Pulmonary Consumption Can be Cured.

The following letter, addressed to Dr. H. H. Higbee, by Mr. Wm. Constable, a pious member of the Methodist church,) 315 Callowhill street, will show that Dr. Higbee's Remedy, though it is not and never has been offered as Specific, is deservedly ranked among the most extraordinary discoveries of modern times. The testimonials daily received of the astonishing efficacy of this medicinal compound, are conclusive proofs that Dr. Higbee's system of Treatment of Chronic diseases, (discovered, as it was, when the inventor was himself, to all appearance, laboring under the most fatal variety of pulmonary consumption,) is founded on correct principles.

Philadelphia, Jan. 15th, 1838.

Dr. Higbee:

Dear Sir—I think it a duty incumbent upon me, which I owe to you and the world, to make this statement of facts, which I am able and ready to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption, and incurable. She had a continual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs loss of appetite, could not sleep long by the continual coughing, shortness of brieth, and discharging from the lungs. My daughter was confined three weeks to her bed; we had to stay by her night and day, expecting every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle; and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine. She took about five bottles of it; and she is in as good a state of health as she has been for a number of years.—I have recommended you medicine to several of my acquaintances; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. John Stanecliff, keeper of the Prison, at Cherry Hill. These are persons I recommend your medicine to, and you can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill street, No. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of the other pesons named.

WM. CONSTABLE.

We the undersigned, do assert the above statement to be true, for we were eye witnesses to the whole facts.

Philadelphia April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a fictitous letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishig fact, and more so when they saw some of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty two years of age, who was perfectly cured by taking Dr. Higbee medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter.—When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as incurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st. If any persons doubt my statement, they will please to call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for as I expect to stand before the judgment seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other pson, to make these statements, and I repeat them in order to remove the doubts from every mind.

WM. CONSTABLE.

No. 315 Callowhill street, between 8th & 9th.

☞The author of the above letter is well known as an honest and upright man and a sincere Christian, having for many years been a citizen of Philadelphia and an exemplary member of the Methodist church. It is but act of Justice to Dr. Higbee, to say, that the above statement was unasked for, and that Mr. Constable wrote it because he believed that by so doing he might be the means of saving many valuable lives which under the usual practice, would inevitably be lost. Dr. Higbee's medicine, which continues (though not offered as a panacea) to perform the most astonishing cures in Chronic Diseases of the Lungs, Throat, Liver Kidneys, &c. &c. may be obtained at the Residence of the Proprietor, 87 North Fifth st. Philadelphia; at the Residence of Rev. Daniel Higbee, Moores town N. J. Also, of Stokes & Brown, 295 Maket st, and at Joseph Scott's Bookstore Wilmington, Del. Price $1 per bottle, or $5 per half dozen Bottles.

The above may be obtained of D. Joseph Flint's Drug store Cambridge Maryland.

THE AMERICAN SILK GROWER, AND FARMER'S MANUAL:

Embellished with Appropriate Engravings;

Edited by

WARD CHENY & BROTHERS,

Burlington, N. J.

And Published by

CHARLES ALEXANDER, Philadelphia.

THE first number of this highly important and valuable work is now ready for delivery to subscribers,—we beg leave respectfully to call the attention of our citizens to the praiseworthy objects it has in view, and for the promotion of which it has been put in operation.

There has not probably heretofore been a time when the attention of the people of this country was as much engaged on the subject of the Silk culture as at present, nor a time when those who have already embarked in this business felt such entire confidence not only that liberal profits may be derived from it, but also in their ability to produce a good silk as can be procured in any part of the world. It is believed that all that is now wanting to fully establish the great interests in this country, with all its vast advantages, is but the dissemination of plain practical information concerning it! and convince our citizens of what we know to be true, viz: that there is no more difficulty in raising a crop of silk, than there is in procuring a crop of grain—the capital thus bestowed yields a far greater return than can be obtained from any other branch of husbandry.—The editors have long been engaged in the silk culture, and intend hereafter to give thir entire attention to it—they have an extensive arrangement for feeding the silk worms and cultivating that invaluable species of mulberry tree, the Morus Multicaulis. And from their long experience in the occupation and extensive correspondence with silk growers, they believe they may say without ostentation that they shall be able to make the American Silk Grower, useful and entertaining, and to communicate through its pages information as valuable respecting every branch of the silk business, as can be elsewhere obtained in the United States. A portion of the work will be devoted to noting such improvements of Agriculture and such matters as are generally useful to the cultivators of the soil.

The proprietors respectfully solicit contributions on Agricultural subjects generally; and also the silk growing business in particular. Address the editors Ward Cheny & Brothers, Burlington, N. Jersey.

The work will be published monthly; every number containin 24 large octavo pages, with the addition of a cover for advertisements &c. and at the end of each volume a complete table of contents will be furnished to subscribers. ☞Terms $1, a year, payable in advance, for single subscribers. 20 subscribers will be supplied a whole year by forwarding a current $10 bill free of postage.

All orders for the work, postage paid, will be promptly attended to, if addressed to the publisher Charles Alexander, Athenian buildings Franklin Place, Philadelphia.

Citizens, Silk Growers, Agriculturalists, and others, who wish to procure this work from the present time will please forward their names and the amount of subscription.

AN Election for Directors to the Nanticoke Bridge Co. will be held at the Toll house, in Vienna, on Saturday the 21st July next, between the hours of 2 and 3 o'clock, P. M.

Improvements in Dental Surgery.

"A mouth without Teeth is a mouth without charms."

Strength, beauty, and durability are combined in Dr. KNAPP's late improved Incorruptible Teeth.

The teeth never change their color—never decay— no fœter arises from them and therefore do not injure the breath. They can be inserted in such a manner as to elude detection from the most scrutinizing observer, and so as to make the articulation of the voice perfect, and assist very materially in the process of mastication. These teeth have been universally approved of by those who have worn them, as well as numerous gentlemen of the most profound science, both in this country and in Europe.

Among them may be found the names of Proff's R. N. Smith, J. D. Ducatel, J. R. W. Dunbar, and Geo. Gibson M. D of Baltimore,
