DEBT COST FIGURED AT $4,500,000,000

An item of $4,500,000,000 for interest on the national debt was included in a $9,163,071,163 supply bill for the Treasury and Post Office Departments approved by the House Appropriations Committee.

Covering the fiscal year starting July 1, the total comes only to $1,342,813,090 for actual operations of the two agencies.

The $4,500,000,000 interest estimated is an increase of $750,000,000 over the estimate for this fiscal year. It assumes that the national debt will be $292,000,000,000 by June 30, 1946, an increase of $58,000,000,000 for the year.

The Treasury's share of the direct appropriations is $285,763,800, a reduction of $10,748,300 from budget estimates and $4,688,497 from appropriations forthis year. Provision is also made for tax refunds.

For the Postoffice Department, the bill carries $1,057,049,290 in direct funds, a reduction of $8,486,430 from budget estimates and $55,185,232 from current appropriations.

However, the committee pointed out, the funds do not provide for overtime payment to employees, because Congress has not yet extended the Wartime Overtime Pay Act. The Postoffice Department expects an operating surplus of $265,214,280 in the next fiscal year, but this would be cut by about $110,000,000 if the overtime pay act is extended.

So glad you're back... Have a Coca-Cola

... or offering a soldier the comforts of home

HOME! There's no place like it. And nobody knows it better than a fighting man back on furlough. Ice-cold Coca-Cola is one of the comforts of home everybody welcomes. That's why frosty bottles of Coke belong in your home refrigerator. At the words *Have a Coke,* refreshment joins the party to make it gayer, brighter. The good old American custom of *the pause that refreshes* is spreading in many lands around the globe,—a symbol of our friendly home ways.

FORD
"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will *stay* good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is *big*—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, *but in every case the new is equal to or better than the old.*

If your family needs a new car, go see and drive this Ford. *For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.*
