Timber Land FOR SALE.

THE subscriber will sell at private sale that valuable Tract of LAND, called "Batchelor's Forrest," the property of the heirs of the Rev. Lott Warfield, deceased, of Talbot county.—The above mentioned tract contains

400 *ACRES OF LAND,*

more or less, and is situated in Dorchester County, Md., 2 miles from Chickone Creek, and four miles from Vienna. It is mostly heavily timbered with oak, suitable for ship building, and to an individual desirous of purchasing it would be a most profitable investment. It is estimated that the sale of the refuse wood, for fire wood, would most amply repay the purchase money with a handsome interest. The soil is a light loam, well adapted to the growth of corn and other agricultural products, and after the timber is taken off might be converted into a valuable farm. For terms apply to

Read the following voluntary testimonial given by gentlemen of the first respectability, and of known probity—one of whom, Samuel Brown, esq. is the present sheriff, of the county of Burlington, N. J.

We, the undersigned, do hereby certify that we have been acquainted with Dr. H. H. Higbee, for the last eight years, and that about five years ago he was supposed to be very far gone with pulmonary consumption; that he was so ill as to be confined to his room, and no one looked for his recovery. When, after remaining in this state for some time, he commenced taking a medicine prepared by himself, and very soon recovered his health, to the surprise of every one who knew him. His success in the treatment of pulmonary consumption, and diseases of the lungs generally, since he regained his own health, has been perfectly astonishing. Several persons within our knowledge have been restored from APPARENTLY the last stage of the disease by his medicine, and in no instance, where the disease was taken early, has he failed to effect a cure. We consider it to be a duty which we owe to the cause of humanity, to give this public testimonial of our confidence in the medical skill of Dr. Higbee, and of the efficacious effects of his remedy for pulmonary diseases.
