EQUALIZATION FIGHT MAY GO TO APPEALS CT.

Petition For Mandamus Refused By Judge Ulman In Superior Court

DR. WEGLEIN ADMITS SALARY DIFFERENCES

Superintendent Says Supply And Demand Governs Salaries At Hi School

That supply and demand govern some salaries paid to teachers in the Douglass Hi School and that there are admitted inequalities in the respective salaries of white and colored teachers of same grade, was brought out in testimony in the mandamus proceedings in which Judge Ulman refused to grant the petition of teachers in Superior Court Tuesday.

In giving his decision, Judge Ulman stated that he was of the opinion that the school board had specific reasons in each case for the difference in salaries paid colored teachers and they had the right to such discretion in the matter.

Attys. W. Ashbie Hawkins and Warner T. McGuinn, representing the teachers in their court action, indicated that the case would be taken to the Court of Appeals.

Long Fight

The fight of the colored high and training school teachers to get the same salaries as those given whites was started in June, 1925, when a group of citizens, headed by Howard E. Young, went into court and secured a temporary injunction restraining the Board of Estimates and the School Board from paying out a $50,000 equalization wund authorized by the State Legislature and designed to make salaries of women equal to those of men.

Others who signed the petition were James E. Fisher, Isaiah L. Brown, Truly Hatchett and William H. Thomas. This later took the form of Mandamus proceedings which came up for a final hearing Tuesday.

Dr. Weglein Testifies

During the course of the trial Dr. David Weglein, Superintendent of Public Instruction, who was the only witness, admitted that nearly all white and female teachers had been considered in the salary adjustment and confessed that had the teachers in the Frederick Douglass High School been white they too would have probably received increases in salary.

According to the section of the code of Maryland on which the suit was brought, it is stipulated that there was to be no difference in salary because of sex. Attorneys W. Ashbie Hawkins and Warner T. McGuinn, solicitors for the petitioners, successfully brought out from records produced by Dr. Weglein, that there was a vast difference in the salaries of men and women teachers of the Douglass High School. Dr. Weglein also admitted that some female teachers in the Eastern and Western High School and the other institutions mentioned in the bill were receiving salaries far in excess of some male teachers in the Douglass High School.

Under the appropriations it was shown that a female teacher in the Forest Park High School who had been receiving $2690 per annum was given an increase that made her salary equal to that of a male teacher who had been receiving $2940.

In the Douglass High School the salary of a male teacher who had been receiving $2040 yearly and a female teacher who received $1710 were not equalized although both were doing the same type of work and were due to consideration under the law.

Supply And Demand

A long list of such cases was offered in evidence by the petioners.

In each white case cited, Dr. Weglein stated that the raise had been given because of these adjustment. In each race case the superintendent endeavored to offer an opinion as to why no adjustment had been made. In many instances he said one teacher in the Douglass High School received more pay than others because in their particular subjects the supply was greaater than the demand.

Cases Cited

Under cross examination of Dr. Weglein, by Attorney W. Ashbie Hawkins, it was brought out that there was a difference in the salaries of Ralph N. Cook and Miss Fannie L. Barbour, both heads of departments. In explanation of this, Dr. Weglein stated that there were special departments in the school where, because of the special requirements, it was more difficult to secure teachers, salary adjustments had been made accordingly.

This same answer was given when asked about differences in the salaries of Joshua E. Maxwell and Cora E. Taylor, whose work in the school is identical. Others whose salaries were compared were Bernard Briggs and Miss Meta Redden.

Atty. W. Ashbie Hawkins who with Atty. Warner T. McGuinn is conducting the case, stated that it was his plan to take the case to the Supreme Court if necessary on the ground that it involved the Fourteenth amendment.

In a letter to the editor of a local daily paper, Attorney J. Steward Davis denied that he was in any way connected with the accident in which John Bollinger, white, and other occupants of the car were seriously injured when their automobile was crowded over an embankment at Eastern avenue and Deep Creek avenue, Wednesday at midnight.

According to the article printed in the Baltimore paper, Attorney Davis was branded as a hit and run driver, alleged to have struck the Bollinger car and sped away without offering assistance to the injured parties. "This was more than four hours before the Bollinger accident, in fact, if it occurred at 12 o'clock I had retired two hours before the accident. My car was never abandoned in any woods as the police of the Essex Police Station will tell you and I have no connection whatsoever with the Bollinger accident.

"I do not insist that you publish this letter in part or in its entirety, but I do insist that you advise the public through your publication that you were in error when you stated the inexcusable inaccuracies that I have briefly mentioned. I assume that you can appreciate the embarrassment that your article would cause me professionally and otherwise."

SCHOLARSHIP GIVEN AT HIGH CLOSING

Eight Graduates Get Awards To Leading Institutions Of Race

MAYOR JACKSON AWARDS DIPLOMAS

Tells Audience He Intends to Keep Pledge For Educational Advancement

The awarding of eight scholarships and the presentation of 251 diplomas and certificates by Mayor Howard W. Jackson, featured the commencement exercises of the Douglass High School at the Lyric Theatre on Tuesday night.

The program started with a processional at 8.05, in which the graduates marched in and took their places on the stage. Following the singing of the "Negro National Anthem" invocation by the Rev. C. Y. Trigg, and another group of spirituals, Principal Mason A. Hawkins presented Mayor Howard W. Jackson, who presented the diplomas and certificates. Mason Hawkins, Jr., son of the principal, was one of the graduates.

To Keep Pledge

In his introductory remarks, the Mayor pointed out that he was keeping his pledge to give the children of Baltimore the best educational facilities possible.

Dr. David E. Weglein described the year's progress in the public schools.

Get Scholarships

Besides the announcement of the Alumni medal to William Henry Dean and the H. S. McCard declamation medals to Misses Annie Brown and Jaunita Jackson, the following scholarships have been awarded from fraternities and sororities:

Alpha Phi Alpha, William Henry Dean, Jr.; Gamma Boule, Sigma Pi Phi, William Sherman Smith; Alpha Kappa Alpha Sorority, Maria Elaine Coulbourn; Beta Phi Beta Sorority, Lillian Rosabelle Dotson; Morgan College, Leta Pearl Hodges, Melvin Armand Williams; Howard University, Evelyn Barnum; Lincoln Universiyt, William Henry Valentine, Jr.

ASK IMPROVEMENTS AT TURNER STATION

Better lighting, more police protection and a Ligh school for their children are among the things citizens of Turner Station, a suburb of Baltimore, asks in petitions just submitted to the County Commissioners and County Board of Education.

The petition, which is signed by Hilary Neal, Henry Pryor, Arthur Bland, J. H. Thomas, William Falden and fifty others, sets out among other things that Turner's Station, while very heavily populated is totally in darkness at night.

That police protection is not what the conditions require, due to the fact that thousands of men are employed at Sparrows Point, who cause various excitement and disturbances, and it is essential that a policeman should be stationed at Turner's Station so as to prevent the necessity of constantly telephoning to Dundalk for policie.

That sanitary conditions should be remedied at once.

Educational conditions in Baltimore County are not equalized for the following reasons:

No high school is provided for boys and girls of the colored race, preventing them from further educational facilities unless they are willing or able to attend high school in the City of Baltimore, and in addition to paying care fare to pay $80 for the school sessions.

Your Board must be aware that the citizens of Turner's Station are paying taxes on property estimated to be worth at least $500,000 to $600,000.

Your Board must be also aware that while there are many high schools for white children in Baltimore County, there is none in this County for colored children.

WHEREFORE your petitioners request that your Board confer with the School Board of Baltimore City, to the end that such arrangements may be made as will enable colored children to attend the high schools of the City of Baltimore without any charge, and that such other and further relief be given as the nature of the case requires, especially some action be taken before the next school session.

William Dotson has announced his plan of establishing a poultry farm on his new property.

COUPLE HELD IN DEATH OF WHITE MAN

Man Said To Have Visited Young Woman's Home Found Unconscious

ALLEGED CONFESSION IMPLICATES LOVER

Miss Waneeda Tilden Says Friend And White Visitor Had Altercation In Room

A man and a woman are being held in connection with the death of Charles Arbin, white, 213 North Carolina street, who was found with a fractured skull near the corner of Caroline and Baltimore streets, Monday night.

The girl, who gives her name as Waneeda Tilden, 19, 43 North Caroline street, and the man, Solomon Ringold, 21, of the same address, denied all knowledge of the murder when they were placed under arrest by Northeastern District Police, Tuesday.

Later the girl admitted to Captain Mooney that the man did visit her home about 11.30 on the night of the murder and was with her in her bedroom when Ringold, who was asleep in an adjoining room, woke up.

Ringold and Arbin engaged in an altercation and the latter was put out of the house, she declared. Both Ringold and the girl denied that either of them struck Arbin. He was found with a fractured skull in front of their home by police later and rushed to the Mercy Hospital, where he died.

Investigation began when hospital authorities declared that the blow could not have been caused by a fall. Th girl and man are being held without bail for the action of the Coroner's Jury.

A Famous Beauty Specialist Says!

"There is no complexion, no matter how bad, dark or spotted, that will not improve immediately and become light, soft, smooth and velvety when treated with Dr. Fred Palmer's Skin Whitener Preparations."

Any complexion, no matter how dark, muddy or oily, Dr. Fred Palmer's Skin Whitener Ointment will transform it like magic into a lovely, soft, velvety skin—the blotches and tan marks vanish, pimples clear up, the skin becomes clearer and lighter and the excessive oil which causes "shine" disappears. Price 25c.

Wind does not blow it off, it prevents oil from forming on the skin and keeps the skin from chapping in all kinds of weather. 25c buys a generous box of Powder or a large cake of Soap.

Mrs. Mary W. Banks, Dunnville, Va., says: "I have found nothing to compare with Dr. Fred Palmer's Skin Whitener Preparations for the complexion."

Dr. Fred Palmer has developed one of the finest Hair Dressers known to science—it makes the hair straight, soft and luxuriant, removes dandruff, keeps the scalp healthy and makes the hair grow—no hair is too stiff or crinkly for it to improve—you can buy it for 25c.

Dr. Fred Palmer's Skin Whitener Preparations—four in all—Skin Whitener, Skin Whitener Soap, Skin Whitener Powder and Hair Dresser—may be had from almost any toilet goods counter serving race people, but be sure you get the genuine by insisting upon Dr. FRED Palmer's, and if your dealer cannot supply you, they will be sent direct from the laboratory upon receipt of price, 25c each, or the four for one dollar.
