737 GI LOANS REQUESTED BY MARYLAND

Of 210,000 veterans of World War II in this State only 737 have arranged for loans to finance business ventures under the G.I. Bill of Rights to date, a recent check disclosed.

The total original amount of loans runs to $1924,936.85. Ninety one business loans made by GI's have been repaid in full for a total of $173,605.05.

The average business loan approximates $2,600. During March 38 business loans, made to GI's for a total of $148,686, averaged approximately $3,900.

Where no real estate is involved the GI business loans are limited to a period of ten years. Local banks say the average GI business loan, however, is for a period of approximately three years.

GI's are entering business of all types, ranging from deep-sea diving to operation of water-taxi service in the port of Baltimore.

The Equitable Trust Compasyed has financed approximately 300 veterans in business ventures. One is operating a successful tailoring establishment at the Bolling Field post exchange. Another is dyeing cloth on a wholesale basis in a plant here.

A former service man who gained experience in sheetmetal work in the Army is the proprietor of a metal furniture plant, which also turns out radiator inclosures and like items.

The Fidelity Trust Company has handled 204 loans for as many GI's for a total of $367,761.45, or an average of approximately $1,800 per loan.

"The reason the average loan is fairly high is that we aided a large number of former service men to enter the taxicab business when a designated number of licenses were made available to them by the Public Service Commission," explained Samuel Trott, who for fifteen months has directed this phase of business for Fidelity.

One veteran engaged in the manufacture of concrete blocks, another started a gift and novelty shop, while several bought grocery stores and taverns.

One former seabee is now a house painter, having bought the necessary ladders, rigging brushes, paint-spray equipment, and a truck with funds secured under the G. I. Bill of Rights.

Others have gone into the tailoring business, set up dry cleaning and pressing establishments, shoe repair shops, or have opened restaurants.

Any man's Darling—every man's Pride

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

Who says you're only young once?

Take a look at this trim, new Buick — or better, take its wheel — and see just how wrong that old saw is!

One look at these sleek lines, the long, taste-of-tomorrow fenders — and just watch yourself start getting young ideas.

Find an open road, gun this beauty just a bit — and see how the spirit of springtime wells up in your soul and sets the red blood coursing.

Good road or bad, on these soft all-coil springs you take everything with youthful zip and zest, quite freed from jar or jolt.

City street or country road, with all this poised and husky roadweight beneath you, you travel your level course, steady and non-swerving even on curves.

Pull up somewhere — and see how people turn to note the Very Important Person who's arriving.

Take it through the tangle of traffic and see how nimbly it maneuvers — check it at a boulevard stop and see how sure and positive its controls are.

In all truth, here's a car that's any man's darling, every man's pride. A car that not only meets your needs for transportation, but satisfies your every hankering for size and power, style and room, solid worth and top-dollar value.

Naturally, it's a much wanted car. America's most wanted automobile, in fact. Definitely not the number to be picked up off the counter any time, anywhere.

That's why forethought pays and prompt decision gets results. You are simply playing safe when you *get your order in now!*
