I then stated that I had been acquainted with Mr. Jacobs for a number of years and that the charge of his unpopularity was unfounded, and that any person who made such a charge could not be a friend to Mr. Jacobs, but must design to injure him in regard to the nomination. I then stated that I was personally acquainted with two of the Gentlemen who were Candidates, Mr. Hayward and Mr. Jacobs, Mr. Richardson I only knew from character, but I believed them all to be highly respectable Gentlemen and well qualified to fill the office of Sheriff, but that it was untrue that Mr. Jacobs was an unpopular man; that it was entirely the reverse, and that I knew him or believed him to be popular at least in his own district or neighborhood, that I had often heard him spoken of as such, & that he had been an industrious active man for his party, and that I should most assuredly give him my support; those Gentlemen I think, or one of them stated that he was satisfied, as I infered that Mr. Jacobs was clear of the charge of being an unpopular man.

And I am satisfied that neither expressed who they should vote for. That, as near as I can recollect was the amount of the Conversation which on that occasion passed between us. Now how far that conversation might have gone towards influencing those gentlemen I leave a generous public to judge. I do not believe, that I possess the ability if I had the inclination to influence any gentlemen especially those whose judgement is fully equal if not superior to my own, as was those gentlemen above named.

I have had no Conversation with either of those gentlemen since the moment spoken of the day of the Convention, but they will I am sure agree that what I have said are facts.

I suppose Mr. Hayward looks upon me as not being friendly to wards him; if so he is mistaken. It is true, I cannot approve the course he has lately taken, and it does seem strange to me how any consistant party man can, he having consented to go into the Convention and his friends having vouched for him that he would abide the decision of that Covention and after finding he was not the choice of the Convention, to come out and abuse the very men who laboured hard to get him the nomination, as they must necessarily be included with the other members of the Convention. I had always entertained the highest regard for Mr. Hayward and his father before him and family, and have been in the habit, for many years of dealing with them in preferance to other men, until Mr. Hayward's moving to the West, on which occasion I changed and give my custom, principally to others.

I have necessarily been led to this course in justification of the character of the members of the convention and my own.

WHAT THE "SUGAR COATED INDIAN VEGETABLE PILLS," ARE DOING IN BOSTON.

BOSTON, January 3d, 1845.

DEAR SIR:—You have no idea of the amount of good done here by the "INDIAN VEGETABLE PILLS" (Sugar Coated.)—Yesterday a respectable Druggist came in from Lowell, and purchased 6 Dozen, and stated "he could recommend them beyond any other medicine he ever had, as HIS WIFE HAD BEEN PERFECTLY CURED OF RUSH OF BLOOD TO THE HEAD, by using them. Several bad cases of the Influenza have also been cured by them.

Yours, truly,
I. P. CLARK, 2 Water Street.

☞"THE BIRTH PLACE OF ST. PATRICK IS A DISPUTED POINT."—Some asserting that he was a Frenchman, others that he was a sturdy Englishman, while the majority believe that he was a native of the Emerald Isle. All are equally confident in the expression of their opinions. But the place of his birth is a matter of very little consequence, for all are willing to allow that "St. Patrick was a gentleman, and born of decent people." He certainly was a great man, for he drove the toads and snakes out of Ireland, and it is said that they stay "*drove out*" up to the present day. He has been a benefactor to that part of the world. We have no St. Petricks here, but we have equally as great men, and among the number the name of Dr. Sherman will be remembered by posterity with gratitude. His Worm Lozenges banishes the worms at once, and in place of the sickly countenance, gives the ruddy glow of health. His Cough Lozenges allay the irritation of a dry and hacking cough, gives quiet slumbers to those whose rest is disturbed, promote a free and easy expectoration, put a stop to the raising of blood, and in a very short space of time restore to perfect health. His Camphor Lozenges cure Palpatations of the Heart, Headache, and Nervous Affections, raise the spirits of the depressed, and generally invigorate the system. All Dr. Sherman's Lozenges are "tip-top" articles; they are what they profess to be—Specifics. His Poor Man's Plaster has obtained a reputation for cures performed in Rheumatism and Weak Backs, Pains in the Chest and Side, unequalled by any other preparation of the day. One million annually, will not supply the demand. *Dr.* S's preparations have now been five years before the public, they have performed wonders in the way of cures, and have never been known to produce the least injury, or to be productive of bad consequences. We have experienced their good effects, and can conscientiously recommend them.

In Memory of our lamented Neighbor and Friend
MRS. REBECCA RICHARDSON.

A Neighbor respected, belov'd and rever'd
To kindred—to friends—and domestic endear'd,
From the beautiful spot she inhabited here,
To the home of her Fathers, is borne on her bier.

Her manifold suff'rings and trials are o'er,
The places that knew her shall know her no more—
But the *Grave* ere her justified spirit took wing
Was robb'd of its *victory*—*Death* of its *sting*.

Many sorrows had she—yet obedient to God
In humble submission she bow'd to his rod
Then turn'd with a chasten'd and purified will
To the comforts and blessings vouchsal'd to her still.

The years of her life had exceeded the span
That a Power Supreme hath allotted to man
For eighty-five Summers and Winters had shed
Their blossoms and snows on her time-honord head.

Unfeign'd hospitality smil'd at her door
Which never was closed to the *friendless* and poor—
Ever *warm* was her *heart*—ever *open* her *hand*
To the sick—the afflicted, and poor of the land.

But her useful career is ended at last—
"Full of years and of honors" from Earth she has pass'd
To the arms of her Saviour, in whom was her trust,
To inherit the joys reserv'd for the Just.

TO THE VOTERS OF DORCHESTER COUNTY.

FELLOW CITIZENS:—

I am a Candidate for the office of Sheriff of Dorchester County, at the approaching election. As such I have been announced for some time past in the Cambridge Chronicle. From information which was communicated to me of a plan concocted by a Junto of political Jugglers, I had determined not to permit my name to be handed into the Convention which was to nominate a Candidate for that office.

I however abandoned this determination, making at the same time an express and unqualified declaration, to the member of the Convention who handed in my name, that unless the whole proceedings of that body were marked by fairness and a just regard to the will of the people I should not abide its action. Since its adjournment strong assurances have been made to me that such was not the character of the proceeding—On the contrary, I have good reasons for the assertion that the results we have seen, were brought about by unfue and improper influences Conceiving therefore that the conditions upon which I placed my name before the Convention were not fulfilled, I cannot consider myself as under any obligation to abide such decision, nor do I deem that a refusal can subject me to the imputation of violating any moral duty whatever. Such artifices as have been practised will not, I am sure be tolerated even by the warmest advocates of conventions, amongst whom I claim to rank myself.

My friends also insist that I shall be a candidate, and my own deliberate judgement, and my feelings, prompt me to acquiesce in their wishes. It is a prostitution of the system of Conventions to submit tamely to those which are unfair. The only means by which they can be fully sustained, is by opposing with our utmost might all such as are characterized by *packing*, and *juggling*, which were the distinguishing features of the convention of the 21st Inst. Opposed, as I am, to the action of that Body, I present myself before you as a Candidate for your suffrages. If elected, I shall endeavour to discharge the duties of the office, which I ask for at your hands, in a manner satisfactory to you all. The office of sheriff ought not to be regarded as a party office. Justice, truth, and reason proclaim that, that officer should be elected above party considerations. It would be a disgrace to our community, should its members exercise their right of suffrage in the election of county officers solely upon political grounds—thus indirectly introducing party spirit even into our very courts of Justice. Jurymen should be chosen for their honesty, probity and intelligence, and not for their adhearance to this or that party. I repeat, my fellow citizens, that I am before you as a candidate, and I pledge myself to continue as such, until the last moment of the day of the election. *I will not leave the field.* I pledge myself, if elected, to discharge the duties of the office to the best of my ability, with upright ness, and impartiality. I pledge myself to select Jurymen without reference to party—being always careful to have such men as are worthy of so impertant a place. I shall remember that the property, the liberty, the lives of all persons may be entrusted to their hands. I shall select them with a view to the momentous trusts which may be confided to them.

In conclusion, my fellow citizens, I would say that I am a native of your county,—myself nor family have ever asked an office at your hands,—I am known to most of you—you can judge of my qualifications, of my fitness for the office I now ask of you. The issue rests in your hands. I shall most willingly abide by your determination of it.

VALUABLE REAL ESTATE FOR SALE.

NATHANIEL E. GREENE, having concluded to take up a permanent residence in Baltimore, would offer at private sale all his real estate in Dorchester County. The Farm near New Market upon which he recently resided, contains about 400 acres, one-third of which is thickly set in valuable timber, and abundantly more than enough to supply the demands of the farm—the remaining two thirds is arable land divided into 3 fields, each of which is well watered by ample branches. The soil is not only naturally good and kind for the production of corn and wheat, but it was highly improved. The improvements consist of a

Large & commodious BRICK DWELLING, containing 8 rooms; a large cook House, with 2 rooms on the 2d floor for servants; a new brick dairy; store room; quarter; meat House; still house; wagon house; 2 corn houses; cart house; carriage house; stables; cow house, and a barn containing 4 rooms.

It has also a large Apple and Peach ORCHARD, and a GARDEN of the first order containing almost every variety of the choicest kinds of Shrubbery and Flowers, and Fruits of all kinds, as cherries, plums, pears, &c. It has a well of water surpassed by none in the country. In fact few farms in the State are more eligibly and favorably situated than this. It is located near the head of Secretary creek, which is navigable, and where there is a large granary for the reception of grain and all other produce of the surrounding country It is bounded on the east by the beautiful town of New Market, and on the west by the beautiful farm of John H. Hodson, Esq., and besides its immediate proximity to the town of New Market, there is in its immediate vicinity 2 large grist mills, a blacksmith shop, a church and a flourishing semmary of learning.

He is also desirous to dispose of his Farm near the Villags of Salem in Dorchester County, formerly the residence of Mrs. Nancy Ennalls; containing 2,50 acre more or less. The improvements consist of an excellent dwelling house, and the requisite out buildings. This farm is in a very central position, and would be an excellent location for a Physician. For terms apply to Messrs. MUSE & GOLDSBOROUGH, Attorney's for NATHANIEL E. GREENE.

THOMPSON'S VEGETABLE WORM SYRUP,

PREPARED BY
DOCTOR A. C. THOMPSON,
CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of a relaxed habit, whose bowels contain a preternatural quantity of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food; hence Worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with a remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended, and used for that purpose, yet there are articles if properly combined, and judiciously used, will seldom fail in accomplishing the object.

In consequence of my frequent failures in 30 years practice to expel worms from children, with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable Extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your "*Vegetable Worm Syrup,*" and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge properties of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the pretean complications so often manifested in Verminose irritation, will seldom disappoint us in our most sanguine expectations.

Very respectfully yours,
THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir,

I believe that your "*Preparation for Worms,*" will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D.

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson's Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S VEGETABLE ANTI-BILIOUS PILLS,

PREPARED BY
A. C. THOMPSON, M. D.
Cambridge, Md.

As Dr. Thomas justly observes "it is impossible to give a concise and proper definition of the disease known by the name of Fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all fevers, act directly or indirectly on the Liver, all febrile diseases partake more or less of a bilious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where bilious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver. I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, and efficient, and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliary secretions, and thereby prevent or remove those diseases, arising from a redundancy or a deficiency of bile in the system—and may be used in all cases where purging is necessary.

And in the following diseases in particular.

Bilious Ague, Inflamatory and nervous Fevers; all affections of the liver, Bilious Cholic, Jaundice or obstruction in the Liver, indigestion, or dispepsia, convulsions, or Fits, Rhuematism, Pleurisy, dysentery, foul Stomach, colds, and costiveness;

Numerous certificates might be obtained in commendation of these pills, but as the inventor is so extensively known, having been a practitioner of medicine for nearly thirty years, on the Eastern Shore of Maryland, he deems them entirely unnecessary, as the medicine will recommend itself in every family where it may be used, and the inventor would here remark, that he claims no new discovery in the articles which compose his Anti-bilious Pills, to give them a character. Nor does he recommend them as a cure-all for all diseases, as there are too many of such articles imposed on the public, but from a conviction of the necessity of an article, in which the public can rely. He can from long experience in practice, with confidence recommended them to all who may stan in need of medicine.

HEMSLEY'S WORM DESTROYING —SYRUP.—

PREPARED & SOLD, BY R. F. HEMSLEY, EASTON MD., AND BY HEMSLEY & BEERS *Forty Seven, Ann Street New York.*

AS a safe and certain cure for worms it is believed that this preparation, stands unrivalled among the various anthelmintic remedies which have been offered to the Public. Its reputation is already sufficiently established, and it is not therefore our object at this late period to indulge in any ostentatious boasting for the purpose of effect. The testimony of the Faculty of Medicine, and the numerous certificates afforded from highly respectable private sources, place its character as a remidial agent for the expulsion of worms beyond the reach of controversy or even doubt. It has even claimed and asks none but a fair trial of its virtues, and we add desires thereafter no fictious props to bolster up its success. This is no quack Medicine, but has been and continues to be prescribed by many of the most distinguished medical gentlemen of our country.
