VALUABLE PROPERTY FOR SALE.

The undersigned being authorised by competent authority will sell at public sale on MONDAY the 9th of next month OCTOBER, between 12 & 2 o'clock, the house & lot where Mr. John Bunting formerly resided, being a large two story frame dwelling, with a large and comfortable one story attached, also a fine large kitchen together with all necessary out buildings, such as a large barn, carriage house, smoke house, milk house, &c.—the lot containing about [illegible] and a half acres, the whole situated on Church Creek, at the head of the river, and have a well as good water as any in the country. Also three houses and lots situated in the village of Church Creek, two one story frame and one two story.

Also two lots of Timber land, one containing nine acres and situated about 100 yards from Church Creek, the other containing about 34 acres, about one mile distant from same place.

Also that valuable and splendid farm called 'Sweet Prospect,' containing about 340 acres. This farm is situated on Fishing Creek, about seven miles from Cambridge, the county town, and in one of the most delightful neighborhoods of Dorchester county. The bold and navigable waters of Fishing Creek bound it upon its northern and western sides; besides which, there is a large and navigable Cove running from said Creek to the dwelling house, which is most beautifully located at the head of it. This cove, for its length, breadth and depth as well as for its bold and commanding appearance, has not its superior if indeed its equal in Dorchester county. The majority of the arable land is of the best kind, a yellow loam, and constitutes nearly two thirds of the tract, the balance is timber part, of which there is an abundance to supply the farm. As to health it certainly has not its superior in the county. The waters above named are famous for fine oysters, fish, terrapins, as well as for wild fowl in abundance,—the wells of water first rate and none better. Any person wishing to purchase a situation on the salt water would certainly consult his own interest to call and see for himself. As many heretofore have desired to purchase this situation they have now an opportunity.

The terms of sale will be on a credit of 1, 2 and 3 years, bond and security with interest from the day of sale. Notwithstanding there are some liens on this property the undersigned will furnish the purchaser an absolute title free and clear of all liens and incumbrances.

I wish it distinctly understood that the Direct or State taxes for the present year 1843, are also due and have been ever since June last. I repeat this to counteract the false impression that the State tax will not be due until the first of January 1844.—Those desirous to avail themselves of the advantage of State Certificates, can purchase them of Josiah Bayley Esq at a liberal discount.

Notice.

THE public are notified that the undersigned hath presented to the Board of Commissioners for Dorchester County a list of lands, whereon no personal property can be found liable for the payment of the County charges due me thereon, and where as by an Act of the last Legislature of Maryland Chapter 133, the laws in regard to the sales of such lands by Collectors have been materially altered & amended, and whereas many of those lands have changed owners since those charges have become due, in consequence of which it is desirable that land holders generally would examine carefully the advertisement; as some of their lands may be exposed to sale for charges due under former owners; and tax payers generally are interested in making the lands sell, as all deficiences will have to come against the County as insolvent and will if large swell the county levy beyond the usual amount.

WRIGHT'S INDIAN VEGETABLE PILLS

OF THE

NORTH AMERICAN COLLEGE OF HEALTH

If the channels of our mighty rivers become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be overwhelmed with the flood. In like manner with the human body—if the Skin, Kidneys and Bowels, (the natural outlets for useless and corrupt humors,) become so obstructed as to retain the discharge of those impurities, which are in all cases the cause of sickness, we surely can expect no other results than that the whole frame will, sooner or later, be overwhelmed with disease. As to the first place, if we would prevent an inundation we must remove all obstructions in order that there may be no hindrance to the free discharge of the superabundant waters. So in the second place, if we would prevent and cure disease we must open, and keep open, all the Natural Drains of the body.

WRIGHT'S INDIAN VEGETABLE PILLS

Of the North American College of Health, will be found one of the best if not the very

BEST MEDICINE IN THE WORLD

for carrying out this beautiful and simple theory; because they completely CLEANSE THE STOMACH AND BOWELS FROM ALL BILIOUS HUMORS and other impurity, and at the same time promote a healthy discharge from the Lungs, Skin and Kidneys; consequently, as all the Natural Drains are opened, Disease of every name is literally driven from the Body.

The following letters, which have been received from gentlemen of the highest respectability, will show conclusively that Wright's Indian Vegetable Pills are a most

VALUABLE MEDICINE,

and their fame is rapidly extending to every part of the Union.

Extract of a letter from Lawrenceville, Monroe Co., Arkansas:

LAWRENCEVILLE, Monroe Co. Arkansas, Dec. 10, 1842

DOCT WM. WRIGHT—Dear Sir: Having become acquainted with your most excellent PILLS (viz INDIAN VEGETABLE), by experience, I take the liberty to write you on the present occasion by way of suggesting the propriety of being constituted Agent for this State to dispose of them.

In 1841, I was prostrated with the congestive fever in East Florida, and often having been ill with the first attack and a severe relapse, I was necessitated to repair to New York for the recovery of my health being much debilitated. I tried different Physicians and as many medicines, but all to no purpose; I found my liver much effected, and Dyspepsia setting in with its worst form. I began to think my case was hopeless I concluded to resort to travelling, accordingly I left the city of Albany, New York, for Cincinnati, Ohio. On my way through New York State, I chanced to come across one of your Agents at Newark, on the Erie Canal; I read one of your advertisements, purchased a box of Pills, and TO MY UTTER ASTONISHMENT FOUND MYSELF partially RECOVERED; on my arrival at Buffalo, I purchased some more of your Agent there; at Cleaveland, Ohio, visited your Agent, the dry goods merchant, talked with him, and took several boxes.—I soon found myself a well man, and concluded to return to my Profession viz: *A Travelling Methodist Preacher.*

I accordingly came on to St. Louis, and from thence to Helena, Arkansas, where I joined the Arkansas, Conference, and was assigned to Lawrenceville Mission on St. Francis and White Rivers, near the mouths of the same. Very respectfully,

Your obedient servant,

W. H. HOCKS.

TANNER'S BROOK, N. J., Sept. 3d, 1841.

DOCT WM. WRIGHT—Dear Sir: Your travelling Agent was here, a short time since, and left with me two dozen boxes of your INDIAN VEGETABLE PILLS, which I have already sold, although they had never been introduced in our neighborhood before. I at first prevailed on a friend at mine, who had been afflicted with the Dyspepsia, and Rheumatism in the head, for the last two years, to make trial of them—He had previously tried various medicines, but never obtained any relief until he made use of your Indian Vegetable Pills. After using one box, he said he felt like a new man, and now, having us'd two more boxes, he considers himself a SOUND MAN.

Yours, respectfully, &c.

June 3, 1843.——tf J. INGERSOLL.

FRANKFORT, Ross Co., Ohio, Aug. 13, 1842.

Dear Sir—The Pills, that I purchased of you last April, have sold far better than I anticipated. I think by the time I visit your city again, which will be in a few months, I will have sold out entirely. They have not only effected cures in diseases that seemed to baffle the best medical skill in the country, but numerous individuals here bless the day that the undersigned introduced Wright's Indian Vegetable Pills into the neighborhood. I can get, if you think it necessary, several very valuable certificates of cures. One old Lady in particular, who has been afflicted several years with consumption, commenced taking the Pills a short time since, and is now nearly restored to health. Several cases of Dyspepsia have also been entirely cured by your TRULY EXCELLENT INDIAN VEGETABLE PILLS.

In order to give them a more general circulation and thereby extend their usefulness, I have made arrangements with a gentleman in a neighboring town, who has promised to use his best efforts to promote their sale. You will, therefore, please send another supply, shipped to my address, Chillicoth, care of Mr. Dixon Fullerton. Faithfully yours, W. J. F. DAILY.

W. Wright, V. P. of the N. A. Coll. of Health.

LAST NOTICE.

WITH due deference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrearages due me as late Sheriff and Collector forthwith.—I have no time left for indulgence—it is not a mere matter of will with me, to compell payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges, direct or income tax s. for 1840, 41 or 1842 will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is daily accruing, the loss is considerable upon the increase of State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, but they are now up to 85 cents, and will soon be up as high as certificates for 1841, which is 95 cent in the dollar.
