thing from his bowels. Dr. R. gave him a box of Sherman's Worm Lozenges, with directions for the same. He returned in three days and said he felt like a new being, that the first dose had brought away a tape worm 70 or 80 feet long, and the second dose had brought away about 28 feet more. Although but few months have elapsed he is now as fat and hearty as he ever was in his life.

DIED.

In this town on Thursday morning last, Mr. ROBERT BURTON, at an advanced age.

ON THE DEATH OF LITTLE JAMES A. STEWART, Son of James A. and Rebecca S. Stewart, who died on Saturday 9th inst., aged about 8 months.

Like a delicate flower cut down in its bloom
A beautiful infant now sleeps in the tomb
Ah yes! the Destroyer hath smitten the child
That lately in innocent loveliness smil'd—

Last Spring what a touching impression was made,
When four lovely Babes to the Font were conve'd;
Then, fresh as dew-drop, and rosy and fair,
And bright as a Cherub, this infant was there.

It seems that I see you, sweet Babe! even now,
As the sign of the Cross was impress'd on your brow—
I see you, as then you appear'd to my view,
With your lips of carnation and eyes of bright blue

Ah! then, as she stood with her babe in her arms,
And gaz'd with delight on its infantine dreams,
Little thought the young Mother, ere summer had fled,
That her beautiful child would repose with the dead;

Sweet infant! your last mortal struggle is o'er;
Cruel anguish and pain shall assail you no more—
From Earth you have pass'd to a happy abode
With angels to rest in the bosom of God.

Then let us not grieve for the beautiful Boy
Who has gone to partake of ineffable joy;
Nor weep, when we see him consign'd to the grave,
That God has resum'd the sweet treasure he gave.

WOOD LOTS FOR SALE.
—NEAR CAMBRIDGE.—

BY virtue of competent authority, I will offer at public sale on MONDAY the 15th of September, at the Court House door in Cambridge, three wood lots belonging to the heirs of the late Levin Campbell Esq. containing about ten acres each, situated immediately on the road passing to the back of Appleby, and within a mile and a half of the town. They have a fine growth of Wood and Timber (principally Oak) upon them, and from their high location, are accessible a all seasons of the year. On many accounts, they are by far the most desirable to be had in the neighborhood. They will be sold either separately, or together, as purchasers may desire and an indisputable title will be given. Terms made known on the day of sale. DANIEL M. HENRY.

TO THE MEDICAL PROFESSION —AND THE PUBLIC.—

THE undersigned invites the attention of the Medical Profession and Public to the following new preparation, which has received the fullest approbation, and support of some of our Most Eminent Physicians. Its success and Sale in this city has been unparalleled; and is now offered to the residents of the "Eastern Shore," as the most delightful, refreshing, and health restoring remedy, ever submitted for their patronage

Parrant's Effervescent Seltzer Aperient.

Prepared on an entirely new principle, from a late and accurate analysis of the celebrated **Seltzer Spring in Germany**, with such additions and improvements as will be found materially to increase its efficacy. This much esteemed and highly valuable preparation, will not fail to effectually remove *Dyspepsia or Indigestion, Bilious affections, Headache, Heartburn, Acidity of the Stomach, Costiveness, Gout, Rheumatism, Loss of Appetite, Gravel, Nervous Debility, Nausea or Vomiting, Affections of the Liver, &c. &c.*

☞ It is securely put up in wide mouth Bottles, will retain its virtues in any climate, and may without the slightest inconvenience, be prepared and drank at any period.

Testimonials might here be introduced from several distinguished Physcians who have extensively, and with great success administered this aperient in their practice, but it is deemed unnecessary at the present to do so, feeling assured that a Medicine so beneficial in its effects, cannot fail to be extensively used and highly appreciated by an intelligent public.

TO THE VOTERS OF DORCHESTER COUNTY.

FELLOW CITIZENS:—

I am a Candidate for the office of Sheriff of Dorchester County, at the approaching election. As such I have been announced for some time past in the Cambridge Chronicle. From information which was communicated to me of a plan concocted by a Junto of political Jugglers, I had determined not to permit my name to be handed into the Convention which was to nominate a Candidate for that office.

I however abandoned this determinatuce, making at the same time an express and unqualified declaration, to the member of the Convention who handed in my name, that unless the whole proceedings of that body were marked by fairness and a just regard to the will of the people I should not abide its action. Since its adjournment strong assurances have been made to me that such was not the character of the proceeding—On the contrary, I have good reasons for the assertion that the results we have seen, were brought about by undue and improper influences Conceiving therefore that the conditions upon which I placed my name before the Convention were not fulfilled, I cannot consider myself as under any obligation to abide such decision, nor do I deem that a refusal can subject me to the imputation of violating any moral duty whatever. Such artifices as have been practised will not, I am sure be tolerated even by the warmest advocates of conventions, amongst whom I claim to rank myself.

My friends also insist that I shall be a candidate, and my own deliberate judgement, and my feelings, prompt me to acquiesce in their wishes. It is a prostitution of the system of Conventions to submit tamely to those which are unfair. The only means by which they can be fully sustained, is by opposing with our utmost might all such as are characterized by *packing*, and *juggling*, which were the distinguishing features of the convention of the 21st last. Opposed, as I am, to the action of that Body, I present myself before you as a Candidate for your suffrages. If elected, I shall endeavour to discharge the duties of the office, which I ask for at your hands, in a manner satisfactory to you all. The office of sheriff ought not to be regarded as a party office. Justice, truth, and reason proclaim that, that officer should be elected above party considerations. It would be a disgrace to our community, should its members exercise their right of suffrage in the election of county officers solely upon political grounds—thus indirectly introducing party spirit even into our very courts of Justice. Jurymen should be chosen for their honesty, probity and intelligence, and not for their adhearance to this or that party. I repeat, my fellow citizens, that I am before you as a candidate, and I pledge myself to continue as such, until the last moment of the day of the election. *I will not leave the field.* I pledge myself, if elected, to discharge the duties of the office to the best of my ability, with upright ness, and impartiality. I pledge myself to select Jurymen without reference to party—being always careful to have such men as are worthy of so important a place. I shall remember that the property, the liberty, the *lives* of all persons may be entrusted to their hands. I shall select them with a view to the momentous trusts which may be confided to them.

In conclusion, my fellow citizens, I would say that I am a native of your county,—myself nor family have ever asked an office at your hands,—I am known to most of you—you can judge of my qualifications, of my fitness for the office I now ask of you. The issue rests in your hands. I shall most willingly abide by your determination of it.

VALUABLE REAL ESTATE FOR SALE.

NATHANIEL E. GREENE, having concluded to take up a permanent residence in Baltimore, would offer at private sale all his real estate in Dorchester County. The Farm near New Market upon which he recently resided, contains about 400 acres, one-third of which is thickly set in valuable timber, and abundantly more than enough to supply the demands of the farm—the remaining two thirds is arable land divided into 3 fields, each of which is well watered by ample branches. The soil is not only naturally good and kind for the production of corn and wheat, but it was highly improved- The improvements consist of a Large & commodious BRICK DWELLING House, with 2 rooms on the 2d floor for servants; a new brick dairy; store room; quarter; meat House; still house; wagon house; 2 corn houses; cart house; carriage house; stables; cow house, and a barn containing 4 rooms.

It has also a large Apple and Peach ORCHARD, and a GARDEN of the first order containing almost every variety of the choicest kinds of Shrubbery and Flowers, and Fruits of all kinds, as cherries, plums, pears, &c. It has a well of water surpassed by none in the country. In fact few farms in the State are more eligibly and favorably situated than this. It is located near the head of Secretary creek, which is navigable, and where there is a large granary for the reception of grain and all other produce of the surrounding country It is bounded on the east by the beautiful town of New Market, and on the west by the beautiful farm of John H. Hodson, Esq., and besides its immediate proximity to the town of New Market, there is in its immediate vicinity 2 large grist mills, a blacksmith shop, a church and a flourishing seminary of learning.

He is also desirous to dispose of his Farm near the Villags of Salem in Dorchester County, formerly the residence of Mrs. Nancy Ennalls; containing 2,50 acre more or less. The improvements consist of an excellent dwelling house, and the requisite out buildings. This farm is in a very central position, and would be an excellent location for a Physician. For terms apply to Messrs. MUSE & GOLDSBOROUGH, Attorney's for NATHANIEL E. GREENE.

THOMPSON'S VEGETABLE WORM SYRUP,

PREPARED BY
DOCTOR A. C. THOMPSON,
CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of a relaxed habit, whose bowels contain a preternatural quantity of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food; hence Worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with a remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended, and used for that purpose, yet there are articles if properly combined, and judiciously used, will seldom fail in accomplishing the object.

In consequence of my frequent failures in 30 years practice to expel worms from children, with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable Extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your "*Vegetable Worm Syrup,*" and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge properties of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the pretean complications so often manifested in Verminose irritation, will seldom disappoint us in our most sanguine expectations.

Very respectfully yours,
THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir,

I believe that your "*Preparation for Worms,*" will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D.

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson's Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S
VEGETABLE ANTI-BILIOUS PILLS,

PREPARED BY
A. C. THOMPSON, M. D.
Cambridge, Md.

As Dr. Thomas justly observes "it is impossible to give a concise and proper definition of the diseases known by the name of Fever, as it has no symptoms invariably attendanton it, which can point out its real nature or essence," but as all fevers, act directly or indirectly on the Liver, all febrile diseases partake more or less of a bilious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where bilious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver. I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, and efficient, and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliary secretions, and thereby prevent or remove those diseases, arising from a redundancy or a deficiency of bile in the system—and may be used in all cases where purging is necessary.

And in the following diseases in particular.

Bilious Ague, Inflamatory and nervous Fevers; all affections of the liver, Bilious Cholic, Jaundice or obstruction in the Liver, Indigestion, or dispepsia, convulsions, or Fits, Rhuematism, Pleurisy, dysentery, foul Stomach, colds, and costiveness;

Numerous certificates might be obtained in commendation of these pills, but as the inventor is so extensively known, having been a practitioner of medicine for nearly thirty years, on the Eastern Shore of Maryland, he deems them entirely unnecessary, as the medicine will recommend itself in every family where it may be used, and the inventor would here remark, that he claims no new discovery in the articles which compose his Anti-bilious Pills, to give them a character. Nor does he recommend them as a cure-all for all diseases, as there are too many of such articles imposed on the public, but from a conviction of the necessity of an article, in which the public can rely. He can from long experience in practice, with confidence recommended them to all who may stand in need of medicine.

The Board avail themselves of this opportunity to draw the attention of the Public to some of the important features of their Charter:

1st. In this Company, all interests are equal; there is no privileged stock.

2d. Persons effecting insurance are not answerable for losses beyond the amount of premiums paid by them; and will divide amongst themselves annually the nett profits.

3d The capital of the Company is limited to half a million of dollars, and at the expiration of the Charter, that sum is to be divided pro rata amongst all persons holding the Policies of the Company, without reference to the time when they were issued, or to the fact of their having expired.

4. In the selection of persons to act as Directors of this Company, there can be felt none of that *proxy* influence which has destroyed, or weakened some of our strongest corporations; with us, the direction of the affairs of the Company *must* be in the hands of those most deeply interested in its proper and prosperous management.

5th. Any Policy holder has the right and the privilege of looking at the monthly statement of its affairs.

6th. Persons insuring in this Company, upon a renewal of their risks, are entitled to a deduction of 5 per cent. on the amount of premiums.

☞ Our Tariff of rates has been carefully revised and the form of our Policies has been amended under the best legal advice, so as to embrace all the modern improvements suggested by Experience. The classification of the Fire Risks, as well as the direction given to represent them in the applications are so modified as to avoid all doubt and ambiguity, and with a view to avoid all possible difficulties in the settlement of losses.

I have accepted the agency of the above Company, and persons desirous of Insuring their Property will find me at all times at my store, where I will receive their proposals, give the necessary information, and have their Insurance effected as soon as returns can be had from the office at Baltimore.

HEMSLEY'S WORM DESTROYING —SYRUP.—

PREPARED & SOLD, BY R. F. HEMSLEY, EASTON MD., AND BY HEMSLEY & BEERS *Forty Seven, Ann Street New York.*

AS a safe and certain cure for worms it is believed that this preparation, stands unrivalled among the various anthelmintic remedies which have been offered to the Public. Its reputation is already sufficiently established, and it is not therefore our object at this late period to indulge in any ostentatious boasting for the purpose of effect. The testimony of the Faculty of Medicine, and the numerous certificates afforded from highly respectable private sources, place its character as a remidial agent for the expulsion of worms beyond the reach of controversy or even doubt. It has even claimed and asks none but a fair trial of its virtues, and we add desires thereafter no fictious props to bolster up its success. This is no quack Medicine, but has been and continues to be prescribed by many of the most distinguished medical gentlemen of our country.
