is a prescription for

Colds, Grippe, Flu, Dengue, Bilious Fever and Malaria.

It kills the germs. Feb.-28.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Poisoned Blood

H. H. Von Schlick, herb specialist and manufacturer of the famous Bulgarian Herb (Blood) Tea, tells people that almost all diseases are caused by impure, poisoned blood. When the stomach is sick you feel miserable, you are constipated and the poisons go into the blood. When the liver refuses to work the poisons go into the blood; when the kidneys are weak and out of order more poison goes into the blood and the result is that your body is sick all over.

For many years I have been telling people sick with disease caused by poisoned blood, that my Bulgarian Herb (Blood) Tea gives relief to those who suffer from stomach, liver, kidney and blood troubles.

I say to every man and woman that suffers from sickness to try my Bulgarian Herb (Blood) Tea—millions of people will use no other medicine—they know that the roots barks, leaves, herbs, plants and flowers are pure and help to make them well again.

Go to your druggist today. Tell him you want Bulgarian Herb (Blood) Tea. He will be glad to supply you because he knows it is good medicine for the sick. It costs only a few cents.

Doctors and druggists everywhere recommend my Bulgarian Herb (Blood) Tea as the best remedy anyone can take to kill a cold. Don't go down with "Flu", Grippe or Pneumonia. Kill your cold with a hot dose of Bulgarian Herb (Blood) Tea.

Just ask your druggist for a box today or I will send it either by mail postpaid, 1 large family box for $1.00, or by mail C. O. D., just pay the postman.
