Wall Paper! Wall Paper!

I wish to call the attention of my friends and the public in general to the fact that I now am ready to show one of the

Finest and Cheapest Lines of WALL PAPER

ever exhibited in this county, bought direct from the factory, in full bundle lots, so you get it only from second hands, no two or three profits coming off it. Of course the consumer pays them all. Sam Jones says it takes a pointer pup nine days to get his eyes open. I have known some people to get their's open in fifteen minutes in a wall paper deal. They thought it was two pieces instead of one, and the border they did not understand, &c. That is always their plea. Remember I am the only paper hanger in the county that carries a stock and don't have the expense of running a store, therefore I have no opposition. If you think I can't save you money, come and see me and bring size of your room, or send size by mail and I will tell you what your job will cost, and send samples and convince you that Gladhill's is the place to save twenty-five cents on a on a dollar on all Wall Papers.
