VALUABLE Real Estate for SALE.

HAVING removed from Kent County, I would sell for a reasonable price, my Farm in that county, lying between the Chesapeake and Langford Bays. It is distant nine miles from Chestertown, and three miles from Rock Hall, and about one mile from a public landing. It is esteemed one of the best Farms in the county. It is well adapted to the growth of wheat, corn, oats, &c. and is readily improved by the use of clover and plaster. The farm contains about

500 ACRES

a fair proportion of which is in wood and timber. There is an abundance of meadow for it. and the natural resources of manure inexhaustible and easy of access. The water is fine and every field abundantly supplied in the dryest season of any year. The farm is plentifully supplied with fruit of various kinds and of the best quality. The improvements are a frame dwelling house, four rooms below, a kitchen, quarter, a very large barn, corn house, carriage house, &c., and all in good repair, and many of them new and of the best materials.

If the purchase money be well secured and the interest regularly paid, the principal will not be required for five or ten years if desired by the purchaser. All communications will be addressed to H. PAGE, esq., Cambridge, Maryland.

Pulmonary Consumption Can be Cured.

The following letter, addressed to Dr. H. H. Higbee, by Mr. Wm. Constable, a pious member of the Methodist church,) 315 Callowhill street, will show that Dr. Higbee's Remedy, though it is not and never has been offered as Specific, is deservedly ranked among the most extraordinary discoveries of modern times. The testimonials daily received of the astonishing efficacy of this medicinal compound, are conclusive proofs that Dr. Higbee's system of Treatment of Chronic diseases, (discovered, as it was, when the inventor was himself, to all appearance, laboring under the most fatal variety of pulmonary consumption,) is founded on correct principles.

Philadelphia, Jan. 15th, 1838.

DR. HIGBEE:

Dear Sir—I think it a duty incumbent upon me, which I owe to you and the world, to make this statement of facts, which I am able and ready to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption, and incurable. She had a continual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs loss of appetite, could not sleep long by the continual coughing, shortness of briath, and discharging from the lungs. My daughter was confined three weeks to her bed; we had to stay by her night and day, expectiug every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle; and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine. She took about five bottles of it; and she is in as good a state of health as she has been for a number of years.—I have recommended you medicine to several of my acquaintances; they have all found immediate relief.- I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. John Staneclift, keeper of the Prison, at Cherry Hill. These are persons I recommend your medicine to, and you can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill street, No. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of the other pesons named.

WM. CONSTABLE.

We the undersigned, do assert the above statement to be true, for we were eye witnesses to the whole facts.

Martha Ostler, and Mary Ostler. No. 361 Callowhill st.

Philadelphia April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a fictitous letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishig fact, and more so when they saw some of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty two years of age, who was perfectly cured by taking Dr. Higbee medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter.—When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as incurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st, If any persons doubt my stat ment, they will please to call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for as I expect to stand before the judgment seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other prson, to make these statements, and I repeat them in order to remove the doubts from every mind.

NEW FEATURE.

WOODWARD & CLARKE, Philadelphia, apprise the public, that in addition to the Foreign and Domestic Intelligence & the ordinary topics introduced into a newspaper, they will furnish their readers with such new & popular books of Romance, Biography, Travels, &c. as may possess sufficient value and interest. We shall publish during a single year near twenty volumns of the most popular, pleasing, and valuable works in the English language, for which the booksellers would charge at least twelve dollars, and probably more; this, from the large size of our sheet, we can do without at all interfering with our miscellaneous or news department. Added to this, our arrangements for securing the valuable services of an Assistant Editor in New York, and the rich fund of American Literature which the $500 prises must secure to us, with the great improvements we are about making in the type and printing, and we think no one who has a taste for reading, or wishes to know all that is going on in the world, and have a weekly collection of pleasant & valuable reading, would hesitate about a couple of dollars for a family newspaper containing so large a quantity of amusement and information as the Philadelphia Saturday Courier. The paper has been now so long established as to render it too well known to require an extended prospectus. *From the Literary Advertiser.*

Quote the testimony of the two leading daily political papers, of opposite politics; one of which, the Pennsylvania, says, "The Saturday Courier is the largest, and one of the best family newspapers in the Union;" the other, the Inquirer and Daily Courier, says, "it is the largest Journal published in Philadelphia, and one of the very best in the United States." We concur with the editor of the New York Star, in saying, "we know of nothing more liberal on the part of the editors, and no means more efficacious to draw out the dormant talents of our country, than their unexampled liberalty in offering literary prises to the large amount of Five Hundred Dollars for the best National Song; the best American Tale; the best Essay on Health & Quack Doctors; the best Essay on Newspapers; the best Review of Foreigh Traducers of the Trollope and Fidler School; and the best Satirical and Humorous subjects, to enrich and diversify the Saturday Courier; being, as the editor says, 'determined to spare neither pains, exertion, nor expense, in making their paper, if possible, the best, as it is already the largest, in the United States.' A commendable spirit of enterprise, and one that should certainly insure a large addition to Messrs. Woodward & Clark's present list of 29,000 subcribers.

It is the largest and cheapest family newspaper; it contains articles in Literature, Science and Arts; Internal Improvement; Agriculture; in short every variety of topics that can possibly be introduced into a public journal. Giving full accounts of sales; markets, and news of the latest dates.

It is published at the low price of $2 For this small sum subscribers get valuable and entertaining matter, each week enough to fill a common book of 200 pages, and equal to 52 volumes a year.

☞ Agents, Post Masters, or those who are already, or who desire to become subscribers, or any individual in any part of the United States, who will forward us, by mail, at our risk, Ten Dollars, shall have six copies forwarded according to his direction.

We are anxious that our brother editors should lend us their aid on the approach of the New Year, but as they have already manifested so liberal a disposition in advertising for us, as well as other papers. we feel unwilling to tax their generosity further.
