HOWARD ASSOCIATION, Philadelphia.

A Benevolent Institution established by special Endowment, for the Relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases

THIS HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in case of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhœa, Seminal Weakness, Gonnorrhœa, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self Abuse, and other diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope), FREE OF CHARGE, on receipt of TWO STAMPS for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, DR. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

GOOD NEWS AT LAST!

LET THE AFFLICTED READ!

And learn that a perfect and radical cure is warranted and guaranteed to all who are afflicted with weakness, debility, nervous complaints, melancholy thoughts, depression of spirits, distress and anguish of mind, loss of sleep, loss of memory, loss of energy and muscular power, puny growth, wasting away, and a want of confidence in themselves, fainting fits, convulsive tremblings, impotence and disgust of life. Some physicians require to be told the nature of your disease—the ENGLISH BOTANIC PHYSICIAN does not. His perfect knowledge of the human system enables him to describe the disease without any information from the patient, to explain its original cause, and to guarantee its cure. And, what is more valuable still, he will honestly and frankly tell whether you can be cured or not, thus saving you trouble, expense and disappointment. His examinations are made without any information from the patient; therefore he thoroughly understands their Physical condition and Phrenological development, without which he never could have performed so many astonishing cures. It should be remembered that this Botanical Physician performs cures thought impossible."—*Medical Journal.*

Let skeptics, and more especially those who have tried others and got no relief, let them read the following facts, and judge for themselves, of the good effects of the Botanic Physician's New Remedies. As all his correspondence is strictly private and confidential, honor prevents from giving names.

YOUNG MEN, READ THIS!

"I am now twenty-five years of age; I have suffered from the following symptoms since I was seventeen years old; I employed every means; I consulted a number of medical men, and spent a little fortune for medical treatment, and got no relief, until I tried the Botanic Physician. Under his treatment, I was restored to perfect health, both mentally and physically. The following were the symptoms I felt:—At the age of seventeen, palpitations of the heart came on, and which were afterwards induced on the slightest exertion or excitement; periodical headaches, noise and buzzing through the ears; imperfect vision, objects like falling stars annoying the sight; temporary attacks of squinting; pimples and blotches on the face; a shrivelled state of the frame, with constant cold feet and hands; loss of memory; incapacity to turn the attention to any one subject; frequent fits of abstraction; total inability to study; dislike to society; attacks of despondency, melancholy, involuntary shedding of tears; heats and flushes on the face on the slightest occasion, and thoughts of suicide; difficulty of breathing on the least extra walking, running, or going up stairs, or up a hill. The stomach was constantly out of order; the appetite became capricious; sometimes it increased, and at other times nearly absent; fanciful tastes and a longing for strange food. A train of dyspeptic symptoms set in, such as flatulence, constipation and looseness; extreme heaviness and torpor after eating; great thirst, restless nights, frightful dreams, cough, night sweats, fetid breath, decay of teeth, constantly furred tongue. The chief symptoms of which, in addition to the preceding, were pain and debility in the back and loins, creeping and shivering sensations down the spine, as if cold nails were traversing that column. I was engaged to be married, but dared not, for fear my infirmity might be known. I felt a sense of fear, distrust and shame, with a dread lest my infirmity should be suspected or discovered; a wasting away followed, and my friends thought I was consumptive; my complexion became sallow, my eyesight dim; I had a downcast and an abashed look; I was unable to stand the gaze of other people; I would blush when spoken to; my forehead and face became blotched and pimpled; a loss of flesh followed, and a great drowsiness, with an indifference to everything but solitude; appearances of rupture began to be told the nature of your disease; I began to pine away; for seven years I suffered all these symptoms and kept the secret in my own bosom; and I believe I should have taken the secret to an early grave, had I not consulted the Botanic Physician. I write these facts for the sake of suffering humanity, hoping they will save some of my fellow-creatures from a life of suffering and a premature grave. Yours, truly, &c.

When the above gentleman called on me, he had no hopes of a cure; all he expected was a little relief. I first made a Phrenological and an Anatomical examination of him. Having satisfied myself that he had no chronic disease about him, I told him at once that I could cure him; but he had suffered so much disappointment in the other remedies he had tried, that he even doubted mine; however, I made the necessary Mathematical and Astronomical calculations; and having by these means ascertained what herbs, under planetary influence, were best adapted to his case, the cure was very soon accomplished. He soon recovered all his mental and physical energies; in short, he became a man again; and shortly after married, and I need not say became a happy man.

All letters, communications, and interviews, are strictly private and confidential.

AFFLICTED, READ,

And hear what others have said of him and his cures:—

"This eminent English Botanic Physician has really performed some of the most astonishing cures on record, in this or in any other country, by his simple, innocent, but certain New Remedies.

"Every Man, Woman and Child, whether Father, Husband or Son; all Ladies, whether Young or Old, whether a School Girl or Matron, whether Mother, Wife or Daughter, whether Married or Single; all should consult the English Botanic Physician, if they wish to be permanently and radically cured."

"Let no young man enter the SACRED OBLIGATIONS OF MARRIED LIFE, without first consulting this eminent English Botanic Physician. He has cured hundreds of cases which have been pronounced incurable; and thousands have been radically cured by him, and the parties are now married and happy. Every one, especially young persons and those contemplating marriage, should consult him. He will describe your disease and the parts affected. He will describe the true cause of all your sufferings and infirmities. He will tell all the symptoms you have experienced, and all the symptoms you will experience, and the result of all these symptoms on your health and constitution. He will tell you how long you have been affected. He will also tell you how and when you can be cured. No deadly poisons, as Arsenic, Nux Vomica, Opium, or any other poisons; no Mercury, nor any deadly mineral—nothing but purely vegetable applications are prescribed by this wonderful Medical Botanist. We advise every one to consult the English Botanic Physician, and judge for themselves."—*Medical Journal.*

LADIES, READ THIS!

"I have been married ten years; I never had any children; it caused discontentment in my husband; we both were anxious to have children; and I tried several things to remove my barrenness, but they had no effect. About three years ago, I called on the Botanic Physician; I took his Remedies, and am now blessed with two lovely children; my health is much improved, and my husband is more contented and happy. Believe me, yours, &c., ——."

ANOTHER FOR THE LADIES!

"Eleven months after I was married, I gave birth to a daughter, but my sufferings were so great that the Faculty despaired of my recovery. This made me dread the thoughts of having any more children. I tried everything to prevent a repetition of my sufferings, but without succeeding. Two years after marriage, I was again confined, but my sufferings were so great that the child died. I was told by my Physician that if I had any more children, he feared my life would be endangered. I tried the BOTANIC PHYSICIAN'S **Preventive to Have Children.** His Remedies had the desired effect; they not only prevented me from having children, but they also improved my health. *To the pure, all things are pure.* Yours, sincerely, &c., ——."

LADIES

Whose delicate health makes it desirable not to have children, consult him. All those who are childless, and wish to have children, consult him. All Ladies consult him in the most delicate cases, with implicit and perfect confidence.

TO THE MARRIED LADIES, whose health will not admit of an increase of family, his Remedy is invaluable, as it can be successfully used as **A PREVENTIVE Against Having any Children.** If you have tried others, and got no relief—if you wish to enjoy good health and long life—if you are wise, you will go and consult the ENGLISH BOTANIC PHYSICIAN, at his private residence, No. 1336 LOMBARD STREET, PHILADELPHIA.

All interviews are strictly private and confidential. Thousands can testify to his honorable, fatherly and gentlemanly conduct; his standing and experience of half a century prove, beyond all contradiction, that they can confide all their little troubles and secrets to him as a father, a man of moral rectitude, and a man of honor and high sense of duty. Past experience has proved that all their little secrets are safe and sacred with him.

MARRIED MEN, READ THIS!

"I have been married fourteen years; about five years ago I began to lose my muscular power, so much so, that I feared I would become impotent. I applied to several medical men, but got no relief, until, by mere chance, I applied to the Botanic Physician; he told me mine was a case that required time, but that he would guarantee a perfect cure if I only followed his advice. I put my name on his books; he made a calculation and ascertained what herbs would be most efficient and best adapted to my case. Ultimately, by attending closely to his advice, I recovered all my lost power and energy, and I am now stouter and a stronger man than I ever was. Yours, gratefully, &c., ——."
