Talavera Wheat.

THE subscriber offers for sale a few hundred bushels of "Talavera" Seed Wheat, which he has taken much pains to preserve pure. It is a smooth head and white wheat; grows a vigorous and tall stalk; and is very productive. From his experiments, fairly made, in the last two years, and especially that of the last winter, in comparison with the "Blue Straw," "the Red Chaff White," and "the Smooth White," under like circumstances, in various soils, and situations, its character as the most hardy wheat is established in his opinion:—Branching largely, it requires less for seed; and, from its superior strong growth, it will probably, as is said of it, "considrably resist the Fly."

The price will be the same it cost him—two dollars per bushel.

Jacob Willson, vs. *Francis Waters and others.*

THE object of this bill is to obtain a decree for the conveyance of the legal title in and to a small parcel of land called Herring Run, in Dorchester county, to the complainant, from the heirs at law of Francis Waters and George Robertson, formerly of Somerset county.

The bill states that about the year 1825, the said Francis Waters and George Robertson were seized in fee as tenants in common of the above named parcel of land, and gave to Col. Richard Waters authority to sell the same—That the said Richard Waters did sell the said lands to a certain Thomas Briley, and that the said Briley paid the whole of the purchase money, and afterwards devised the same to his grandson Martin Briley, by force of the residuary clause of his will—That Martin Briley afterwards sold the said lands to Beauchamp S. Harper, and the said Harper sold them to the complainant in this cause.

That the said Francis Waters and George Robertson both died without conveying the legal title in said lands to the said Thomas Briley, or to any person claiming under him; and that the said Francis Waters left the following heirs at law, to wit:—Francis Waters, Sarah Waters, who intermarried with Dr. Robert R. Ballard, and Catharine Waters, who intermarried with a certain ——— Garrison; and that the said ——— Garrison and wife live out of the State of Maryland; and that George Robertson died, leaving the following heirs at law:—Maria E. Robertson, who intermarried with John W. Dennis, and Sarah Ann Robertson, who intermarried with Littleton Upshur Dennis: That the said Littleton U. Dennis and his wife are both dead, and left two children, who are minors, viz: Elizabeth Dennis and George Dennis.

It is, thereupon, Ordered, That the complainant, by causing a copy of this order to be published in some newspaper once in each of three successive weeks, before the 5th day of October next, give notice to said absent defendants of the substance and object of the petition filed in this cause, that they may be warned to appear in this Court, in person or by solicitor, on or before the 30th day of January next, to show cause, if any they have, why the prayer of the complainant should not be granted.

THE SILK CULTURIST.

THE Executive Committee of the Hartford County Silk Society, have commenced a monthly publication, called the Silk Culturist and Farmers Manual.

The object of the publication is to disseminate a thorough knowledge of the cultivation of the Mulberry Tree, in all its varieties—The rearing of Silk Worms—The production of Cocoons and the Reeling of Silk, in the most approved method. The importance of this knowledge will appear from the fact that, the nett profit of land devoted to the culture of Silk is double, if not triple, to that derived from any other crop which can be put upon it. It is also a fact, that every moderate farmer can raise several hundred dollars worth of silk, without interfering with his ordinary agricultural operations. But in order to avail himself of this facility to obtain competency and wealth, which our soil and climate have given him, he must possess himself of information on the subject—for without it his attempts will be fruitless. It is, therefore, the object of the Committee to diffuse this information as extensively as possible; and at the cheapest rate. The publication will contain a complete manual or directory from sowing the seed to reeling the silk, together with such facts and experiments, as will enable farmers to raise silk and prepare it for market, without further knowledge or assistance. It will also contain interesting matter on agricultural subjects in general.

TERMS—The Culturist will be published in monthly numbers of eight Quarto Pages at FIFTY CENTS a year. No subscription will be received unless paid in *advance*, and for no less than a year.

Subscriptions received by F. G. COMSTOCK, Secretary, Hartford Conn. to whom all communications may be addressed, post paid, will be attended to.

☞Editors who will copy the the above, shall receive the publication for one year.

GENTLEMAN'S VADE MECUM,
OR THE SPORTING AND DRAMATIC COMPANION.

This periodical is now in successful operation in Philadelphia. In the short space of ten weeks, it has obtained an accession of more than twelve hundred subscribers. Its contents are carefully adapted to the wants of that portion of the public who patronize Dramatic Literature, the Turf, Sporting and the fashions.

THE DRAMA—Forms a material portion of the Gentleman's Vade Mecum. It is intended to publish alternately, every week, an entire play or farce—to be selected with a single eye to their merits alone; a preference however, will be extended, in all cases, to native productions, when they can be obtained. Independent criticisms, carefully excluding invidious comparisons, and recommended by their brevity, are regularly inserted,—besides Biographical Sketches, Anecdotes, and Bon Mots, of prominent Commedians of the greatest and past ages, of which a rare and inexhaustible compilation is in store.

THE TURF—A faithful recor is kept of all the Running and Trotting matches in this country and England. Biographies and correct portraits of celebrated thorough-bred Horses is published once a month. Every fact relative to the breeding, management, keeping, and the diseases of this invaluable animal, is particularly selected.

SPORTING.—Under this caption is enumerated accounts of Shooting Matches, Pedestrian Feats, Gymnastic Exercises, Aquatic Excursions, Fishing, Gaming, &c., with Anecdotes of noted Dogs.

GENTLEMEN'S FASHIONS.—Quarterly Reviews are procured, explanatory of the various improvements and changes which costumes worn in the fashionable circles constantly undergo; by which it is rendered an easy task for drapers and tailors at a distance, to suit their customers with the most approved colors and modern style of dress, at the earliest possible periods. Providing sufficient encouragement shall be given by this portion of the public, a full length engraving, illustrative of the same, will also be prepared and published.

MISCELLANY.—Although the purposes of our sheet may appear to be confined to the four leading subjects which have been stated—we deem it proper to say, that there is in addition to these, a considerable space allowed for Miscellaneous matters—such as Tales—Poetry—an Epitome of News—List of Hotels in this city, and all others in the United States, and the Canadas, that patronize this paper—Agriculture—*The American Songster*, being a selection of the most popular airs, set to music—and all other matters, regarding which an interest is supposed to exist at home or abroad.

THE GENTLEMAN'S VADE MECUM, &c., is published every Saturday, on fine imperial paper, of the largest class, at three dollars per annum, payable in advance.

By enclosing a *five dollar note* to the publishers, postage paid, two copies of the paper will be forwarded to any direction ordered, for one year. It is respectfully requested that those who desire to subscribe for this Journal will forward their names to the publishers, postage paid. The terms will be strictly adhered to.

Address SMITH & ALEXANDER, Athenian Buildings, Franklin Place, Philadelphia.

Subscribers to the GENTLEMAN'S VADE MECUM, and the MODERN ACTING DRAMA, are entitled to a deduction of one third, when settling for the latter work.

The publishers will exchange with any of their Country Brethren who will oblige them with an occasional insertion of this advertisement.

NOTICE.

THE subscriber respectfully informs the public that he has attached to his establishment a Wheelwright Shop; and that he is prepared to execute orders in that line of business, with despatch, in a neat and durable manner. He solicits a share of public patronage.

ENLARGED SERIES OF THE MUSEUM.

MR. LITTELL has much pleasure in announcing to the patrons of the MUSEUM, that he has made arrangements for the future publication of the work in a syle much superior to the present—and nearly approaching what he has always desired that it should appear in. The circulation of the work is now so large, as to make it important to the proprietor that he should be able to give his whole attention to it. This has hitherto been prevented by the care and labour attendant upon a multifarious and widely extended business. With the view of completing more quickly the publication of Ludge's Portraits and Memoirs of Illustrious and Noble Characters, (a splendid work now in hand)—of effecting a settlement of accounts extending over the whole of the United States—and of making arrangements in all parts of the country for the vigorous prosecution of the publication of the Museum, he has made a contract with Mr. Adam Waldie of this city to print the work, attend to its distribution, and manage all the financial concerns appertaining to it after the present year.

Mr. Waldie is a practical printer, not surpassed in taste by any other in the country; and as he is advantageously and generally known as the publisher of the Select Circulating Library, it is supposed that he will have it in his power greatly to promote the sale of the Museum. He has contracted to issue it promptly, and thus will be corrected the greatest fault which has heretofore attended its management. The changes in the appearance of the work will be as follows:

1. It will be regularly and promptly published.
2. Will be uniformly and handsomely printed.
3. On better paper.
4. Will be considerably enlarged.

As the sale of the work has increased, Mr. Littell has always been desirous of devoting the enlarged profits to its improvement—and although he does not wish the appearance of the next volume to be considered as entirely carrying out his plan, he trusts that the subscribers will be convinced, upon comparing it with any other work, that it is richly worth the price asked for it.

We shall not have satisfied our own wishes in respect to this work, until it shall be so far enlarged and improved as to make it clear to every purchaser that he will herein receive all that is desirable to an American reader from all the Foreign Periodicals. That we can do so in a single work, by making it contain four or five times as much matter as an ordinary periodical, we have no doubt.—A great part of most of the Reviews and Magazines is composed of inferior articles, and we confidently appeal to those readers of the Museum who have been in the habit of looking over the British Journals, whether we have not already, in a very great degree, succeeded in copying all that was worth preservation.

As the work will now be considerably enlarged, we shall be able more fully to accomplish this object.

In order that he may, by frequent journies from home, be the earlier able to finish all other business, and devote himself exclusively to the Museum, Mr. Littell has made arrangements with the Editor of Waldie's Library to edit this work after December, 1834. However deficient the proprietor may be in other qualifications, he has always felt so zealous an affection for the Museum that he would not be willing to commit it, even for a time, to the care of another, were he not confident that the facilities, the experience and the ability of the new Editor, will render it more worthy of the patronage of the public than it has heretofore been. No change takes place in the Proprietorship.

THE CULTIVATOR

IS a monthly publication of 16 quarto pages, and comprises about 200 pages in a volume published at Albany, by the New York State Agricultural Society. It is exclusively devoted to Agriculture and the Improvement of Youth. The publishing committe are J. Buel, J. P. Beekman, and J. D. Wasson. The object of the publication is to disseminate useful information, among the agricultural community in the cheapest practicable form; and the success of the undertaking, and the character of the paper, are indicated by the fact, that although it has been published but ten months, its subscribers exceed eleven thousand, and comprise residents of twenty-one of the United States.

The second volume was commenced in March. The pages are so enlarged, that each number contains as much matter as eighteen pages of the first volume.
