VALUABLE

Timber Land
FOR SALE.

THE subscriber will sell at private sale, that valuable Tract of LAND, called "Batchelor's Forrest," the property of the heirs of the Rev. Lott Warfield, deceased, of Talbot county.—The above mentioned tract contains

400 *ACRES OF LAND,*

more or less, and is situated in Dorchester County, Md., 2 miles from Chickone Creek, and four miles from Vienna. It is mostly heavily timbered with oak, suitable for ship building, and to an individual desirous of purchasing it would be a most profitable investment. It is estimated that the sale of the refuse wood, for fire wood, would most amply repay the purchase money with a handsome interest. The soil is a light loam, well adapted to the growth of corn and other agricultural products, and after the timber is taken off might be converted into a valuable farm. For terms apply to

Magistrates' Blanks
FOR SALE AT THIS OFFICE

A DISCOVERY of a regular Practitioner of Medicine, and prepared exclusively by him—for the cure of Pulmonary Diseases—first of which ranks Consumption; also, Asthma, Whooping Cough, Dropsy of the Chest, Inflamation of the Bronchiæ, Common Colds, Coughs, and in fact all diseases attended with preternatural excitement.

Read the following voluntary testimonial given by gentlemen of the first respectability, and of known probity—one of whom, Samuel Brown, esq. is the present sheriff, of the county of Burlington, N. J.

We, the undersigned, do hereby certify that we have been acquainted with Dr. H. H. Higbee, for the last eight years, and that about five years ago he was supposed to be very far gone with pulmonary consumption; that he was so ill as to be confined to his room, and no one looked for his recovery When, after remaining in this state for some time, he commenced taking a medicine prepared by himself, and very soon recovered his health, to the surprise of every one who knew him. His success in the treatment of pulmonary consumption, and diseases of the lungs generally, since he regained his own health, has been perfectly astonishing. Several persons within our knowledge have been restored from APPARENTLY the last stage of the disease by his medicine, and in no instance, where the disease was taken early, has he failed to effect a cure. We consider it to be a duty which we owe to the cause of humanity, to give this public testimonial of our confidence in the medical skill of Dr. Higbee, and of the efficacious effects of his remedy for pulmonary diseases.

To all concerned.

THE notes given for property purchased at the sale of the personal estate of the late Thomas Norman, was due on the 30th of September last, and as few very few have called for payment, I have concluded that the same indulgence may be expected on those claims as on my own claims against others, and my object now is to undeceive if there be any so deceiving themselves, and say that after the 30th inst. (October) I shall without respect to persons, bring suit on all claims then unpaid. For to every reflecting mind it must at once be apparent that no one acting in the capacity of executor or administrator can or should indulge longer than the laws regulating their conduct shall allow, therefore now and at all times it may be understood, that business with which I may be charged in the above capacity will be attended to with rigor and despatch.
