TRUSTEE'S SALE OF VERY VALUARLE PROPERTY.

BY virtue of a Decree of the High Court of Chancery I will offer at public sale, to the highest bidder at Tobaccostick, on

Saturday the 20th of April

next, at the hour of 2 P. M., all the Real Estate of which John Brohawn died seized and possessed consisting of the following tracts and parcels of land, to wit:—"Davi P's Chance" one acre more or less, "Lakes Discovery" 21 acres, "North Division" 17 3-4 acres, "Partnership tract" 231 acres, "Composition" 246 acres "Pleasant Grove Regulated and Pattison's Privilege" 60 acres, "Norths Adventure" 136 1-2 acres, "Beaver Dam" 17 3-4 acres, and any other lands of which the said John Brohawn died seized. This property is highly valuable and well situated; some of the above tracts are covered with an excellent growth of timber and wood. The Plantation whereon the said John Brohawn resided in his lifetime, is a most delightful and healthful residence, situated immediately on the Choptank river, and at the mouth of Slaughter creek, and has all the advantages of such a location; fish, oyters, wild fowl, in the greatest abundance. The proximity of the farm to the water, affords every opportunity for the highest state of improvement from the great quantity of shells, that may be obtained, with little expense. The improvements on the farm are excellent and rarely exceeded. Indeed the establishment, take it altogether is a most desirable one, and any gentleman desirous of a residence on salt-water, will find that this combines as many essentials to comfort and luxury, as can well be obtained. There are other farms embraced by the above tracts, very convenient to navigation and in which profitable investments may be made. The wood and timber also on other tracts afford an opportunity for speculation. Persons are invited to go and examine the property. These lands are sold for the purpose of division amongst the parties entitled, and clear of the widow's right of dower.

The terms of sale are one fourth cash on the day of sale and the residue on a credit of 6 12 18 & 24 months, with interest from the day of sale to be secured by bond, with surities to be approved by the trustee.

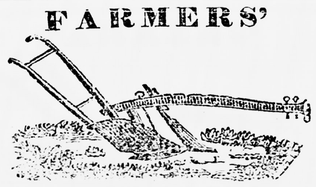
FARMERS'

PLOUGHS



PLOUGHS

FOUNDRY.

THE Subscribers grateful for the patronage heretofore received, beg leave respectfully to inform their friends and the public generally, that they now have on hand and are daily manufacturing the most approved

WHEAT MACHINES,

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity* and *strength*, which will enable us to *warrant* them with perfect safety. Notwithstanding there are numerous Machines used in this county, it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They would also call the attention of the public to their extensive assortment of

PLOUGHS',

Plough Castings—Mill Castings, &c.

Their assortment of Ploughs embraces a great variety, viz:

Winan's Self Sharpener,	Beach Improved,
Davis, - - -	Bernard, - -
Sinclare & Moore,	Coulter, - -
Chenowith, -	Wiley, - -
Beach, - -	Patent Cycloidal Plough,

The merits of most of the above Ploughs are already well known: but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore as a valuable acquisition to the Farmer. The Patent Cycloidal, in 1842, took the first premium at the Agricultural Exhibition, near Govanstown, Baltimore county, Md., over numerous competitors, comprising some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

CASTING & WROUGHT WORK

of every description at the shortest notice, and at city prices. We respectfully solicit the patronage of the public and invite them to an examination of our stock.

HUSSEY & HOPKINS.

N. B.—Persons having machines to repair will please bring them in as early in the spring as possible, so as to give full time to do the work in a proper manner.

Notice.

THE late Sheriff & Collector, John H. Hodges, Esq., having transferred to my books all the accounts due him in Cambridge District, I hereby give notice that I shall proceed without delay to close up his business in said district. All those indebted to him for officers fees, county charges, or direct taxes, having frequently been requested to settle the same, are now informed that the time for all indulgence is past and that those who do not come forward and settle without any further notice will find themselves very disagreeably situated. It is very unpleasant to the Sheriff as his long forbearance has shown, but self preservation is the first law of nature. So I tell you tax-payers, look out for yourselves.

HANCE'S SARSAPARILLA, VEGETABLE, OR BLOOD PILLS, for the promotion of Health and the purification of the Blood.

WHAT IS LIFE?—THE BLOOD.

When the blood becomes impure or imperfectly circulated, it gives rise to the following diseases.

LIVER COMPLAINT,

When the blood (in an impure state,) in traversing the body deposites its impurities on the liver, it gives rise to liver complaint, the principal symptoms of which are a bilious hue of the skin,—with dull, heavy, and wandering pains about the right side, shoulder & back; by a loss of appetite, indigestion, occasional fevers, difficulty of breathing, extreme debility, and many times with a *cough*, resembling *consumption*. This disease has long been amongst the most uncertain objects of medical skill, and, being nearly allied to pulmonary consumption, is very difficult of cure; owing also to the uncertainty which attends the use of medicines in this disease, it is generally allowed to take its own course unmolested. A few boxes of

HANCE'S SARSAPARILLA PILLS,

tihen to purify the blood and purge away the impurities, will in all cases give immediate relief.

CUTANEOUS DISEASES,

By the term is meant diseases of the skin, which always arise from some derangement of the blood, thereby causing eruptions, pimples, blotches, and excessive heat of the blood, accompanied by a violent itching of the skin.

HANCE'S SARSAPARILLA PILLS,

If taken according to the directions for purifying the blood, will effect a cure in a very short time.

SINGING IN THE EARS.

When impurities from the blood become deposited on the drum of the ear, it causes a peculiar sound in the head, commonly known as "singing in the ears;" a few boxes of

HANCE'S SARSAPARILLA PILLS,

will cure the most obstinate cases.

DIMNESS OF VISION OR SIGHT

Is occasioned by the impurities existing in the blood becoming deposited around the eyeballs.

HEADACH AND SINGING OF THE HEAD.

These diseases are caused by impure depositions of the blood settling on the brain.

HANCE'S SARSAPARILLA PILLS

will in all cases effect a radical cure.

In purchasing these pills, let me add one word of caution, always ask for Hance's Pills, and purchase of none but those advertised as agents, and if convenient, call and see the proprietor himself. Price 25 cts. per box for Hance's Genuine Pills. For sale by Seth S. Hance, corner of *Charles and Pratt sts.*, and by
THOS. M. FLINT, *Cambridge.*

LAND FOR SALE.

THE subscriber will sell at private sale that tract of land called "Bachelor's Forest," purchased by Camillus Kidder from the heirs of Lot Warfield. The above land lies in Vienna district, and joins Thomas Hodson's land on one side and Alexander Sherman's on the other, fronting on the road from Vienna to New Market, being covered or nearly so with white and red oak timber.

The low price at which it will be disposed of, (it is believed,) offers a safe investment to any person who is desirous of investing money in lands. The terms of payment will be liberal to a responsible purchaser, and the present owners will not object to taking a bay vessel in payment. Apply to Camillus Kidder, No. 88 Bowly's wharf Baltimore, or to
CHARLES L. CHAPLAIN,
Cambridge.

HANCE'S COMPOUND SYRUP OF HOARHOUND,

FOR THE CURE OF

Coughs, Colds, Consumptions, Bronchitis, Asthma, Spitting of Blood, Pain and Oppression of the Breast, and all Diseases arising from a Disordered condition of the Lungs.

Perhaps there is no Medical Observation better established, and none more generally confirmed by experience of the best Physicians of all ages in all countries, than the Fact, that many of the most difficult and incurable Consumptions originate in neglected colds. In a climate so variable as ours, where the changes of weather are frequently sudden and unexpected, it requires more care and attention to guard against this dangerous enemy to human life, than most persons are able and willing to bestow. The bills of mortality exhibit the alarming and melancholly fact, that the number of deaths by this disease are as five to one. Inasmuch then as this fatal disease is increasing, and spreading so widely and fearfully, and bidding defiance often to the combined skill of the most eminent physicians, it is a gratification to the subscriber to be enabled to offer to all of consumptive habits, or those afflicted with distressing pains in the side or breast, or any affection of the breast or lungs, a reasonable and almost certain prospect of relief.

The Compound Syrup of Hearhound

Is a medicine suitable to persons of all ages and sexes; and if taken on the appearance of the first symptoms, which are a *cough* or *pain* in the *breast*, will, in nine cases out of ten, afford relief, and effect a speedy cure.

CONSUMPTION.

Consumption is one of the most common and fatal diseases. Its fatality is owing in a great degree to the inattention with which its first symptoms are regarded, and in part to not understanding the nature of those symtoms and the best remedy for them. Experience and observation have proved that those complaints which usually terminate in consumption, might in very many cases be removed by early and proper attention. Thousands of lives, some of them highly valuable and useful to society, might be saved, the decrees of Providence permitting, if the first approaches of consumption were correctly understood and judiciously treated.—Drs. Arbuthnot, Buchan, and others reckon one-tenth of the whole number of deaths in Great Britain to be from Consumption; or about fifty-five thousand annually. In the cold and variable climate of the United States the amount is quite as great.

COLLECTOR'S NOTICE.

I hereby notify all whom it may concern, that after the first day of January 1844, interest will be charged upon all accounts of county charge, direct tax, or officer's fees due for the year 1843. Persons having money by them would save the interest by promptly paying their accounts. I have heretofore urged upon the people the propriety and even necessity of an early settlement of their taxes. Upon this subject I have no discretion. The law has prescribed the days that I must settle with the Treasurer of Maryland, and if I fail to comply with the terms of the law, my bond may be put in suit. I regret very much that I have been disappointed in the effects of the different appeals I have made to the people upon this subject, and hope that they will no longer delay in calling promptly upon me, & settling their taxes. Such a course would afford me great satisfaction, and prevent a deal of trouble both to themselves & to me. Bear it always in mind that the taxes must be paid, and that if they are not paid voluntarily, the strong arm of the law will have to coerce payment.

WM. B. DAIL, Collector.

HANCE'S SARSAPARILLA, VEGETABLE, OR BLOOD PILLS,

FOR PURIFYING THE BLOOD,

removing bile,
correcting disorders
of the stomach and bowels,

in the head, &c. Persons of a full habit who
are subject to *HEADACHE, GIDDINESS, DROWSINESS AND SINGING IN THE EARS,*
arising from too great a flow of blood
to the head, should never be without them, as many dangerous symptoms will be
entirely carried off by their immediate use.

As a pleasant, safe, easy aperient, they unite the recommendation of a mild operation with the most successful effect, and require no restraint of diet or confinement during their use. By regulating the dose according to the age and strength of the patient, they become suitable for every case, in either sex, that can be required; and for elderly people, they will be found to be the most comfortable medicine hitherto prepared.

NATURE'S OWN PRESCRIPION,

In that form of *Consumption* so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.
