Dorchester County, to wit:

ON application to me the subscriber, one of the Justices of the Orphan's Court of Dorchester County by Richard S. Jinkins, Thomas M. Bell, John Dillon, F. N., Henry Pritchett, Samuel Jackson F. N, and John H. Byrn, of said County, stating that they are in confinement for debts which they are unable to pay, and praying to be relieved therefrom, agreeably to the acts of Assembly for the relief of insolvent debtors, a schedule of their property and a list of their property and a list of their creditors and debtors on oath, so far as they can at present ascertain the same being annexed to their petition, and the said Richard S. Jinkins, Thomas M. Bell, John Dillon F. N., Henry Pritchett, Samuel Jackson F. N., and John H Byrn being in actual confinement, and I being satisfied that the said Richard S. Jinkins, Thomas M. Bell, John Dillon F. N., Henry Pritchett, Samuel Jackson F. N., and John H. Byrn have resided for two years last past in the State of Maryland, and they having taken the oath prescribed by the act of 1805, and given bond with sufficient security for their appearance before the Judges of Dorchester county court to be held in Cambridge in the said county, on the first Tuesday after the first Monday in April next, and at such other time or times as the said court may direct to answer the allegations of their creditors and having complied with the requisitions of the act of December session 1825, and the several supplements thereto, by executing a deed of all their property, real personal, and mixed to Richard Jenkins, Solomon Robinson, Algernon Hurley, Thomas Andrews, Josiah Hughs, F. N., and Algernon Hurley, appointed by me trustees to the said Richard S. Jinkins, Thomas M. Bell, John Dillon, F. N., Henry Pritchett, Samuel Jackson F. N., and John H. Byrn, and the said Trustees having given bond with sufficient security for the performance of the trust and certified in writing to me, that they are in possession of all the estate of the said Richard S. Jinkins, Thomas M. Bell, John Dillon F. N., Henry Pritchett, Samuel Jackson F. N., and John H. Byrn mentioned in their schedule—I do therefore order and direct that the said Richard S. Jinkins, Thomas M. Bell, John Dillon F. N., Henry Pritchett, Samuel Jackson F. N., and John H. Byrn, be discharged from their imprisonment, and that they be and appear before the Judges of Dorchester county court on the day above mentioned, the same time is appointed for their creditors to attend and shew cause if any they have why the said Richard S. Jinkins, Thomas M, Bell, John Dillon F. N., Henry Pritchett, Samuel Jackson F. N., and John H. Byrn should not obtain the benefit of the said insolvent laws, and I do further order and direct that the said Richard S. Jinkins, Thomas M. Bell,, John Dillon F. N., Henry Pritchett; Samuel Jackson F. N., & John H. Byrn give notice to their creditors by causing a copy of this application to be inserted in a newspaper published in Cambridge threee months before the said day and to be continued in such newspoper once a week for four successive weeks, and also a like copy to be set up at the Court House door three months before tee said day. Witness my hand this 22d day of November, 1846.

JAMES DIXON.

CITIZENS & TRAVELLERS.

THE subscriber has taken charge of the Hotel lately occupied by Wm. H. Yates, Esq. where the travelling community, as well as the citizens of Dorchester, have been so agreeably entertained. If a table furnished with all the luxuries of the season, honest, and polite servants; chambers and bedding clean and comfortable, stables in good order and ostlers always at hand; in short, if a quiet, comfortable and orderly house can offer any inducement to the community, he flatters himself that his exertions to please will not be unrequited by a generous public. His wish is, to make it the interest as well as the pleasure of the public to bestow upon him a share of their patronage.

He intends always to keep in readiness, carriages and horses, by which he will be enabled to convey persons to any part of the peninsula on moderate terms.

ALGERNON HURLEY.

Cambridge, Nov. 29 1845.

DRUGS, MEDICINES, PAINTS,

OILS, GLASS & DYE STUFFS.

The subscriber has just returned from Balto. with a FRESH and GENUINE assortment of the above articles to which he would call the attention of the Public and Physicians thro'out the County. He would name in part

Proto Iroddie of Mercury,	Lupulin,
Biniodide of do.	Oxide of Zinc,
Iodine.	Mur. of Baryta,
Iodide of Potass.	Ext. Belladonna,
Cyanide of do.	do Hyoscyamus,
Phospate of Ammonia,	do Nux Vomica,
Monesia,	do Stramonium,
Tannin,	do Conium,
Naptha,	do Gentian,
Sulph. of Morphia,	do Colycynth
Acetate of do.,	do Taraxacum,
Quinine,	do Jugland. &c., &c.

Together with a full assortment of Essensial Oils, Beckwith's Anti Dyspeptic Pills, Carters Compound Pulmonary Balsam, (an excellent article for colds &c.) Hews' Nerve & Bone Liniment, and nearly all other popular Medicines, Fancy Soaps, Perfumery &c., &c., with a full assortment of Prescription Glass for Physicians, &c., at prices to suit the Times.

W. F. RUDENSTEIN.

N. B. Wanted a youth of moral and industrious habits to learn the Apothecary business.

MEDICINES, DRUGS, DYE-STUFFS PAINTS &C.

The Subscriber keeps constantly for sale on the most reasonable terms, an assortment of MEDICINES, DRUGS, DYE-STUFFS, PAINTS, OILS, VARNISHES, &c.

Being largely eugaged in grinding such articles as Ginger, Mustard and Pepper, he has them for sale o a superior quality below the market price.

He would mention that he has a Patent Machine worked by Steampower, which enables him to sell PUTTY of the very best quality for 3 1-4 cts a lb. in Bladders and 3 cts in Bulk.

He confidently asserts that his prices are such as to give satisfaction to those who may favor him with a call.

THOMPSON'S VEGETABLE WO M SYRUP,

PREPARED BY

DOCTOR A. C. THOMPSON,

CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of relaxed habit, whose bowels contain a preternatural quantito of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food; hence worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with a remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended and used for that purpose, yet there are articles which if properly combined and judiciously used, will seldom fail in accomplishing that object.

In consequence of my frequent failures in 30 years practice to expel worms from children with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your *"Vegetable Worm Syrup,"* and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge powers of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the pretean complications so often manifested in Vermmose irritation, will seldom disappoint us in our most sanguine expectations:

Very respectfully yours,

THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir,

I believe that your *"Preparation for Worms,"* will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,

ALEX. H. BAYLY, M. D.

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson's Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S

VEGETABLE ANT-BLIOUS PILLS,

PREPARED BY

A. C. THOMPSON, M. D.

Cambridge, Md.

As Dr. Thomas justly observes, "it is impossible to give a concise and proper definition of the disease known by the name of fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all fevers act directly or indirectly on the Liver, all febrile diseases partake more or less of a billious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and Membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where billious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver. I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, an efficient and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliarly secretions, ane thereby prevent or remove those diseases, arising from a redundancy or a doficiency of bile in the system— and may be used in all cases where purging is necessary.

And in the following diseases in particular:

Bilious Ague, Inflammatory and nervous Fevers; all affections of the Liver, Billious Cholic, Jaundice or obstruction of the Liver, Indigestion or dyspepsia, convulsions or Fits, Rheumatism, Pleurisy, dysentary, foul stomach, colds and costiveness.

June 21 1845 1y

WISTAR'S BALSAM OF WILD CHERRY,

A Compound Balsamic Preparation from Wild Cherry Bark and Tar.

The best remedy known to the world for the cure of Coughs Colds, Asthma, Croup, Bleeding of the Lungs Whooping Cough, Bronchitis, Influenza, Shortness of Breath, Pain and Weakness in the Breast or Side, Liver Complaint, and the first stages of

CONSUMTION.

A THOUSAND CURES in cases deemed utterly hopeless have firmly established its vast superiority over every former medical discovery. It has always been styled "Nature's own Prescription," being formed chiefly from chemical extracts from Wild Cherry Bark and Tar—two trees that are thickly scattered wherever diseases of the lungs prevail. We give a few instances of its extraordinary power from a catalogue almost without end.

A lady (address will be given at the New York Agency) who was given up by all her physicians to die of consumption, had a hard tumor for months on the side—raised among large quantities a sort of bony substance—had taken no medicine for two months, being past all hope—entirely cured by a few bottles of this Balsam in September and October, 1844.

A. Williams, Esq. Attorney, &c. New York cured of spasmodic asthma of 25 years standing, certified to by Recorder Talmadge and J. Power, D D.

A Carman, N Y City who had not slept lying down for 7 years, (being obliged to sleep in a sitting posture) so far cured as to attend to his business in the most stormy weather.

Thomas Bradlee, Esq. J P Jamaica, L. I. cured of asthma of 40 years standing.

Mrs Anna D Hopkins of Knowlesville N Y. entirely cured of Liver Complaint and general debility of eighteen months standing.

Jacob Hoffman, D D Huntington, cured a child of P Scroeblo of obstinate disease of the lungs after he had tried all the usual remedies in vain.

"There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one can doubt—fully establishes this fact. For the sake of brevity, we select the following from thousands

Isaac Platt Esq Editor of the Poukeepsie Gagle one of the most influential papers in the State of New York, states under the authority of his own name, that a young lady, a relative of his, of very delecate constitution, was attacked in February, 1842, with severe cold, which immediately produced spitting of blood cough, fever; and other dangerous and alarming symptoms. Through medical treatment and care she impartially recovered during summer. But on the return of winter she was attabked more violently than at first; she became scarcely ably to walk, and was troubled with cough, chills and fever every day and appeared to be going rapidly with consumption; at this time when there was no sign of improvement, Mr. Platt procuree a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took ane it seemingly restored her. She got a second and before it was half taken she was restored to perfect health, which she has enjoyed up to the present time, without the slightest symptoms of her former disease.

Mr. Platt says "this cure came under my own observation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST-MASTER, DATED

PEMBROKE, Washington Co. Maine, April 26, 1844

Mr. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity, who are afflicted with consumytion and liver complaints, I take the liberty of asking you to appoint some one in in this county as agent to sell *Wister's Balsam of Wild Cherry,* and to send him a few dozen, as there is none of it for sale within 100 miles from this. I have no doupt that it would meet with a ready sale' if it were where it could be procured without too much expense and delay.

My wife was attack about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of county. Heaving seen the Balsam advertised in Augusta,

(☞200 MILES FROM HERE.☜)

I tookk the pains to send there for a bottle of it, which she took, ond which helped her so much that I sent for two bottles more, which she has also taken, and she now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing to you.

Please inform me by return of mail wether you conclude to send some, and it so, to whom, in order that it may be known where it can be had.

I am, with respect' yours, &c.

P. G. FARNSWORTH, P. M.

The whole county is fast learning that no medicine—no physician—no preparation of any kind whatever—can ebual Dr. WISTAR'S BALSAM OF WILD CHERRY.

Mr. PALMER, Druggist, under date of Waterville, September 24, 1843, writes:

The statement given you by Mr. James Sage is well known to be true by this *whole community.* It certainly was a most remarkable cure. The sale of the Balsam is very good, and its success in cures truly flattering.

Yours respectfully,

D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J., April 23, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side, near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter, and also much blood. Being greatly alarmed at this, I applied to a physician; but he said he thought he could do but little for me, except give me some *Mercury Pills* which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up; and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of *Dr. Wistar's Balsam of Wild Cherry,* and got a bottle, which *relieved me immediately;* and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

THOMAS COZENS.

GLOUCESTER COUNTY, N. J., ss.

Personally came before me, the subscriber, one of the Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, saith the above statement is in all things true. Affirmed before me, on the 20th day of April, 1843,

J. CLEMENT, J. P.

Such is the unprecedented success of this BALSAM

"Nature's Favorite Prescription,"

a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the Autnor of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that *WISTAR'S BALSAM* is known to the world to be "*THE GREAT REMEDY,*" and that to *sell* any mixture it must be *like* this *in name,* or *purport,* to be like it in substance.

☞Believe not the cunningly wrought fabrication—and take only the original and genume *Wistar's Balsam of Wild cherry.*

NO OTHER CAN BE LIKE IT.

Address all orders to ISAAC BUTTS, No. 32 Ann Street, New York. Agents.

THOMAS M. FLINT, Cambridge, Md.

CLICKENER'S SUGAR COATED VEGETABLE EXTRAT PILLS.

A medicinal preparation is hereby announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar, nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skilfully prepared that shey do not gripe the bowels, and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being mixed with the sugar, and hence produces a mingled flavor, which to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universolly known that nearly all diseases originate with impurity of blood. Pure blood is therefore essential to health. We must not, however, wait until the blood is impure for then it takes time—and that time passed in ill health—to rectify it; put when the slightest derangement of the system is indicated by costiveness, or any other sign it admonishes us that superfluities are gathering in the system, which should once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated is universally known, but people have such an aversion to medicine that, unless the case is urgent, they prefer the diseases to the cure until an indared constitution, or a fit of sikness rebukes them for the folly of their conduct. Still they had some excuse; for hertofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however; the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York

Sold by the following agents:

WHITE & ANDERSON—Cambridge.
MARSHALL & EUNICK— "

WRIGHT & JONES—Church Creek.
SAMUEL CORNER—Neck District.
MUIR & WRIGHTSON— "
BRAMBLE & JENKINS—New Market.

Feb. 1, 1845 1v.

Caution—The public should remember that C. Clickener is the inventor of the Sugar-Coated Pills and that nothing of the sort was ever heard of until he introduced them. Therefore should any other derson, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic, as palming off counterfeit for genuine medicine.
