ourself suddenly cased from these several excitements and responsibilities, we feel like a toad in winter quarters, a perfect torpor. We can neither talk, write or think. A young lady, redolent of youth and beauty, and full of wit and frolic, advises us to fill an editorial column with "a horrid murder," "a shocking accident," and "an elopement in high life." Being a great stickler for truth, we spurned the proposition unless we could mix two fictions and one fact—and forthwith offered to carry out the latter. This being rejected, we have stubbornly set our pen in the ink-stand, leaned back in mine arm chair, and gone to sleep.—*requiescat in pace.*"—St. Josephs Times.

AN ARISTOCRACY, is defined to be "that form of government which places the supreme power in the principal persons of a state," such being the case, it follows as a matter of course, that Van Buren and his cabinet constitute a perfect aristocracy. The supreme power was once lodgod in the people, and delegated to their representatives in congress. Formerly congress exercised this power and passed laws which were regarded by their executive officers. Now things are greatly changed. In regard to the specie circular, congress passed a law repealing it, The administration, through Woodbury, issued another nearly similar in terms. Here was an exercise of supreme power. In regard to the Sub treasury bill, congress determined to have no such law, but Van Buren through his organs, Cambreleng, Wright, the Globe and the Baltimore Republican have assured the people that the law is now, and will continue in practical operation until 1841. Here is another exercise of the supreme power—in both cases by "the principal persons of the state," in opposition to the will of the people. Clearly the government of Martin Van Buren is an aristocratic government, and at war with the spirit of free institutions.—*Balt. Whig.*

BROTHER TYPOS.—The Typographical Association of Mobile had a grand blow out on the "glorious fourth," at an excellent supper. The toasts, songs and wine are described as of the most brilliant quality.—There remains no doubt but that the printers are the greatest fellows in the world for doing such things in a genteel style.

AN EDITOR WITH A RACE HORSE.—An editor in the far West has bought a race horse, for which he paid $2000. On being asked, what an editor had to do with a race horse? He replied that he was to be used in "catching runaway subscribers."

FASHION & AMUSEMENT.—It is the fashion now in New York for young ladies—we never saw an OLD lady—to trundle hoops, and the way they drive them up and down Broadway and on the Battery, is a caution to the boys. The hoops are imported. The ladies are also beginning to carry canes—some of the exquisites of Broadway have appeared with them. The bucks had better look out how they insult the fair sex now, who seem to be disposed to be able to repel as well as attract.

Louisiana Election.—We have nothing to add to our statement yesterday, as to the glorious result of the election in Louisiana. We can but repeat the certainty that the Whigs have carried every thing in the state—Governor, whole delegation to Congress, and both branches of the State Legislature. The triumph is without any draw back, and is complete. This is the "first fruits" of the Congressional elections for the next Congress, and such a victory is glory enough notonly for one, but for three days. The election occupies that period in Louisiana. and thus may in fact be called and known hereafter in that state, as the great moral and political revolution of the Three Days.—Balt. Pat.

Pulmonary Consumption Can be Cured.

The following letter, addressed to Dr. H. H. Higbee, by Mr. Wm. Constable, a pious member of the Methodist church,) 315 Callowhill street, will show that Dr. Higbee's Remedy, though it is not and never has been offered as Specific, is deservedly ranked among the most extraordinary discoveries of modern times. The testimonials daily received of the astonishing efficacy of this medicinal compound, are conclusive proofs that Dr. Higbee's system of Treatment of Chronic diseases, (discovered, as it was, when the inventor was himself, to all appearance, laboring under the most fatal variety of pulmonary consumption,) is founded on correct principles.

Philadelphia, Jan. 15th, 1838.

DR. HIGBEE:

Dear Sir—I think it a duty incumbent upon me, which I owe to you and the world, to make this statement of facts, which I am able and ready to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption, and incurable. She had a continual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs loss of appetite, could not sleep long by the continual coughing, shortness of breath, and discharging from the lungs. My daughter was confined three weeks to her bed; we had to stay by her night and day, expecting every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle; and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine. She took about five bottles of it; and she is in as good a state of health as she has been for a number of years.—I have recommended you medicine to several of my acquaintances; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. John Stanecliff, keeper of the Prison, at Cherry Hill. These are persons I recommend your medicine to, and you can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill street, No. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of the other persons named.

WM. CONSTABLE.

We the undersigned, do assert the above statement to be true, for we were eye witnesses to the whole facts.

Martha Ostler, and Mary Ostler. No. 361 Callowhill st.

Philadelphia April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a fictitous letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishig fact, and more so when they saw some of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty two years of age, who was perfectly cured by taking Dr. Higbee medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter.—When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as incurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st, If any persons doubt my statement, they will please to call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for as I expect to stand before the judgment seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other prson, to make these statements, and I repeat them in order to remove the doubts from every mind.

WM. CONSTABLE.

No. 315 Callowhill street, between 8th & 9th.

☞ The author of the above letter is well known as an honest and upright man and a sincere Christian, having for many years been a citizen of Philadelphia and an exemplary member of the Methodist church. It is but act of Justice to Dr. Higbee, to say, that the above statement was unasked for, and that Mr. Constable wrote it because he believed that by so doing he might be the means of saving many valuable lives which under the usual pactice, would inevitably be lost. Dr. Higbee's medicine, which continues (though not offered as a panacea) to perform the most astonishing cures in chronic Diseases of the Lungs, Throat, Liver Kidneys, &c. &c. may be obtained at the Residence of the Proprietor, 87 North Fifth st. Philadelphia; at the Residence of Rev. Daniel Higbee, Moores town N. J. Also, of Stokes & Brown, 295 Maket st, and at Joseph Scott's Bookstore Wilmington, Del.
