enthusiasm immediately takes the place of apathy."

"These considerations, induce us to advocate Henry Clay as the only champion of the Whigs who offers a reasonable prospect of obtaining a triumph.—Availability—popularity—eminent services—a brilliant and stainless reputation, and a hopelessness of the cause of reform under other leaders all combine to indicate him as emphatically *the candidate*."

We commend the above extracts to the perusal of those who *prefer* Mr. Clay, but think Gen. Harrison more "available." We do this in no unkind spirit towards any one; but simply with a desire that those whom we think deceived in this matter, may be undeceived.—*U. S. Gazette.*

DIED.

In this county, on Friday evening the 12th inst., *William W. Lake* Esq., after a long and protracted illness.

OBITUARY.

Died, in this town on Monday morning last, Mrs. *Mary C. Wilson*, consort of Jacob C. Wilson, Esq. in the 35th year of her age.

To mourn the departure of hoary headed age and tottering decrepitude, seems natural and inevitable, and grief is despoiled of half its keenness; soothed and and mellowed by the reflection, that they were full in years and honours. But to be called upon to pay the last tribute of respect, to the youthful and good prematurely cut off, enlists our tenderest sympathies, and were not the Christian's hope of meeting hereafter, written by the finger of Deity, on every heart our grief would be inconsolable.

The subject of this notice, was endeared to her friends and relatives by urbanity, kindness and affection, emanating from high moral and religious principles, these made her dear in life and triumphant in death. After a lingering illness, which she bore with great patience, she welcomed the grim monster, with the familiarity of a friend: Thus verifying in her last moments, the exclamation of one of the sainted fathers of the Church, *the dying Christian shames the pomp of death!*

"In this misguided world, they picture death
A fearful tyrant;—O believe it not!
It is an angel, beautiful as light,
That watches o'er the sorrowing spirits here—
And when its weary pilgrimage is done,
Unbars the heavy gates of everlasting life,
And vanishes forever."

PULMONARY CONSUMPTION CAN BE CURED.

THE following letter addressed to Dr. H. H. Higbee, by Mr. Wm. Constable, (a pious member of the Methodist Church,) 315 Callowhill street, will show that Dr. Higbee's Remedy, though it is not and never has been offered as specific, is deservedly ranked among the most extraordinary discoveries of modern times. The testimonials daily received of the astonishing efficacy of this medical compound, are conclusive proofs that Dr. Higbee's system of treatment of Chronic diseases, (discovered as it was, when the inventor was himself, to all appearance, laboring under the most fatal variety of pulmonary consumption,) is founded on correct principles.

Philadelphia, Jan. 15th 1838.

Dr Higbee: Dear sir—I think it a duty incumbent upon me which I owe to you and the world, to make this statement of facts, which I am ready and able to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption and incurable. She had a coutinual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs, loss of appetite, could not sleep long by continual coughing, shortness of breath, and discharging from the lungs. My daughter was confined three weeks to her bed; we had to stay by her night and day, expecting every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle; and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine.—She took about five bottles of it; and she is in as good a state of health as she has been for a number of years. I have recommended your medicine to several of my acquaintancee; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. John Stanecliff, keeper of the prison at Cherry Hill. These are persons I recommended your medicine to, and you can can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill st. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of the other persons named.

WM. CONSTABLE.

We the undersigned do assert the above statement to be true, for we were eye witnesses to the whole facts.

Martha Ostler, and Mary Ostler, No. 361 Callowhill st.

Philadelphia, April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a ficticious letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishing fact, and more so when they saw some of of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty-two years of age, who was perfectly cured by taking Dr. Higbee's medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter. When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as uncurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st. If any persons doubt my statement, they will please call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for a I expect to stand before the judgement seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other person, to make these statements, and I repeat them in order to remove the doubts from every mind.

WM. CONSTABLE.

No. 315 Callowhill st. between 8th & 9th.

☞The author of the above letter is well known as an honest and upright man and a sincere Christian, having for many years been a citizen of Philadelphia and an exemplary member of the Methodist Church. It is but an act of justice to Dr. Higbee, to say, that the above statement was unasked for, and that Mr. Constable wrote it because he believed that by so doing he might be the means of saving many valuable lives which under the usual practice would inevitably be lost. Dr. Higbee's medicine, which continues (though not offered as a panacea) to perform the most astonishing cures in Chronic diseases of the lungs, throat, liver, kidneys, &c &c. may be obtained at the residence of the Proprietor, 37 North Fifth st. Philadelphia; at the residence of the Rev. Daniel Higbee Moorestown N. J.; also, of Stokes and Brown, 295 Market st, and at Joseph Scott's Bookstore, Wilmington, Del. CELEBRATED FEVER AND AGUE PILLS.

THIS widely extended and most admirable Remedy for Fever and Ague, and other Fevers, which has already rendered such benefit, and proved a sure and speedy cure for the above named disorders, is particularly recommended to public notice.

On first feeling the premonitory symptoms occur, it is advisable at once to clear thoroughly the stomach and bowels. In no way can this be better and less inconveniently effected, than by taking a few doses of

Dr. Evans's Purifying Pills

the value and well-authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receiving with benefit

The Invigorating & Strengthening PILLS.

DIRECTIONS ARE AS FOLLOWS:

Take four of the Purifying Pills on the first accession of Fever, and continue the same number every other night, till with the additional use of Invigorating Pills, a permanent cure is obtained.

Take three of the Invigorating Pills in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞The attacks usually occur every other day.

Price One Dollar a pack, containing both kinds of Pills.

Sold at Dr. EVANS'S Medical Establishment,
100 CHATHAM STREET, N. Y.,
And by his authorized Agents throughout the Union.

A REAL BLESSING TO MOTHERS.

Dr. W. Evans's Celebrated Soothing Syrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the children will recover. This preparation is so innocent so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores.—Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ENVIABLE DISTINCTION.

In the midst of in general, and in many instances not unfounded prejudiced against many of the medical remedies of the day, Dr. W. EVANS' Pills have the enviable distinction of an universal approbation. They are perhaps the only medicine publicly advertised, that has the full and unreserved testimony of medical men in its favor; if not the only one which gives full satisfaction to its purchasers. Dr. W. EVANS has the satisfaction of knowing that the Camomile or Tonic Pills are not only regularly recommended and prescribed by the most experienced physicians in their daily practice but also taken by those gentlemen themselves, whenever they feel the symptoms of these diseases in which they know them to be efficacious. He knows this to be generally the case in New York, Philadelphia, Albany, Boston, and other large cities in which they have an extensive sale. That they should thus conquer professional prejudice and interested opposition, and secure the agency of the most eminent and best informed physicians in the country to render them useful to all classes, can only be fairly ascribed to their undeniable and preeminent virtues.

Enviable, however, as this distinction is, it can easily be accounted for from the intrinsic and peculiar properties of the medicine itself. It does not pretend to too much, and it accomplishes all that it promises. Dr. W. Evans does not pretend, for instance, that either his Camomile or Aperient Pills will cure all diseases by merely purifying the blood, but he certainly does pretend, and has the authority of daily proofs for positively asserting that these medicines, taken as recommended, will cure a great majority of the diseases of the Stomach, Lungs and the Liver by which impurity of the blood is occasioned. The blood is made from the contents of the stomach; has its red color and vitally given it by the action of the lungs, and as it performs its duty in circulating through the veins and arteries, has its yellow bilious or excrement, which may be termed its refuse or worn out sediment, collected and discharged by the liver. These viscera, then, are the anatomical mechanism or apparatus by which the blood is manufactured and preserved; and it is therefore obvious that the state of these should be the first consideration of the physician. Now there are various causes that will effect and derange these organs with which the blood has nothing whatever to do.—Thus the stomach may be utterly debilitated in one moment, by affright, grief, disappointment, heat of the weather, or any other nervous action, and be wholly unable to digest its food. Is the blood to blame for this? A nervous action of long continuance will produce settled dyspepsia, with headache, bile, mental and physical debility, and a funeral retinue of other evils. Is the blood to blame for this? Intemperance, by inflaming the coats of the stomach, and leaving it in flaccid prostrate weakness; and an undue quantity and continuance of purgative medicines by producing the same effects, will put this organ almost out of use for digesting wholesome solid food, and thus impoverish the blood and the whole system.—Is the blood to blame for this? Again with regard to the lungs, it is well known that a slight cold occasioned by damp feet, or by a current of air, will inflame the broncha, all down through the branching air tube of the lungs, and create either excessive mucus, or that dreadfully insidious disease consumption with pustulus and suppuration of the lobes, which though timely remedies may prevent, no earthly skill can cure. Is the blood of the fair and blooming victim to blame for this? So the liver, when climate, sedentary habits, intemperance, or other prostrating causes have withered it away or paralizes it with dispention, becomes unable to carry off the bile from the circulation, and instead of discharging it through the gall bladder, leaves it to come through the skin in jaundiced and shallow fluids, and to rush upon the stomach in irregular and excessive quantities. Is the unfortunate blood to blame for this? No; these vital organs are never affected by the blood, until after the blood has been affected by them; they are its makers and masters, and it is merely their work and their passive agent.

Knowing this to be a sound and demonstrated fact in science and experience, Dr. W. Evans' system of practice is in faithful accordance with it. He aims to keep the stomach, the lungs, and the liver in vigorous and regular action, as the three great fountains of health and life. For this purpose he prescribes his beautifully efficacious Aperient Pills (acknowledged by medical men who have analyzed and recommended them, to be equal to any in the world) in cases which require the cleansing of the stomach and bowels; and his celebrated Camomile or Tonic Pills, in cases of nervous irritability, stomach weakness, or general debility. A vast majority of human diseases having their origin in the general sympathy of the principle viscra with the nervous system, he thus seeks disease in the most subtle fibres of its roots, instead of vainly hoping to extirpate it by plucking off its leaves and more distant branches. His Aperient Pills, will do all that purgative medicine can do, that is, thoroughly cleanse the stomach and bowels: and his Camomile or Tonic Pills, combining as they also do, the most delightful Abodyne known in medicine, will do, or have done, and are continually doing more to strengthen, restore, and sustain the human constitution than any other medicine that has yet been discoverd. Of this he has inumerable proofs, and this no man can deny without falsehood.

These medicines, which can be purchased either together or separately, are confidently recommended for the following complaint; and directions for use accompany them:—Dyspepsia, in all its forms; Bilious and Liver affections, in every stage and degree; female sickness, more particularly the causes incident to mothers, Fmor Albus; Fever and Ague; Incipient Consumptions or Declines, whether of Liver or Lungs; Headache and Giddiness; Loss of appetite; Nervous Tremors; Inebriation or Delirium Tremors; Spasmodic Affections of all kinds: Rheumatism, whether Chronic or Inflamatory; Nervous and Billious fevers, of every variety; Scrofula; Salt Rheum, and all blotches, bad impure complexions of the skin; Restlessness at night and daily irritability and melancholy, the Summer Complaint and Cholera Morbus, or Diarrhea in grown persons, Worms and Flatulency, with bad breath; Chlorosis, and Palpitations of the Heart or Head; Changes of Female Constitution; and for impaired and disorganized constitutions in either sex, which have not been permanently relieved by any other medicines. A single trial of Dr. W. EVANS' MEDICINES in any of these cases will produce such effects as will indicate their incomparable superiority, and induce such a use of them as will ensure a speedy and unquestionable cure. The purchaser, however, should be careful to get them genuine at Dr. W. EVANS' OFFICE, No. 100 Chatham St. New York, or of his authorized Agents, as all others are imposters and ignorant impositions. For further particulars he respectfully requests the public to peruse his advertisements and medical papers, which may be depended upon for their strict and acknowledged truth.
