WOODLAND FOR SALE.

THE subscriber will expose to public sale on THURSDAY, the 1st day of January next, at Jefferson's store, in Church Creek, some of the most

VALUABLE

TIMBER LAND

in Dorchester County. This tract is situated in "Button's Neck," in Parson's Creek district near Church Creek, and contains

904 ACRES.

The said land formerly belonged to the late Charles Tubman; it has not been pillaged or trespassed upon, and is almost entirely covered with heavy timber, suitable for ship building. From the character of this land and its proximity to navigable water, it may be considered as offering greater inducements to purchasers than perhaps any land in the county. For the convenience of purchasers, the tract will be divided into lots of 100 acres each; the title is indisputable. Terms made known on the day of sale.

RICHARD H. TUBMAN.

Dec. 13 1845 ts

Notice.

The creditors of the late Noah Dixon are hereby notified to file their claims, properly authenticated in the Register of Wills Office on or before the 8th day of January next, as a dividend will be struck on that day

Maple Dam Bridge.

Dec. 6 1845 3w

CITIZENS & TRAVELLERS.

THE subscriber has taken charge of the Hotel lately occupied by Wm. H. Yates, Esq. where the travelling community, as well as the citizens of Dorchester, have been so agreeably entertained. It a table furnished with all the luxuries of the season, honest, and polite servants, clean chambers and bedding clean and comfortable, stables in good order and ostlers always at hand; in short, if a quiet, comfortable and orderly house can offer any inducement to the community, he flaters himself that his exertions to please will not be unrequited by a generous public. His wish is, to make it the interest as well as the pleasure of the public to bestow upon him a share of their patronage.

He intends always to keep in readiness, carriages and horses, by which he will be enabled to convey persons to any part of the peninsula on moderate terms.

ALGERNON HURLEY.

Cambridge, Nov. 29 1845.

DRUGS, MEDICINES, PAINTS,

OILS, GLASS & DYE STUFFS.

JAMES M. HAINES, & Co.

Cambridge, Nov. 1 1845

THOMPSON'S VEGETABLE WO M SYRUP,

PREPARED BY

DOCTOR A. C. THOMPSON,
CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of relaxed habit, whose bowels contain a preternatural quantito of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especialy if they have lived on unwholesome food: hence worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with a remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended and used for that purpose, yet there are articles which if properly combined and judiciously used, will seldom fail in accomplishing that object.

In consequence of my frequent failures in 30 years practice to expel worms from children with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your *"Vegetable Worm Syrup,"* and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge powers of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the preteen complications so often manifested in Verminose irritation, will seldom disappoint us in our most sanguine expectations:

Very respectfully yours,
THOS. H. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir,

I believe that your *"Preparation for Worms,"* will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D.

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson's Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S
VEGETABLE
ANT-BLIOUS PILLS,

PREPARED BY

A. C. THOMPSON, M. D.

Cambridge, Md.

As Dr. Thomas justly observes, "it is impossible to give a concise and proper definition of the disease known by the name of fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all fevers act directly or indirectly on the Liver all febrile diseases partake more or less of a billious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and Membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where billious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver. I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, an efficient and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliarly secretions, ane thereby prevent or remove those diseases, arising from a redundancy or a doficiency of bile in the system— and may be used in all cases where purging is necessary.

And in the following diseases in particular:

Bilious Ague, Inflammatory and nervous Fevers; all affections of the Liver, Billious Cholic, Jaundice or obstruction of the Liver, Indigestion or dyspepsia, convulsions or Fits, Rheumatism, Pleurisy, dysentary, foul stomach, colds and costiveness.

June 21 1845 1y

WISTAR'S
BALSAM OF WILD CHERRY,
A Compound Balsamic Preparation from Wild Cherry Bark and Tar.

The best remedy known to the world for the cure of Coughs Colds, Asthma, Croup, Bleeding of the Lungs Whooping Cough, Bronchitis, Influenza, Shortness of Breath, Pain and Weakness in the Breast or Side, Liver Complaint, and the first stages of

CONSUMTION.

A THOUSAND CURES in cases deemed utterly hopeless have firmly established its vast superiority over every former medical discovery. It has always been styled "Nature's own Prescription," being formed chiefly from chemical extracts from Wild Cherry Bark and Tar—two trees that are thickly scattered wherever diseases of the lungs prevail. We give a few instances of its extraordinary power from a catalogue almost without end.

A lady (address will be given at the New York Agency) who was given up by all her physicians to die of consumption, had a hard tumor for months on the side—raised among large quantities a sort of bony substance—had taken no medicine for two months, being past all hope—entirely cured by a few bottles of this Balsam in September and October, 1844.

A. Williams, Esq. Attorney, &c. New York cured of spasmodic asthma of 25 years standing, certified to by Recorder Tallmadge and J. Power, D D.

A Carman, N Y City who had not slept lying down for 7 years, (being obliged to sleep in a sitting posture) so far cured as to attend to his business in the most stormy weather.

Thomas Bradlee, Esq. J P Jamaica, L. I. cured of asthma of 40 years standing.

Mrs Anna D Hopkins of Knowlesville N Y. entirely cured of Liver Complaint and general debility of eighteen months standing.

Jacob Hoffman, D D Huntington, cured a child of P Scroeblo of obstinate disease of the lungs after he had tried all the usual remedies in vain.

"There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one can doubt—fully establishes this fact. For the sake of brevity, we select the following from thousands

Isaac Platt Esq Editor of the Poukeepsie Gagle one of the most influential papers in the State of New York, states under the authority of his own name, that a young lady, a relative of his, of very delecate constitution, was attacked in February, 1842, with severe cold, which immediately produced spitting of blood cough, fever: and other dangerous and alarming symptoms. Through medical treatment and care she impartially recovered during summer. But on the return of winter she was attabked more violently than at first; she became scarcely ably to walk, and was troubled with cough, chills and fever every day and appeared to be going rapidly with consumption; at this time when there was no sign of improvement, Mr. Platt procuree a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took and it seemingly restored her. She got a second and before it was half taken she was restored to perfect health, which she has enjoyed up to the present time, without the slightest symptoms of her former disease.

Mr. Platt says "this cure came under my own observation and I cannot be mistaken as to the facts."

For sale by T. M. Flint, Cambridge.

CLICKENER'S
SUGAR COATED VEGETABLE
EXTRAT PILLS.

A medicinal preparation is hereby announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar, nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skilfully prepared that they do not gripe the bowels, and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being mixed with the sugar, and hence produces a mingled flavor, which to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood. Pure blood is therefore essential to health. We must not, however, wait until the blood is impure for then it takes time—and that time passed in ill health—to rectify it; put when the slightest derangement of the system is indicated by costiveness, or any other sign it admonishes us that superfluities are gathering in the system, which should once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated is universally known, but people have such an aversion to medicine that, unless the case is urgent, they prefer the diseases to the cure until an indared constitution, or a fit of sikness rebukes them for the folly of their conduct. Still they had some excuse; for hertofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however; the evil is most effectually removed; for CLICKENER' SSUAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausep and griping attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other mepicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor morelp osks a trial, weich he is sure of receiving, to prove that he ossumes no merit for them which they do not fully possess.

Clickener's Sugar-coaied Vegetable Extract Pills are prepared and sold, wholesale and retail anp for exportation, by C. V. CLICENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York

Sold by the following agents:

Feb. 1, 1845 1y.

Caution—The public should remember that C. Clickener is the inventor of the Sugar-Coated Pills and that nothing of the sort was ever heard of until he introduced them. Therefore should any other derson, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic, as palmingoff counterfeit for genuine medicine.
