TO THE PUBLIC.

I am informed that it has been doubted by some, upon the rumour of Mr. James M'Dougall of Baltimore, whether I lost the money which I announced I did. Below is a letter from him denying that he circulated any thing of the kind.

Balto. July 29th, 1846.

Mr. James M. Haines—

My Dear Sir:

I presume before this reaches you that you have been made acquainted with the fact, that I some two or three weeks ago sold out my interest in the store occupied by me, to Wylie & Welson. I have opened again in the same place and have associated with me in business my Brother-in-law Wm. Clarke. Enclosed you will please find our card. I would here say to you that should you want any thing in our line we will be pleased to sell you. I understood that you were somewhat out of humour with me about something that I should have said, but when I see you personally I am satisfied that such a thing cannot be established. However I have as much respect for you as ever I had, and would do as much to serve you. I have no disposition to be at variance with any man, it is not my principle, and as I before said, if the whole story was fully sifted up, it could not be established that I said so. The report originated from what the officers said. If you want any thing in our line send your order.

Resp

M'DOUGALL & CLARKE,
57, S. Calvert st.

Now you perceive from the foregoing letter, that Mr. M'Dougall positively denies having said any thing derogatory to my character in any respect; but says the report originated from what the officers said, he means the Police officers, they observed "that it was very strange if I had lost my money in Balt., that they could not find it." We all acknowledge that they are a very vigilent set of men; but not always successful in their efforts to obtain lost or stolen property, therefore, that could not be any evidence that I did not loose my money. Then you perceive, that the foundation upon which this report rests, is what the officers said, according to what Mr. M'Dougall says in his letter.

And now, all I have to say is, that if there shall have been any prejudicial impressions made upon the mind of any person, or persons respecting me, from any thing that may have been said about me, or my business transactions in Cambridge, or elsewhere—I am perfectly willing, that either my friends, or my enemies, or both, if they see proper, should enter into a minute examination of the whole, for their own personal satisfaction. And I conscientiously believe that they will find upon the closest inquiry that I have acted according to the rules of justice in all things, as far as it was possible so to do, "my enemies themselves being judges." And if I have failed to comply with any of my promises in business matters, it was because I was disappointed by others, or was surrounded by uncontrolable circumstances, which prevented me from doing so. And I sincerely depricate the evil, and ask forgiveness in all such cases, as it was not my intention in any instance to deceive. And further, if it be necessary I can furnish testimonials of character, and standing in society from gentlemen of high standing, in Maryland, Delaware, and Pennsylvania, that have known me (some of them) from my childhood. And in view of the whole matter, let me say, that if any of my fellow-citizens of Cambridge, shall have departed from that *golden rule* of the Gospel, "doing unto others as they would that others should do unto them" by saying, or doing any thing that was calculated to injure me in any respect, I forgive them, and humbly pray that God may forgive them, who will soon try the *hearts* of all men. And though I have been unfortunate, and have suffered much in mind, on account of the various false reports that have been put into circulation by different ones, I hope yet by the blessings of God, to survive all my misfortunes, and troubles—and see better days.

In addition to the aforegoing letter of Mr. M'Dougall I have been advised to publish the following affidavit of my sister Rebecca H. Haines, having been informed that some have doubted whether I had the sum of money which I announced that I lost.

Maryland, Dorchester County, set:

Be it remembered and it is hereby certified that on this 16th day of September in the year of our Lord one thousand eight hundred and forty-six, before me the subscriber one of the State of Maryland's Justices of the Peace in and for the County aforesaid, personally appears Rebecca H. Haines of the County and State aforesaid, and makes oath on the Holy Evangely of Almighty God, that during the month of April last (she thinks the 2nd. of April) she was in the apartment of her brother James M. Hames at the residence of his Father, in the town of Cambridge,—when he was making his arrangements preparatory to his leaving for the cities to purchase goods and that he had with him in his apartment a large sum of money amounting as he stated to her to be some twenty one hundred dollars, and that she the said Rebecca H. Hames assisted her said brother in counting the said money—that she counted herself the sum of five hundred dollars in bank notes, and also one hundred dollars in specie, both of which last mentioned sums of money as also that which was counted by her brother she herself placed in the trunk of her said brother, (the specie being in a short bag and the bank notes in his pocket-book.) The said Rebecca H. Haines further makes oath that since her brother's return from Balto., he has been in deep distress of mind in consequence of the loss which he stated he met with in that city, and that he has ever since to her certain knowledge been much straightened for money to meet the pressing demands of his creditors. Sworn before

R. ROBERTSON, J. P.

I have now placed before the public all the facts in relation to my misfortunes which I am enabled to do, and without further remarks, I submit my case to the consideration of my fellow citizens. In Dorchester County I am comparatively a stranger, but I have every confidence from the character of the community in which it has fallen to my lot to reside, that justice will be done me.

"I hereby certify, that several persons under Medical Treatment for Intermittent Fever, (or Fever & Ague) within my observation and direction have been cured by the use of "Rowand's Improved Tonic Mixture, *after every preparation of Peruvian Bark, (Quinine) &c. & had been tried in vain !!*

Washington City, District Columbia.

Thousands of like certificates have from time to time been published.

1,500,000 *cases of Fever & Ague! have been cured by* ROWAND'S IMPROVED TONIC MIXTURE!!
WITHIN FIFTEEN YEARS!!!

However starting this statement may at first appear yet the fact may be demonstrated by *the single rule of three*, for we estimate by reference to the "Manufactory Book" that Five Hundred Thousand Bottles have been made and distributed over the country during that period!!

Well, it is well known to the Agents, especially in the Western States; that *whole families of 5 or 6 per sons* have been cured by *one single bottle!* In a vast majority of instances *one bottle* has cured 1, 2, 3 and 4 persons! The average here would give three cases to every bottle! amounting to the *astounding number* of 1,500,000 cases of this "*fated complaint*" cured by this *inestimable remedy*!!!!!

Now, "common sense" dictates the propriety of *resorting at once* to this *old favorite well tried and sterling remedy*, and of avoiding all *vulgar* and *insignificant tonic mixtures*, which are mere counterfeit imitations of this original medicine.

The Agents are fully authorised to return the money paid whenever it chances to fail!

HEAD QUARTERS,
12th Brigate 2d Division M. M.
Easton, July 24th, 1846.

FOR the purpose of making the necessary arrangements for the equipment and discipline of the Volunteer Companies which are now organized in the 12th Brigade, it is desirable to ascertain at the earliest period the precise number—location, and description of said companies. The commanding officers of Regiment and Battalions and the Captains who have been elected to command such companies, will therefore make an immediate report to the Brigadier General of every Volunteer Company in which it has been positively ascertained that there will be at least 32 men in uniform rank and file.

These reports will state as nearly as possible the whole number of men of which the companies will probably be composed—the kind of arms they will require—the place of Company meeting, and the time at which they will be ready for Inspection. The uniform of such companies will be required to consist of substantial materials, suitable for service at any season.

The certificates of Inspection will in all cases contain a description of the uniform; they will also state the Regiment to which the company is to be attached and the corps to which it belongs; whether Artillery, Cavalry, Infantry or Riflemen

Those companies which have not adopted their arms are requested to select muskets, as there is an ample supply of that description of arms.

The officers of the regular Militia are hereby ordered to require the performance of militia duty from every citizen who may be subject to the same and who shall not have equipped himself fully as a member of a volunteer company on or before the first day of September noxti

THAT SELLERS VERMIFUGE is the Best in Use! Here is the proof.

Licking Station, Ky., Dec. 17th 1845.

Mr R E Sellers—I have the pleasure to inform you that I have used in my practice your celebrated Vermifuge with the most happy results. I have formerly used Fahnestock's but being persuaded to try yours I have found it far superior in every respect, and can say without the fear of contradiction, that your Vermifuge possesses more virtue than any I ever used, and most cordially recommend it to the attention of the public. I will state a case where I gave one vial of your vermifuge: My brother's child was pining and wasting to a mere skeleton; in 30 hours after I gave the Vermifuge, the enormous quantity of upwards of six hundred worms were passed. The child that was given up as lost is now well and as hearty as any in the neighborhood.
