Herrick's Map of Maryland.

JUST PUBLISHED:
HERRICK'S
MAP OF MARYLAND AND DIST. OF COLUMBIA.

The undersigned having been engaged for some time in making a survey for, and in draughting and designing a correct and beautiful State Map of Maryland, with the intention of publishing a more thorough, comprehensive and accurate map than any heretofore published, would respectfully announce, to the citizens of this county, and of the State generally, that their work is engraved, published complete and ready for sale. This map is carefully drawn, executed with taste, and is calculated to be of the greatest importance for reference by the resident; as an ornament to the parlor, hall or office, and as a dictionary to the traveler.

Description of Map.

The map is drawn upon a large scale (1 in 400,000), representing the land boundaries, that beautiful sheet of water, the Chesapeake Bay, with its numerous tributaries, the rivers and streams throughout the counties, the public works, canals, rail roads, &c., together with the cities, post offices, many smaller villages and most of the county roads. It also embraces in the margin enlarged maps of the District of Columbia, and cities of Baltimore and Washington. The whole will be colored in counties, beautifully embellished, varnished and mounted on rollers, with cloth blacks, thus combining *beauty* with *durability*.

Publishing Terms.

We sell our maps by subscription *only*, at $5 per copy, payable on delivery. Regular Canvassing Agents will visit each county and receive subscriptions, which will not be binding on parties, unless the map, when delivered, is as good in every respect as the specimens shown by them. Persons are cautioned against subscribing with any who have not a certificate of agency, signed by us, and who do not exhibit a sample copy of the Map.

Startling, but True!—Survive or Perish.

Holloway's Pills.

THE history of this great remedy is the most wonderful medical revelation that the world has ever known. It is not a history written by one man, or even derived from the experiences of one nation, but consists of a compilation of testimonials from the sick of every country—a record, the like of which has never been adduced in favor of any discovery or invention since time began.

BILIOUS DISORDERS.

In whatever form disease attacks the liver, it is repelled and exterminated by this searching, painless and irresistible curative.

Let the sick whom the faculty have abandoned, resort with confidence to this powerful anti-bilious agent, and a restoration to health and activity will be the invariying result.

DYSPEPSIA

The great scourge of this continent yields quickly to a course of these anti-septic Pills, and the digestive organs are restored to their proper tone; no matter in what shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY and WEAKNESS.

From whatever cause, LOWNESS OF SPIRITS, and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful anti-septic and detergent remedy.

SICKLY FEMALES

should lose no time in trying a few doses of this regulating and renovating remedy; whatever may be their complaint, it can be taken with safety in all periodical and disorganizations; its effect is all but miraculous.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma,	Headaches,
Bowel Complaints,	Indigestion,
Coughs,	Influenza,
Colds,	Inflammation,
Chest Diseases,	Inward Weakness,
Costiveness,	Liver Complaints,
Dyspepsia,	Lowness of Spirits,
Diarrhœa,	Piles,
Dropsy,	Stone and Gravel,
Debility,	Secondary Symptoms,
Fever and Ague,	Venera) Affections,
Female Complaints,	Worms of all kinds.

☞CAUTION!—None are genuine unless the words, '*Holloway, New York and London,*' are discernable as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

**Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents and $1 each.

☞There is considerable saving by taking the larger sizes.

The States and Union.

THE CHEAPEST PAPER IN THE SOUTH.
Only One Dollar per annum for the Weekly Edition.

ON the first day of October next we will commence the publication of our paper, on new, large and legible type, under the title of THE STATES AND UNION.

"The Union" is a name that is endeared to the editor of 'The States' by many agreeable recollections. He brought it with him to Washington from Nashville, where it was the title of the home organ of Gen. Jackson and Mr. Polk, (with which he was editorially associated) and mainly adopted, at his instance, by the lamented Mr. Ritchie, the then Nestor of the American press, as an appropriate name for the Democratic journal which they jointly established, and the first number of which was issued on Jefferson's birth-day in 1845.—It is a name that was beloved by such sterling patriots and Democrats as Gen. Jackson, Jas K. Polk, Mr. Ritchie, Gen. Armstrong, and their contemporaries, and a name graven on the hearts of the Democratic party.

When the journal which it represented found that its interests would be benefitted by castling it aside and substituting another, we then resolved that, as it had been thus repudiated, we would take it up, and place it at the head of our own columns, as soon as a suitable period arrived.

The States and Union will be conducted with an exclusive regard to the principles of the State-rights Democracy, will be independent of factions, and unbiased by partial interests. We may add that several of the ablest contributors to the "Union" during the time we were connected with it, have voluntarily promised to write for The States and Union, in behalf of the cause in which we are enlisted, as they did in by-gone years.

It will be furnished to subscribers at the low price of ONE DOLLAR per year.

This is but barely remunerative, but we have placed it thus low in order that it may be within the reach of every Democrat and others who are inclined to read it. It will contain all the leading editorials which appear in the daily editions, as well as a large amount of general intelligence, embracing much valuable information relating to the *affairs of government*, and matters of interest appertaining to Literature, Agriculture and Commerce. It will also contain all the Government Advertisements and official notices.

The events which will transpire during the next *twelve months* will make a paper published at the seat of government of more than ordinary interest.

The States and Union, during this period, will contain a perfect history of the proceedings of the NEXT CONGRESS, which will perhaps be of more interest to the nation than any previous Congress which has assembled at Washington since the formation of the government.

It will embrace the whole political canvass for the *NEXT PRESIDENCY*, up to the day on which the election takes place; in fact, it may be regarded as *the* CAMPAIGN PAPER, and the *cheapest paper* of the kind ever issued.

We see no reason why its circulation should not be extended to fifty thousand in a few months. The indications are favorable to such a result from the substantial manifestations which we receive day by day in the large number of subscribers. A remittance may be made for a single copy by carefully wrapping up a GOLD DOLLAR and enclosing it in an envelope.

Postmasters and others, who will take the trouble of getting up a *club of ten subscribers*, at the rate ONE DOLLAR per year for each subscriber, wil be furnished with a copy of the Weekly States and Union for one year *gratis*.

Payments in all cases required in advance.

ANOTHER EDITION
OF THE
Mastodon Newspaper!

ROBERTS' ILLUMINATED QUADRUPLE CONSTELLATION!

The largest sheet of paper ever made and printed, measuring 70x100 inches!—The greatest Typographical Achievement of the Age!

The subscriber announces that he has made such arrangements as will enable him to keep printing a constant supply of his mastodon paper, "The Illuminated Quadruple Constellation"—and all orders from any part of the country, for one or more copies, will be immediately filled on their receipt. All newspaper dealers will keep a supply on hand ready for purchasers. We have Electrotyped the immense eight pages, and therefore can print them as fast as required.

The Press, with one accord, have pronounced The Illuminated Quadruple Constellation the greatest newspaper achievement ever accomplished. Notwithstanding its immense size, it is superbly printed on the very best and strongest white paper ever made or used for a newspaper. It contains eight mammoth pages! thirteen columns to a page—each page four feet in length! In its Imperial folds is embraced more matter than is contained in six different numbers of Harper's Monthly, or fifteen different numbers of the New York Ledger, or any other similar weekly! Four of its immense pages are largely occupied with splendid engravings, portraits of noted personages, &c., &c.

Among the prominent contents may be mentioned the re-publication complete, and without any abridgement whatever, of the celebrated MOON HOAX! as originally published in the New York Sun, in 1835—Two Splendid Novelettes, by J. H. Ingraham, author of "Pillar of Fire," "House of David," "Capt. Kyd," "Lafitte," &c.,—a splendid story by Edward Everett—and one by Sylvanus Cobb, Jr. But it is impossible in an advertisement to give a full detail of its immense contents. It is emphatically *a Sheet for the Million*—filled with every variety of useful and entertaining reading! In every sense it is the greatest wonder of the age!

Single copies 50 cents—Three copies $1.

☞Postmasters or others sending us $2 for six copies, shall receive one extra for their trouble. Postage on this paper in U. States and Canada 10 cents. By steamers to France, Germany, &c., from New York, 12 cents.

☞All newspaper agents can obtain their supplies from the wholesale dealers that supply them with their other papers, or of the subscriber. Address
