bounding on the said line to the end thereof thence North eighty
six degrees East three fourths of a perch still bounding on the Hawks
Nest as follows viz South twenty four degrees East one Hundred
and twenty one perches North Seventy seven Degrees west Sixty
eight perches South Twenty eight degrees west thirty eight
perches South Seventeen degrees East Fifty nine and a half
perches until it Intersects the South Sixty one degrees East thirty
six perches line of Marys Victory then bounding on said Land
line to the end thereof South Sixty one degrees East thirty three
perches still bounding as aforesaid South Nineteen degrees west four
and a half perches until it Intersects the South sixty one degrees
East thirty six perches line of the Hawks Nest then bounding on
the said Line to the end thereof South Sixty one degrees East
Seven perches then South Sixty three and a half degrees East

sixty

sixty nine and a half perches until it Intersects the North twenty
eight perches Line of Marys Victory at the distance of ten perches
from the begining of said line then bounding on said line to
the end thereof North Eighteen perches South forty three Degrees East ten
a half perches until it intersects a Tract of Land called Dorseys Industry
then bounding on said Land North five degrees East Seventeen perches
South Forty three degrees East forty five perches until it Intersects the
North five degrees East sixty perches line of Marys Victory then bounding
on said line to the end thereof North five degrees East Forty three
and three Quarters perches still bounding as aforesaid North seventeen
degrees East sixty perches North twenty four degrees west Forty perches
South Sixty nine degrees west Forty perches North twenty four degrees
west Seventy four perches then leaving the outlines North Sixty eight
Degrees West thirty six perches North twenty degrees west twenty six
perches South eighty one degrees East twenty six perches North Sixty
three Degrees East forty perches North thirty seven degrees East thirty
four perches North Sixty five degrees East Sixty four perches North
Nine and a half degrees east Seventeen perches North twenty Nine
and a half degrees East three perches North Sixteen and a half degrees west
Forty perches East thirty eight perches South fifty two degrees
East Eighty perches South Seventy five and a half degrees west
twenty perches South twenty degrees East twenty four perches
South sixty four degrees East thirty perches North forty four degrees
East thirty eight perches North Sixty seven degrees west forty perches
South Sixty degrees west five perches North fifty two degrees west
Eighty perches west thirty five perches North five and a half
degrees west three and a half perches to the end of the South
Eighty seven degrees west Seventy perches line of a tract of
Land called Jews Venture then bounding on said land North
two Degrees west fourteen perches North
fifty degrees East three perches until it Intersects the South
fifty five degrees East One hundred and twenty five perches
line of Marys promise then bounding on said line Reversly
North Fifty five degrees west Eighty six perches until it Intersects
the aforesaid Absalons Chance thence with a Straight line to the
begining bounded tree Containing and laid out for two hundred
Acres of Land be the same more or Less together with all
and Singular the buildings Improvements ways waters water
courses Emoluments Advantages Rights liberties privildges &
