OFFICE OF THE MARYLAND STATE COLONIZATION SOCIETY,
Baltimore, 26th April, 1834.

The advices just received from the Colonial Agents of "Maryland in Liberia," are so entirely satisfactory to the Board of Managers of the Maryland State Colonization Society, that they have determined to despatch another expedition to their Colony, in all the month of May, instant.

Those interested in the success of the scheme of Colonization, as advocated by the Maryland Society, will be gratified to learn that the Territory acquired by the recent purchase, embraces Cape Palmas, which has always been deemed to be the most healthy point on the whole African coast. The land is remarkably fertile, and much of it is in good cultivation by the natives, who express a strong desire to come under the laws and usages of civilized life.

The Board of Managers have limited the number of Emigrants to go by the present expedition in all the month of May ensuing, to twenty, two-thirds male adults. Applications will be received at this office until the 25th of May. In all cases recommendations as to character will be scrupulously required.

☞ None will be received who are of dissolute or indolent habits.

Letters and small packages for Monrovia or Cape Palmas, if sent to this office, free of cost, will be forwarded.

NEW-ARK COLLEGE.

THE friends of science are respectfully informed that this Institution, with leave of Providence, will go into operation and commence its first term, on the 2d *Thursday, the 8th day of May next.*

A very commodious building, sufficient to accommodate 80 students, has been erected, on a plan capable of extension at a future day. Two Professors of high standing and first rate qualifications have been already elected; and a third will be added whenever the necessities of the College shall require.

NATHAN MUNROE, of Andover, Mass., and JOHN HOLMES AGNEW, lately of Washington College, Penn., both of them accomplished scholars, experienced teachers, and bringing the highest recommendations, have the present charge of the Institution. Till the election of a President, Mr. Munroe will act as Principal.

The plan of study, and general principles of government and discipline, it is intended, shall correspond, as far as practicable, with those of the best Eastern Colleges. No Usher is to be employed. And no Professor during his connexion with the College, is to engage in any other occupation or profession, but will devote himself exclusively to the business of instruction.

The situation of New-Ark, in a rolling country, on the borders of Delaware, Maryland and Pennsylvania, has for more than 100 years, recommended it as a convenient, healthful, economical and pleasant location for a public school. The College has grown out of an Academy established by the Allisons, the Blairs and M'Dowells of a former age.

There will be connected with the College, an Academical Department, under the care of the Professors, in which students may fit for College; and in which those who do not wish to go through a regular course, can be taught such branches as they may select.

Students will be received at once not only into the Freshman, but into any of the College classes.

The cheapness of all the necessaries and conveniences of life in New Ark, will render the whole expenses of an education in this institution remarkably low. The Students will room in College at a rent of $5 a year; Board in Commons at $1 25 per week; and the Tuition will be $20 a year. The students will be expected to furnish their own rooms, and find their own fuel, light, washing, ironing, &c. It is confidently believed that the necessary expenses of the institution, for the 40 weeks of term time, will not exceed $100; and at the utmost will be less than $115 per year.

For further information, reference may be had to Rev. Samuel Bell, or Doctor Thomas W. Handy, of New-Ark, Del.

By order of the Board,

E. W. GILBERT,
President.

The full bred Horse RAT,

Will stand at the following places during the present season, viz:—At Easton, on Tuesday, 25th March; at New Market, Dorchester county, on Thursday the 27th; at Cambridge, on Saturday the 29th; and at the Trappe, on Monday the 31st; and will continue to attend the above places every fortnight during the season.

TERMS.—Three dollars the single leap, six dollars the spring's chance, and nine dollars to insure a mare with foal, payable as soon as the fact can be ascertained, or she is parted with, and twenty five cents in each case to the groom. The season will commence on Tuesday, 25th March, and end on the 20th June.

CERTIFICATE.

We, the subscribers, do hereby certify that the young horse Rat, held and owned by Mr. Alexander Macbeth, and sold to him by Elisha Wilson, Esq., of Caroline county, in the State of Maryland, (and now the property of Wm H and Samuel T. Watts,) is a thorough-bred full-blooded horse. He was sired by the celebrated horse Old Rat, who was known to every sportsman on the Eastern Shore of Maryland; he won sixteen heavy purses, and never was beaten but once, and then by foul play, and after he was twenty years of age. The dam of Young Rat was Sally Jefferson, bred by that known sportsman, Mr. Thomas Daffin, and subsequently owned by Mr Elisha Wilson, who bred a number of fine running horses from said mare; to wit: a horse named Tanner, a horse called Quaker, owned by James Nabb, Esq., &c. The said horse, Young Rat, won, at four years old, on Wye course, in Talbot county, Eastern Shore of Maryland, the colts purse with ease—in consequence of bad training his eyes were irreparably injured. The horses that started with him were Gov. Wright's Silverheels filly, E. N Hambleton, Esq.'s Oscar filly, and Capt. Morris' celebrated Hickory mare—all of which were known to be first rate horses. It is thought unnecessary to trace further the pedigree of Young Rat, as the horse will show for himself.

In testimony whereof, we, freeholders of Caroline county, have subscribed our names.

The celebrated Horse RED ROVER,

WILL stand this spring at Easton and the Trappe, in Talbot county, and at New Market and Cambridge, in Dorchester county, Md. The prices upon which the services of Red Rover will be rendered, are as follows, to wit: six dollars the spring's chance, twelve dollars to insure a mare in foal, three dollars the single leap, with twenty five cents to the groom in each case. The insurance moneys to be paid by the 25th January, 1835; the moneys for the season to be paid by the 20th August next; the moneys for the single leap to be paid at the time of service. Mares insured and parted with before it is ascertained they are in foal, the persons putting will be held accountable for the insurance moneys.

Red Rover is now ten years old, in fine stud condition, of the best blood in the country, as by reference to the annexed pedigree will appear. Red Rover is a beautiful sorrel, nearly sixteen hands high, with a bold and lofty carriage, with great bone and sinew; his general appearance commanding, admired and approved by judges.

Red Rover will be at Easton, on Tuesday the 25th instant; at New Market, on Thursday the 27th instant; at Cambridge, on Saturday the 29th instant; at the Trappe, on Monday the 31st instant; and attend each stand alternately on the aforesaid days once in two weeks during the season. The season to commence on the 20th March, instant, and end on the 20th June next.

PEDIGREE

Of the celebrated horse Red Rover.

Red Rover was got by Chance Medley, out of the late James Nabb's Forest Girl, who was got by Col. Tayloe's Oscar, and was pronounced one of the finest Oscar mares ever raised on this shore; (for pedigree of Col. Tayloe's Oscar, see Turf Register;) his grand-dam by Col. Lloyd's Vingt-un—(for pedigree of Vingt-un, see also Turf Register.) The grand-dam of Red Rover ran on the Centreville course the four mile heats, when in foal with the dam of Red Rover, and won the money, beating the second and third heats; and the dam of Red Rover, (the Forest Girl,) when but three years old, ran on the Easton course, and won and took the purse, beating the second and third heats. Chance Medley was got by Col. Tayloe's imported horse Chance, (for pedigree of Chance, see Turf Register, March No., 1833, page 324 and 325,) who was selected at a very high price, in England, by the best judges, for Col. Tayloe, and was imported in the year 1810; he was the sire of Grimalkin, Speculator, Accident, Scape's colt, Chance, &c.—all first rate runners in their day. Chance was got by Lurcher; his dam, Reality, by Hyder Ally. Lurcher was by Dum Gannon, who was by Eclipse; his dam was by Vertumnes or Eclipse. Hyder Ally was by Blank; his dam by Regulus. Blank, the great g. g. g. grand sire of Red Rover was gotten by the Godolphin Arabian, out of the little Hartley mare; he was full brother to old Janus and old England. This mare was got by Bartlett's Childers, (full brother to Flying Childers;) her dam Flying Whig, by William's Wood Stock Arabian; her grand dam by St. Victor's Barb; her great grand dam by Whynot, son of Fenwick's Barb. Dun Gannon was gotten by Eclipse, his sire by Herod; his grand-dam, Doris, by Blank; his great grand dam by Speculator, by Crab. The dam of Chance Medley, (the sire of Red Rover,) was got by Young Diomead, by Col. Tayloe's Grey Diomead, dam by the imported horse Gabriel. Young Diomead's dam was got by Snap, a son of old Snap; her dam by Lightfoot, a son of old Cade, &c. &c. &c.

JOSHUA M. FAULKNER.

CERTIFICATE.

We do dereby certify that Red Rover has been located as a Stallion, since he was four years old, in this county; that we have seen many of his colts, and believe him to be a vigorous and sure foal getter; his colts are large and well formed, and in general do him much credit. The blood of his sire, Chance Medley, cannot be excelled, either for its purity, or the value of its crosses; his dam by Oscar, his grand dam by Vingt-un, and g. g. dam an excellent racer, descended by Col. Lloyd's Traveller.

EDWARD N. HAMBLETON,
NICHOLAS MARTIN.

N. B.—Few horses in this county have propagated better colts than Red Rover.—Their form, size and action are generally admired. His three years old colts more particularly invite attention.
