Mill Property

FOR SALE.

THE undersigned will off at public sale, between the hours of 11 & 12, at the Court House door in the town of Cambridge, on

MONDAY the 2nd day of AUGUST

next, the valuable Mill Seat and premises known as the Brick Mill, situated on the head waters of Chicamecomico river, and distant about six miles from the town of Vienna, and about four or five from East New Market. There is attached to, and will be sold with the Mill Seat, about one hundred acres of land, a part of which is arable, and in a high state of cultivation, another part is in meadow, and the balance is covered with wood and timber. The stream of water which supplies the mill is one of the best in the county; it seldom fails, and then only for a short period during the parching drought of August. The mill house and machinery has been recently consumed by fire, as is well known, but the Dwelling (built a few years since of brick) is in fine order, and the outbuildings and enclosures have been lately repaired and put in complete condition; the grounds, garden, and orchard are spacious, shady, rich and fruitful. To a man wishing to purchase a residence for his family, there are few places offering superior inducements. The neighborhood is wealthy, intelligent, and above all exceedingly kind and sociable and the community is well supplied with churches and schools. As an investment here is a good and safe opportunity. Let there be floods, famines, or any ordinary misfortune, and yet the tolls are sure, and will always pay a handsome interest upon the money invested. Be it understood that the property is sold not for any dissatisfaction with it but solely for purposes of fair division. It is useless to say any thing by way of eulogy, for of course all who wish to buy will view the premises for themselves, in which they will be aided by calling upon one of the subscribers, Wm. S. Jackson, who lives upon the spot. The terms of sale will be as follows:—one third of the purchase money will be required on the day of sale, and the balance in equal instalments of one, two and three years, the whole secured by bond and security approved by the venders, and bearing interest from the day of sale.—The title given will be clear and unencumbered.

The well established reputation of this work makes it unnecessary to say more of its merits than to state the fact that it has superceded all others on the subject in the State of Maryland. For the Justice of the peace and Constable it may in some measure stand in the place of a law library—to the merchant and man of business, and to the property holder either in town or country it is very valuable, as it treats of matters of almost daily interest to all classes of the community.—All the laws which affect the duties of the Justice of the Peace passed up to December session 1846 inclusive, have been noticed in this editlon, and various improvements in the arrangement of the different subjects treated upon have been made.
