## "DEMOCRATIC PRINCIPLES."

This is verily the age of humbug. The Loco-Focos say that they are the supporters of *Democratic principles*. This is their watchword. It is the ready answer to all arguments urged against their destructive measures. It is in the mouths of old and young, of the purse-proud Loco-foco, who lords it over his humbler fellow men and of his servile follower who bows down to do him homage. Is there any meaning in this jargon? Is the President practising a democratic principle when he persists in his attempt to force the Sub-Treasury upon the people when he knows that the *democracy of numbers* is against him? Was he acting in the Spirit of Democratic principles, when he stigmatized the people of New York, in his official communications with Congress as being corrupted by, the influence of banks? Is it a democratic principle that the government must take care of itself & the people of themselves? Was it in accordance with the principles of democracy to issue a proclamation stating that the members of Congress would be paid in specie while the poor labourers on the public buildings, the hardy mariner, and the toil worn soldier were already Hobson's choice? Is it a democratic measure the design and tendancy of which, is to concentrate all the money of the nation in the hands of the President? The supporters of the administration themselves allege that one of the *recommendations* of the Sub-Treasury is the facility with which the Executive could thereby have recourse to the public funds in time of war! A National Bank was no doubt regarded as perfectly in accordance with democratic principles, when the great expounder and champion of those principles said, that if he had been called on he would have recommended one of a suitable character. A National Bank was regarded as the very quintessence of Federalism when the same high authority pronounced his curse upon it. The State bank system was once deemed a grand illustration of the wholesomeness of democratic principles, how will it hold out if measured by the more recent standards of Democracy? Away with all this slang about domocracy and democratic principles! It is only intended to deceive the unwary. There is in many respects not as much democracy in the present administration of our affairs, as there is in that of Great Britain.

From the Madisonian.

*Loco Foco proscription.*—It has become the fashion of the *loco foco* presses, to proscribe every one who does not think, move and act, in accordance with the dictates of those whom they serve. For that Mr. RIVES, and all the other Republicans, who like him, had the independence and moral courage to resist the executive dictation, were proscribed. They have been denounced and stigmatized in the *official organ*, as "RENEGADES." The banks are proscribed; the merchants also! Those in our large cities, who by the sweat of their brow, by their own industry and enterprise have amassed fortunes, and thereby been enabled to erect comely dwellings; they too are denounced. Those too, who made fortunate adventures at sea,, do not escape; they too are classed among the '*lazy louts*.'

The official organ of the 1st inst., does except the clergy, the lawyers, & the scholar in his study, from its otherwise indiscriminate proscriptive denunciation. But it seems that while they are exempt, they too must be on their guard; the former in his pulpit exhortation; the latter in his professional engagements.

This has been fully exemplified recently, in the case of REVERDY JOHNSON, Esqr., of Baltimore. We have seen that he has of late been singled out as the target at which the looo foco, 'by authority' press of that city has aimed its evenomous shafts.—Having listened to his argument with instruction, and his eloquence with delight, in the celebrated Mandamus case, before the Supreme Bench, we were naturally led to the reflection, why it is that he is thus singled out for persecution and proscription? We came to the conclusion, that it is the penalty inflicted on him for having assisted in leading the judicial branch of the Government, to a judgement of condemnation against one of the usurpers of the Executive branch.

Are we not rapidly approaching a similar state of things to that which preceeded the bloody despotism in France, of Danton, Marat Robesperre?

## Great excitement in BOSTON.

TREMBLING AMONG THE MEDICAL FACULTY!!!

We learn that the distinguished Dr. WATSON, 276, Washington street, and Dr. S. C. HEWETT, the celebrated bone-setter, 297 Washington street, (two of the most skillful practitioners in Boston,) have witnessed the happy effects of Goelicke's Matchless Sanative in several cases which have come under their observation, have given the general Agent of this great modern medicine, permission to refer to them through the public journals. It is with pleasure, we notice such acts of disinterested benevolence, and this noble generosity of Drs. H. and W. bespeak their genuine philanthropy.

We understand, Dr. Watson is of the opinion, that as the Sanative has created such a tremendous excitement among the Medical Faculty, it must be something extraordinary and far superior to the common nostrums of the day—and there cannot be a doubt, but when the virtues of this great specific shall be duly appreciated by Physicians, they will frankly acknowledge it to be the most valuable addition which has been made to the Materia Medica since the days of Hippocrates.

We further learn that the General Agent of the Sanative has the liberty to refer his fellow citizens to Dr. Hewet, for two very interesting cases which came within the knowledge of the Doctor. One of the cures as we learn, was effected upon a young lady afflicted with "Lumbar Abscess"—and so serious was her complaint, that she was unable to submit to Dr. H's usual mode of treatment in such cases. He advised her to try the Sanative, she did so, and before taking one phial, was entirely cured and not a vestige of her disease remains!! Another, a gentleman aged 45, pronounced by all who knew him to be in a 'coufirmed CONSUMPTION,' was wonderfully restored to health by the use of only one phial of the SANATIVE—and he is now well and about his daily business as usual!

We think the open and candid course pursued by Dr's. Watson and Hewett richly entitle them to the lasting gratitude of the public—although they may have the whole phalanx of the Medical Faculty pouncing upon them.

After reading the above, and the following extracts from letters* addressed to Dr. Rowland, by his agents, who can for a moment doubt the powers of the mighty Sanative?

---

Amherst, N. H. Jan. 1 1838.

Dr. Rowland—I sold a phial of the Matchless Sanative to a gentleman who was in a *Confirmed Consumption*, pronounced PAST ANY RELIEF and confined to his room—he had settled his affairs and prepared to meet his fate. He has not taken a whole bottle, and says his health is perfect, that he is entirely well, and imputes the cure to the *Sanative* and to nothing else. Many others who have taken it make similar statements.

Yours respectfully, &c.
THOMAS M. BENDER.

---

Orland Post Office, Maine, March 30, 1838.

Dear Sir—The Matchless Sanative has had a wonderful effect in several cases in this town. I sold a phial to a man who had been sick with Consumptive and Rheumatic complaints for 4 or 5 years, and who was unable to *dress himself* when he commenced taking it. He has recently sent me word that he felt quite well, could dress himself without any trouble, and thinks he shall wholly recover.

Yours, in haste,
R. TRUSSEL, P. M.

---

Rush Post Office, Monroe Co. N. Y. March 14, 1838.

Dear Sir—In 48 hours after I received the package of Sanative, I sold *all* of it—and have come to the conclusion that it must be all that it is recommended to be. It is sufficient to say, that the benefit derived from a short use of it, has convinced the most *prejudiced* of its utility. The enclosed money you will pass to my account, and I wish you to send me more of the Sanative as soon as convenient.

Respectfully, &c.
JOHN B. CROSBY, P. M.

---

Haverhill, Mass. March 26, 1838.

Dear Sir—Numerous cases have come to my knowledge in which the Sanative has proved very beneficial—and *one* case in particular, in which it performed a *wonder*. I can procure you a good certificate from the patient if you wish. Please credit me with the enclosed money, and forward me more of the Sanative by the bearer.

Yours truly,
THOS. G. FARNSWORTH.

---

Cornwall Post Office, Vt. April 6, 1838.

Dear Sir—The Matchless Sanative is very *highly esteemed* in this quarter, and is getting into general use.

Yours &c.
SAMUEL EVERTS, P. M.

---

Westfield Post Office, N. Y. Feb 16, 1838.

Dear Sir—Several pressing cases demand the Sanative at whatever expense it can be sent to me. It has effected some astonishing cures already, and I cannot *wait* for the package you say is on the way. I wish you would send me half a dozen phials by MAIL, and I will put the extra price of postage on the Sanative. Dont fail to send by the mail, as it will come by weight at $1 per ounce as postage, and I shall expect it in 12 days from date.

Yours, &c.
ORRIS NICHOLS, P. M.

---

Hartford, Ct. April 12, 1838.

Dear Sir—My daughter, who had a *distressing cough*, raised a great deal of matter, and who was afflicted with *palpitation of the heart*, has taken a phial of the Sanative and is now WELL. Others also bear testimony to its good effects.

Yours respectfully,
C. R COMSTOCK.

---

Plymouth, Mass. Feb. 6, 1838.

Daar Sir—I have abundance of matter to tell you concerning the Sanative, where it has performed cures when those who have bought it, had scarcely any faith in its efficacy. We have one person now able to attend to her domestic concerns, who was at the time she commenced taking it, confined to her chamber and *prostrated on her bed*. I will tell you more when I see you

Respectfully, &c.
ISAAC B. RICH.

---

Beaver Post Office, Pa. March 1, 1838.

Dear Sir—Since I last wrote you, I have seen several persons who have been using the Sanative, and in *every case* it has proved itself, worthy the *name* it bears. A young man, Robert McIlhery had been wasting away in a *seated consumption* for the last two years—and by using this medicine about six weeks, his cough, pains, &c. left him entirely, and he is now so well as to be about his ordinary business.

Indeed sir, from the rapidity of the sales, the value of the Sanative may be safely determined. I am wholly out, have daily calls for it, and wish you would forward me more as soon as possible.

Yours, &c.
A. LOGAN, P. M.

From the Postmaster of Claremont, N. H.

"☞The above powerful and invaluable medicine is doing wonders in this section of the country, as well as in others. Applications for it have been made in various places in this vicinity. A young lady in this town has been restored from a consumption and confirmed in health by the use of it—No mistake. She had been visited by various physicians, but all to no purpose. *One phial* of this medicine *produced the long desired effect*.

A few more bottles of this efficacious medicine may be found at the Post Office if applied for soon. J. NYE.

Sole Agent for Claremont.

From Timothy George, Esq. Orrington Me.

"My wife has been considered of a consumptive habit for two years, attended with a severe cough, but has always or generally attended to her domestic concerns until the forepart of last winter, when she had a sudden and severe attack of pain in her side, and distressed for breath. I immediately called upon one of our best Physicians, who attended carefully upon her, and I was well satisfied with his treatment of her case, though her distress was partially alleviated, there was no hope of her recovery, her Doctor told her that she had the consumption, and that her LEFT LUNG WAS PARTIALLY CONSUMED, and seemed to despair of her recovery, as well as myself; we calculated she could not continue but a short time, he left her nothing but sleeping powder to command her rest, when providentially I fell in with those Sanative Drops, and though she was altogether faithless the first drop she took gave her some relief, she continued taking them exactly according to the directions, her appetite was soon restored to a child's appetite, and she continued gradually to recover so that I do not know but *her health is now as good as it has been since we married say ten years*

N. B. She took about one and one half bottles when she called herself *well*.
