(We cut the following from an exchange paper.)
MONMOUTH COUNTX, N. J. July 18th, 1844.

Gentlemen,—I think it highly proper that I should make known to the world my gratitude for the benefits I have experienced from the use of Clickener's Sugar Coated Pills and endeavor to the utmost in my power, to extend a knowledge of their many virtues and wonderful efficacy in removing disease.

After a long and painful confinement, during which I was attended by three Physicians of eminent standing, I was so much reduced and enfeebled as to cause my friends to despair for my life. In fact I was left in a state of weakness and suffering, and concluded all had been done which was possible for my recovery. I was about yielding in despair when a relative of my husband advised me to try some of your pills, stating at the same time she knew of their having effected most miraculous cures, and they might prove efficacious to me. I purchased a box and took them according to directions. In five days from the time I commenced their use I felt like a different person, all pains were removed, my appetite for solid food was as good as it was before my sickness, and I gradually regained strength. I am now in a fair way of recovery, thanks to Clickener's Pills.

I send this communication, trusting you will give it an insertion, in the editorial columns of your paper, in order that the afflicted will follow my example, and, as they value health, make use of Clickener's Sugar Coated Vegetable Extract Pills.

Believe me to be yours sincerely,
SUSAN WRIGHT.

## TO THE VOTERS OF DORCHESTER COUNTY.

FELLOW CITIZENS:—

I am a Candidate for the office of Sheriff of Dorchester County, at the approaching election. As such I have been announced for some time past in the Cambridge Chronicle. From information which was communicated to me of a plan concocted by a Junto of political Jugglers, I had determined not to permit my name to be handed into the Convention which was to nominate a Candidate for that office.

I however abandoned this determination, making at the same time an express and unqualified declaration, to the member of the Convention who handed in my name, that unless the whole proceedings of that body were marked by fairness and a just regard to the will of the people I should not abide its action. Since its adjournment strong assurances have been made to me that such was not the character of the proceeding—On the contrary, I have good reasons for the assertion that the results we have seen, were brought about by undue and improper influences Conceiving therefore that the conditions upon which I placed my name before the Convention were not fulfilled, I can not consider myself as under any obligation to abide such decision, nor do I deem that a refusal can subject me to the imputation of violating any moral duty whatever. Such artifices as have been practised will not, I am sure be tolerated even by the warmest advocates of conventions, amongst whom I claim to rank myself.

My friends also insist that I shall be a candidate, and my own deliberate judgement, and my feelings, prompt me to acquiesce in their wishes. It is a prostitution of the system of Conventions to submit tamely to those which are unfair. The only means by which they can be fully sustained, is by opposing with our utmost might all such as are characterized by *packing*, and *juggling*, which were the distinguishing features of the convention of the 21st Inst. Opposed, as I am, to the action of that Body, I present myself before you as a Candidate for your suffrages. If elected, I shall endeavour to discharge the duties of the office, which I ask for at your hands, in a manner satisfactory to you all. The office of sheriff ought not to be regarded as a party office. Justice, truth, and reason proclaim that, that officer should be elected above party considerations. It would be a disgrace to our community, should its members exercise their right of suffrage in the election of county officers solely upon political grounds—thus indirectly introducing party spirit even into our very courts of Justice. Jurymen should be chosen for their honesty, probity and intelligence, and not for their adhearance to this or that party. I repeat, my fellow citizens, that I am before you as a candidate, and I pledge myself to continue as such, until the last moment of the day of the election. *I will not leave the field.* I pledge myself, if elected, to discharge the duties of the office to the best of my ability, with upright ness, and impartiality. I pledge myself to select Jurymen without reference to party—being always careful to have such men as are worthy of so important a place. I shall remember that the property, the liberty, the *lives* of all persons may be entrusted to their hands. I shall select them with a view to the momentous trusts which may be confided to them.

In conclusion, my fellow citizens, I would say that I am a native of your county,—myself nor family have ever asked an office at your hands,—I am known to most of you—you can judge of my qualifications, of my fitness for the office I now ask of you. The issue rests in your hands. I shall most willingly abide by your determination of it.

## THOMPSON'S VEGETABLE WORM SYRUP,

PREPARED BY
*DOCTOR A. C. THOMPSON,*
*CAMBRIDGE, MD.*

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of a relaxed habit, whose bowels contain a preternatural quantity of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food; hence Worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with a remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended, and used for that purpose, yet there are articles if properly combined, and judiciously used, will seldom fail in accomplishing the object.

In consequence of my frequent failures in 30 years practice to expel worms from children, with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable Extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

*RECOMMENDATIONS.*

CAMBRIDGE, April 25, 1845.

*To Dr. A. C. Thompson,*

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your "*Vegetable Worm Syrup,*" and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge properties of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the pretean complications so often manifested in Verminose irritation, will seldom disappoint us in our most sangume expectations.

Very respectfully yours,
THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

*My Dear Sir,*

I believe that your "*Preparation for Worms,*" will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D.

*To Anthony C. Thompson.*

I concur in the above commendations of *Dr. Thompson'e Vegetable Worm Syrup.*
WILLIAM L. WINGATE, M. D.

### THOMPSON'S VEGETABLE ANTI-BILIOUS PILLS,

PREPARED BY
**A. C. THOMPSON, M. D.**
*Cambridge, Md.*

As Dr. Thomas justly observes "it is impossible to give a concise and proper definition of the disease known by the name of Fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all fevers, act directly or indirectly on the Liver, all febrile diseases partake more or less of a bilious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where bilious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver. I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, and efficient, and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliary secretions, and thereby prevent or remove those diseases, arising from a redundancy or a deficiency of bile in the system—and may be used in all cases where purging is necessary.

And in the following diseases in particular.

Bilious Ague, Inflamatory and nervous Fevers; all affections of the liver, Bilious Cholic, Jaundice or obstruction in the Liver, Indigestion, or dispepsia, convulsions, or Fits, Rhuematism, Pleurisy, dysentery, foul Stomach, colds, and costiveness;

Numerous certificates might be obtained in commendation of these pills, but as the inventor is so extensively known, having been a practitioner of medicine for nearly thirty years, on the Eastern Shore of Maryland, he deems them entirely unnecessary, as the medicine will recommend itself in every family where it may be used, and the inventor would here remark, that he claims no new discovery in the articles which compose his Anti-bilious Pills, to give them a character. Nor does he recommend them as a cure-all for all diseases, as there are too many of such articles imposed on the public, but from a conviction of the necessity of an article, in which the public can rely. He can from long experience in practice, with confidence recommended them to all who may stand in need of medicine.

### HEMSLEY'S WORM DESTROYING —SYRUP.—

PREPARED & SOLD, BY R. F. HEMSLFY, EASTON MD., AND BY HEMSLEY & BEERS *Forty Seven, Ann Street New York.*

AS a safe and certain cure for worms it is believed that this preparation, stands unrivalled among the various anthelmintic remedies which have been offered to the Public. Its reputation is already sufficiently established, and it is not therefore our object at this late period to indulge in any ostentatious boasting for the purpose of effect. The testimony of the Faculty of Medicine, and the numerous certificates afforded from highly respectable private sources, place its character as a remidial agent for the expulsion of worms beyond the reach of controversy or even doubt. It has even claimed and asks none but a fair trial of its virtues, and we add desires thereafter no fictious props to bolster up its success. This is no quack Medicine, but has been and continues to be prescribed by many of the most distinguished medical gentlemen of our country.
