PETERS' PILLS.

IMPORTANT.—The public and the afflicted will bear in mind, that the safest and best course to pursue, in all diseases incident to the human family, and particularly all symptoms indicative of Pulmonary Diseases, which are the most fatal of all others, is to begin in their early stages. By this means you lay the axe at the root of the evil tree, the cure will be much sooner performed, with less suffering, more certainty, and much less expense. And as *Doctor Swayn's compound syrup of wild cherry* has acquired a notoriety in its curative powers which is likely to far exceed any medicine which has yet been tested by the public, and from the various certificates and satisfactory reports which the author has received from different sections of the country, as testimonials of its virtues, it can be recommended with the fullest confidence. An advantage which this medicine has over most others is its rich and very pleasant taste; most persons are fond of it, and children take it without trouble. Although this medicine has been used mostly for coughs, colds, asthma, spitting of blood, inflamation of the mucous membrane, of the throat and air vessels, and diseases indicative of consumption, yet on account of its strengthening and sedative powers upon the nervous system, such as palpitation of the heart, instability or disturbance of mind from slight causes &c. &c. it is becoming very much sought after.

NORFOLK, Sept. 29, 1838.

Dear Sir.—I very cheerfully add my testimony with regard to the efficacy of Dr. Peters' medicine. My wife had been for several years suffering and lingering under the effects of Dyspepsia, with its usual accompaniments, when, in December, 1835, I purchased of you one box; from the use of which her health was so far restored, that she deemed the further use of it at that time, unnecessary. On a return of some symptoms of the disease during the summer of 1837, she resorted to the same remedy, and continued it until she had taken the contents of three boxes. Since that time, she has been well, and can, without inconvenience, eat any thing that she fancies. From this case, and from the benefit to my own health, derived from the use of a single box, I am prepared to belive that this medicine is justly entitled to all the credit claimed for it by its warmest advocates.

Yours, &c.,
WM. WATKINS.

Mr. A. Smith, Agent, Suffolk, Va.

BROOM CO., N. Y. Jan. 21, 1838.

Dr. Peters—Dear Sir—I purchased a few boxes of Pills from your travelling agent, Chas. W. Lewis, lust to see what they are made of, as I had previously heard a good deal in their favor; and I feel it due deed, is. that my supply is exhausted, and I want a gross of boxes by the most direct method, which you will please forward me, or else write to your northern agent—wherever he is—to that effect. Remember, dear Doctor, that I am in a great hurry, and believe me to be yours, with much respect,

JAMES NICHOLS, M. D.

Extract from a letter written by Dr. Francis Bogart, of Providence, R. I., Dec. 7, 1838.—'Peters' Pills are an excellent, aperient and catharthic medicine, (those effects being produced by the difference of the quantity taken,) and are decidedly superior to Lee's, Brandeth's or Morrison's pills.'

Extract from a letter by Dr. Hopson, of Bangor, Me., Jan. 9, 1838.—'They are a peculiar mild, yet efficient purgative medicine, and produce little, if any griping or nausea. I have prescribed them with much success in sick headache and slight billious fevers.'

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt., July 9, 1837.—'I cordially recommend Peters' Pills as mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs.'

NOTICE.

THE fast sailing schooner **CAROLINE** having commenced her regular trips between Cambridge and Baltimore, will invariably in future sail on the following days; every TUESDAY she will leave Cambridge for *B*altimore, and every SATURDAY will leave Baltimore for Cambridge.

The CAROLINE is in first rate order, having a commodious cabin, excellent beds, and every other accommodation which even the most fastidious could desire. Passengers may be assured that every attention will be paid to them, and no pains will be spared to make them comfortable, and their time pleasant on board.

Freight intrusted to her will be attended to with the most exact care, and on moderate terms. The unprecedented scarcity of money requires the Captain to inform the public, that all orders handed to him for articles to be purchased must be accompanied with the cash. This rule has been adopted from necessity, and it is confidently relied on, that an enlightened and liberal community will approve it as one founded upon reason and justice.

SAMUEL H. TROTH, Commander.

February 29th 1840——tf.

FOR SALE.

THE subscriber wishes to dispose of that valuable Tract of Land, lying on Barren Island, in Dorchester County, it is heavily timbered, and very contiguous to navigable water. To those who are, or wish to engage in the LUMBER business, this land offers great inducements, and is well worthy of attention. Persons wishing to view the land will call on Henry Traverse for information. For terms apply to

JEREMIAH T. TRAVERSE,
No. 23, Light Street Wharf,
Baltimore.

Feb. 15th 1840.

$150 REWARD.

RANAWAY from the subscriber living in Dorchester county, Maryland; on chrismas night last, a negro man who calls himself

DANIEL BROMWELL,

aged about 22 years of age, 5 feet 4 or 5 inches high—of dark chesnut colour, with a scar on his cheek—right or left not recollected. His voice is indistinct—and his foreteeth are unusually prominent. He was seen in Cambridge on the day after christmas, and at the time had on dark pantaloons—snuff coloured close coat and low crowned black fur hat. Other clothing not recollected.

I will pay the above reward if the said negro be apprehended without the limits of the State of Maryland. If taken up within the limits of the State of Maryland, and without those of Dofchester counry, I will pay a reward of $100, for his apprehension; and if taken up within the limits of Dorchester county I will pay the reward of $100, if he be secured in Jail so that I get him again.

JOB WORK DONE AT THIS OFFICE. AT THE SHORTEST NOTICE.

DR. W. EVANS'S
CELEBRATED FEVER AND AGUE PILLS.

THIS widely-extended and most admirable Remedy for Fever and Ague, and other Fevers, which has already rendered such benefit, and proved a sure and speedy cure for the above-named disorders, is particularly recommended to public notice.

On first feeling the premonitory symptoms occur, it is advisable at once to clear thoroughly the stomach and bowels. In no way can this be bettsr and less inconveniently effected, than by taking a few oos of

Dr. Evans's Purifying Pills

the value and well-authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receivingwith benefit

The Invigorating & Strengthening PILLS.

DIRECTIONS ARE AS FOLLOWS:

Take four of the Purifying Pills on the first accession of Fever, and continue the same number every other night, till with the additional use of Invigorating Pills, a permanent cure is obtained.

Take three of the Invigorating Pills in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞The attacks usually occur every other day.

Price One Dollar a pack, containing both kinds Pills.

Sold at Dr. EVANS'S Medical Establishment,
100 CHATHAM STREET, N. Y.,
And by his authorized Agents throughout the Union

A REAL BLESSING TO MOTHERS.

Dr. W. Evans's Celebrated Soothing Syrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the children will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores.—Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

For sale at Dr. Evans' Principal Office 100 Chatham street, New York; also by

S. & E. P. LECOMPTE, Cambridge. Md.

ENVIABLE DISTINCTION.

In the midst of a general, and in many instances not unfounded prejudiced against many of the medical remedies of the day, DR W. EVANS' Pills have the enviable distinction of an universal approbation. They are perhaps the only medicine publicly adver. tised, that has the full and unreserved testimony of medical men in its favor; if not the only one which gives full satisfaction to its purchasers. DR. W. EVANS has the satisfaction of knowing that the Camomile or Tonic Pills are not only regularly recommended and prescribed by the most experienced physicians in their daily practice but also taken by those gentlemen themselves, whenever they feel the symptoms of these diseases in which they know them to be efficacious. He knows this to be generally toh case in New York, Philadelphia, Albany, Bostne, and other lage cities in which they h... ...xtensive sale. That they should thus conquer professional prejudice and interested opposition, and secure the agency of the most eminent and best informed physicians in the country to render them useful to all classes, can only be fairly ascribed to their undeniable and preeminent virtues.

Enviable, however, as this distinction is, it can easily be accounted for from the intrinsic and peculiar properties of the medicine itself. It does not pretend to too much, and it accomplishes all that it promises. Dr. W. Evans does not pretend, for instance, that either his Camomile or Aperient Pills will cure all diseases by merely purifying the blood, but he certainly does pretend, and has the authority of daily proofs for positively asserting that these medicines, taken as recommended, will cure a grea majority of the diseases of the Stomach, Lungs an the Liver by which impurity of the blood is occasioned. The blood is made from the contents of the stomach; has its red color and vitally given it by th action of the lungs, and as it performs its du'y in circulating through the veins and arteries, has its yeld refuse or worn out sediment, collected and discharge by theliver. These viscrea, then, are the anatomsis cal mechanism or apparatus by which the blood s manufactured and preserved; and it is therefore obvious that the state of these should be the first cou idesration of the physician. Now arethere variou t haccauses will effect and derange these organs with which the blood has nothing whatever to do.—Thus the stomach may be utterly debilitated in one moment, by affright, grief, disappointment, heat of the weather, or any other nervous action, and be wholly unable to digest its food. Is the blood to blame for this? A nervous action of long continuance will produce settled dyspepsis, with hesdache, bile, mental and physical debility, and a funeral retinue of other evils. Is the blood to blame for this? Intemperance, by inflaming the coats of the stomach, and leaving it in flaccid prostrate weakness; and an undue quantity and continuance of purgative medicines by producing the same effects, will put this organ almost out of use for digesting wholesome solid food, and thus impoverish the blood and the whole system.—Is the blood to blame for this? Again with regard to the lungs, it is well known that a slight cold, occasioned by damp feet, or by a current of air, will inflame the broncha, all down through the branching air tube of the lungs, and create either excessive mucus, or that dreadfully insidious disease consumption with pustulus and suppuration of the lobes, which though timely remedies may prevent, no earthly skill can cure. Is the blood of the fair and blooming victim to blame for this? So the liver, when climate, sedentary habits, intemperance, or other prostrating causes have weakened it away or paralizes it with dispention, becomes unable to carry off the bile from the circulation, and instead of discharging it through the gall bladder, leaves it to come through the skin in jaundiced and shallow fluids, and to rush upon the stomach in irregular and excessive quantities. Is the unfortunate blood to blame for this? No; these vital organs are never affected by the blood, until after the blood has been affected by them; they are its makers and masters, and it is merely their work and their passive agent.

Knowing this to be a sound and demonstrated fact in science and experience, Dr. W. Evans' system of practice is in faithful accordance with it. He aims to keep the stomach, the lungs, and the liver in vigorous and regular action, as the three great fountains of health and life. For this purpose he prescribes eis beautifully efficacious Aperient Pills (acknowledged by medical men who have analyzed and recommended them, to be equal to any in the world) in cases which reqire the cleansing of the stomach and howels; and his celebrated Camomile or Tonic Pills, in cases of nervous irritability, stomach weakness, or general debility. A vastmajority of human diseases having their origin in the general sympathy of the principle viscra with the nervous system, he thus seeks disease in the most subtle fibres of its roots, instead of vainly hoping to extirpate it by plucking off iis leaves and more distant branches. His Aperient Pills, will do all that purgative medicine can do, that is, thoroughly cleanse the stomach and bowels: and his Camomile or Tonic Pills, combining as they also do, the most delightful Abodyne known in medicine, will do, or have done, and are continually doing more to strengthen, restore, and sustain the human constitution than any other medicine that has yet been discoverd. Of this he has inumerable proofs, and this no man can deny without falsehood.

These medicines, which can be purchased either together or separately, are confidently recommended for the following complaint; and directions for use accompany them:—Dyspepsis, in all its forms; Billious and Liver affections, in every stage and degree—female sickness, more particularly the causes incident to mothers, Finor Albus; Fever and Ague; Incipient Consumptions or Declines, whether of Liver or Lungs; Headache and Giddiness; Loss of appetite; Nerveus Tremors; Inebriation or Delirium Tremors, Spasmodic Affections of all kinds; Rheumatism, whether Chronic or Inflamatory; Nervous and Billious fevers, of every variety; Scrofuls; Salt Rheum, and all bletebes, had impure complexions of the skin; Restlessness at night and daily iritability and melancholy; the Summer Complaint and Cholera Morbus, or Diarhœa in grown persons, Worms and Flatulency, with bad breath; Chlorosis, and Palpitations of the Heart or Head; Changes of Female Constitution; and for impaired and disorganized constitutions in either sex, which have not been permanently relieved by any other medicines. A single trial of DR. W. EVANS' MEDICINES in any of these cases will produce suh effects as will indicate their incomparable superiority, and induce such a use of them as will ensure a speedy and unquestionable cure. The purchaser, however, should bo careful to get them genuine at Dr. W. EVANS' OFFICE, No. 100 Chatham St. New York, or of any of his authorized Agents, as all others are base and ignorant impositions. For further particulars he respectfully requests the public to peruse his other advertisements and medical papers, which may be depended upon for their strict and acknowledged truth.

PULMONARY CONSUMPTION CAN BE CURED.

Dr Higbee: Dear sir—I think it a duty incumben upon me which I owe to you and the world, to make this statement of facts, which I am ready and able to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption and ineurable. She had a coutinual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs, loss of appetite, could not sleep long by continual coughing, shortness of breath, and discharging from the lungs, My daughter was confined three weeks to her bed, we had to stay by her night and day, expecting eve-minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottler and in three days after she commenced taking you; medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine.—She took about five bottles of it; and she is in as good a state of health as she has been for a number of years I have recommended your medicine to several of my acquaintancee; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. Johh Staneclift, keeper of the prison at Cherry Hill. These are persons I recommended your medicine to, and you can can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill st. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of the other persons named.

WM. CONSTABLE.

We the undersigned do assert the above statement to be true, for we were eye witnesses to the whole facts.

William Sinkler and Mary Sinkler, Race street, near Tenth.

H. D. Welsh, and Jane M. Welsh, Garden st, between 8th and 9th.

Martha Ostler, and Mary Ostler, No. 361 Callowhill st.

Philadelphia, April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a ficticisus letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishing fact, and more so when they saw some of of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty-two years of age, who was perfectly cured by taking Dr. Higbee's medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter. When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as uncurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previeus to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st. If any persons doubt my statement, they will please call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, or a I expect to stand before the judgement seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other person, to make these statements, and I repeat them in order to remove the doubts from every mind.

WM. CONSTABLE.

No. 315 Callowhill st. between 8th & 9th.

☞The author of the above letter is well known as an honest and upright man and a sincere Christian having for many years been a citizen of Philadelphia and an exemplary member of the Methodist Church It is but an act of justice to Dr. Higbee, to say, that the above statement was unasked for, and that Mr. Constable wrote it because he believed that by so doing he might be the means of saving many valuable lives which under the usual practice would inevitably be lost. Dr. Higbee's medicine, which continues (though not offered as a panacea) to perform the most astonishing cures in Chronic diseases of the lungs, throat, liver, kidneys, &c. &c. may be obtained at the residence of the Proprietor, 37 North Fifth st. Philadelphia; at the residence of the Rev. Daniel Higbee, Moorestown N. J.; also, of Stokes and Brown 295 Market st, and at Joseph Scott's Bookstore, Wilmington, Del. Price $1 per bottle, or $5 per half dozen bottles.

The above may be obtained at the Drug store of
