TO THE PUBLIC.

THE LAWS OF NATURE.

It is an admitted fact that nature has provided specific remedy (in the Vegetable Kingdom) for every disease that "flesh is heir to"—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore health but experience has taught us that when the various roots and plants which constitute those remedies have been for a long time gathered from their native soil transported across the seas, dried in the suns of many summers, and withered by the frosts of many winters their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—hence arises the nausea, griping, and miserable sensations after taking badly prepared and impure medicine.

But Science, whose noblest work is to alleviate the sufferings of human nature, has enabled the proprietor of

STAINBURN'S

—VEGETABLE EXTRACT PILLS—

To extract, by means of new scientific machinery, all the medicinal virtues, in their purest and original form from the remedies nature has given for the use of man without any of those inert portions which irritate and annoy the system. Thus forming Nature's true remedy, pure, perfect, and original.

Stainburn's Vegetable Extract Pills are made of *twenty seven pure vegetable extracts*, and these extracts are obtained by new scientific machinery, without boiling. The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from powders) whether vegetable or mineral, have *after effects* often dangerous in their nature, always unpleasant by their action on the system, and in many cases leaving the various organs in the body in a worse state than before their use.

These Pills, from their purity of composition, being

MADE ENTIRELY OF EXTRACTS,

cure at once, by purging from the system all acrimonious humors, thereby purifying the blood and fluids; and by repairing and strengthening the digestive organs give tone to the nervous system, and energy to the mind.

They do not leave those who take them costive, as is too often the case with ANCIENT and IMPURE remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dread of malady, constipation of the bowels, as the testimony of hundreds prove.

THE CASES OF CURE

performed by the Stainburn Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials.

WRIGHT'S INDIAN VGETABLE PILLS

OF THE

NORTH AMERICAN COLLEGE OF HEALTH

If the channels of our mighty rivers become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be overwhelmed with the flood. In like manner with the human body—if the Skin, Kidneys and Bowels, (the natural outlets for useless and corrupt humors,) become so obstructed as to fail in affording a full discharge of those impurities, which are in all cases the cause of sickness we surely can expect no other results than that the whole frame will, sooner or later, be overwhelmed with disease. As in the first place, if we would prevent an inundation we must remove all obstructions, in order that there may be no hindrance to the free discharge of the superabundant waters. So in reet second place, if we would prevent and cure diseases we must open, and keep open, all the Natural Drains of the body.

WRIGHT'S INDIAN VEGETABLE PILLS

OF THE NORTH AMERICAN COLLEGE OF HEALTH, will be found one of the best if not the very

BEST MEDICINE IN THE WORLD

for carrying out this beautiful and simple theory; because they completely CLEANSE THE STOMACH AND BOWELS FROM ALL BILIOUS HUMORS and other impurity, and at the same time promote a healthy discharge from the Lungs, Skin, and Kidneys; consequently, as all the Natural Drains are opened. Disease of every name is literally driven from the Body.

The following letters, which have been received from gentlemen of the highest respectability, will show conclusively that Wright's Indian Vegetable Pills are a most

VALUABLE MEDICINE,

and their fame is rapidly extending to every part of the Union.

Extract of a letter from Lawrenceville, Monroe Co., Arkansas:

LAWRENCEVILLE, Monroe Co. Arkansas, Dec. 10, 1842.

DOCT. WM. WRIGHT—DEAR SIR: Having become acquainted with your most excellent PILLS (viz. INDIAN VEGETABLE), by experience, I take the liberty to write you on the present occasion by way of suggesting the propriety of being constituted Agent for this State to dispose of them.

In 1841, I was possessed with the congestive fever in East Florida, and often having been ill with the first attack and a severe relapse, I was necessitated to repair to New York for the recovery of my health; being much debilitated, I tried different Physicians and as many medicines, but all to no purpose; I found my liver much effected, and Dyspepsia setting in with its worst form. I began to think my case was hopeless I concluded to resort to travelling, accordingly I left the city of Albany, New York, for Cincinnatti, Ohio. On my way through New York State, I chanced to come across one of your Agents at Newark, on the Erie Canal; I read one of your advertisements, purchased a box of Pills, and TO MY UTTER ASTONISHMENT FOUND MYSELF partially RECOVERED; on my arrival at Buffalo, I purchased some more of your Agent there; in Cleveland, Ohio, visited your Agent, the dry goods merchant, talked with him, and took several boxes.—*I soon found myself well men, and concluded to resume my Profession viz: A Travelling Methodist Preacher.*

I accordingly came on to St. Louis, and from thence to Helena, Arkansas, where I joined the Arkansas, Conference, and was assigned to Lawrenceville Mission on St. Francis and White Rivers, near the mouths of the same. Very respectfully,

Your obedient servant,

W. H. HOUCK.

TANNER'S BROOK, N. J., Sept. 3d, 1841.

DOCT. WM. WRIGHT—Dear Sir: Your travelling Agent was here, a short time since, and left with me two dozen boxes, of your INDIAN VEGETABLE PILLS, which I have already sold, although they had never been introduced in our neighborhood before. It first prevailed on a friend of mine, who had been afflicted with the Dyspepsia, and Rheumatism in the head, for the last two years, to make trial of them.—He had previously tried various medicines, but never obtained any relief until he made use of your Indian Vegetable Pills. After using one box, he said he felt like a new man, and now, having used two more boxes, he considers himself a SOUND MAN.

Yours, respectfully, &c.,

June. 3, 1843.——tf J. INGERSOLL.

FRANKFORT, ROSS Co., Ohio, Aug. 13, 1842.

Dear Sir—The Pills, that I purchased of you last April, have sold far better than I anticipated. I think by the time I visit your city again, which will be in a few months, I will have sold out entirely. They have not only effected cures in diseases that seemed to baffle the best medical skill in the country, but numerous individuals here bless the day that the undersigned introduced Wright's Indian Vegetable Pills into the neighborhood. I can get, if you think it necessary, several very valuable certificates of cures. One old Lady in particular, who has been afflicted several years with consumption, commenced taking the Pills a short time since, and is now nearly restored to health. Several cases of Dyspepsia have also been entirely cured by your TRULY EXCELLENT INDIAN VEGETABLE PILLS.

In order to give them a more general circulation and thereby extend their usefulness, I have made arrangements with a gentleman in a neighboring town, who has promised to use his best efforts to promote their sale. You will, therefore, please send another supply, shipped to my address, Chillicoth, care of Mr. Dixon Fullerton. Faithfully yours, W. J. F. DAILY.

THE BRANDRETH PILLS,

As a general family medicine, especially in a country so subject to sudden changes of temperature as this, their value is incalculable. By having the Brandreth Pills always on hand, should a sudden attack of sickness take place, they can be given at once, and will often have effected a cure before the physician could have arrived.

In colic and inflamation of the bowels these Pills will at once relieve, and perseverance in their use, according to the directions, will surely do all that medicine can do, to restore the health of the patient.

In all cases of indigestion, Worms, Asthma, Disease of the Heart, and in all affections of the stomach and bowels, the Brandreth Pills will be found a never failing remedy.

To insure the full benefit of these celebrated Pills, they should be kept in the house, so that, upon the first commencement of sickness they may be at once resorted to. One dose then is better than a dozen after disease has become established in the system.

Ladies should use Brandreth's Pills frequently. They will ensure them from severe sickness of the stomach, and generally speaking, entirely prevent it. The Brandreth Pills are mild. They increase the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In costiveness, so often prevalent at an interesting period, the Brandreth Pills are a safe and effectual remedy.

There is no medicine so safe as this—it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients, to the exclusion of all other purgatives, and the pills being composed entirely of herbs or vegetable matter, purify the blood and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

Man will be born to day of this, compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities and suffering, which no earthly power knew how to alleviate until this discovery was presented to the world.—The weak, the feeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the worst complaints are removed by perseverance without the expense of a physician. Adapted to all circumstances and situations they are the best medicine ever invented for families, or to take to sea, preventing scurvy or costiveness, requiring no change of diet, particular regimen, or care against taking cold.

HANCE'S COMPOUND SYRUP OF HOARHOUND,

FOR THE CURE OF

Coughs, Colds, Consumptions, Bronchitis, Asthma, Spitting of Blood, Pain and Oppression of the Breast, and all Diseases arising from a Disordered condition of the Lungs.

Perhaps there is no Medical Observation better established, and none more generally confirmed by experience of the best Physicians of all ages in all countries than the Fact, that many of the most difficult and incurable Consumptions originate in neglected colds. In a climate so variable as ours, where the changes of weather are frequently sudden and unexpected, it requires more care and attention to guard against this dangerous enemy to human life than most persons are able and willing to bestow. The bills of mortality exhibit the alarming and melancholly fact, that the number of deaths by this disease are as five to one. Has much then as this fatal disease is increasing, and spreading so widely and fearfully, and bidding defiance often to the combined skill of the most eminent physicians, it is a gratification to the subscriber to be enabled to offer to all of consumptive habits, or those afflicted with distressing pains in the side or breast, or any affection of the breast or lungs, a reasonable and almost certain prospect of relief.

The Compound Syrup of Hoarhound

Is a medicine suitable to persons of all ages and sexes; and if taken on the appearance of the first symptoms, which are a *cough* or *pain* in the *breast*, will, in nine cases out of ten, afford relief, and effect a speedy cure.

CONSUMPTION.

Consumption is one of the most common and fatal diseases. Its fatality is owing in a great degree to the inattention with which its first symtoms are regarded, and in part to not understanding the nature of those symtoms and the best remedy for them. Experience and observation have proved that those complaints which usually terminate in consumption, might in very many cases be removed by early and proper attention. Thousands of lives, some of them highly valuable and useful to society, might be saved, the decrees of Providence permitting, if the first approaches of consumption were correctly understood and judiciously treated.—Drs. Arbuthnot, Buchan, and others reckon one-tenth of the whole number of deaths in Great Britain to be from Consumption; or about fifty-five thousand annually. In the cold and variable climate of the United States the amount is quite as great.

CONSUMTIVE SYMTOMS.

The inflammatory stage of this disease is generally indicated by alternate changes in the temperature of the body, attended with lowness of spirits, change of the voice, saltish taste in the mouth, pain in the breast and side, and a dry cough. At the affected part of the lungs a weight is experienced, with loss of appetite and occasional spitting and vomiting of florid and frothy blood. After some time the matter expectorated is of different colors, sometimes attended with a disagreeable and offensive smell. The hectic fever increases, attended with burning in the hands and lower extremities, the body begins to fall away and grow cold, the tongue sometime is studded with small ulcers, a fixed red color on the cheeks will be observable after meals, the body becomes dry, the eyes sink deep within their cavities, contraction is felt at the pit of the stomach, and the whole functions of the animal economy grow languid, and are unable to perform their proper offices, and the patient pays the debt of nature.

The Compound Syrup of Hoarhound is a medicine suitable to persons of all ages and sexes, and if taken on the appearance of the first symptoms, will in nine cases out of ten afford relief and effect a speedy cure.

CERTIFICATE.

Mrs. William's, of Petersburg, Va., caught a very severe cold last fall, and thinking it would wear off in course of time itself, neglected it to a very great extent. Finding, however, it did not leave her, she then tried various remedies, some of which subdued the cough in a measure, but none effectually cured it.

About a month ago, her husband thought she had better try a change of air, so she came to Baltimore, where she first became acquainted with the *Compound Syrup of Hoarhound*; the first bottle produced such relief that before she had finished it she determined to purchase two bottles and return home.

Price 50 cents per bottle, prepared and sold by SETH S. HANCE, corner of Charles and Pratt sts., Baltimore, and by

THOS. M. FLINT, *Cambridge.*

THE GREAT PHILADELPHIA

SATURDAY COURIER.

Founded in 1830—Circulation 40,000 weekly.

The proprietors of this *universal family journal* appeal with confidence to the decision of those who are able to judge, whether the enlarged and beautiful SATURDAY COURIER is not the best, the largest and *cheapest family newspaper in the world.* A darling object with the editors of the Saturday Courier, is to make their journal an indispensable companion to the family circle. It was the first to eschew all indelicate advertisements, and avoid giving the sickening and corrupting details of crime. Its ample columns are free from sectarian influences or party bias, and all matters proper for domestic inspection or attention are discussed in a chaste, dignified and common-sense manner. Its literary department is managed with an especial view to the enlightment, improvement and amusement of its readers. The current volume presents greater claims upon the public than any which has preceded it. An extra outlay of between three and four thousand dollars has been made in order to have it properly issued. The form is larger, the paper finer and whiter, the type new and splendid throughout, the embellishments spirited and expensive, and the list of regular and occasional contributors embraces all the popular talent of the day. Among other improvements for the future is

The National Portrait Gallery.

Under this head we are giving engravings of the distinguished Naval and Military Commanders, and other eminent individuals of our country, accompanied with interesting Biographies. In addition to these, and alternating therewith, is a GALLERY OF ART which embraces the gems of the European and Native Painters, and presents a feature as novel as it is acceptable and interesting to all classes of society.

The Literary Department has received important additions, both in number and quality, and the proprietors have the satisfaction of one or more articles weekly, by that most popular tale writer of the day, T. S. ARTHUR, Esq. His series of inimitable Domestic Tales will be continued and alternated with a series of original American Tales by HENRY W. HERBERT, Esq. A series of original Irish Tales, by Dr. JAMES M'HENRY, and Tales, Narratives, Essays and Biographies, by Mrs C. LEE HENTZ, PROFESSOR INGRAHAM and JOHN FROST, A. M., and most of the popular writers of the day

THE TRAVELLER.—In this department constantly appear Original Letters from our especial correspondents in England, France, Ireland, and Germany.

TO FARMERS, GARDENERS, ETC.—Our increased size gives us much more space to indulge in our favorite subject of tilling the bountious earth, and especial attention will be paid to Agriculture, Horticulture, Floriculture, and the culture of every thing calculated to improve and benefit mankind, and make them independent of foreign monopolists, pernicious legislation &c.

FOREIGN LITERATURE AND NEWS.—As heretofore, we maintain arrangements to receive all the magazines and papers of interest published in England and on the Continent the news and gems of which are immediately transferred to our column thus giving to *Emigrants*, as well as others a correct and connected account of whatever occurs of interest, either at home or abroad.

THE MARKETS.—Particular care is taken to procure the earliest advices in reference to the prices of all kinds of Grain, Provisions, Produce, &c., the state of Stocks, Banks, Money and Loans, and our extensive arrangements will hereafter render our Prices Current of inestimable value to the Traveller, Farmer, and all Business Classes whatsoever.

TO SUBSCRIBERS.

☞ No increase of price is asked for the enlarged and beautiful Courier, and for the purpose of facilitating the formation of CLUBS, of which any old subscriber officiating will be considered as one, we offer the following

CHICKERING'S PATENT ACTION PIANO FORTES.

THE subscriber is constantly receiving super Rosewood and Mahogany 6 and 7 octave PIANO FORTES from the celebrated factory of Chickering, Boston, with metallic plates and metalic frames. These Pianos have Chickering's late patent action, which is admitted by Piano Forte players to possess qualities long sought for by the best makers. A damper pedal has also been added, which has the effect of placing the keys upon one string without moving the keyboard, which produces a soft and delightful quality of tone. Having sold a great number of these Instruments and never having received any complaint, the subscriber can confidently recommend them to purchasers. They stand remarkably well in tune, a desirable quality, especially where tuners are seldom to be had.

Also, German PIANO FORTES of superior quality and finish, made by Rosenkranz expressly for this market, constantly for sale at the lowest prices.

VALUABLE REAL ESTATE FOR SALE.

PURSUANT to competent authority, we will sell at private sale all that valuable farm called "FAIR VIEW" which lies in Dorchester County, and contains one hundred acres.

No farm in the County offers greater attractions as a private residence. It is beautifully situated on the Great Choptank river, about 6 miles from Cambridge.

The arable land is good and susceptible of a high state of improvement at a small cost; for the means of improvement can be easily and abundantly obtained from the river.

It is plentifully supplied with wood and timber of the best quality, which lies immediately on the river and convenient to water transportation. Wood and timber for market could be cut sufficient to pay the purchase money, and enough left for the purposes of the farm.

A beautiful supply of fish & oysters can be caught in the river adjoining, and there is a fine shooting ground for ducks & Canada ducks and other wild fowl.

The terms of sale will be made accommodating.—But a small moiety of the purchase money will be wanted immediately. The balance being secured and the interest annually paid, a long credit will be given.

COLLECTOR'S NOTICE.

I hereby notify all whom it may concern, that after the first day of January 1844, interest will be charged upon all accounts of county charge, direct tax, or officer's fees due for the year 1843. Persons having money by them would save the interest by promptly paying their accounts. I have heretofore urged upon the people the propriety and even necessity of an early settlement of their taxes. Upon this subject I have no discretion. The law has prescribed the days that I must settle with the Treasurer of Maryland, and if I fail to comply with the terms of the law, my bond may be put in suit. I regret very much that I have been disappointed in the effects of the different appeals I have made to the people upon this subject, and hope that they will no longer delay in calling promptly upon me, & settling their taxes. Such a course would afford me great satisfaction, and prevent a deal of trouble both to themselves & to me. Bear it always in mind that the taxes must be paid, and that if they are not paid voluntarily, the strong arm of the law will have to coerce payment.

WM. B. DAH, Collector.
