Valuable Woodland.

PURSUANT to competent authority, I will sell at the store house door of William D. Barrow, esq., in the town of Church Creek, on

Saturday the 7th day of APRIL next,

all that valuable

WOOD LOT

called "Head Range," "Cornwall," and "Tynice," which lie in the north east, and west of the Blackwater road, leading from the head of Church Creek, to Black Water Bridge, containing in all

69 ACRES.

This land is most heavily timbered, & so convenient to navigable water, as to make a strong appeal to all those who deal in Ship Timber, in Lumber and Wood in all its varieties; and when this land shall have been cleared from all the valuable timber and wood with which it abounds, it will then command a large price as building lots or arable land. The site is eligible for building, and so elevated as to be accessible at any season of the year.

Previously to the day of sale, this lot will be sub-divided into lots of about 5 acres; and each lot will lead immediately to the main road running through Church Creek, and will be distant only about one hundred yards from navigable water. The plots will be left with Wm. D. Barrow, esq., who will exhibit them to any one disposed to examine them anterior to the day of sale. The location of the several sub-divisions of this lot can be easily seen from the store of Mr. Barrow by inspection.

The title which the purchaser or purchasers shall receive for this land shall be indisputable; and to remove all doubts on this subject, I will return the purchase money, should this title be objectionable and objected to at any time before the obtention of a deed by the purchaser or purchasers.

The terms of sale will be one-eight part cash on the day of sale, the balance to be paid in six, twelve, and eighteen months from the day of sale, the purchase money secured by bond and security approved by the trustee, with interest till paid.

H. PAGE, Trustee.

CAUTION-

Beware of violating a law when the public are injured,—The habit of hiring negroes of late years and giving them permission to act for themselves, has become so common, that it is difficult to get hands willing to be controlled after such liberties have been granted them, & hands are so scarce that many farmers are put to great inconvenience, & some have not one to assist, even to feed their stock, owing mostly to this illjudged practice of obliging a set of ungrateful negroes. Information will therefore be given and the penalty of the law enforced against all who continue this injurious and illjudged practice. and to prevent cost and trouble, it is hoped that those now offending will take immediate steps to prevent it.
