SEWING MACHINE.

NO reader of the Kent News needs to be assured of the superiority of this machine, it is attested by the united voice of thousands of families, throughout the civilized world; by all manufacturers of sewed goods, and by the discriminating awards of committees at state and county fairs, where it has uniformly carried off the highest premiums.

These machines make the lock-stitch, the only stitch that cannot be ravelled, and that presents the same appearance on both sides of the seam. No other than the lock-stitch is acceptable to discriminating and intelligent people, and as the WHEELER & WILSON MACHINE will sew any thing from the *lightest* muslins to the *heaviest* cloth, or even leather, and will work equally well upon silk, linen, woollen and cotton goods, it should stand as it does, highest in public estimation. Look Out for Cheap Goods!

"I say, my friend, what have you in that bundle?" "Why I have some of the cheapest goods you ever saw in your life; what do you think I paid for this delaine?" "Not less than 25 cts." "Well I only paid 12½, and I bought 4-4 muslins at 10 cts. and stockings at 6¼. Sugars at 7 cents, and every thing else in proportion." Where did you say they come from?" "Why, from A. W. SPARKS' Cheap Store; be sure and give him a call and be convinced."
