as a defaulter, or a large portion of it, was advanced to the Texans with the privity and consent of the "greatest and best" himself. We make no assertion upon the subject—But "we know what we know"—and we advise the government organs to be cautious. The administration very well knows that we have a little bird in keeping, that sometimes divulges in our ear "the secrets of the King's bed chamber."

Mock Tragedy.—The Hamilton, Tenn. Gazette, relates the proceedings connected with the condemnation and pardon of a regular soldier of Gen. Scott's army in the Cherokee country. He was a private in the 3rd artillery, and had been found guilty by a Court Martial, of violation of the ninth article of the rules of war: the sentence, death by shooting.—The President, however granted a reprieve, but the commanding officer of the regiment had him led out, at the Agency, at the hour appointed by the court Martial.

Before a large concourse of people, he was solemnly conducted to an open grave, beside which was placed a coffin. The expected victim was made to kneel down and submit to a white cap over his eyes. Twelve armed men in a file were drawn within a few paces, and the usual signal of the sword given by the officer to fire!

But lo! the victim escaped unscathed, to the great mistification of all present except three acting officers of the day. The scene closed with the reading of the President's reprieve, and an order to the subject of his mercy to quit the army.

The Louisville Journal expresses more than usual happiness in being able to inform its readers, upon the authority of an eye witness, that "Dr. Duncan, the notorious bully, was well whipped, last week, at the Cincinnati Races, by a son of Morgan Nevill. The Doctor to his praise be it said, bore the whipping like a Christian philosopher."

THE AMERICAN SILK GROWER, AND FARMER'S MANUAL:

Embellished with Appropriate Engravings:

Edited by

Ward Cheny & Brothers,
Burlington, N. J.

And Published by

Charles Alexander, Philadelphia.

THE first number of this highly important and valuable work is now ready for delivery to subscribers,—we beg leave respectfully to call the attention of our citizens to the praiseworthy objects it has in view, and for the promotion of which it has been put in operation.

There has not probably heretofore been a time when the attention of the people of this country was as much engaged on the subject of the Silk culture as at present, nor a time when those who have already embarked in this business felt such entire confidence not only that liberal profits may be derived from it, but also in their ability to produce as good silk as can be procured in any part of the world. It is believed that all that is now wanting to fully establish the great interests in this country, with all its vast advantages, is but the dissemination of plain practical information concerning it! and convince our citizens of what we know to be true, viz: that there is no more difficulty in raisin a crop of silk, than there is in procuring a crop of grain—the capital thus bestowed yields a far greater return than can be obtained from any other branch of husbandry.—The editors have long been engaged in the silk culture, and intend hereafter to give thir entire attention to it—they have an extensive arrangement for feeding the silk worms and cultivating that invaluable species of mulberry tree, the Morus Multicaulis. And from their long experience in the occupation and extensive correspondence with silk growers, they believe they may say without ostentation that they shall be able to make the American Silk Grower, useful and entertaining, and to communicate through its pages information as valuable respecting every branch of the silk business, as can be elsewhere obtained in the United States. A portion of the work will be devoted to noting such improvements of Agriculture and such matters as are generally useful to the cultivators of the soil.

The proprietors respectfully solicit contributions on Agricultural subjects generally; and also the silk growing business in particular. Address the editors Ward Cheny & Brothers, Burlington, N. Jersey.

The work will be published monthly; every number containin 24 large octavo pages, with the addition of a cover for advertisements &c. and at the end of each volume a complete table of contents will be furnished to subscribers. Terms $1, a year, payable in advance, for single subscribers. 20 subscribers will be supplied a whole year by forwarding a current $10 bill free of postage.

All orders for the work, postage paid, will be promptly attended to, if addressed to the publisher Charles Alexander, Athenian buildings Franklin Place, Philadelphia.

Citizens, Silk Growers, Agriculturalists, and others who wish to procure this work from the present time will please forward their names and the amount of subscription.

Messrs. Editors—

The election being now over, it will soon be time for us to turn our attention to the next Sheriffalty in our county.

As there has already been two persons named in your paper as candidates for that office, and as I presume the claims of each candidate will be sudmitted to a county convention, you will permit me to add to the list, the name of an individual who stands high in the estimation of his fellow citizens, and, who, I believe is well qualified to fill the office of Sheriff. Capt. John H. Hodson, would, I am sure, abide the decision of a county convention, and if nominated would receive the support of a

Great excitement in BOSTON.

TREMBLING AMONG THE MEDICAL FACULTY!!!

We learn that the distinguished Dr. Watson, 276, Washington street, and Dr. S. C. Hewett, the celebrated bone-setter, 297 Washington street, (two of the most skillful practitioners in Boston,) have witnessed the happy effects of Goelicke's Matchless Sanative in several cases which have come under their observation, have given the general Agent of this great modern medicine, permission to refer to them through the public journals. It is with pleasure, we notice such acts of disinterested benevolence, and this noble generosity of Drs. H. and W. bespeak their genuine philanthropy.

We understand, Dr. Watson is of the opinion, that as the Sanative has created such a tremendous excitement among the Medical Faculty, it must be something extraordinary and far superior to the common nostrums of the day—and there cannot be a doubt, but when the virtues of this great specific shall be duly appreciated by Physicians, they will frankly acknowledge it to be the most valuable addition which has been made to the Materia Medica since the days of Hippocrates.

We further learn that the General Agent of the Sanative has the liberty to refer his fellow citizens to Dr. Hewet, for two very interesting cases which came within the knowledge of the Doctor. One of the cures as we learn, was effected upon a young lady afflicted with "Lumbar Abscess"—and so serious was her complaint, that she was unable to submit to Dr. H's usual mode of treatment in such cases. He advised her to try the Sanative, she did so. and before taking one phial, was entirely cured and not a vestige of her disease remains!! Another, a gentleman aged 45, pronounced by all who knew him to be in a 'confirmed CONSUMPTION,' was wonderfully restored to health by the use of only one phial of the Sanative—and he is now well and about his daily business as usual!

We think the open and candid course pursued by Dr's. Watson and Hewett richly entitle them to the lasting gratitude of the public—although they may have the whole phalanx of the Medical Faculty pouncing upon them.

After reading the above, and the following extracts from letters* addressed to Dr. Rowland, by his agents, who can for a moment doubt the powers of the mighty Sanative?

Amherst, N. H. Jan. 1 1838.

Dr. Rowland—I sold a phial of the Matchless Sanative to a gentleman who was in a *Confirmed Consumption*, pronounced PAST ANY RELIEF and confined to his room—he had settled his affairs and prepared to meet his fate. He has not taken a whole bottle, and says his health is perfect, that he is entirely well, and imputes the cure to the *Sanative* and to nothing else. Many others who have taken it make similar statements.

Yours respectfully, &c.
THOMAS M. BENDER.

Orland Post Office, Maine, March 30, 1838.

Dear Sir—The Matchless Sanative has had a wonderful effect in several cases in this town. I sold a phial to a man who had been sick with Consumptive and Rheumatic complaints for 4 or 5 years, and who was unable to *dress himself* when he commenced taking it. He has recently sent me word that he felt quite well, could dress himself without any trouble, and thinks he shall wholly recover.

Yours, in haste,
R. TRUSSEL, P. M.

Rush Post Office, Monroe Co. N. Y. March 14, 1838.

Dear Sir—In 48 hours after I received the package of Sanative, I sold *all* of it—and have come to the conclusion that it must be all that it is recommended to be. It is sufficient to say, that the benefit derived from a short use of it, has convinced the most *prejudiced* of its utility. The enclosed money you will pass to my account, and I wish you to send me more of the Sanative as soon as convenient.

Respectfully, &c.
JOHN B. CROSBY, P. M.

Haverhill, Mass. March 26, 1838.

Dear Sir—Numerous cases have come to my knowledge in which the Sanative has proved very beneficial—and *one* case in particular, in which it performed a *wonder*. I can procure you a good certificate from the patient if you wish. Please credit me with the enclosed money, and forward me more of the Sanative by the bearer.

Yours truly,
THOS. G. FARNSWORTH.

Cornwall Post Office, Vt. April 6, 1838.

Dear Sir—The Matchless Sanative very *highly esteemed* in this quarter, and is getting into general use.

Yours &c.
SAMUEL EVERTS, P. M.

Westfield Post Office, N. Y. Feb 16, 1838.

Dear Sir—Several pressing cases demand the Sanative at whatever expense it can be sent to me. It has effected some astonishing cures already, and I cannot *wait* for the package you say is on the way. I wish you would send me half a dozen phials by MAIL and I will put the extra price of postage, on the Sanative. Dont fail to send by the mail, as it will come by weight at $1 per ounce as postage, and I shall expect it in 12 days from date.

Yours, &c.
ORRIS NICHOLS, P. M.

Hartford, Ct. April 12, 1838.

Dear Sir—My daughter, who had a distressing cough, raised a great deal of matter, and who was afflicted with *palpitation of the heart*, has taken a phial of the Sanative and is now WELL. Others also bear testimony to its good effects.

Yours respectfully,
C. R COMSTOCK.

Plymouth, Mass. Feb. 6, 1838.

Daar Sir—I have abundance of matter to tell you concerning the Sanative, where it has performed cures when those who have bought it, had scarcely any faith in its efficacy. We have one person now able to attend to her domestic concerns, who was at the time she commenced taking it, confined to her chamber and *prostrated on her bed*. I will tell you more when I see you.

Respectfully, &c.
ISAAC B. RICH.

Beaver Post Office, Pa. March 1, 1838.

Dear Sir—Since I last wrote you, I have seen several persons who have been using the Sanative, and in *every case* it has proved itself, worthy the *name* it bears. A young man, Robert McIlhery had been wasting away in a *seated consumption* for the last two years—and by using this medicine about six weeks, his cough, pains, &c. left him entirely, and he is now so well as to be about his ordinary business.

Indeed sir, from the rapidity of the sales, the value of the Sanative may be safely determined. I am wholly out, have daily calls for it, and wish you would forward me more as soon as possible.

Yours, &c.
A. LOGAN, P. M.

From the Postmaster of Claremont, N. H.

"☞The above powerful and invaluable medicine is doing wonders in this section of the country, as well as in others. Applications for it have been made in various places in this vicinity. A young lady in this town has been restored from a consumption and confirmed in health by the use of it—No mistake. She had been visited by various physicians, but all to no purpose. *One phial* of this medicine *produced the long desired effect.*

A few more bottles of this efficacious medicine may be found at the Post Office if applied for soon. J. NYE.

Sole Agent for Claremont.

Claremont, April 27, 1838."

From Timothy George, Esq. Orrington Me.

"My wife has been considered of a consumptive habit for two years, attended with a severe cough, but has always or generally attended to her domestic concerns until the forepart of last winter, when she had a sudden and severe attack of pain in her side, and distressed for breath. I immediately called upon one of our best Physicians, who attended carefully upon her, and I was well satisfied with his treatment of her case, though her distress was partially alleviated, there was no hope of her recovery, her Doctor told her that she had the consumption, and that her LEFT LUNG WAS PARTIALLY CONSUMED, and seemed to despair of her recovery, as well as myself; we calculated she could not continue but a short time, he left her nothing but sleeping powder to command her rest, when providentially I fell in with those Sanative Drops, and though she was altogether faithless the first drop she took gave her some relief, she continued taking them exactly according to the directions, her appetite was soon restored to a child's appetite, and she continued gradually to recover so that I do not know but *her health is now as good as it has been since we married, say ten years*

N. B. She took about one and one half bottles when she called herself *well.*

HEAR YE!

THE MATCHLESS SANATIVE (sold by DUTTON, CLARK, & CO., Agents for Battleboro' Vt.) has effected many cures of diseases so obstinate as to resist the skill of Physicians and the power of other remedies. The following are a few of the Testimonials of the efficacy of this medicine, which they now cheerfully lay before the public. Many more individuals can be referred to by them as having been greatly benefited by using the Sanative.

Certificate from Thos. Crosby of Brattleboro.

This certifies that my daughter has for a long time been in a decline, and has tried many medicines without effect. She has made use of the Matchless Sanative, which has greatly relieved her. It restored her appetite and sleep, which she had not before enjoyed for a long time. I would cheerfully recommend to all suffering with consumptive complaints.

THOMAS CROSBY.

Brattleboro, March 13, 1838.

Certificate from Henry Clark, Esq. of Brattleboro.

This certifies that I had suffered for many months from an obstinate cough which resisted a great variety of medicines, until I used a bottle of the *Matchless Sanative*, which removed it *entirely* in the course of two or three weeks and restored me to excellent health.

HENRY CLARK.

Brattleboro, March 12th, 1838.

Certificate from Samuel Cutting, E. Guilford, Vt.

I, Samuel Cutting, of Guilford, Vt. would certify that I have suffered for more than two years past from a severe lung complaint, attended with severe pain in my side and back, and with general debility. I have used a great variety of medicines from various Physicians in this vicinity, and received advice from the most eminent Physicians of Boston, without the least benefit. I am now using the last bottle of the *Matchless Sanative*, which medicine has *greatly* relieved me. The pain in my side is comparatively well, and my strength has gained very much. I feel confident that the *Sanative alone* has afforded me the relief, and I would cheerfully recommend it to all who are suffering with lung complaints, and advise them to try the medicine without delay.

SAMUEL CUTTING.

Guilford, March 19, 1838.

The above medicine is for sale by D. S. ROWLAND, General Agent, 188 Washington street, Boston, *where numerous letters certifying to the good effects of the medicine may be seen.* Also, sold by most of the Postmasters in America. Price three and one third rix dollars ($2,50) per half ounce.

AGENTS WILL PLEASE HAVE THE ABOVE INSERTED (*one month inside and two months outside,*) IN THE PAPERS PUBLISHED IN THEIR TOWNS—STATING THEIR AGENCY AT THE BOTTOM.
