- JULY 26, 1879.

### Remedies for Sunstroke.

Sunstroke is caused by excessive heat, Attorneys & Counselors at Law New Office Court St., opposite Court House hird or fourth day of a heated term than

o'clock in the afternoon. On hot days wear thin clothing. Have as cool sleeping rooms as possible. Avoid loss of sleep and all unnecessary fatigue. If working indoors, and where there is artificial heat-laundries. &c .- see that th room is well ventilated. If working in the sun, wear a light hat (not black, as febl-tf.

Having located in Chestertown, offers his professional services to the public. the sun, wear a light hat (not black, as | it absorps heat) straw, &c., and put inon the head a wet cloth or a large green leaf; frequently lift the hat THE undersigned, after an experience

what water you need to keep it up, as | Special attention given to diseases of CLOTHING MEN'S SUITS perspiration prevents the body from be- females. ing overheated. Have, whenever possibrella, when walking, a canvas or board much fatigued do not go to work, but be ply cold clothes to and pour cold water apr13.

If any one is overcome by the heat send immediately for the nearest good hysician. While waiting for the physi- House & Sign Painters. cian give the person cool drinks of water or cold black tea or cold coffee, if able to cool cloth on the head, and pour cold water on it, as well as on the body. If the person is pale, very faint and pulse feeble, let him inhale ammonia for a few seconds, or give him a teaspoonful of aromatic spirits of ammonia in two table poonfuls of water with a little sugar.

FAINTING. - When persons faint or feel like fainting, they should be placed lashed in their faces. This is the easiest, less labor to perform in pumping the blood to the brain than in the upright apr12-6m. position. A few years since a lady died in a dentist's chair, after having some teeth extracted she having fainted. It Late of the firm of Greenwood, Rutter & Co., was proved at the Coroner's inquest that after the lady fainted she was kept seated | For the sale of GRAIN and PRODUCE, | May. 10, 1879. in the dentist's chair for 10 minutesprobably the blood running down her hroat. If the dentist had the presence of mind to lift her out of the chair, al- SEO. Z. GREENWOOD. A. W. WOODALL. lowing the blood to run from her mouth, probability have recovered. It is a diffiwhile the body is in an upright position. The London Lancet mentions the case of a woman who fainted on a race course, when the bystanders placed her in an upwhen the bystanders placed her in an upright position against the fence. A physician happening along stretched her flat on the ground and she recovered. Let And Proprietors of the Canton Elevators of the harness business I feel on the ground and she recovered. every person who reads this remember that a fainting person should be instantly placed in a horizontal position.
