MARYLAND'S EXHIBIT AT THE NEW

Annapolis Advertiser by the completeness of the exhibit as a to form an opinion of the disease. It is the products of our waters, our Marbles gular fact that hogs kept in a close yard spectator at a glance a correct idea of disease is epidemic, contagous and inwhat Maryland produces, and what ma- fectious. terials are ready at hand to be converted Dr. Navin, who studied the disease into useful articles by the manufacturer. and experimented with it, gives a remedy We could cite our beautiful marbles, our which is claimed to be sure if employed variety of clays for the potter, sand for in its early stages, as follows: glass, ores of iron, copper, chrome, miea, slate, etc., minerals of every kind. Our geology and natural history is of great interest, the latter touching the tropics and yet embracing all northern varieties of plants and animals. Our geology is, plete and well finished collection is in the disease. New Orleans exhibit. The same may be said of our cereals, and to some extent pathic Veterinary Hand Book, he states

of our manufactures and fisheries. For the most part we are indebted to solution has saved more hogs than any the generosity of the Maryland Academy other remedy. It is given as a drink of Natural Science for the creditable ex- night and morning. This would accord hibit of our State, and we have to make with a remedy given about ten years ago | 324 N . Delaware Ave., PHILADELPHIA the humiliating acknowledgment that by an Illinois farmer, who purchased d20-3m. without the aid of a society to which the some hogs from a drove and on arriving Legislature has always refused to give a at home found they were affected with cent, the dignity and honor of the State the disease. He boiled some corn in could not have been upheld at New Or- weak lye made from ashes, used some

is that we need as at other State Capitals, rylander may learn what is beneath and effects are immediate and permanent. around him, and feel a pride in his State from a knowledge of hor nature.

From a mere business point of view such a collection at our State capital would amply repay its cost of collection and maintenance. As an illustration, even before the opening at New Orleans the collection of Maryland ores and marbles attracted marked attentron, and enterprising men asked searching questions as to the practical means of developing quarries and mines. Both strangers and our own people were surprised to see what we had, and if such ignorance could be removed the result would certainly

A MODEL MARYLAND JUSTICE.

Lust year a justice of the peace of the troversy as to the division arose, grew made is as mentioned above. - Cin. Enq. to a dispute and ended in a pitched battle, the justice getting the worst of it in the shape of a pounding with a fence- Hot WATER FOR OPEN WOUNDS .- In stake. He left without settling the mat- an address before a New York medical ter in dispute, being too mad to talk. college on "The Protective Treatment of His choler did not fall with the healing Open Wounds," Dr. Theodore Varick, of his physical bruises, but rather rose surgeon-general of New Jersey, stated higher, and he finally issued his warrant that in an experience of seven years, in for the arrest of the tenant, to answer which 59 cases of amputation were treatthe charge of the assault and battery, ed with boiling hot water applied to the and docketed a civil suit for damages, wound as soon as the ruptured vessels making both returnable to his own court | were tied, only two were lost, and these on the same day. The day arrived, and not from shock. He regarded heat as with it the constable with his prisoner, the best antiseptic, being simple, safe and the tenant. The 'squire solemnly ad-dressed the latter, describing the cases against him and calling the assault case | COLMAN, the great mustard man, says first: "Have you any witnesses?" he his fortune was not made out of mustard asked. (No third party had been pre- eaten, but mustard wasted. sent at the fight.) "No, 'squire," replied the accused, "nobody but myself."
"Well, you can be sworn," rejoined the
representative of the offended peace and dignity of the State, and sworn he was, recounting the circumstances of the trou-ble, and minutely describing the fight, in which it appeared that the landlord was the aggressor. At any rate this view of the case seemed to dawn on the 'squire, and after scratching his head a few min-utes, he said: "Well, I don't see that the plaintiff has any case, and I guess I'll have to enter up judgment for the defendant, with costs!" And he did. The

REMEDY FOR HOG CHOLERA.

structively among swine, is one that broke out in Connecticut, and in a herd of one hundred and twenty-five a large proportion died or were ordered to be killed by commissioners on diseased animals. It is a disease that is to be avoided if possible, but when it breaks The visitor to the New Orleans Expo- out farmers should know of remedies. sition finds Maryland admirably placed The symptoms are somewhat different in and presenting a tasteful and inviting diferent localities, but the circumstance front on the maine aisle.
