Derby Hill June 7th 1800

I thank you my Dear Anna for your favour of the 3d which reached me on Friday. I am very glad to hear that you have at last got to Church Hill as I know it must give yr Aunt and Cousins much pleasure to see you.

Tell Sally I have found her out, tell her likewise that I have long thought Tench Tilghman was a favourite of hers, but now I am convinced of it. My Sister has not yet returned from Clover
