James Calhoun & the ground filled up for him to its present height as far up as within about one hundred & twenty feet of Charles Street to the Knowledge of this Deponent who has been principally employed by the said Calhoun for the last seven years and has seen great part of the filling up.—

BALTIMORE 8th. Octor. 1810

In pursuance of the application of Elias Glenn & others to establish the Northwest intersection of Liberty & Lexington Streets & the course and boundary of Liberty street as far as will include the lots of John Wallis Junr. Robert Elliott, Peter Benson & said Elias Glenn and also the boundaries of their several lots on Liberty & Lexington Streets.— The City Commissioners did meet on the 2d day of July last having given four days Public Notice of the time, place & intention of their meeting, And it appearing that the northwest intersection of Liberty & Lexington Streets was heretofore established by the late Town Commissioners, but no location fixed, although a stone was placed in the ground, & whereas by the removal of the ground which at that period was very high, the stone has also been removed. The Commissioners having adjourned from time to time Until the bank should be removed, did meet
again on the 24th July last, & in order to do equal Justice, & to reconcile all parties concerned, & from the best evidence the Commissioners could obtain— Did establish the North-west intersection of Liberty & Lexington Streets to be sixty four feet five inches from the Southeast corner of Michael Lyon's brick house, meeting a point seventy six feet nine Inches from the South west corner of Frederick Sumwalt's Brick house on the East side of Liberty street— The boundary lines of Robert Elliott's lot to begin at the said North-west Intersection, thence running Westerly binding on Lexington Street, thirty three feet, thence Northerly Parralel with Howard street, until it intersects the line of Nurser's lot at right Angles with Liberty street, thence binding on said lot until it meets a point forty feet on Liberty street from the Northwest intersection aforesaid, thence to Lexington Street forty feet the place of beginning.

For the boundary lines of Peter Benson's lot, to begin at the distance of fifty six feet from the North West intersection of Liberty & Lexington Streets thence Westerly, binding on Lexington Street twenty three feet, thence Northerly parralel with Howard Street to Waggon alley, Meeting a point sixty two feet from the South East corner of Doer. Shitard's stable, thence Easterly, binding on Waggon Alley twenty three feet, thence Southerly to Lexington Street the place of beginning—

For the boundary lines of Elias Glenn's lot to begin at the distance of thirty three feet from the North west intersection of Liberty & Lexington Streets, thence Westwardly, binding on Lexington Street, twenty three feet, thence Northerly parralel with Howard Street One hundred and twenty feet thence easterly parralel with Lexington street twenty three feet, thence Southerly to Lexington the place of beginning.

For John Wallis Junr. lot, to begin on Waggon Alley at the Northeast corner of Peter Benson's lot, thence Southerly, binding on said Benson's lot to Elias Glenn's lot, thence Easterly binding on said Glenn's lot twenty three feet, thence Northerly to Waggon Alley, thence Westerly, binding on Waggon Alley twenty three feet the place of beginning.

The Division line between John Wallis' Junr. & Michael Lyon to begin on Liberty street South Southwestwardly three feet nine Inches from the South East corner of said Lyon's brick house thence running at right angles with Liberty street
to the outline of lot Number five hundred & ninety five meeting a point on said line thirty five feet from the North East corner of Elias Glenn's New brick building on Lexington Street.

The Division line between Robert Elliot and John Wallis Junr. to begin on the North west side of Liberty street South Southwesterly twenty four feet five inches from the South east corner of Michael Lyon's brick house aforesaid, thence North westwardly at right angles with Liberty Street until it intersects the out line of lot Number five hundred & ninety five, at the distance of twelve feet three inches northerly, from the North East corner of Said Glenn's house aforesaid.

In witness whereof we have hereunto set our hands & Seals the day & year above written.

In pursuance of the application of Robert Stewart to Establish the Division line between the grounds owned by the representatives of John Cornthwaite & grounds owned by Brian Philpot situate on the East side of Jones' Falls.— The City Commissioners did meet on the 30thl. day of August last having
The Deposition of Hugh Stewart aged about Sixty two years after being duly sworn deposeth & saith, that he came to reside in Baltimore in the year Seventeen hundred & eighty one. That he has resided in Baltimore ever since that time, & in the Neighbourhood where he now is. When he came to reside in Baltimore there was a ditch extending across Duke Street, Northwestwardly to the North or North west side of King George Street which said ditch this deponent always understood was the dividing boundary between the lands of Bryan Philpot & John Cornthwaite and that as near as he can now ascertain the place where said ditch did run he now shews to the City Commissioners & that the present fence was about twelve or fifteen inches from the Northeast side of the Ditch to the best of his present recollection.

Sworn before

WM. C. GOLDSMITH.

BALTIMORE 31. Augst. 1810

Jacob Hartman aged seventy seven years, being first duly sworn deposeth & saith that he has resided in Baltimore upwards of thirty years, that in the year Seventeen hundred &
eighty one he leased a lot of ground from John Cornthwait situate on Duke street which said lot was bounded on the Southwest by a ditch, which divided the lands of Bryan Philpot & John Cornthwaith that he inclosed this lot by a fence which said fence he placed as the North east line of said ditch, which was then plain to be seen and to the best of his recollection the said ditch did run where he now shews to the City Commissioners & that the present fence is about twelve or fifteen Inches from the North east side of the Ditch, & on the line shewn by John Cornthwaith at the time he leased the said lot

Sworn before

WM. C. GOLDSMITH.

BALTIMORE 25h. Sept. 1810

Jehu Bouldin being duly sworn deposeth & Saith that some time in the year Eighteen hundred & three he was Surveying for the City Commissioners on the application of Caleb Smith, that at that time they made sundry measurements, & took sundry depositions relative to a Ditch between the lands of Bryan Philpot & John Cornthwall that the said Commission- ers, as this Deponent then understood, fixed a place on the North west side of Duke street & another place on the South east side of King George Street, as being the North East Side of a Ditch called for in Bryan Philpot's Deed, at which places they caused stakes to be drove in the ground, & had them located by distances stated from Exeter street, That the last Spring when Capt. Almeda was about to erect a house on his lot, which depended on the line of the said Ditch, He this Deponent was called on as Surveyor to shew that line: That he did attend, & on the Investigation Caleb Smith observed that the centre of a stone on Duke street was the line Mr. Robert Stewart, present observed that the line was more to the South-westward & mentioned that the peg, set by the Commissioners was near or at the place he then pointed out to the best of this Deponents recollection they dug and found the peg at or very near the place shewn by Mr. Stewart who also requested this Deponent to measure forty feet from Hull's brick house which lie did, & it ended near the peg: This Deponent further rec-ollects that Mr. Stewart observed to him that there had been
a mistake, for the true line was further Southwestwardly. This Deponent further saith that he did as near as he could ascertain it, shew James Mosher the line of the Ditch as located by the City Commissioners at the time first mentioned—That this deponent does not Know that the stake dug for & found was the Stake set by the City Commissioners, or that it stood in the same place precisely, but very near the place & further saith not. Sworn to before

WM. C. GOLDSMITH.

BALTIMORE 25b. Sept. 1810

Robert Allen aged upwards of thirty Years being duly sworn deposeth & saith that when he was about erecting a brick building for Capt. Almeda sometime in the month of July, Mr. Caleb Smith told this Deponent that the line on Duke street, between Said Smith & Almeda began at the Centre of a Stone shewn to him this Deponent by said Smith, Mr. Robert Stewart being present said that the peg on the Southwest side of the Stone on Duke street was the beginning of that line that Mr. Stewart further said that the brick house now shewn to the Commissioners was considered to be right, & that this Deponent & others measured forty feet from the Southwest corner of said house the property of James Hull along Duke Street which passed the Centre of the stone, but does not recollect that it came to the peg, but is under the impression that it did not extend quite so far

Sworn to before

WM. C. GOLDSMITH.

BALTIMORE Sepr. 25b. 1810

George Hull aged about twenty five years being duly sworn deposeth & saith that when he was about erecting a building for his Father James Hull, on Duke Street about the month of March Eighteen hundred & nine when building the cellar wall Mr. Robert Stewart pointed out a peg on Duke street on the South west side a Stone placed in the ground that Mr. Stewart told this Deponent if he measured from the peg would be correct that this Deponent measured forty feet Easterly from said peg, at which point this Deponent built the South-
RECORDS OF

west corner of said Hull's house that Mr. Stewart repeatedly told this Deponent that the said peg was an established point, by the former Commissioners.

CITY COMMISSIONERS OFFICE

BALTIMORE 29b. September 1810

The proprietors of lots on Eight street extended being about paving front of said lots The City Commissioners were called on to level & fix the line for the Kirb stone— It appearing to the City Commissioners that the said street had not been laid down agreeably to the line of the Portwardens they thought it necessary to fix & establish the East & West lines of Light street extended, for which purpose Notice was given in the public papers to that effect.

The City Commissioners did meet on the 19th instant, but finding there had been establishments made by their Predecessors, under the Application of John E. Howard Under date of the 20th. of July 1807 which appears by an extract from the records of the city, that the City Commissioners had made two establishments on the 9th day of October 1807 on the West side of said Streets— One on the South west corner of Barre & Forest street, the other being the division line on Forest street so called by them between John E. Howard & George Prest-
man. It also appears from said Extract that the City Commissioners made the return of said establishments on the 18th. day of November 1808 from these Circumstances the board are of Opinion that it was not necessary at present to make any further Establishments on the said Streets, As there were also Establishments made previous thereto, and Corresponding with those of the 9th. day of October 1807—

Therefore resolved to decline the Subject for the present and have ordered the pavers to set the Kirb stones conformable to the aforesaid establishments. Yet it appears very evidently that said street is considerably contracted on one or the other side thereof, so much so, that there is but fifty four feet in some places in place of sixty feet as Contemplated—

In Witness whereof we have hereunto set our hands & Seals the day & year above written—

ROBT. MOORE [S]

(The following agreement of John E. Howard & others has been brought to this office by the persons interested with a request that, as a mere matter of favour, it might be entered on the City Commissioners book of records of Establishments, the more effectually to secure the said Agreement from any Accident of fire &c which the office & papers of the office of Wm. Gibson (Clerk of Balto. Co.) might be subject to.)

WHEREAS John E., Howard, Hans Morrison, John Mickle & John McDonough by their agreement made & entered into, on or about the 18th. day of July in the year seventeen hundred & eighty six did covenant & agree for themselves their heirs & assigns, that a street laid out by them on the South side of Lee Street, called Gerrard Street & also another street on the west side of Forest street called Lewis Street, in the City of Baltimore should be left open as public Streets or
Common highways; and whereas the Dock which was intended to be left open in Lee Street has been filled up, & the Dock in Forest street is to be filled up by Virtue of an act of Assembly which will render the said intended Streets unnecessary & useless, Therefore We the Subscribers, owners of property on said Streets do hereby respectively covenant & agree, for ourselves, our respective heirs & assigns that the said street called Gerrard Street, may, at any time hereafter, be inclosed and built upon; And also as soon as Forest street shall be extended to Lee Street, the west side of said Forest street to be continued in a straight line from Montgomery street so as to intersect Lee Street at right angles, and shall be condemned as a public Street or common Highway and that part of it which was intended to be left open as a Dock shall be filled up, that then the said street called Lewis street may be inclosed & built upon in the same manner as if the above recited Agreement had never been made and entered

And we do further covenant & agree, for ourselves our Heirs & assigns respectively, that each & every owner of ground binding on Gerrard Street shall have the right privilege and advantage of extending their buildings & improvements across the said Gerrard Street to Lee Street at right angles with said Street so that each person may have the same extent of front on Lee street as he now has on Gerrard Street.

And also that whenever Forest street shall be extended as before mentioned, to wit. the West side of said Street in a straight line from Montgomery Street until it intersects Lee Street at right angles And shall be condemned and filled up as aforesaid, that then each owner of Ground binding on Lewis Street shall have the right privilege & advantage of extending his buildings & improvements across the said Lewis Street to Forest Street at right angles with said Street so that each person may have the same extent of front on Forest Street as he now has on Lewis Street, & also that the propriety of lot Number Sixteen shall have the right privilege & advantage of extending his ground thus gained by the inclosure of Lewis Street up to the South line of Lee Street so that the South west intersection of Lee & Forest Streets, shall form the North east corner of said lot.— And we do further covenant & agree for ourselves our heirs & assigns, that the said Several parts of said Gerrard & Lewis Streets which the owners of the
parcels of Ground—binding 011 said streets are permitted to enclose as aforesaid, shall and may forever hereafter be held by such persons respectively and their respective heirs & assigns without any let, trouble or interruption by or from us or our heirs or assigns.— In testimony whereof we have hereunto set our hands & seals this twelfth day of July in the year Eighteen hundred & eight—

CITY COMMISSIONERS OFFICE
BALTO. 29b. March 1811

In pursuance of the application of George Warner & others to open John Street in Ridgely's addition to Baltimore town.

The City Commissioners did meet on the 20th. Inst, having given four days public notice of the time, place & intention of their meeting, & also having examined the evidence & Locations relative to the Subject matter prayed for, in order to shew the Situation of said street, as to its proper width & the Easternmost & Westernmost lines thereof, Did establish the Westernmost intersection of Eutaw & John Streets to be on the West line of Eutaw Street continued at the distance of Six hundred & eighty four feet Southerly from the South east corner of Peter Fossbenner's brick house intersecting a line drawn
North, twenty degrees & one quarter of a degree West, from the Northeast corner of a two story brick hip roofed house owned by Mrs. Elizabeth Dorsey, & occupied at present by John Penn which house is said to have been erected by a certain Cornelius Garrehon being the house mentioned by Jehu Bouldin in his Deposition herewith annexed, then for the Westernmost line of John's Street reversing the said course to the said Northeast corner of Elizabeth Dorsey's house. Then for the Easternmost line—to begin at the distance of sixty six feet Easterly at right angles with the South east corner of said Mrs. Dorsey's house—thence Northerly parallel with the Westernmost line until it intersects the east line of Eutaw Street.

In witness whereof we have hereunto set our hands & seals the Day & year above written.—

HENRY STOUTER  [S]
ROBT. MOORE  [S]

William C. Goldsmith one of the Commissioners was present and perfectly acquieses with the Establishment, as now returned; But does not think himself at liberty to sign the return as Mr. Hughes', a party concerned says he has testimony to produce but cannot, at present, obtain his witnesses.

By order of the board

SAME. VINCENT  Cjk

BAL/TO. 2oh. March 1811

The Deposition of Jehu Bouldin being first duly sworn deposes & saith, that some time in the year 1795 or 1796 Henry Hart requested this Deponent to go with him to Ridgely's addition, Where the said Hart was then going to survey some lots that this Deponent accordingly went with him, When they came into John's Street Mr. Hart told this Deponent that the brick house now shewn the Commissioners by this Deponent was built on the line of John's Street as surveyed & laid out when condemned as a part of Baltimore town, further this deponent saith not—

Sworn & Subscribed to

JEHU BOUEDIN

before me

W.M. C. GOEDSMITH
From or Upon the above Establishment an Appeal was prayed by Christopher Hughes unto the Mayor, who appointed John Hillen, William Jessop, James Ellicott, William Mathews & John Corntwaith Esqrs. or a majority of them to examine into the determination of the Commissioners in the premises & to settle all matters in dispute within ten days, thereafter, & return their award, in writing to the register of the City to be by him recorded.

The return of the said Commissioners of Appeal now follows,

Whereas it appears that the City Commissioners upon the application of George Warner & others to establish the true location of John's street in Ridgely's addition to Baltimore town. Did meet on the premises on the 20th day of March last past, & after having examined the Evidence and locations relative to the Subject. Did establish the lines of the said street to be as stated in their return dated 29b. March 1811 from which Establishment Mr. Christopher Hughes one of the parties interested in the adjoining property did appeal in due time, and form— Whereupon Edward Johnson Esqr. Mayor of the City of Baltimore in Virtue of the authority in him Vested Did appoint us the subscribers together with William Mathews, by his warrant dated the 20th day of this present Month May, To review and examine the proceedings of the said Commissioners, and to alter or confirm the same, as shall appear just & proper, Upon which we the Undersigned, after being duly qualified, according to law, did proceed to John's street in Ridgely's addition to Baltimore town & after having carefully examined the Original plats & papers, & the evidence produced concerning the same Did alter & remove the Establishment made by the said City Commissioners for the intersection of Eutaw Street continued and John's Street, And fix the same at the North east corner of a stone now planted in the Ground, which stone stands at the end of a line drawn North twenty & one half degrees East nine hundred & sixty feet from the North east corner of Mrs. Elizabeth Dorseys shed roof brick house on John Street, & the West line of John Street, to run from the said stone South twenty & one half degrees West to the North east corner of the said house, & thence still continuing the same course to the water— And the East side of John's Street to be parallel with the West side,
beginning for the same at the water, & at the distance of sixty six feet eastwardly (at right angles) from the West side, and running thence with one straight line so as to pass a point sixty six feet (at right angles) from the stone now fixed until it intersects Eutaw Street extended.

In testimony whereof, we hereunto subscribe our names & affix our seals this 28th day of May 1811.

The City Commissioners did meet on the 27th day of April last having given four days public Notice of the time, place and intention of their meeting, & having examined the Evidence and locations relative to the subject matter prayed for.—
Did establish the lines of the aforesaid lot to begin on the line of King Tammany street Westwardly twenty five feet eight inches and a half from the Northwesternmost corner of Isaac Burneston's brick house, thence Easterly binding on King Tammany Street twenty five feet meeting a point westerly eight inches & a half from the aforesaid Corner of Isaac Burneston's house, thence South Nineteen degrees West to the North wall of James McCormick's brick house building, thence along and ranging with said wall twenty five feet to the end of a line westerly six feet six inches from the Northwesternmost corner of said McCormick's brick back building aforesaid, thence to King Tammany Street to the place of beginning—

In witness whereof we have hereunto set our hands & seals the day & year above written (See following Deposition)

HENRY STOUEEEER [S]
JACOB SMALL [S]
WM. C. GOLDSMITH [S]

BALTIMORE 27th April 1811.

Deposition in Above Establishment

Whereas the City Commissioners did on the 7th day of January in the year eighteen hundred & five establish the lines of my lot of ground fronting on King Tammany Street which said lines so established is found to disagree with the Courses of the Original title papers, in consequence of which a strict adherence thereto would create a number of difficulties in the lots between my lot & McClellan's Street, I do therefore agree that the said Establishment be void, and that the lines of my lot shall run from King Tammany Street Southwestwardly parallel with Forest alley still preserving to my lot the width of thirty feet in front & back, & that the front line on King Tammany Street remain as heretofore established.—

Witness

JOHN MITCHELL [SEAL]
SAML. VINCENT.

(-)

CITY COMMISSIONERS OFICE.

BALTO. 29th June 1811.

In pursuance of the application of Owen Dorsey to establish the lines of part of a lot of ground distinguished by the No. 759 Conveyed by John E. Howard to Peter Bankard on the
14th day of May One thousand seven hundred & ninety four situate on Conway street & Brandy alley  The City Commissi-
oners did meet on the 27th day of April last having given four days public notice of the time, place & intention of meet-
ing and adjourned to the 29th of the same month when the Commissioners met agreeably to adjournment & having ex-
amined the evidence & locations relative to the subject matter prayed for, Did establish the lines of part of said lot No. Seven hundred & fifty nine conveyed as aforesaid to begin Westwardly on the line of Conway street forty three feet one inch from the Southwest corner of said Peter Bankard's New Brick house, thence running Northerly parallell with Howard Street to Brandy alley meeting a point sixty seven feet seven inches Westwardly from the North west corner of Leonard Forman's brick house thence Easterly on the line of Brandy alley thirty three feet thence Southerly to Conway street parallell with Howard Street meeting a point westerly ten feet one inch from the aforesaid Southwest corner of Peter Bankard's New brick house, thence Westwardly on Conway Street thirty three feet to the place of beginning.

At the same time did also establish the Southeast intersection of Howard Street & Brandy alley to be Eighteen feet three inches Northerly from the Northwest corner of Jacob Wolfe's two story brick house meeting a point sixty nine feet three inches & a half from the Southwest corner of Christian Kaufman's two story brick house on the North side of Brandy alley.

Also did establish the North East intersection of Howard & Conway Streets to be Southerly One hundred & fourteen feet four inches from the South west corner of the aforesaid Jacob Wolfe's two story brick house and One hundred & Nine feet one inch from the aforesaid Southwest corner of Peter Bankard's New Brick house on Conway street—

In conformity to an Ordinance of the City Council of Balti-
more passed the 18th. day of March 1811, Appropriating a Sum
of money for erecting a Stone bridge over Jones' falls on Pratt
street &c, which Provides that previous to entering upon the
duties of this Ordinance, the Mayor & City Commissioners shall
have received the assent in writing & have the same filed & pre-
sented in the Register's office, of all persons who may in any
wise injured by the erection of said bridge, or by the alteration
of any grade that may take place:— The following instru-
ment being the original contract and assent:

WHEREAS an ordinance has been passed by the Mayor &
City Council of Baltimore, on the 18th. day of March last, en-
titled, "An ordinance appropriating a sum of money for erect-
ing a Stone bridge over Jones' falls on Pratt Street in the city
of Baltimore, authorizing the City Commissioners in conjunc-
tion with the Mayor to erect said Bridge" Provided Neverthe-
less, that previous to the entering upon the duties of this ordi-
nance the Mayor & City Commissioners shall have procured
the assent in writing, & have same filed, & preserved in the
Register's office of all persons who may be in any wise injured
by the erection of said bridge, or by the alteration of any grade
that may take place in pursuance of said ordinance.

Now in order to carry the provisions of said ordinance into
full effect We, therefore, owners & Proprietors of Property
fronting on Pratt street from the east side of Concord Street to the Falls, And from the east side of the falls on Queen Street, Eastwardly to President Street, Do, hereby, for ourselves, our heirs, executors, administrators & assigns agree, & assent unto the proposed erection of a Stone bridge—of the following dimensions. The centre arch not to exceed 30 feet; And the two lesser Arches not more than 21 feet span, & width of the bridge not less than 46 feet; And the contemplated alterations of the grade of said street to commence at the North East corner of C. Slimmer's brick house, With an assent of 5 inches in every 10 feet to the Centre arch of said Bridge, And thence with a regular descent of a grade to the North east corner of Lewis Harts Brick house, where a spike is drove in the Joint of the bricks one foot above the first floor of said house, at said North east corner & thence with a regular descent of a grade to the North east corner of Pratt & Concord Streets; The City to be at the expense of regulating & paving the foot way or pavement occasioned by the aforesaid alteration. In witness whereof we have hereunto set our hands, & affixed our Seals this seventh day of June in the Year One thousand eight hundred & eleven—

On the above decision the following appeal was prayed in due
time—

To the Mayor of the City of Baltimore

The petition of William Bosley humbly sheweth that he con­
siders himself aggrieved in the determination of the City Com­
missioners in fixing the lines of Jones' falls from Baltimore
Street bridge to Griffith's bridge, he therefore prays an appeal
from the said determination & prays that a Warrant may issue
to summon five disinterested persons of Known ability & dis­
cretion to settle the dispute in the premises, And he as in duty
bound &c.

16th. Sepr. 1811 (signed) WM. BOSLEY

Report of the Commissioners of Appeal on the lines of Jones'
Falls—returned the 18th. Deer. 1811 to the register

Whereas it appears that the City Commissioners of the City
of Baltimore did, on the 22h. day of September last lay down
& establish the lines of Jones' Falls from Griffith's bridge to
Christ's Church Bridge; and William Bosley considering him­
self aggrieved thereby, & having prayed an appeal from the
decision of the city Commissioners— Upon which the Mayor
of the City, by his Commission bearing date the 18h. day of his
present month, did appoint us the subscribers, together with
Hezekiah Waters, to review & examine the said proceedings
and decision of the City Commissioners— And we, after being
duly qualified did proceed to examine the Testimony relative to the premises.— And having given the said William Bosley due Notice of our time & place of Meeting & having heard the allegations of the said Bosley and having carefully examined the premises We do hereby ratify & confirm the said establish­ments of the City Commissioners, as laid down in their platt, lodged in the office of the register of the City of Baltimore, so far as the said William Bosley is interested— In witness whereof we have hereunto set our hands & affixed our Seals this 18h. day of December 1811

HENRY STOUFFER [S]
JACOB SMALL [S]
SAML. H. GATCHELL [S]
In pursuance of the application of Wm. McMechin to establish and open John Street from Hague Street to the Southernmost boundary of the City, also the intersections of the following streets: Upon John Street, Viz. Hague Street, Hammond Street, Stockholm Street, & Ostend Street, in Ridgeley's Addition to the city of Baltimore. The City Commissioners did meet on the uh. day of June last having given four days public notice of the time, place & intention of their meeting and having examined the evidence & locations relative to the Subject matter prayed for. Did establish the Southwesternmost line of Charles Street, to commence on the line of John's Street Southerly, One hundred & twenty four feet nine inches from the north easternmost corner of Mrs. Dorsey's brick house & running thence North Westerly parallel with the North-Easternmost line thereof as established on the /th. June & at the distance of forty nine feet six inches therefrom to the extremity of Ridgeley's Addition.— Also did establish the Northwest intersection of John and Hague Streets to be Southerly one hundred & twenty four feet nine inches from the Northeast corner of Mrs. Dorsey's brick shed roofed house, as aforesaid; And on the line of John Street, which said front forms the intersection of John, Charles & Hague Streets.

Also the Southwest intersection of John & Hammond Streets to be Southerly on the line of John Street, Sixty Six feet from the North-West intersection thereof.—

Also the Northwest intersection of John & Stockholm Streets to be Southerly on the line of John Street three hundred and thirty one feet, from the Southwest intersection of John & Hammond Streets.

Also the Southwest intersection of John and Stockholm Streets, to be Southerly, on the line of John Street Sixty six feet from the Northwest corner thereof.—

Also did establish the Northwest intersection of John & Ostend Streets, to be Southerly, on the Hne of John Street, two hundred & sixty five feet, from the South west intersection of John & Stockholm Streets, meeting a point by running Easterly One hundred & ninety four feet from the lower part
of the south easternmost part of the brick wall of the grave
yard, & in a line drawn from the Southeast corner of said yard
or burial ground, South Sixty nine degrees & a half. East,
at right angles with John Street, & the North East intersection
of John & Ostend Street to be South, Sixty nine degrees & a
half East Sixty six feet from the Northwest intersection there­
of.—

Also the Southwest intersection of John & Ostend Streets
to be south twenty degrees & a half west, sixty six feet from
the north west intersections thereof.—

Also the South east intersection of John & Ostend Streets,
to be at a point, sixty six feet from the North east, & Sixty
six feet from the South west intersection thereof.— Also the
Northeast intersection of John & Hague Streets to be South
sixty nine regrees & a half East, sixty six feet, at right angles
with John Street, from the Northwest intersection thereof.—

Also the South East intersection of John & Hague Streets
to be South twenty degrees & a half west sixty six feet from
the North east intersection & sixty six feet from the South
west intersection thereof—

Also the North east intersection of John & Hammond
streets to be South, sixty nine degrees & a half East, at right
angles with John Street sixty six feet from the North west
intersection thereof.—

Also the South east intersection of John & Hammond streets
to be South, twenty degrees & a half, West, Sixty six feet from
the North East, & sixty six feet from the South west intersec­
tion thereof.—

Also the North East intersection of John and Stockholm
Streets, to be South, Sixty nine degrees & a half East sixty
six feet at right angles with John Street from the North west
intersection thereof.—

Also the Southeast intersection of John & Stockholm Streets
to be South, twenty degrees & a half west, sixty six feet from
the North east, & sixty six feet from the South west intersec­tion thereof, as now established.— Ordered to lay over for
further Consideration as Various Applications are made for
a Number of Establishments depending thereon, those estab­
lishments being acted on the Commissioners do hereby make
return.
In pursuance of the application of Lawson Alexander & others to establish sundry streets, lanes & alleys in Ridgeley's Addition to the city of Baltimore, Viz. Timber neck lane, Sterret street, Hamburg street, Hague street, Hammond Street, Stockholm Street and Ostend street from their intersection with John Street to Eastern lines of the said Addition; Also to establish Paca street, Chesnut street Peach alley, & Leadenhall street & Creek alley from their intersection with Timberneck lane to their southern limits, & to open Leadenhall Street, Creek alley & Hague Street also Sterret Street, Hamburg Street & Hammond Street from their western intersection with Peach alley to the Eastern limits of said addition. August last, & having examined the evidence & locations relative to the Subject matter prayed for;— Did establish the Southeast intersection of John & Hamburg streets to be North twenty degrees & a half East three hundred & thirty one feet six inches from the North East intersection of John & Hague Streets as heretofore established.

Also the Northeast intersection of said Streets to be North twenty degrees & a half East sixty six feet from the south east intersection thereof.—

Also the Southeast intersection of John and Sterret Streets to be North, twenty degrees & a half East three hundred and thirty one feet, six inches from Hamburgh Street.

Also the North East Intersection of said streets to be north,
twenty degrees & a half East, Sixty six feet from the South East intersection thereof.

Also the Intersection of the South East line or side of John's Street, with the south west side of Timber neck lane, to be three hundred & forty three feet, from Sterret Street, leaving John Street sixty six feet wide, the North west side thereof being heretofore Established.

Also the South West intersection of Paca Street with Timber neck lane to be three hundred & thirty feet from John's Street and on a direct line drawn from the intersection of John's Street & Timber neck lane to the Northwest corner of a Brick house, formerly owned & Known by John McDonough's house which said line if continued will pass the second boundary of Timber Neck at the distance of thirty three feet westwardly therefrom,

Also the South East intersection of Paca Street and Timber neck lane to be Sixty six feet from the Southwest intersection aforesaid.—

Also the Southwest intersection of Chesnut Street and Timber neck lane to be three hundred and thirty feet from Paca Street.

Also the South East intersection to be sixty six feet from the Southwest intersection thereof—

Also the Southwest intersection of Peach alley and Timber Neck lane to be one hundred & fifty five feet from Chesnut Street.—

Also the South East intersection to be twenty feet from the South west intersection thereof.—

Also the South west intersection of Leadenhall street & Timber neck lane to be one hundred & fifty five feet from Peach alley, & that Leadenhall Street extend on the line of Timber neck lane, or width unto the beginning of a lot or parcel of ground conveyed by Charles Ridgeley to Jesse Hollinsworth on the 5th. day of Augst. 1780 in which said Conveyance it is stated to begin fifty nine perches & four feet from a Cedar post the Second boundary of Timber neck, which said beginning forms the intersection of Timber neck lane with the out line of Ridgeley's Addition to Baltimore town thence running the outline of Ridgeley's Addition as follows South twenty one degrees West thirty three perches—South seventy degrees & a
half East nine perches; South twelve degrees & a half East to the North side of the Cove.

Also the North west & South West intersection of Paca & Hague Streets to be three hundred & thirty feet from John Street and on a direct line with that part of Hague Street which is to the Northwest of John Street as heretofore established.

Also the North West & Southwest intersection of Paca & Hague Streets to be three hundred & thirty feet from John Street & in a direct line with that part of Hague Street which is to the North west of John Street as heretofore established.— Also that the North East and South East intersections of Paca & Hague Streets be sixty six feet from the Northwest & Southwest intersection thereof.

Also the North west & South west intersections of Chesnut & Hague Sts to be three hundred & thirty feet from Paca Street & in the continuation of the line of Hague Street.

Also the Northeast & South east intersections of Chesnut & Hague Streets to be Southeasterly sixty six feet from the Northwest & Southwest intersections thereof.— Also the Northwest & Southwest intersections of Hague Street & Peach alley to be one hundred & fifty five feet from Chesnut Street.

Also the North East & South East intersections of Hague Street & Peach alley to be twenty feet Southeastwardly from the North west and South west intersections thereof.—

Also the Northwest & Southwest intersections of Leadenhall street & Hague Street to be South Easterly one hundred and fifty five feet from Peach alley.—

Also the Northeast & Southeast intersections of Leadenhall Street & Hague Street to be sixty six feet from the North West and South west intersections thereof.

Also the North west side, or line of Creek alley to run from Hague Street, to Hamburg Street parallel with Leadenhall street & at a distance of one hundred & fifty five feet South easterly therefrom. Also the South East side of said alley to be parallel with the North west side thereof & twenty feet therefrom.— Also Hague Street to continue the same course to the side of the cove.— Also Sterret Street, Hamburg Street, Stockholm Street, & Ostend Street from John Street
run South Eastwardly Parallel with Hague Street to the outline of Ridgeley's Addition.

Also Paca Street, Chesnut Street, Peach alley and Leadenhall Street extend from Hague Street Southwestwardly parallel with John Street to the water of Ridgely's Cove and North Eastwardly to Timber neck lane also Parallel with John Street—

In witness whereof we have hereunto set our hands & Seals the day & year above written—

HENRY STOUTER [S]
JACOB SMALL [S]
SAME. H. GATCHEEE [S]

CITY COMMISSIONERS OFFICE
BALTIMORE-25I1. Novr. 1811

In pursuance of the application of Phillip Littig to establish the lines of a parcel of ground conveyed by John Deaver to John Ligler on the 12th day of February 1778 Situate on Bond Street, between Gough & Bank Streets—

The City Commissioners did meet on the 15th. Instant having previously given four days public notice of the time place & intention of their meeting & having examined the Evidence & locations relative to the Subject matter prayed for, Did establish the lines of said piece or parcel of ground to begin on Bond Street Southerly sixty feet from the South west intersection of Bond Street & Gough Streets, thence running Southerly on Bond Street One hundred & three feet nine inches thence North fifty four degrees West until it intersects Lot Number Six hundred & Sixty eight, at the distance of twenty three feet six inches Eastwardly from the East line of Strawberry alley thence by a straight line to the beginning.

At the same time did establish the Southeast intersection of Gough Street & Strawberry alley to be twenty feet eastwardly on a line drawn from the North east corner of William Gilberthorp's Brickhouse at the South west intersection of Gough Street & Strawberry alley to the Southeast intersection of Gough & Bond Streets as heretofore established which said intersection is North eighty six degrees & a half east from the Northeast corner of Frederick Schaeffer's house on Gough
Street, & North ten degrees fifty four minutes east from the South East corner of Mrs. Fisby's brick house on Bond Street.

Also did establish the southwest intersection of Bond & Gough Street to be Westerly seventy feet from the said South east intersection of Bond & Gough Streets & on a direct line to the Northeast corner of William Gilberthorpes Brick house

In witness whereof we have hereunto set our hands & Seals the day & year above written—

BALTO. i7h. febry. 1812.

In pursuance of the application of Peter Boyd to establish the dividing line between that piece or parcel of Ground leased by John ODonnel to John Supper, and a parcel of Ground leased by said John ODonnell to John & William King; and also the dividing line between the aforesaid parcel of ground leased by John ODonnel to the said John Supper, & a parcel of ground sold by said John O'Donnell to a certain James Fletcher situate on the East side of Frederick Street, Between
Water Street & Pratt street. The City Commissioners did meet on the first instant having given four days public notice of the time, place & intention of their meeting, & in consequence of the weather being unfavorable adjourned to the 411. instant. When they again met, & having examined the evidence and locations relative to the subject matter prayed for, Did, on the first instant, establish the south east intersection of Frederick & Water Streets to be thirty feet seven inches and a half Westerly from the North west corner of Samuel McKims two story brick house on the South side of Water Street now occupied by Richard Reynolds meeting a point fifty eight feet nine inches from the South west corner of William Darrington's two story brick house on the North side of Water Street.

Also at the same time did establish the lines of the lot leased to John Supper by John O'Donnell & now owned by Peter Boyd to begin on the East line of Frederick Street Southerly one hundred & forty five feet from Water Street & running Southerly on Frederick Street twenty three feet six inches, thence Easterly parallel with Water Street to the ten feet alley mentioned on the original lease, intersecting the West side of said alley forty eight feet nine inches & a half Southerly from the Southeast corner of John Thomas's two story brick house on the West side of said alley twenty three feet six inches, thence Westwardly to the place of beginning.

In witness whereof we have hereunto set our hands & Seals the day & year above written

HENRY STOUFEER [S]
PETER BOND [S]
SAM. H. GATCHELL [S]

BALTO. 24II. febry. 1812.

In pursuance of the application of William McMechin to establish the course & direction of the lines which divide lots No. 3 & 4 & No. 3 & 2 extending from Bond Street as far Westwardly as the Portwardens line.— The City Commissioners did meet on the eleventh instant, having four days public Notice of the time, place & intention of their meeting, & having examined the evidence & locations relative to the
Subject matter prayed for, and in conformity to an establishment of the division lines between the aforesaid lots, Number three and Number four, and Number three & Number two from Bond street to the East side of Strawberry alley on the 1st of July 1808. Did establish the division line, between Number three & Number four to cross the west side of Strawberry alley sixty feet Northerly from Alice anna Street, and twenty one feet six inches Westwardly from the Southwest corner of Thomas Davis's two story brick house, which is found to stand back from Strawberry alley one foot six inches, then the said line to continue Westwardly parallel with Alice anna Street to the portwardens line—

Also did establish the division line between lots Number three and Number two to cross Strawberry alley sixty feet Northerly from the division line between lots Number three & Number four as now established, & to continue Westwardly parallel with the said line, & Alice anna Street to the port wardens line.

In witness whereof we have hereunto set ours hands & Seals the day & year above written

HENRY STOUTER [S]
PETER BOND [S]
SAME. H. GATCHEEE [S]

CITY COMMISSIONERS OFFICE
BALTO. 16th. March 1812.

In pursuance of the Application of Daniel Stansbury in behalf of the representatives of David Stansbury to establish the lines of a parcel of ground conveyed by Robert French to James Geddes on the nth. day of June 1783 Situate on Wilke's & Bond Streets, and now owned by the representatives of said Daniel Stansbury.

The City Commissioners did meet on the 6th. Inst.—having given four days public Notice of the time, place & intention of their meeting, and having examined the evidence & locations relative to the Subject matter prayed for,

Did establish the South East intersection of Bond & Wilkes Street, to be Westwardly thirty five feet ten inches from the North West corner of the late Alexander Rigby's two story
brick House, & Southerly seventy feet from the South west corner of William Davies two story brick house being the North east intersection of Wilke's & Bond Streets.

Also did establish the cast line of Bond street southerly as far as the North end of Patrick Bennet's two story brick house which is found to stand three inches & a half on Bond Street.

Also did establish the South line of Wilkes street eastwardly as far as the west end of said Rigbys two story brick house which is found to be nine inches on Wilkes Street.

Agreeably to the title papers relative to said lot the lines in some respect depend on the given line of Montaneys Neck which is very extensive; and as the Commissioners understand, depend also on a variety of Circumstances over which they conceive they have no controul, they have therefore gone as far in the Establishments as their powers authorise them—

In witness whereof we have hereunto set our hands & Seals the day & year above written

HENRY STOUFFER [S]
JACOB SMALL [S]
PETER BOND [S]
SAML. H. GATCHELL [S]

CITY COMMISSIONERS OFFICE

BALTO. 16th. March 1812

In pursuance of the application of Elisha Randall to establish the boundary lines of a piece or parcel of ground being part of lots No. 8. and No. 117 Leased by Elizabeth Carson to said Randal on the 28h. day of August 1809, situate on Front street.

The City Commissioners did meet on the 16th. Instant having given four days public Notice of the time place & intention of their Meeting, and having examined the Evidence & locations relative to the subject matter prayed for: Did establish the Northermost line of said lot to begin on the line of Front Street, South forty three degrees East, two feet two inches from the South easternmost corner of Edward Woodyears two story brick house, thence South Seventy Degrees & a half West meeting a point South fifty eight degrees & a half East twenty two feet from the Southwesternmost corner of William Hanson's two story brick house and seventy feet six inches & a
half from the Northwesternmost corner of John Tool’s Sugar house, thence South forty five degrees & a quarter of a degree West to the Falls.

Also did Establish the Southermost line of said lot to begin on the line of Front Street Northerly One hundred and sixteen feet one inch & a half from the North Easternmost corner of Richard Chenowith’s two story brick house meeting a point fifty two feet three inches from the Northwesternmost corner of a two story brick house belonging to the Heirs of Litzinger thence South seventy degrees & a half West, to the falls, passing a point North thirty six degrees & a half West, forty feet three inches from the North Westernmost corner of Jno. Tool’s sugar house aforesaid— In witness whereof we have hereunto set our hands & Seals the day & year above written.

HENRY STOUEFER [S]
PETER BOND [S]

CITY COMMISSIONERS OFFICE
RALTO. 17b. march 1812

In pursuance of the application of the Commissioners, for opening & extending Pratt street by their secretary William B. Barney to locate the East & West lines of Calvert street from Water street to Pratt Street— The City Commissioners did meet on the 13b. Instant, having given four days public notice of the time, place & intention of their meeting & having examined the evidence & locations relative to the subject matter prayed for, and having taken sundry measurements, Did adjourn to the following day, & on examining the records of the City Did find that the Westwardmost line of Calvert Street from Baltimore Street southerly had been established, by the City Commissioners, & recorded on the 16h. day of July 1798, as far as the Basin, which said line, so established we caused to be run & found that it intersected the Northwardmost line of Pratt street Eastwardly, three feet ten inches from the front wall of William Smith’s Warehouse. That on further investigation of the Easternmost line of Calvert Street we found on the records of the City by the Town Commissioners an Establishment in the following words to wit,
"The Commissioners being met, are of opinion that Calvert street should have the same width, in its extension south into the Basin as it has at its intersection with Baltimore street which width we find, by the records of the Town to be four perches, And we further Certify that from the best evidence we could Collect and the most exact Measurements, We are of opinion that the West front of Mr. Skinner Ennals House is properly fixed on the East side of Calvert Street.

Given Under our hands at Baltimore, 16th Deer. 1783"—

JOHN MOALE
DANIEL BOWLY
H. COURTNEY
RD. RIDGELY

Commissioners

Which Establishment so made has an effect to contract the Street where it crosses Water Street to the width of Sixty one feet four inches; that is to say, by measuring from the Northwest corner of the Brick house formerly Skinner Ennals mentioned in the establishment in December 1783 at right angles across Calvert Street to the West line, as established aforesaid, will produce only sixty one feet four inches thereby reducing the said Calvert Street four feet eight inches from its original width therefore the present board of City Commissioners considering themselves bound by the Acts of the former Commissioners, have caused a line to be run from the Northwest corner of said Skinner Ennals House aforesaid Parallel with the West line of Calvert Street established on the 16th. July 1798 to Pratt Street, intersecting the Northernmost line of Pratt street, sixty one feet four inches Eastwardly from the Northwest intersection of Pratt and Calvert Streets as before mentioned—

In witness whereof we have hereunto set our hands & Seals the day & year above written.

HENRY STOUEER

On the above Establishment an Appeal was prayed by P. A. Karthaus and a Commission was issued from Edward Johnson Mayor of the City of Baltimore to Messrs. John Hillen, William Jessop, Jacob Small, Elias Ellicott & George Decker Esqrs. dated the 7th. day of August, to review & examine the proceedings of the City Commissioners on the said Establishment who also acted thereupon, & returned the following award to the register to be recorded——

Whereas the City Commissioners of the City of Baltimore, upon the application of Peter A. Karthouse to establish the line of Todd's range between German & Lombard Streets did establish the same in the manner set forth in their return deposited in the register's office, dated on the 10th. day of July 1812 upon which establishment the said Peter A. Karthouse conceived himself aggrieved, & prayed an Appeal, Whereupon the Mayor of the City Appointed us the subscribers together with Jacob Small, to review and examine the said proceeding of the City Commissioners in the premises. These are therefore to Certify, that after being duly qualified we proceeded to examine the premisses, & after making the necessary surveys & admeasurements, & collecting all the information within our reach, Do say—That we find no just cause to alter or amend the proceedings of the City Commissioners in this case.—
We do therefore approve of, & confirm the said establish-ments in all its parts——

Given under our hands and seals this 13b. day of August 1812——

CITY COMMISSIONERS OFFICE
BALTO. i3h. Sepr, 1813

In pursuance of the application of William S. Cross & John Yates to establish the Division line between that part of Lot Number 56, conveyed on the 31st. day of October 1796 by Joseph Bankson & Mary Davis to William H. Wood & now held a claimed by James C. Dew, and that part of said lot No. z.6, which was conveyed by Joseph Bankson & Mary Davis to John Deaver, now owned and possessed by William S. Cross, the property being situate on the East side of High Street between Wapping & Low Streets

The City Commissioners did meet on the 31st August last having given four days public notice of the time, place & inten-
tion of their meeting, & having examined the title papers of the two lots mentioned in the Application and Advertisement find that there exists a disagreement inasmuch as the lot conveyed to John Deaver expressing to begin on High Street thirty five feet from the South west corner of the whole lot & to run thirty two feet, making in the whole sixty seven feet. And the lot conveyed to William II. Wood expresses to begin at sixty eight feet from the corner of the whole Lot, leaving a space of one foot between them.

The Commissioners Did establish the line of the lot held by the petitioners, namely the lot conveyed to John Deaver in 1795, and located the same as follows, Viz—

The division line between that part of lot Number fifty six conveyed on the thirty first day of October seventeen hundred & ninety six by Joseph Bankson & Mary Davis to William H. Wood, and now held by James C. Dew, & part of said lot, number fifty-six conveyed by Joseph Bankson & Mary Davis to John Deaver now owned by William S. Cross, to begin on the line, of High Street, Northerly eight feet, three inches from the Northernmost corner of said William Cross's two story brick house, thence running, Northeasterly, parallel with Pitt Street to extremity of the lot, Meeting a point, twenty one feet three inches Southerly from the Southernmost corner of Robinson Wollen's brick Necessary and Smoke house—

In witness whereof we have hereunto set our hands & seals the day & year before written—

CITY COMMISSIONERS OFFICE

BAETO. 22d. Sept. 1813

The City Commissioners in conjunction with the Commissioners of the Eastern precincts, Did meet on the tenth instant having given four days public notice of the time, place & intention of their meeting, Did proceed to ascertain the Out line of the City of Baltimore agreeably as the same was located by the Commissioners of Baltimore town in the year 1773, when after due investigation and making sundry admeasurements they found the true out line of that part of the now City of Balti-
more to be North Sixteen & three quarters of a degree West, 
One hundred & ninety nine feet six inches from the Northwest 
corner of the Centre or Key stone on the North end of Pitt 
Street Bridge, which is found to be precisely two hundred feet 
from the North side of Pitt Street, where they caused a Stake 
to be drove in the ground, from whence they proceeded South­ 
westerly to the first addition of Baltimore town in a line parallel 
with Pitt Street, and at the distance of two hundred feet there­ 
from, which said line intersects the East line of Aisquith Street 
Northerly fifteen feet five inches from the North west corner 
of Robert Graham's two story Brick house and intersects the 
west line of liberty street sixty seven feet nine inches southerly 
from the Southeast corner of John Buck's two story brick 
house on the West Side of Liberty Street, it also intersects the 
west line of Green Street, Southerly one foot from the South­ 
east corner of Robinson Wollen's two story brick house & from 
thence to the outline of the first addition to Baltimore town 
intersecting the said addition at the distance of two hundred feet 
from Pitt Street. 

They also met in conjunction with the Commissioners of the 
Eastern precincts on the sixteenth instant having given four 
days public notice of the time, place & intention of their meet­ 
ing Did proceed to ascertain the out line of the City of Balti­ 
more between Harford & Market Streets, when after examin­ 
ing the plot & Certificates & Survey thereof made in the year 
1773 they found that the true location of that line runs from 
the North east intersection of Market & Pitt Streets along the 
North line of Pitt Street Southwesterly to the North west in­ 
tersection of Harford & Pitt Streets, And do hereby establish 
the same in manner following Viz. Beginning for the said out 
line on the East line of Market Street where the North line of 
Pitt Street intersects Market Street, which said inersection they 
do fix & establish North forty degrees and three quarters of a 
degree East one hundred & twenty eight feet from the North 
est corner of a Stone heretofore placed by this board at the 
Southwest intersection of Market & Pitt Streets, thence run­ 
ning South westerly along the North line of Pitt Street, Parallel 
with the South line thereof and at the distance of forty nine feet 
six inches therefrom until it intersects the West line of Harford 
Street.
In pursuance of the application of Leonard Powder to establish the North East intersection of Camden & Eutaw Streets— The City Commissioners did meet on the 28th. Ulto. & having examined the evidence & locations relative to the subject matter prayed for, Did establish the North east intersection of Camden & Eutaw Streets, to be Southerly on the line of Eutaw Street One hundred and twenty six feet four inches from the South west corner of William & Jacob Fultz's Sugar house, meeting a point, One hundred and six feet ten inches from the North East corner of Lloyd Durham's two story brick house at or near the South west intersection of Said Streets. In witness whereof we have hereunto set our hands & seals the day and year above written

BALTO. 25h. Octor. 1813

In pursuance of the application of Margeret Flax and Mary Brynan to establish the lines of part of lot No. 24, Situate on Queen Street, Fell's point, agreeably to the Deed and Conveyance of the administrators of John Hall deceased late of Harford County— The City Commissioners did meet on the 16th Instant, having given four days public notice of the time, place & intention of their meeting, & having adjourned from time to time in order to have the Necessary title papers to illustrate the matter fully for consideration, and having procured the same did again meet on the twenty first instant, & did proceed to establish the lines of the Conveyance prayed to be established, it being a Conveyance from Susanna Hall & Bernard J. Lynch to Margeret Flax & Mary Brynan bearing date the 16th. day of September eighteen hundred & twelve, Beginning for the same as expressed in the said Deed on the North side of Queen Street eighteen feet Easterly from the Southeastern-most corner of Captain Timothy Gardener's Brick house thence running & bounding on Queen Street Easterly sixteen feet to the corner of a brick house erected on said lot where a lot of ground part of lot No. 24, conveyed by William Merryman to Thomas Ring (bearing date the tenth day of August Eighteen hundred & ten) doth begin thence running along the eastermost end of said brick house thirty feet six inches then continuing the same course paralleled with the outlines of lot Number twenty four & at right angles with Queen Street one hundred and one feet nine inches until the said line intersects the west side of a nine feet alley agreed to be left open by John Hall as by conveyance bearing date the first day of August seventeen hundred & ninety four, between William Jackson & said John Hall which point of intersection is eighty one feet eleven inches from the Northwest corner of the brick back building of the late William Johnson erected on lot Number twenty two, thence running and bounding on said alley North Nineteen degrees West thirty one feet six inches, until it intersects a line drawn from the Beginning at right angles to Queen Street, thence bounding on said line to the place of beginning.
In pursuance of the application of John Kithcart to establish the lines of lot No. 60 situate on the South side of Duke Street as distinguished on the plat of John Cornthwaites Property deposited in the office of the Clerk of Baltimore County Court by his Executors— The City Commissioners did meet on the second instant having given four days public notice of the time, place & intention of their meeting and having examined the evidence and locations relative to the subject matter prayed for— Did establish the boundary lines of said lot, Number Sixty as follows— To begin on Duke Street at the distance of eighty feet from the Northeast corner of Hugh Stewart's two story brick house, meeting a point sixty eight feet five inches from the Southeast corner of Hull's two story brick house, thence Easterly on Duke Street, forty feet, meeting a point sixty feet from the Southwest corner of Robert Stewarts brick dwelling house at the pavement thence Southerly at right angles with Duke Street One hundred & eleven feet nine inches, thence parallell with Duke Street forty feet, & thence to the place of beginning—

In witness whereof we have hereunto set our hands & seals the day & year above written

HENRY STOUFFER [S]
JNO. BANKSON [S]
PETER BOND [S]
S. H. GATCHELE [S]

CITY COMMISSIONERS OFFICE
BALTO. 8th. Novr. 1813

In pursuance of the application of Capt. Thomas Ring to establish the dividing line between lot, No. 23 & lot No. 24 situate on Queen Street Fell's Point— The City Commissioners did meet on the 29b. Ulto. having given four days public notice of the time, place & intention of their meeting and adjourned to the first instant, at their office, when they again met, & hav-
ing on their first day of meeting taken sundry measurements, Viz, along Thames Street from Bond to Queen Street, thence on Queen Street to Wills & Point Street in order to illustrate the matter for their consideration they did find the possession on the said Streets at Variance with the present record plat which was made in the year seventeen hundred & seventy three, they also examined the title papers relative to the subject before them as well for the lot Number twenty three & the lot Number twenty four Among which papers they find that William Jackson On the first day of August seventeen hundred & ninety four conveyed to John Hall a part of lot Number twenty three, beginning on the North side of Queen Street, at the Southeast corner of John Hall's house, & running & binding on Queen Street Easterly five feet seven inches thence parallel with the end wall of said house to Wm. Johnson's line, thence on said line five feet seven inches and thence to the beginning, reserving the use of a three feet alley on the East side, part of the said five feet seven inches of ground the said William Jackson grantor being at that time the owner of that part of lot Number twenty three, adjoining lot Number twenty four and John Hall the Grantee being the owner of lot Number twenty four:— The City Commissioners therefore, taking all the circumstances into consideration Do conceive, that to do the most equal Justice to all parties interested, they are bound to respect the Conveyance from William Jackson to John Hall, the more so as a departure from that line so agreed on by them would tend to create considerable confusion from thence to Will's & Point Streets.— Therefore the City Commissioners do hereby establish the division line between lot Number twenty three, & lot Number twenty four to begin on Queen Street at the South east corner of John Hall's old house now occupied by said Capt. Thomas Ring & to run at right angles with Queen Street until it meets a point North thirty one feet four inches from the Northwest corner of the said Thomas Ring's brick smoke house belonging to his present two story brick dwelling house In witness whereof we have hereunto set our hands & seals the day & year before written

JAMES ARMSTRONG [S]

CITY COMMISSIONERS OFFICE

BALTO. 13th. Deer. 1813

In pursuance of the application of Win. L. Bowley to establish the Southwest intersection of Bank Street & Argyle alley—

The City Commissioners did meet on the 10th. Inst, having given four days public notice of the time, place & intention of their meeting, & having examined the Evidence & Locations relative to the subject matter prayed for, The City Commissioners found by sundry measurements, that the Northwest intersection of Bank Street & Argyle alley as heretofore established by a former board is correct, but as the location then made referred to a back building, erected by Capt. Robins for the Northeast intersection of Market & Bank Street is now removed, they now establish the Northwest intersection of Bank Street & Argyle alley at the distance of eighty two feet eleven inches easterly on a line drawn from the Southeast corner of the Southeast piller of the wall inclosing the Catholic ground to the Southwest corner of the Old I Tip roof frame house standing at the Northeast corner or intersection of Bank and Ann Streets, as referred to in the former Establishment.

They also found, that the Northeast intersection of Market & Bank Streets is one hundred & fifty feet one inch, Westerly, from the Southeast corner of the South east pillar of the wall
of the Catholic ground aforesaid being in the whole, two hundred & thirty three feet Westerly from the Northwest intersection of Bank Street & Argyle alley as aforesaid.

They then proceeded to establish the Southwest intersection of Bank Street & Argyle alley, and do establish the same to be seventy feet Southerly from the Northwest intersection aforesaid meeting a point South fifty two degrees & three quarters of a degree & three quarters of a degree East, One hundred & eight feet four inches from the Southeast corner of the Southeast pillar of the Said Catholic ground—

In witness whereof we have hereunto set our hands & affixed our seals the day & year before written—
