BONE PHOSPHATES-of which 12 per cent. is immediately SOLUBLE in WATER-3 per cent. of Ammonia, 3 per cent. of Potash, Sulphuric Acid, Maunesia, &c., &c.

Furnishing the essential elements of WHEAT, CORN, TOBACCO, COTTON, and of all Cereals which are removed from the soil in every crop.

To Agriculturists. An extensive experience of twenty years, as importers and dealers in GUANO and Fertilizers of various descriptions, and by direct intercourse with farmers and planters, as Grain Merchants, has enabled us to learn their experience and results from all sorts of natural and artificial Manures and to form a practical knowledge of their wants in a fertilizer adapted generally to the various soils and crops of the Southern States, and at a price commensurate with present values and a proper regard to economy in outlay.

We have been induced to establish a manufactory in this city upon an extensive scale, with the appliances of steam and with every recent improvement in machinery for grinding, mixing and thoroughly combining the various chemical constituents, now well ascertained as forming the elements of a first-class fertilizer, and absolutely required to build up the truly vegetable part of the plant, and restore to the soil the elements of direct "PLANT FOOD," which previous crops may have drawn from it, and which can be relied upon for uniformity, containing the valuable properties claimed for it, and at a LESS PRICE than any other similar manure offered in this market.

Extracts from Letters from parties who have used this Fertilizer.

FROM REV. S. A. GAYLEY. COLORA, Cecil co., Md., June 20, 1869. Messrs. Wm. Crichton & Son - Dear Sirs: Your "Ammoniated Soluble Phosphate" I regard as the best manure I have ever used. dressed a lot of corn with it in the bill, putting one bag on two and one-eighth acres by actual measurement, (you will see the allowance to each hill was very small.) It has acted like a charm. That lot of corn is the best in the neighborhood of any planted at the same time. The corn has a very rich green color, and growing rapidly. From what it has done for me I give it the

preference to any I have ever tried. Yours, respectfully, S. A. GAYLEY. OAKVILLE, St. Mary's county, Md., ? I applied your "Ammoniated Super-Phosphate" on wheat and oats-top-dressed the wheat. The crops, where it was used, show a

decided improvement, and present at this day a remarkably fine appearance. I am perfectly satisfied with its effects, and LOWER PRICES its comparatively low price will induce me to use it again next season. W. O. REEDER. Yours truly,

Annapolis Junction, Md , July 31, '69. I used the Ammoniated Super-Phosphates, manufactured by you, with the greatest success on my wheat and vegetable garden. I planted corn with it last May, and upon present appearances it will not be surpassed by any in the county. I prefer your combination of Plant Food to Peruvian Guano, even at the A. P. GORMAN.

PAW PAW, Morgan county, W. Va., ) It gives me great pleasure to let you know that my Wheat upon which I applied your tirely on corn stubble, and it is better than

I applied it on oats and corn in the spring, using about 200 pounds per acre on each, (stiff clay land.) The oats will double, I think, while the corn I never saw anything to equal it. I planted about 10th May, using a handful to two hills of corn, and after it started it seemed incredible to see it grow. It is now waist high, while on a highly manured piece of land by its side it is not over six inches. Yours respectfully, N. N. CLABAUGH.

Centre Cross, Essex co., Va., July 27,'69: In relation to your Guano, I take pleasure in stating that I regard it as a valuable fertilizer. I used about two hundred pounds per acre on outs, which, notwithstanding the ex-This Phosphate has proved itself to be the cessive drought, produced 25 to 30 bushels per ed, I have seized and taken in execution all the Cheapest and fully equal to any in the market acre. The corn upon which this fertilizer was applied at the same rate looks stout, vigorous Its adaptation to Wheat, Corn. Oats, Buck- and promising, and the "oldest inhabitaut" wheat, Tobacco, Garden Truck, Grasses, &c., does not claim to have ever seen a more flourishing sweet potato and watermelon patch than WE PROPOSE TO GIVE OUR CUStested. Finel ground and suitable for drill- I have this season, from the use of a handful of this mannre to the hill. Truly yours, R. P. W. FAUNTLEROY.

Put up in strong bags of 167 pounds in each. PRICE \$50 PER TON. SEND FOR PAMPHLETS, containing full directions and certificates.

WM. CRICHTON & SON, SOLR MANUFACTURERS, OFFICE, WOOD STREET, Bowly's Wharf, (Opposite Corn Exchange,) ang 28-tf.

NOTICE. Meesrs. O. P. Merryman & Co., -Sirs: In MAXES FOR 1869 ARE DUE, and I must say, I do not intend to wait or indulge as of an application of your Raw Bone Phosphate I have done heretofore, and those who have entire satisfaction. It was used by the side of ter look out, or they will find their property two different kinds of approved Fertilizers, advertised. I will not wait longer for those in arrears for the past two years.
