"SUGAR COATED" PILLS,

BEWARE! CAUTION !!

The increasing popularity of Dr. G. Benj. Smith's improved Indian Vegetable Sugar Coated Pills, has induced a number of persons to make something they call pills, and coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance the original, Dr. Smith's Pills. In short, they are an intended fraud upon the community. A minister who at first had an interest in an imitation Sugar Coated Pill, manufactured at Albany, N. Y. has given them up, as he says, on account of the miserable dishonest parties concerned in manfacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills; but rather than notice them in public, Dr. Smith is about to institute legal proceedings against them for their slanders, as he has in another case against a similar party, in which he recovered a large amount of damages. These miserable imitators have to resort to the most abominable means to palm off their counterfeit pills as the public know that Dr. Smith's are the original and genuine. Several instances have come to public notice in which life has been endangered by the unfortunate use of the counterfeits.

REMARKABLE CURE OF COLD.

New York, March 2, 1846.

I very imprudently went out last week with a pair of shoes on, having sent my boots to the boot-maker for repair, and I took a very severe cold, which settled in my limbs, stiffened my neck, and rendered me wholly incapable of attending to business. On the following night I took six of Dr. Smith's Indian Vegetable Sugar Coated Pills, which entirely relieved me, and the next day I felt as well as usual.

I know they are the best medicine that can be used for colds.

JOHN ADAM,
No. 20, 5th Street.

COMPLICATED DISEASE CURED.

[From the Rev John Kellett.]

Brooklyn, 127 Myrtle St. Oct 1, 1846.

Dr. Smith—Sir, It is with great satisfaction I acknowledge the benefit my wife has received from the use of a few boxes of your pills which she used at the recommendation of a friend. Having fallen into bad health early in winter, she used them with perfect safety, even in that cold season. She has at times, used Morrison's Moffat's and others, and she states she has received more benefit from them than all the others. She believes they may be used with perfect safety by females, without changing either their employment or diet, and that at any season of the year.

Yours respectfully, JOHN KELLETT,
Wesleyan Methodist Minister.

To Dr. Smith, 179 Greenwich street; New York.

AGUE & FEVER CURED.

Mr G B Remson, (Grocer, Middle Village, L I) says he sold Dr Smith's Indian Vegetable Sugar Coated Pills to two persons there for the fever and ague, and a permanent cure was, in both cases, speedily effected. For headache, colds, fevers, dyspepsia low spirits, &c, there is not their equal to be found in the whole range of pharmacy Be careful of imitations, base counterfeits, and mind that the written signature of G Benj Smith is on the bottom of each box otherwise spurious pills will be palmed on you

BAD COUGH CURED:

New York, May 25, 1846

DYSPEPSIA CURED

Portsmouth, N H Feb 28, 1846

Dear Dr Smith—I have been afflicted for the last five years with dyspepsia, unable most of the time to attend to my business. I have tried every thing that was recommended, but without any good effects By chance I saw a notice of your pills in the N H Gazette, and determined once more to try something that might restore my health, and to my unspeakable joy I found that they had the desired effect; and feeling it a duty I owe my friends and the community at large, I make these statements. If you think it worth while to publish the above, it is at your disposal.

Yours very respectfully,

This Farm, from its variety of soil—possessing a clayey loam, and a siliceous loam, and intermediate grades, is adapted to a variety of crops; and the infallible prospect of a future growing, and permanent demand for our Breadstuffs—especially, Indian Corn, in foreign markets, offers a strong incentive to agricultural energy and enterprise, which, for many years have been paralyzed. Endless resources of manure are presented on this Farm to make it a rich investment, by a moderate share of skill and attention. It has a neat small and nearly new dwelling house, two rooms on each floor; also two corn houses, one of them lately built and in the best manner, and vill hold 3000 bushels;—the other 2000;

A well of pure, soft water is directly at the door, and many fine springs, elsewhere on the land.
