Pulmonary Consumption Can be Cured.

The following letter, addressed to Dr. H. H. Higbee, by Mr. Wm. Constable, a pious member of the Methodist church,) 315 Callowhill street, will show that Dr. Higbee's Remedy, though it is not and never has been offered as Specific, is deservedly ranked among the most extraordinary discoveries of modern times. The testimonials daily received of the astonishing efficacy of this medicinal compound, are conclusive proofs that Dr. Higbee's system of Treatment of Chronic diseases, (discovered, as it was, when the inventor was himself, to all appearance, laboring under the most fatal variety of pulmonary consumption,) is founded on correct principles.

Philadelphia, Jan. 15th, 1838.

DR. HIGBEE:

Dear Sir—I think it a duty incumbent upon me, which I owe to you and the world, to make this statement of facts, which I am able and ready to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption, and incurable. She had a continual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs loss of appetite, could not sleep long by the continual coughing, shortness of briath, and discharging from the lungs. My daughter was confined three weeks to her bed; we had to stay by her night and day, expectiug every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle; and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine. She took about five bottles of it; and she is in as good a state of health as she has been for a number of years.—I have recommended you medicine to several of my acquaintances; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. John Stanecliff, keeper of the Prison, at Cherry Hill. These are persons I recommend your medicine to, and you can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill street, No. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of theother pesons named.

WM. CONSTABLE.

We the undersigned, do assert the above statement to be true, for we were eye witnesses to the whole facts.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a fictitous letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishig fact, and more so when they saw some of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty two years of age, who was perfectly cured by taking Dr. Higbee medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter.—When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as incurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st, If any persons doubt my statement, they will please to call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for as I expect to stand before the judgment seat of Chirist, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other prson, to make these statements, and I repeat them in order to remove the doubts from every mind.

☞The author of the above letter is well known as an honest and upright man and a sincere Christian, having for many years been a citizen of Philadelphia and an exemplary member of the Methodist church. It is but act of Justice, to Dr. Higbee, to say, that the above statement was unasked for, and that Mr. Constable wrote it because he believed that by so doing he might be the means of saving many valuable lives which under the usual pactice, would inevitably be lost. Dr. Higbee's medicine, which continues (though not offered as a panacea) to perform the most astonishing cures in chronic Diseases of the Lungs, Throat, Liver Kidneys, &c. &c. may be obtained at the Residence of the Proprietor, 87 North Fifth st. MESSRS. EDITORS—We beg leave to recommend to the whigs of Dorchester county, our late Senator, William T. Goldtborough as a suitable person to represens this county in the next Senate of Maryland. Mr. G. sustained himself with much ability as a member of the late Senate. The election of the Senate by an electorial college having been objected to as a very obnoxious feature in the old Contution, Mr. G. with the other members of the late Senate, legislated himself out of office, in order to give immediate effect to the new Constitution, and by so doing, has evidenced a perfect willingnes to submit his claims to office to the direct decision of his fellow citizens. Should the Convention to whom the selection of a candidate will be submitted, decide in favor of Mr, Goldsborough, we have no doubt his nomination will be approved of by a large majority of the citizens of his native county.

The N. York Express.

The New-York Express is a Daily and Semi-weekly Newspaper, lately established in the City of New-York, by JAMES BROOKS of Portland, Maine, and ROBERT HUDSON, of Hudson's News Rooms. The price of the daily is ten dollars, and of the Semi-weekly, four dollars in advance, and five if not paid within the year.

Subscribers not known to the proprietors are expected to give references in New York, unless the money accompanies their order. The proprietors know full well that in the management of a daily newspaper in New-York, the editors must neither sleep nor slumber upon their posts, and while thousands of their fellow citizens are in their beds, that is the time for them to be at their desk, but they are prepared for this exertion. They have the health, spirits and the age for such an encounter and are ready for it knowing full as they do, the activity of some of their contemporaries and their indefatigable exertions never to be outdone.—But nevertheless, they think there is room for them. New York is increasing with a rapidity that defies calculation and mocks at prophecy—marching onwards even with trides that threaten a close approximation to the empire city of the commericial world over the sea: and sure in all this vigorous and marvellous growth, a new Journal *may* succeed, where others have, when New-York was, as it were, but in her swathing clothes, and not the giant she now is—with her thousand arms stretching over both the old world and new. In such a great city then; the heart of our vast land, and the link between that land and Europe—where no taxes upon paper, no stamps, no restrictions upon the Press, encumber and overload the business of Journalizing, there is ample scope and range enough for us and all our contemporaries too.

The great and primary object of the proprietors is to create a commercial Newspaper, but it is just as impossible to live in this hot political world of ours without mingling in politics, as to go into the fire without being burnt. True, when the Whigs aver that two and two make four, and the friends of Mr. Van Buren aver that two and two make three and a half, they could take the ground of neutrality, aver as loudly as either, that two and two make three & three fourths, but there is a right and a wrong side on every question, and one must in a country like this be on one side or other.—As to this right political side, we are quite sure that it is that of the Whigs, but were it otherwise, we should be puzzled enough to publish a Commercial Journal, when Commerce and Whig principles are identified, one with another. Already we have in connexion with "Hudson's News Room,' the basis of a newspaper establishment, a Price Current, Shipping List, and excellent arrangements for all news, Foreign and American: but not satisfied with this we shall immediately push our arragements to the furtherest point for the procuring of news.—One of the Messrs. Hudsons is about to sail for Liverpool, and go from thence to London, Havre and Paris, for the purpose of devising the most expeditious and surest means of receiving commercial intelligence from abroad. The rapid arrangements that we have been compelled to make for the publication of the "Express," have of course put it out of our power to have a new Press, we have ordered one of the first quality, a double cylinder, which will be done by the middle of September, and then the 'Express' will be the *largest Daily Newspaper in the World.*

The arrangements of our office, though not wholly completed, are rapidly advancing. We have established, at a great expense, a Correspondence with every important section of our country, and as soon as possible we intend to do the same with every interesting part of the world. Our subscription list has increased and is still increasing beyond the highest expectations. We feel sure of ultimate success and it will therefore be our pride to deserve it. With such arrangements as these, we hope to have a fair share of public patronage, to deserve which, we shall assuredly do all that is in our power.
