BEST MATERIALS,

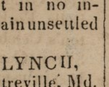
...nd to employ skillful and reliable workmen. Having a practical knowledge of the business and intending to give his personal and strict attention to the work entrusted to his care, he flatters himself that his experience and a rigid adherence to the terms of every contract will secure for him a liberal share of patronage.

His BUSINESS embraces HORSE-SHOEING, the manufacture and repair of *Rough-Edged Tools*,

Cart and Waggon Work,
PLOUGHS AND FARMING UTENSILS GENERALLY,
and HOOPING of every description.
Having but a limited capital, he will be compelled to require that in no instance an account shall remain unsettled longer than six months.
RICARD W. LYNCH,
Centreville, Md.
Jan. 12, 1858.—y. [T]

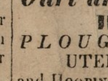
Coach and Harness Maker.

THE subscriber respectfully informs his friends and the public in genera that he will continue the CARRIAGE & HARNESS MAKING BUSINESS



at the old stand of Reamy and Lamb, in Centreville, where he is prepared to manufacture new Carriages and Harness in the latest styles and best manner at the shortest notice. He will also give prompt attention to repairing and fitting up old carriages and old harness in the neatest and strongest manner. His carriages will be second to none, and will compare with those made in the very best city manufactories. He has constantly in his employ skillful and experienced workmen, and makes up his work out of the very best materials. He hopes by strict attention to business, to give general satisfaction, and thankful for the past patronage to the old firm, he solicits a continuance of their customers and a share of public patronage. His shop is situated at the North East end of Commerce street, Centreville, Md., where he may always be found during working hours. ROBERT A. REAMY.
Jan. 13, 1858.—y.

Carriage and Harness Making.



WILLIAM STINSON, returns his thanks for past favors, and informs his customers and all others, that he continues to carry on the above business in all its various branches at his old stand, South west end of Commerce street. He guarantees that all new work put up by him will be made of the best materials, and the work executed in the best manner, as he employs none but experienced workmen in the different branches. He has had himself a long experience in the business, and believes he will be able to render general satisfaction to those who patronize him, both as regards the quality of the work, and the prices charged. Particular attention will be paid to REPAIRING, and all such work ordered will be done at the very shortest notice and at reasonable prices.
Centreville, Jan. 27, 1858. y

Howard Association,

PHILADELPHIA.
A Benevolent Institution established by Special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.
THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give *medical advice gratis* to all who apply by letter, with a description of their condition, (ages occupation, habits of life, &c.,) and in case, of extreme poverty to *furnish medicines free of charge*. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.
The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Sergeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Sphilis, the vice of Ouanism or Self-Abuse, Diseases of the Kidneys and bladder, &c., and order a continuance of the same plan for the ensuing year.
The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause..
An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other Diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FREE OF CHARGE, on receipt of *two stamps* for postage. Other reports and tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.
Address, for Report or treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa.
By order of the Directors,
EZRA D. HEARTWELL,
President.
GEO. FAIRCHILD, Secretary.

A CARD.

THE subscriber would beg leave most respectfully to inform his friends and the public generally that he has handsomely fitted up his store room, for the purpose of resuscitating his business in Centreville. He is now in the city purchasing his Fall and Winter Stock of goods, which will be opened on Monday next, when the public may look out for great bargains for CASH. Having seen the great evil of an extended credit system, he has determined to make an entire change in the manner of transacting his business from an injurious credit to an economical and cash system; under this system he can afford to sell goods at much lower prices. He hopes that his old patrons and the public will sustain him in doing business on this plan.
Please call and prove the truth of this matter. THOMAS HUGHEY.
Oct. 25, 1859.

PAYSON'S

Compensating Sash Balance; or LADIES' WINDOW!

BY this new, beautiful and simple arrangement, economy in building, together with convenience and healthful ventilation is secured. It is, in every respect, equal, and in many respects superior, to the box frame with full weights; yet it will cost not more than half as much for new work, nor one-fouth as much for old work, and can be applied as easily to old windows as to new ones, without defacing the finish. Builders, mechanicks, and the public generally, (Ladies included) are freely invited to inspect this truly useful invention. Having purchased the right of using the patent in this county, I shall be prepared in a short time to accommodate all who may wish to avail themselves of an opportunity to ventilate their rooms at very small outlay.
All orders left at my shop, corner of Liberty and Water Sts. shall be promptly attended to by the public's ob't serv't,
M. P. SNOWDEN
June 8, 1858.—vly.

Notice to Farmers.

HAVE received an appointment for the sale of "Jourdan's Superphosphate of Lime." This Fertilizer has been used extensively in Delaware for the last five or six years with great success, and in this county by Dr. W. S. Turpin, who has been so much pleased with its results that he has continued its use for several years.
Price $45 per ton. Apply to
March 15, 1859.—tf. A. S. GODWIN

CERTIFFICATES.
Centreville, Queen Ann's Co.,
March 10th, 1859.
A. S. GODWIN, ESQ., DR. SIR:
Learning that you are appointed agent for the sale of "Jourdan's Superphosphate of Lime," I take pleasure in saying to the public that I have used it for several years, on wheat and corn, with satisfactory results. I consider it the best Phosphatic manure I have used. W. S. TURPIN.
I have used extensively Jourdan's Ammoniated Superphosphate of Lime, for 2 years, upon wheat and corn. The effect was great and profitable in the increase of both crops, and to me highly satisfactory, having proved a cheap and valuable fertilizer. I regard it as being among the very best concentrated manures in use.
GEO. W. CUMMINGS.
Smyrna, April 1, 1856.
I tried "Jourdan's Superphosphate of Lime" last fall, on wheat, to a limited extent, and found (at harvest) the wheat equal to where Guano on the one side, and manure on the other side, were applied. I tried to apply the same quantity (300 lbs. per acre,) of each, the ground prepared alike; the Guano sowed before planting, and the Phosphate of lime after, being the only difference; the soil sandy loam. I wish you to send me three tons more of the same article, for my wheat crop of this fall sowing, for I believe in the quality of it. WM. COLLINS.
Kent Co., Del., Oct. 4, 1855.
I last year furnished my tenants with twenty tons of Jourdan's Ammoniated Superphosphate of Lime, which was applied to the corn crop in the hills, and I was much pleased with its effects. The corn stood well and grew rapidly, and the crop was, I have reason to believe, greatly increased in consequence of the application of the fertilizer.
DAVID J. CUMMINGS.
Smyrna, Del., March 31, 1856.

New Supply of Jewelry, &c.
