For Sale.

Pursuant to competent authority, I now offer at private sale three valuable farms belonging to Dr. Devereux Traverse One of these farms is beautifully situated on Great Choptank River, about two miles from New Market and adjoining the lands owned and occupied by James Hodson Esq. It contains about 260 acres and is considered very healthy. The soil is good and under stand 1000 cords of wood may be cleared, and leave enough for all necessary purposes. Another of these farms, is the one at present occupied by Jas. Moore esq. and situated between Eden & Fairview. Without exaggeration it may be said that there is not a more beautiful and eligible situation on the Great Choptank than this. A large two story brick building and all necessary out houses, land already improved and susceptible of improvement to a very high degree, vast resources near at hand, a beautiful view of the river, a plentiful supply of oysters, terrapins, wild ducks, &c., good water, a healthy location, and an agreeable neighborhood, are some of the advantages attending this farm. It contains about 270 acres of land, has upon it several small tenements, a granery for the purpose of taking in grain for vessels, & a valuable landing. The other is also situated on Great Choptank in Talbot County and the lands on each side of it belong to Wm. Hughlett Esq This farm is generally known as the Canner farm, is healthy, and beautifully situated, and has shells enough on it to cover it all over, with timber sufficient to support the Farm, and some say to spare. It is not often that such situations can be had, they are in every respect either for speculation, or as permanent residences worthy of attention, and great bargains can be had. THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J., April 23, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side, near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter, and also much blood. Being greatly alarmed at this, I applied to a physician; but he said he thought he could do but little for me, except give me some *Mercury Pills* which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up; and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle, which RELIEVED ME IMMEDIATELY; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

TAOMAS COZENS.

GLOUCESTER COUNTY, N. J., ss.

Personally came before me, the subscriber, one of the Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, saith the above statement is in all things true.

Such is the unprecedented success of this BALSAM

"Nature's Favorite Prescription,"

a prescription congeniel to our wants, as it is prepared from chemical extracts from substances which the Author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that *WISTAR'S BALSAM* is known to the world to be "*THE GREAT REMEDY,*" and that to *sell* any mixture it must be *like* this *in name,* or *purport,* to be like it in substance.

☞Believe not the cunningly wrought fabrication—and take only the original and genuine *WISTAR'S* BALSAM OF *WILD* CHERRY.

NO OTHER CAN BE LIKE IT.

CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS.

A medicinal preparation is hereby announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar, nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels, and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood.—Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impared constitution, or a fit of sickness rebukes them for the folly of their conduct.—Still they *had* some excuse; for *heretofore,* medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25 cents.

Caution—The public should remember that C. V Clickener is the inventor of the Sugar-Coated Pills and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic, as palming off counterfeit for genuine medicine.
