CAMBRIDGE:

SATURDAY, JUNE 13, 1835.

☞ The Orphans' Court of this county will sit on Monday, the 22d instant.

LATE FROM EUROPE.

By the arrival at New York, of the packet ship Albany, Captain Hawkins, from Havre, whence she sailed on the 25th of April, and the Britannia, Capt. Waite, from Liverpool, we are placed in possession of London advices to the 30th of Apr'l, and Liverpool to the 1st ultimo. The latest Paris dates are by way of London.

It would be in vain to deny, says the Courier and Enquirer, that the aspect of affairs, as they relate to the French Indemnity, appears from the contents of the papers we now have before us, less encouraging than we had reason to expect; still it must be kept in view that these papers are mostly opposed to the government, and as to the speculations of the London journals, we attach little importance to them. That the bill will be brought by government before the Chamber of Peers, in such manner as to lead to its rejection by that body, we cannot for a moment believe—their whole conduct hitherto renders such a supposition most improbable.

Subsequently to the passage of the indemnity bill, an additional appropriation was asked from the French Chamber by the Department of Marine. It may mean nothing extraordinary; still, under present circumstances, we would not pass it by, without notice.

The N. Y. American,—after discrediting the assertion attributed by the French opposition papers to Mr. Livingston, that his return to Washington would be the signal of hostilities,—adds: "It must not be disguised, however, from our readers, that *Mr. Livingston*, as we have from private but authentic sources, the certain assurance—considers the proviso in question, *so nearly tantamount to a rejection of the indemnity*, that he feels himself bound by the spirit of his instructions to return in the Constitution to the United States—which frigate, therefore, may be hourly looked for."

On the other hand, the French Ministers are desirous to avert all difficulty, as the following extract from a letter, written by a gentleman who is not at all likely to be mistaken, will show:—

Extract of a letter from Paris, dated April 22d, 1835.

"The departure of Mr. Livingston for America will doubtless occasion much speculation. I can give you the positive assurance, however, as received from M. de Broglie through my friend M. Jay and others, that Ministers attach not the slightest importance to the amendment of which you will hear so much. They are (said M. de Broglie) perfectly satisfied with the explanations already given by Mr. Livingston, and they propose submitting an amicable note *at Washington*, inviting the U. S. Government to confirm these explanations.

It is simply to comply with the decision of the Chamber as imposed on them, for the purpose of protecting them before the Chamber. Mr. Livingston, however, takes a *very different view* of the case."

Revolution in Peru.—A Lima correspondent of the New York Journal of Commerce, under date of March 5th, says we are again in a state of revolution. On the 24th ult., Gen. Salaverry, who commanded the garrison at Callao, instigated the troops to declare against the Government at Lima, and on the following day took possession of the city, declaring himself supreme chief of the Republic. The writer adds that this movement has caused much alarm, but he is of the opinion that Salaverry will not be able to sustain himself, and that he will soon be compelled to retire again to the castle of Callao.

Canada.—The Quebec papers mention that the spring business in both provinces has opened upon a scale much less extended than for some previous years; this is attributed to the disturbed state of political affairs.

One hundred and eighty-two houses and stores and one hundred and ninety-two out-houses were consumed by fire at Charleston (S. C.) on Saturday last.

Four fires occurred in Philadelphia on Monday and three on Tuesday, the work, no doubt, of incendiaries.

There was an extentive fire, in N. York, on Wednesday, by which about 200 families were burnt out. The buildings destroyed were principally frame.

In one of the Eastern States, a person clothed with the India Rubber dress invented by Mr. Norcross, lately descended to the bottom of a river, and continued under water about half an hour, a tube of India Rubber, attached to an air-pump, having supplied him with air for breathing.

Death of Commodore Henley.—We regret to state that Commodore John D. Henley, Commander of the U. S. West India squadron, departed this life at Havanna, on the 23d of May.

It is stated in the New Bedford Mercury that several weeks previous to the first shock of the late destructive earthquake at Conception, two large volcanoes burst out on the southern ridge of the range of mountains known by the name of the "Cordilleras," and at the last accounts continued to emit large volumes of smoke and lava to the terror of the inhabitants of the neighboring provinces. The destruction of towns and villages extended sixty miles in the interior.

We understand, says the Salem (N. J.) Banner, that "the Worm" has cut off whole fields of corn in our county. The wheat crop looks very favorable.

The last Illinois Advocate says: "We learn from the country generally, that the wheat crop is likely to be very short, nearly half that was sown having been destroyed during the winter by the severity of the weather.

It is stated in the New York Morning Herald that the branch of the house of Rothschilds in that city average in their deposites one million of dollars a day.

We see the name of General Harrison, o Ohio, alluded to in many of our Whig journals, as a suitable candidate for the Vice-Presidency on the ticket with Mr. Webster. Such a selection we should deem most judicious.—*Boston Atlas.*

An Affair of Honor.—On Tuesday afternoon, says the Baltimore Chronicle, midshipmen Magruder and Shubrick, met at Bladensburg to heal their wounded honor, and after an exchange of two shots, by which neither were injured, shook hands, and returned to this city on yesterday morning.

Maryland Loan Office.—H. W. Evans, Esq., Commissioner of Loans for the State of Maryland, gives notice that the Loan Office is now opened at the Union Bank of Maryland. Transfers of the funded debt of the State, and the payment of the interest thereon, will hereafter be made in Baltimore—an arrangement by which the interests of the State and the convenience of its creditors will both be promoted.—*Balt. Amer.*

The people of Boston are stirring on the subject of an exchange. With all their public spirit they have never had a public building for the daily meeting of men of business, but "on change" in Boston is on the pavement of State street.

The turn out among the journeymen and laborers continues, we believe, general. We notice frequent meetings in the State House yard, and we infer that the determination of standing out will be adopted by almost every class of workmen.—*Philad. U. S. Gaz.*

Wool.—The Washington (Pa.) Reporter says—"We anticipate a brisk business in wool, in our country this season. Its demand and price to the eastward good, and there will be no scarcity of purchasers in our market."

LIBERIA.

We have seen and talked with Beverly Wilson, a very respectable free man of color, who has just returned from Liberia, and brings the advices from our colony there. He went out from this place about 18 months ago, in the ship Jupiter for the express purpose of seeing the actual state and condition of the settlement with his own eyes, and after staying there upwards of 14 months, and satisfying himself upon the subject of his inquiry, has come back only to take his family out. His statement, therefore, is worthy of all credit; and we are happy to hear that he fully confirms the accounts which we had previously received of the prosperity and steady progress of the colony in all its civil and moral interests.—*Norfolk Beacon.*

TRUSTEE'S SALE OF Valuable Real Estate, ON PRATT STREET, BALTIMORE, AND ON CHOPTANK RIVER, CAROLINE COUNTY, MD.

BY authority of a decree of the High Court of Chancery of Maryland, I will offer at public sale, on the premises, on Thursday, the 9th of July next, at 10 o'clock, A. M., all that Lot of Ground and premises, No. 11, Pratt street, city of Baltimore, two doors below Charles street, and four doors above the Baltimore and Ohio Rail-road Depot. This lot is a parallelogram, fronting twenty-five feet on the south side of Pratt street, and extending back eighty feet to an alley twenty feet wide.—The improvements upon it consist of a three story Brick House, with a two story back building attached thereto—the front is divided into two stores, and now occupied by Mr. John Simonson, Chair-maker, and Mr. D. Smith, Boot maker. I understand this property, from its location, is very valuable, and offers strong inducements to those who are disposed to invest their money in productive real estate. The title is in fee simple, clear of all ground rents, &c. Those who are disposed to purchase can examine the premises for themselves, or enquire for particulars of Peter Gould, Esq., South Charles-st., near Pratt-st.

Under the same decree, I will also offer at public sale, on the premises, on Thursday, the 16th of July next, at 3 o'clock, P. M., that beautiful property situated on the Great Choptank river, Caroline county, Md., known as Richardson's or Gilpin's Point, now in the occupancy of Robert T. Keene, Esq., late Sheriff of said county. This tract contains about

360 ACRES,

of which a large portion is covered with valuable Timber, very convenient to navigable water. The improvements thereon consist of a large frame mansion House, with kitchen, smoke-house, wash-house, quarters, &c., together with a large and commodious Store House, with a brick cellar; and there is also attached a substantial wharf recently re-built, upon which there is a very ample granary for the reception of the produce of the country, with valuable sheds and a carpenter shop appendant. As a stand for the sale of goods, &c., this situation is not surpassed, perhaps, by any country place on the Eastern Shore. The quantity of grain and other produce received, is, I understand, quite sufficient to keep a bay vessel constantly employed in running it to market. Connected with this property there is a profitable Herring and Shad Fishery. This situation is highly desirable for business or pleasure, being about 12 miles from Easton and the same distance from Denton. The premises being supplied with a spring of never failing water, and remarkable for healthiness, may be considered amongst the most beautiful, pleasant and lucrative seats upon the Choptank river, and offer great temptations to purchasers. Those who are disposed to purchase can examine the property for themselves, or, for information, may enquire of Gen. Wm. Potter, of Caroline, or of Robt. T. Keene, Esq., on the premises.

According to the Terms of Sale of the above property, prescribed by the Decree, one third of the purchase money is required to be paid on the day of sale, and the residue in two equal payments of one and two years, with interest from the day of sale, to be secured by bond, with surety to be approved by the Trustee.

VALUABLE REAL ESTATE.

PURSUANT to authority derived from the Chancellor of Maryland, I will sell, to the highest and best bidder, on Saturday, the 18th day of July next, the following property. To such persons as wish to invest capital in real estate, the opportunity will be very inviting. The property will be sold at auction, in Vienna, between the hours of one and two, and the terms, as prescribed by the decree, are one-fourth cash on the day of sale, the balance to be paid in six and twelve months, in equal parts, with interest from the day of sale till paid.

1st. TOWN HILL.—This Farm contains about

140 1-2 acres,

and is beautifully situated on the Nanticoke river, and is adjoining the town of Vienna. The improvements are a *new* two story Dwelling House, large and commodious, cook house, cellar, granary and other necessary out-houses, all new and convenient; the yard, garden and pleasure grounds, all well and handsomely enclosed; an Orchard, young and thriving, including apple, pear, peach and other fruit trees. This property is justly considered one of the most delightful places of residence in the county. The soil is considerably improved, and susceptible of the highest state of culture.

2d. ST. ANDREWS, which contains about

319 ACRES,

is also situated on the Nanticoke river, and immediately adjoins Town Hill. The buildings are indifferent, but the soil is of the best character and considerably improved, and there is also an abundance of wood and timber.

3d. Lot No. 1 and Lot No. 4 of NANTICOKE MANOR, containing

556 1-4 ACRES,

is situated on the Nanticoke river, and adjoins the lands of the late Michael Fitchett on the south, and St. Andrews (above described) on the north. The soil of this tract is of the same quality and character of Town Hill and St. Andrews, above described.

4th. SCOTT'S PURCHASE and OPOSSUM RIDGE, containing THIRTY ACRES, situated on the main road from Vienna to the Big Mills.

5th. Mrs. Ann King's right of dower in the Lot sold by Thomas Hayward to Thomas H. Hicks, and by the latter sold to the Jer. Colston.

All persons having claims against the estate of Jer. Colston are now notified to file them, with the proper vouchers, in the Court of Chancery, within six months from the day of sale, otherwise they may derive no benefit from the proceeds of this sale.
