pitious to the growth of clover, who rely solely upon its shade. The practical farmer who duly appreciates the fertilizing value of shade finds no difficulty in enriching his lands; it requires no scientific instruction to enable him to fertilize every acre which he may be able to cultivate. He need give himself no concern about the modus operandi of the shading substances. In a practical point of view it will be sufficient for him to understand that if he succeed in densely shading the surface of his fields he will certainly enrich then—and he will soon be taught by experience that "a refreshing amelioration" will always prove to be a much more valuable fertilizer than the best barn yard manure. R. T. BALDWIN.

YOUNG SIR PETER.

THE very superior stallion, **YOUNG SIR PETER,** will be let to mares the present season, commencing on the fifteenth of April and ending the fifteenth of July, at the following prices: $7.50 the season, to be discharged by the payment of $5.50, if paid within the season. He will stand in Marlboro', Nottingham and Aquasco Districts. Persons wishing to breed from this Horse, will drop the subscriber a note, at the Long Old Fields, and he will be sent wherever his services may be required.

A good Groom will be provided, and every care taken to prevent accidents, for which, however, the subscriber will not be liable.

SIR PETER has been decided by the best judges to be the finest horse they ever saw for saddle or harness, being of fine size and form, and every point necessary for the same. The Premium of the Prince George's Agricultural Society for the best stallion *for all purposes* has been awarded to him—as also the same Premium by the Montgomery Agricultural Society.

PEDIGREE:

YOUNG SIR PETER was sired by Old Sir Peter Chancellor, the celebrated trotter, who in 1831, performed 32 miles on the Hunting Park Course, Pa., in 1 h. 31m.; the last mile, to save a bet, was trotted in 2m. 40s. Old Sir Peter Chancellor by Dutchman, who trotted a match with Rattler, October 6, 1838, over the Beacon Course, R. I., match $1000 a side, three mile heats in harness; a match for $5000 August 1, 1839: time, 7m. 1-2s. Old Sir Peter's dam by Ogle Oscar, out of Dr. Eclin's celebrated mare, Floretta. The dam of Young Sir Peter is the well known Arabian mare, Polly, imported into this country by Dr. Doman, and bought by Mr. Shaffer, of Frederick County. The great improvement in the breed of horses in England arose from crossing those diminutive stallion barbs of Arabia.

It is deemed unnecessary to go any farther into his pedigree, as this will satisfy all acquainted with the subject, that there is no horse of better blood, on his father's side, in the country.

YOUNG SIR PETER is a dark mahogany bay, with black legs, mane and tail, of the most beautiful appearance, sixteen hands two-and-a-half inches high, with a fine coat of hair, whic, for sleekness and fineness, is seldom equalled, and never excelled, which is highly indicative of the purity of his blood.

Persons wishing to breed from this Horse, will be required to place their names in a book in possession of the Groom.

YOUNG LAZARUS---Ten years Old.

This very superior Stallion will be let to mares the present season, commencing the first of April and ending first of July. The stands will be published hereafter.

TERMS.—Seven Dollars and fifty cents, to be discharged by the payment of Five Dollars and fifty cents, if paid within the season.

The subscriber deems it unnecessary to say anything about the qualities of this horse, as his colts all over the county can be confidently pointed to, to prove that he is a sure foal getter. Mr. Strong, of Washington city, has a colt of his, for which two thousand dollars was refused. He is authorised to refer to Messrs. Wm. W. Hill, Philip Hill, Fielder Magruder, Joseph H. Wilson and Zachariah Berry, Sr.

Persons wishing to breed from this horse will please notify the subscriber, and he will have the horse sent to their farms.

PEDIGREE.

YOUNG LAZARUS was sired by Prince George; Lady Essex, the dam of Lazarus, was sired by M. D. Eclipse, his dam by Chance Medly, G. & G. Taylor's Top Gallant, g g dam by Ottolo, g g g dam by Loyd's Traveller, g g g g dam Damer's Figure, g g g g g dam imported by W. Crow, of Philadelphia, and was a full sister of Irish Gray alias North Cumberlon.

TORONTO.

This well known thorough bred Canadian will stand the coming season: On *MONDAYS, TUESDAYS and WEDNESDAYS*, at Wood Cot Farm, in Spaldings District, one mile from John Palmer's Tavern, under the superintendance of Mr. EDWARD FRIES, the manager of said farm.

On *THURSDAYS, FRIDAYS and SATURDAYS*, at Bellemonte Farm, on Broad Creek, in Piscataway District, one mile from Munroe's Tavern, under the superintendance of Mr. WILLIAM H. ROLAND, the manager of said farm.

The subscriber having been disappointed in procuring the services of such a groom as he desired, has been compelled to limit his stands as above. Season commences first of April—ends last of June.

TERMS—Six dollars, if paid before first of July, ten dollars if paid after that date; ten dollars to insure—insurance to be paid as soon as the mare is known to be in foal or parted with. Mares from a distance pastured or fed on usual terms. Every care taken, but no liability for accidents or escapes.

TORONTO

is a grey horse, ten years old, a natural pacer, of easy gait. His former owner, J. E. REESIDE, can attest his performance of a mile within three minutes in harness.

TORONTO is a horse of admirable form, great fire and spirit, but so gentle that a child can ride or drive him.

Hampton's Vegetable Tincture!

THE GREAT DISCOVERY OF THE AGE!

READ! READ!! READ!!!

Joy to the World!—Hope for the Afflicted!—More Testimony from Home!

Cure of Consumption, Neuralgia, Pain in the Side, &c.

MESSRS. MORTIMER & MOWBRAY: GENTLEMEN,—It is with pleasure I can testify to the great healing powers of HAMPTON'S VEGETABLE TINCTURE. My wife had been afflicted for three years, laboring under a constant hacking Cough, with a most violent Pain in the right Side, Neuralgia of the Head, and Dimness of Sight; very little rest day or night, and much emaciation, and to all appearances a rapid Consumption inevitable.—We had the most eminent physician in Annapolis, but his medicine did not give her any relief at all, but growing worse if any change in the least; and after having read one of your Pamphlets, in July last, she concluded to try Hampton's Vegetable Tincture, and after taking but two bottles of which (under a kind Providence) we perceived a great change for the better; her appetite improved, her skin became quite clear, cough, pains, neuralgia, &c., entirely left her, and by the time she had taken a few bottles more she was completely cured, and is now in the enjoyment of most excellent health.

I have seen also its beneficial effects on several other ladies of Annapolis, and I think I can say from what I have seen of the Medicine, I do not believe its Curative Powers can be equalled. A sense of duty to the afflicted has induced me to drop these few lines for their benefit. Respectfully,

EDWARD SANDS,

Master of the Schr. Geo. Barber, Annapolis Packet, No. 3 Tobacco Warehouse, Light Street Wharf. BALTIMORE, May 1, 1852.

Let the whole Afflicted World, read the Testimony of a Lady after thirty-eight years of suffering.

NORTHAMPTON, Co., April 13, 1852.

Messrs. Tyler & Adair: "I have been afflicted with Rheumatism at times from my twelfth year, I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless, I have tried various remedies to very little effect; last October I was attacked in my shoulders, sides, back and hips, I could not rest day or night, I could not move any part of my body without crying with pain, at this time I also tried many remedies internal and external without receiving any relief; I was at last advised to try "Hampton's Vegetable Tincture," before I had taken one bottle of which, I felt much better, and as I continued taking it, I felt strength coming into my back and limbs, and my stomach strengthened and revived every way—I have taken five bottles and am much better than I ever expected to be. I intend to use it whenever, I need it, and would recommend it to the afflicted, believing it unequaled. Yours,

ELIZABETH BAGWELL.

Messrs. Mortimer & Mowbray: Mrs. Elizabeth Bagwell is a lady of the highest respectability, wealthy and influential—the cure in her case speaks volumes in favor of this wonderful Tincture, several other persons we have heard of, have derived great benefit from its use in our county: we are entirely out of the article, and have daily anxious enquires to know when we will receive another supply. We expect large sales of it from the present demand, and want you to send us a box as soon as possible. Yours, TYLER & ADAIR.

April 12, 1852.

Cure of the venerable and eminent Doctor Dunan's son of Baltimore City.

COUGH VERTIGO.—Rheumatism, of 15 years standing, cured. Testimony of one of our best known citizens:

BALTIMORE, Feb. 9, 1852.

Messrs. Mortimer & Mowbray—It is with real pleasure that I am able to attest to the general healing and curative power of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough, I was advised to take Cod Liver oil, and did so; but getting no better, I was induced to try your Tincture. I got one bottle, and before I used it all my cough had left me. Permit me also to state that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture and a kind Providence.

You are, my friends, at liberty to use this as you may think proper, and believe me. Yours, very respectfully, G. DUNAN.

N. B. I can be seen at any time at the Mayor's office. This is the testimony of thousands who have used this wonderful tincture.

Home Testimony, the World cannot Produce Better in favor of any other Medicine.

Rev. Vernon Eskridge, U. S. N., Portsmouth, Va., Aug. 18, 1852. Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy. I am respectfully, yours,

VERNON ESKRIDGE,
Chaplin U. S. Navy.

Astounding effects!!—The whole afflicted World Read!!!—A lady restored after two years sickness.

NORFOLK, Dec. 6, 1851.

Messrs. Mortimer & Mowbray—Hampton's Vegetable Tincture is certainly working miraculous results here, in the way of cures, but there seems to be a diffidence on the part of those cured to give a certificate, which, in justice to the afflicted should not exist. I could mention a dozen cases of importance in which it has been successful in curing the worst kind of diseases; but it appears to cure them so easily, and its effects are so magical, they do not appear to be able to realize it, though they are perfectly satisfied they are cured.

I will mention two cases which have lately come under my notice. A lady who had been confined to her bed for between one and two years, and on whom the doctors had been attending during that time, without any success, was induced to try the Tincture, and after taking the second bottle she was enabled to be up stirring about her house—a thing she had not done for two years, as I was informed by her husband, who called on me, in perfect ecstacy, and said he had at last found the much needed panacea. I think he will furnish you with a certificate of the strongest character.

Another gentleman informed me that he had a very valuable negro woman so far gone by disease that he would have taken twenty-five dollars for her, but the first bottle was so effective that he felt confident of a perfect cure. Yours, respectfully,

JOHN R. HATHAWAY.

Hampton's Tincture is a great purifier of the blood, will cure Dyspepsia Rheumatism, Cough, all diseases of the Liver, Kidneys, Stomach, Bowells, Spine, and all nervous complaints; Worms, general debility, and for all female complaints, it has no equal.
