NOTICE.

One of the chief arguments in favor of Life Insurance has always been that it furnishes ready money immediately upon the death of the assured. Immediate payment upon presentation of claim and proof of same is exactly what the assured pays his money for. It is one of the always implied terms of the contract, and I can see no reason for an ostentatious parade of the fact that the money was immediately paid when due, it being certainly no more creditable then to an individual who meets his obligations at maturity.

But as it appears to be the order of the day to publish immediate payments, I will say that this has long been the rule with the Equitable.—In 1887, out of 1,304 death claims, the Equitable paid $62, amounting to $3,283,320, the very day proofs of death were received, and paid most of the balance within one week.

Following is a letter from the Hon. Stevenson Archer, who was the life-long friend of the late Isaac Mechem, Esq., and his being attorney for Mrs. Cassandra Mechem was not that the intervention of an attorney was necessary, but because of the friendly relations long existing between the parties.

Prompt Payment of Life Insurance by the Equitable Life Insurance Co. of N. Y.

Isaac Mechem died Nov. 9th, 1885. Proofs thereof were furnished by mr. attorney for Mrs. Cassandra Mechem, his widow, and on the 21st November Mrs. Mechem received a check for $1,000, the whole amount of the policy.

Promptness of this kind should be commended.

STEVENSON ARCHER,
Attorney for Mrs. Mechem.

THE TWO VILLAGES.

Over the river, on the hill,
Lieth a village white and still;
All around it the forest trees
Shiver and whisper in the breeze;
Over it sailing shadows go
Of soaring hawk and screaming crow,
And mountain grasses, low and sweet,
Grow in the middle of every street.

Over the river, under the hill,
Another village lieth still;
There I see the cloudy night,
Twinkling stars of household light,
Dyes the gleam from the smithy's door,
Mists that curl on the river shore;
And in the road no grasses grow,
From the wheels that hasten to and fro.

In that village on the hill,
Never is sounded the smithy or mill;
The houses are thatched with grass and flowers;
Never a clock to toll the hours;
The marble doors are always shut;
You can not enter in hall or hut;
All the villagers lie asleep,
Never a grain to sow or reap,
Never in moan to dream or sigh,
Silent and idle and low they lie.

In that village under the hill,
Where the night is starry and still,
Many a weary soul in prayer
Looks to the other village there,
And weeping and sighing, longs to go
Up to that home, from this below;
Longs to sleep in the forests wild,
Whither have vanished wife and child,
And heareth, praying, this answer fall—
"Patience! that village shall hold ye all."

The Pulse of Domesticated Animals

The pulse in all animals varies somewhat even when in full health and at rest. A full stomach may increase the number of beats and so will high temperature, but, as a rule, we say that the pulse of a healthy horse when at rest should range between thirty-six and forty six—about forty beats may be considered normal. In the ox and cow about 40 and forty five, but after a full meal it may increase ten beats or even more without indicating disease. In sheep, goats and pigs the pulse is from seventy to eighty beats, and in the dog eighty to one hundred. The pulse may be felt wherever a large artery crosses a bone, and in the horse it is generally examined on the cord which crosses over the bone of the lower jaw in front of its curved position, or on the bone ridge over the eye. A rapid, hard, and full pulse is an indication of high fever or inflammation. An irregular pulse indicates heart disease.

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them.

—Husband—"I don't understand why I have to get up and make the fire with the hired girl in the house." Wife—"Well, if we want to keep a hired girl in the house we must not ask her to do any of the work."

—John Wanamaker, of Philadelphia, says: "I spend $5,000 a week in advertising, and I pay a skilful man, a former newspaper editor, and a good one, $1,000 a month to do it for me. I make money by it. Advertising is the leverage with which this store has been raised up. I do not see how any large and successful retail business can be done without liberal advertising.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CASOTT, Eureka, Nevada.

WELLS, RICHARDSON & CO., Props., Burlington, Vt.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles."

SARGE HUTCHINSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

Besides bringing immediate results they permanently improve the land. Read what several well-known Harford county farmers say of our goods:

BYNUM, MD., January 28th, 1889.—Mr. Wm. M. Edelin: Dear Sir: I have been buying Commercial Fertilizers for the last thirty-five years, and have used many brands, but have never had any make to give me the satisfaction that Chesapeake Guano goods have. I have used them exclusively for two years, and shall continue to use them. Respectfully,

D. LYNCH.

FALLSTON, MD., January 27th, 1889.—Mr. Wm M. Edelin: Dear Sir: I used your Chesapeake Goods on potatoes and oats, last season, by the side of two other brands. It is sufficient to say, I shall use yours exclusively this season.

Very truly, yours,
FRANK W. MAYNADIER.

FALLSTON, MD., January 25th, 1889.—Mr. W. M. Edelin: Dear Sir: I used Chesapeake Guano Co's Ammoniated Bone Phosphate on wheat with entire satisfaction, by the side of a brand that cost more money. I also used their ammoniated Alkaline Phosphate on potatoes with satisfactory results. Very truly, yours,

JOSEPH G. FAVOUR.
