LABOR SUPPLY SEEN AT PEAK THIS SUMMER

Surveys show that the prospective labor supply in Maryland at the peak vegetable packing season will "be greater than ever before," but there still will remain a deficit of some 4,000 employes which must be recruited from the South, Arthur W. Potter, 3rd of the Maryland State Employment Service, said here yesterday.

Mr. Potter was one of the speakers at the first session of the semi-annual meeting of the Tri-State Packers Association, in three-day convention at the Lord Baltimore Hotel.

Surveys made in March show that there will be an overall need of 26,500 men and women workers in Maryland when the food packing season reaches its peak, between mid-July and the first killing frost, Mr. Potter said.

"These preliminary surveys can not be on a precision basis," Mr. Potter explained. "Last year, for instance, the need for 29,000 workers was predicted. The tomato crop in Maryland was ruined by the weather and by late blight, so that we actually needed only 20,000 workers."

Mr. Potter said he basis his prediction of an almost-adqueate supply of labor for the packing season partially upon the fact that many men and women formerly engaged in war industry have exhausted their claims for unemployment compensation and now are ready to work at the rates set in the plants.

"We do not like to bring migrant labor into Maryland so long as one citizen of the State remains unemployed," Mr. Potter said, "but in a recent trip to Florida I have tried to lay the basis for bringing the seasonal workers here if we need them."

R. P. Rielly, rural industrial representative for Region 3, United States Employment Service told the group that "there will be plenty of good labor for the packers if decent living conditions are provided."

WINTER WHEAT EXPECTED TO SET RECORD

A record winter wheat crop of 973,047,000 bushels was forecast by the Agriculture Department in a report which told, however, of delays in getting spring crops planted in the eastern two thirds of the county.

The department said the fall-sown winter wheat crop apparently came through the winter with little loss.

Any man's Darling-every man's Pride

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

Who says you're only young once?

Take a look at this trim, new Buick — or better, take its wheel — and see just how wrong that old saw is!

One look at these sleek lines, the long, taste-of-tomorrow fenders — and just watch yourself start getting young ideas.

Find an open road, gun this beauty just a bit — and see how the spirit of springtime wells up in your soul and sets the red blood coursing.

Good road or bad, on these soft all-coil springs you take everything with youthful zip and zest, quite freed from jar or jolt.

City street or country road, with all this poised and husky roadweight beneath you, you travel your level course, steady and non-swerving even on curves.

Pull up somewhere — and see how people turn to note the Very Important Person who's arriving.

Take it through the tangle of traffic and see how nimbly it maneuvers — check it at a boulevard stop and see how sure and positive its controls are.

In all truth, here's a car that's any man's darling, every man's pride. A car that not only meets your needs for transportation, but satisfies your every hankering for size and power, style and room, solid worth and top-dollar value.

Naturally, it's a much wanted car. America's most wanted automobile, in fact. Definitely not the number to be picked up off the counter any time, anywhere.

That's why forethought pays and prompt decision gets results. You are simply playing safe when you *get your order in now!*

ONLY BUICK HAS ALL THESE STAR FEATURES
