Sir/ Balt. 14 Sept. 1794

Your Excellency's Letter of yesterday arrived at 11 O'Clock at the Barracks I have the pleasure to inform you that from the extreme Willingness they shewed on the Occasion I have every reason to expect that the full 300 Volunteers required will march tomorrow perhaps more — The Artillery are under their former Officers — the Horse I hope will march — the few who assembled were unanimous & I expect they will make the Number amount to 40 or 50 — There appears much Unanimity which I hope will last — I have directed such who have Arms to carry them — So that I shall expect your Excellency will send to Balt. 500 stand of Arms Compleat the Ammn. which may be necessary in Case the Insurgents should succeed — Col. Strickler has hurried Major Cummings to the Westward — there will be a State of Affairs in the Westward — there will be a State of Affairs will cause much delay — However I have ordered those from the Eastern for Tuesday there has yet no field Officer appeared. Your Excellency
