DR. W. EVANS'S

CELEBRATED FEVER AND AGUE PILLS.

THIS widely-extended and most admirable Remedy for Fever and Ague, and other Fevers, which has already rendered such benefit, and proved a sure and speedy cure for the above-named disorders, is particularly recommended to public notice.

On first feeling the premonitory symptoms occur, it is advisable at once to clear thoroughly the stomach and bowels. In no way can this be better and less inconveniently effected, than by taking a few doses of

Dr. Evans's Purifying Pills

the value and well-authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receivingwith benefit

The Invigorating & Strengthening PILLS.

DIRECTIONS ARE AS FOLLOWS:

Take four of the Purifying Pills on the first accession of Fever, and continue the same number every other night, till with the additional use of Invigorating Pills, a permanent cure is obtained.

Take three of the Invigorating Pills in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞The attacks usually occur every other day.

Price One Dollar a pack, containing both kinds of Pills.

Sold at Dr. EVANS'S Medical Establishment,
100 CHATHAM STREET, N. Y.,
And by his authorized Agents throughout the Union.

A REAL BLESSING TO MOTHERS.

Dr. W. Evans's Celebrated Soothing Syrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the children will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores.—Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ENVIABLE DISTINCTION.

In the midst of a general, and in many instances not unfounded prejudiced against many of the medical remedies of the day, DR. W. EVANS' Pills have the enviable distinction of an universal approbation. They are perhaps the only medicine publicly advertised, that has the full and unreserved testimony of medical men in its favor; if not the only one which gives full satisfaction to its purchasers. DR. W. EVANS has the satisfaction of knowing that the Camomile or Tonic Pills are not only regularly recommended and prescribed by the most experienced physicians in their daily practice but also taken by those gentlemen themselves, whenever they feel the symptoms of these diseases in which they know them to be efficacious. He knows this to be generally the case in New York, Philadelphia, Albany, Boston, and other lage cities in which they have an extensive sale. That they should thus conquer professional prejudice and interested opposition, and secure the agency of the most eminent and best informed physicians in the country to render them useful to all classes, can only be fairly ascribed to their undeniable and preeminent virtues.

Enviable, however, as this distinction is, it can easily be accounted for from the intrinsic and peculiar properties of the medicine itself. It does not pretend to too much, and it accomplishes all that it promises. Dr. W. Evans does not pretend, for instance, that either his Camomile or Aperient Pills will cure all diseases by merely purifying the blood, but he certainly does pretend, and has the authority of daily proofs for positively asserting that these medicines, taken as recommended, will cure a great majority of the diseases of the Stomach, Lungs and the Liver by which impurity of the blood is occasioned. The blood is made from the contents of the stomach; has its red color and vitally given it by the action of the lungs, and as it performs its duty in circulating through the veins and arteries, has its yellow billious or excrement, which may be termed its refuse or worn out sediment, collected and discharged by the liver. These viscrea, then, are the anatomical mechanism or apparatus by which the blood is manufactured and preserved; and it is therefore obvious that the state of these should be the first consideration of the physician. Now there are various causes that will effect and derange these organs with which the blood has nothing whatever to do.—Thus the stomach may be utterly debilitated in one moment, by affright, grief, disappointment, heat of the weather, or any other nervous action, and be wholly unable to digest its food. Is the blood to blame for this? A nervous action of long continuance will produce settled dyspepsis, with hesdache, bile, mental and physical debility, and a funeral retinue of other evils. Is the blood to blame for this? Intemperance, by inflaming the coats of the stomach, and leaving it in flaccid prostrate weakness; and an undue quantity and continuance of purgative medicines by producing the same effects, will put this organ almost out of use for digesting wholesome solid food, and thus impoverish the blood and the whole system.—Is the blood to blame for this? Again with regard to the lungs, it is well known that a slight cold, occasioned by damp feet, or by a current of air, will inflame the bronchn, all down through the branching air tube of the lungs, and create either excessive mucus, or that dreadfully insidious disease consumption with pustulus and suppuration of the lobes, which though timely remedies may prevent, no earthly skill can cure. Is the blood of the fair and blooming victim to blame for this? So the liver, when climate, sedentary habits, intemperance, or other prostrating causes have withered it away or paralizes it with distention, becomes unable to carry off the bile from the circulation, and instead of discharging it through the gall bladder, leaves it to come through the skin in jaundiced and shallow fluids, and to rush upon the stomach in irregular and excessive quantities. Is the unfortunate blood to blame for this? No; these vital organs are never affected by the blood, until after the blood has been affected by them; they are its makers and masters, and it is merely their work and their passive agent.

Knowing this to be a sound and demonstrated fact in science and experience, Dr. W. Evans' system of practice is in faithful accordance with it. He aims to keep the stomach, the lungs, and the liver in vigorous and regular action, as the three great fountains of health and life. For this purpose he prescribes his beautifully efficacious Aperient Pills (acknowledged by medical men who have analyzed and recommended them, to be equal to any in the world) in cases which reqire the cleansing of the stomach and bowels; and his celebrated Camomile or Tonic Pills. in cases of nervous irritablilty, stomach weakness, or general debility. A vast majority of human diseases having their origin in the general sympathy of the principle viscra with the nervous system, he thus seeks disease in the most subtle fibres of its roots, instead of vainly hoping to extirpate it by plucking off its leaves and more distant branches. His Aperient Pills, will do all that purgative medicine can do, that is, thoroughly cleanse the stomach and bowels: and his Camomile or Tonic Pills, combining as they also do, the most delightful Abodyne known in medicine, will do, or have done, and are continually doing more to strengthen, restore, and sustain the human constitution than any other medicine that has yet been discoverd. Of this he has inumerable proofs, and this no man can deny without falsehood.

These medicines, which can be purchased either together or separately, are confidently recommended for the following complaint; and directions for use accompany them:—Dyspepsis, in all its forms; Billious and Liver affections, in every stage and degree; female sickness, more particularly the causes incident to mothers, Finor Albus; Fever and Ague; Incipient Consumptions or Declines, whether of Liver or Lungs; Headache and Giddiness; Loss of appetite; Nerveus Tremors; Inebriation or Delirium Tremors; Spasmodic Affections of all kinds: Rheumatism, whether Chronic or Inflamatory; Nervous and Billious fevers, of every variety; Scrofuls; Salt Rheum, and all bletebes, bad impure complexions of the skin; Restlessness at night and daily irritability and melancholy; the Summer Complaint and Cholera Morbus, or Diarhœa in grown persons, Worms and Flatulency, with bad breath; Chlorosis, and Palpitations of the Heart or Head; Changes of Female Constitution; and for impaired and disorganized constitutions in either sex, which have not been permanently relieved by any other medicines. A single trial of Dr. W. EVANS' MEDICINES in any of these cases will produce suh effects as will indicate their incomparable superiority, and induce such a use of them as will ensure a speedy and unquestionable cure. The purchaser, however, should be careful to get them genuine at Dr. W. EVANS' OFFICE, No. 100 Chatham St. New York, or of any of his authorized Agents, as all others are base and ignorant impositions. For further particulars he respectfully requests the public to peruse his other advertisements and medical papers, which may be depended upon for their strict and acknowledged truth.

CERTIFICATES.

☞MORE CONVULSIVE POWERS of the extraordinary efficacy of Dr. WM. EVANS' celebrated CAMOMILE and APERIENT ANTI-BILIOUS PILLS, in alleviating afflicted mankind.—Mr. Robert Cameron, 101 Cowery. Disease, Chronic Dysentery, or Bloody Flux. Symptoms, unusual flatulency in the bowels, severe griping, frequent inclination to go to stool, tenesmus, loss of appetite, nausea, vomiting, frequency of pulse, and a frequent discharge of peculiarly fœtid matter, mixed with blood, great debility, sense of burning heat, with an intolerable bearing down of the parts. Mr. Cameron is enjoying perfect health, and returned his sincere thanks for the extraordinary benefit he had received.

☞ASTHMA, THREE YEARS STANDING.——Mr. Robert Monroe, Schuylkill afflicted with the above distressing malady. Symptoms Great langour, flatulency, disturbed rest, nervous headache, difficulty of breathing, tightness and strictures across the breast, dizziness, nervous irritibility and restlessness, could not lie in a horizontal position without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe, gave up every thought of recovery, and dire despair sat on the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans' Medicine in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

☞LIVER COMPLAINT, TEN YEARS' STANDING.— Mrs. Hannah Browne, wife of Joseph Browne, North Sixth st. near Second st. Williamsburg, afflicted for the last ten years with liver Complaint, restored to health through the treatment of Dr. Wm. Evans. Symptoms: Habitual constipation of the bowels, total loss of appetite, eperutiating pain of the edigastric region, groat despression of spirits, langour and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, could not lie on her left side without an aggravation of the pain, urine high colored, with other symptoms indicating great derangement of he functions of the liver.

Mrs! Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Browne procured some of Dr. Wm. Evans' invaluable preparations, which effectually relieved her of the above distressing symptoms, with others, which it is not essential to intimate.

A CASE OF TIC DOLOREUX.

Mrs. J. E. Johnson, wife of Capt. Joseph Johnson, of Lynn, Mass. was severely afflicted for ten years with Tic Doloreux, violent pain in her head, and vomiting, with a burning heat in the stomach, and unable to leave her room. She could find no relief from the advice of several physicians, nor from medicines of any kind, until after she had commenced ustng Dr. Evans' medicine, of 100 Chatham street, and from that time she began to amend, and feels satisfied if she continue the medicine a few days longer, will be perfectly cured. Reference can be had as to the truth of the above, by calling at Mrs. Johnson's daughter's Store, 389 Grand st. N. Y.

PARALYTIC RHEUMATISM.

A perfect cure effected by the treatment of Dr. W. Evans. Mr. John Gibson, of North Fourth street, Williamsburg, afflicted with the above complaint for three years and nine months during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, that especially in the hip, shoulder, knees and ankles; an aggravation of the pain towards night; and for she most part all times from the external heat, in obvious thickening of the fasbia and ligaments, with a complete loss of muscular power. For the benefit of these afflicted in a similar manner, Mr. Gibson conceiving it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

Mrs. Anne F. Kenny, No. 113 Lowis street between Stanton and Houston sts., afflicted for ten years with the following distressing symptoms:—Acid eructation, daily spasmotic pains in the head, loss of appetite, palpitation of her heart, giddiness and dimness of sight, could not lie on her right side, disturbed rest, utter inability of engaging in any thing that demanded vigour or courage, sometimes a visionary idea of an aggravation of her disease, a whimsical aversion to particular persons and places, groundless apprehensions of personal danger and poverty, an irksemeness and weariness of life, discontented, disquietude on every slight occasion, she conceived she could neither die nor live; she wept, lomented, desponded, and thought she led a most miseroble life, never was any one so bad, with frequent menta hallucinations.

Mr. Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even temporary alleviation of her distressing state, till her husband persuaded her to make trial of my mode of treatment.

She is now quite relieved, and finds herself not only capable of attending to her domestic affairs, but avows that she enjoys as good health at present as she did at any period of her existence.

J Kenny, husband of the aforesaid Anne Kenny.

Sworn before me, the 14th day of December 1836.

Peter Pinckney, Com. of Deeds.

☞A Letter from Mr. Sheldon P. Gilbert, to Dr. Wm. Evans, proprieter of the celebrated Camomile Pills:

Dear Sir—Had tge immortal Cowper known the medical qualities of the Camomile Plant, he as well as thousand since (besides myself.) would have experienced its wonderful effects on the nervous system. The pubtic utility of Cowper was blighted in the bud, thro' the natural effect of his nervous debility upon the mental powers, which made it necessary for him to seek relief beneath the rural shade, but the calm retreat gave his physical nature no repose. If some one had known the secret of concentrating the medical virtues of Camomile, the discoverer would have been immortalized with poetic zeal as the benefactor of suffering man.

The above lines were prompted from the effect I have experienced from Dr. Wm. Eaans' Camomile Pills.

Yours, with esteem,

Sheldon P. Gilbert.

Durham, Green Co., N. Y.

☞Another recent test of the unrivalled virtue of Dr. Wm. Evans' Medicines.—DYSPEPSIA TEN YEARS STAMDING.—Mr. J. McKenzie, 176 Stanton street, was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr. Wm. Evans.

The symptoms were—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite, giddiness, palpitation of the heart, great debility and emancipation, depression, depression of spirits, disturbed rest, sometimes a billious vomiting, and pain in the right side, an extreme degree of langour and faintness; and endeavour to pursue his business causing immediate exhaustion and weariness.

Mr. McKenzie is daily attending his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He restored to myriads of remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the inestimable benefit rendered to him by the use of Dr. Wm. Evans' medicine.
