
Cletrac TANK-TYPE TRACTOR

Wheels on a track—the Cletrac way—take less power

The Cletrac's Day Is Here

Farmers *everywhere* have "OK'd" the Cletrac—the dependable tank-type tractor that does every job around the farm from spring plowing to clearing the roads in winter.

The Cletrac works right through the year—on *any* ground, in *any* weather. It replaces four to eight horses, saves their care and feed bills—does more kinds of work more days a year.

Its quick popularity has led to increased production and lower manufacturing costs. That's why we can offer you an *improved* Cletrac with a bigger motor, a broader track, an exclusive steering device, a new air washer—*and at the same time reduce the price from* $1585 *to* $1395, *f. o. b. Cleveland.*

Come in and look this tractor over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

ENTRANCE EXAMINATIONS

STATE SCHOLARSHIPS IN ENGINEERING COURSES

ENTRANCE EXAMINATIONS for the Department of Engineering, as well as for the College of Arts and Sciences, will be held in the Civil Engineering Building, Homewood, Monday-Saturday, June 21-26, 1920, beginning at 9 a. m. each day, under the auspices of the College Entrance Examination Board.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING established under the provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 17, 1920, begining at 9 a. m. Appointments will be made soon thereafter.

Each Legislative District of Baltimore City and each County of the State, with the exception of Cecil, Harford, Queen Anne's, Talbot and Worcester Counties, will be entitled to one or more scholarships for the year 1920-1921, in addition to those which have already been assigned. In the five counties mentioned above, all the available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the Department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted to them. The scholarships entitle the holders to free tuition, free use of text books, and exemption from all regular fees. One of the scholarships in each County and in each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College.

One scholarship will be awarded "At Large."

Applicants should address The Registrar, The Johns Hopkins University, for blank forms of application and for catalogues giving information as to examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, September 28, 1920.

BASEBALL NOTES

Happenings Of The Diamond Gathered Here and There

The All-Star Baseball Team, composed of baseball players from various parts of Kent county and Chestertown who have been prominent figures in baseball circles during past years, played the Washington College baseball team on Friday afternoon last. The College team won an easy victory, the score being 13 to 2 when the game ended. Robinson was on the mound for the All Stars and pitched a fair game, although 13 hits were made off his delivery. He would, no doubt, have done much better had not he received such ragged support from his team-mates. Gordy pitched for the College team and allowed but 6 hits.

The Trappe Baseball Team, from Talbot county, journeyed here on last Saturday afternoon and defeated the local High School Team by the score of 12 to 8.

Coach Kibler's All Stars will meet the Washington College baseball team today, Saturday, on the College diamond. The game should be a good one, as Coach Kibler has picked some good material to make the College boys hustle.

The Kent County All Stars defeated the strong Washington College baseball team Wednesday afternoon in the most interesting game that has taken place on the College diamond for a number of years by the score of 4 to 3. Washington College went to bat in the ninth inning with the score standing 3 to 2 against them, and by bunching their hits managed to tie the score, but were unable to put over the winning run. In the tenth inning neither team was able to score, while in the eleventh the All Stars pushed over the winning run. The most remarkable thing about the game was the pitching of Blackway for the All Stars. He had not pitched a game this year, and, in spite of this handicap, he went in and held down one of the hardest hitting teams that has ever been at the college, a team that it batting around .400. Not only did Blackway twirl a splendid game, but he also fielded well and several times checked what appeared to be winning rallies on the part of the Collegians. Wright was on the mound for W. C. and allowed four hits, while Blackway allowed five hits. Captain Kibler was on second base for the All Stars and was a big factor in steadying the All Stars. Lee Robinson was on the receiving end for the All Stars and caught a fine game. W.C. had their usual line-up. Each team made six miscues. A small crowd attended.

In the All Star vs. Washington College game this, Saturday afternoon, Robinson will be on the mound for the All Stars, while Blackway will catch. Gordy will be on the mound for W. C., with the regular catcher on the receiving end. The game will start at 4 p. m. and should be a good one.

—Mr. Benjamin F. Rash's big barn was destroyed Sunday night about 10 o'clock by fire of unknown origin. A shepherd dog, a calf, a quatity of feed and a few farm implements were destroyed. The loss is covered by insurance. The farm is about [illegible] miles from Worton.
