MORGAN, Miner Teachers Open Cage Season TONIGHT

Morgan, with Trio of Newcomers, to Meet Miner Cagers

The first collegiate basketball game of the season for local fans will be staged tonight (Friday), Morgan meets the Morgan College cagers in the best dribblers that Miner Teachers' College can send out on the floor of New Albert Hall, at 8:30.

At least three new faces will be seen in the Bear starting line-up, according to information received Thursday from Coach Hurt. The two members of the guard will be Otis (What a Man) Troupe and Hub Crawford, late gridiron luminaries. The new men on the books are Lamplkin, former Douglass skateer; Dick Sowell, of Westside High, Newark, N.J.; and Linnell Rockwood, Waukegan, Ill.

They are freshmen, all of them. If from places in which basketball is taken seriously, and teaches Hurt and Hill have placed their stamp of approval upon them. They must be good.

New Forwards and Center

Sowell and Rockwood will mind forward positions, with Troupe and Crawford at guard and Lamplkin at center.

Coach Martin of Miner College is let it be known that he hopes to show the strongest team the teachers have, exact producing when he trots his charges out on the Albert floor.

Some of the veteran men who went down to defeat before Morgan last year will be out there trying to even the score and revenge the compliment.

Leading them will be Brown, captain; with Allen, Best, Cohoes, Cooper, Anthony, McNeill, filling up the ranks.

Minor and Wares, all letter-men, according to reports from the Washington camp, Miner has been fortunate to discover good material among this year's recruits.

Brooklyn Playground Named after Attacks

NEW YORK (CNS) — Mayor Guardia last week signed a bill making it official that a new playground and park, to be known as the "Crispus Attucks Playground, be dedicated to the use of Brooklyn children.

Eligibility Cases Fall Off in C.I.A.A.

WASHINGTON—The task of the eligibility-committee of the Colored Intercollegiate Athletic Association was easier in 1934 than it has been in a number of years, Prof. Clarence W. Davis, chairman of Howard University reported at the 9th annual meeting here last week.

Mr. Davis, who is aided in his work by Prof. J. T. Taylor of N.C. State and C. H. Williams of Hampton, attributed the drop in the number of eligibility matters to two factors. The first, according to Mr. Davis, was the publication in the minds of school officials of the eligibility regulations, and the second, "an increase in the desire to conform both to the letter and spirit of clearly understood eligibility regulations."

Ducks Bow, 49-28 to Alumni Cagers

The Douglass Alumni dribblers maintained their superiority here Wednesday by defeating the present Douglass cagers, 49 to 28.

The first score of the game was clocked by Lamplkin, alumni guard, on a foul shot. Pearson, old Duck left forward, retaliated almost immediately with a field goal that didn't even touch the rim.

The entire first quarter was a close, hard battle, which ended with the score 8 to 6 in favor of the alumni.

The second quarter was a repetition of the first, with the alumni still further away to a 21 to 17 lead.

In the second half the more experienced team of Dyson, Briscoe, Landdowne, Wood and Watts began to tell and the score mounted accordingly.

Coach Gibson was forced to substitute frequently. Also many substitutions were made in many of the Ducklets first team has not yet been selected.

Dyson, Watts and Landdowne were high scorers, with nine points each. Briscoe and Wood were close behind, with seven and six points respectively.

Green and Pinder were the Ducklets' best bets, the latter with six and five points to their credit.

This was not a conference game for Douglass. The first conference game will be played Armistice Day, at Washington, here on January 7.

Kentucky State Will Play Anybody, Anywhere, Coach Says in Answer to Critics

FRANKFORT, Ky.—That Kentucky State's football team will meet any undefeated, untied team for a substantial guarantee anyone, was the statement of Coach Henry A. Kean here this week.

Critics point out that "there ain't no such animal" anywhere in the nation, all of the leading teams having at least a tie or a defeat on their record. Morgan had two ties (the third with Howard being changed to a forfeit game). Texas College has a tie with Wiley, and Langston was defeated by Texas College. Morris Brown, Florida A. and M. College, Wilberforce, Prairie View, Talladega, Tuskegee, Alabama State—all had either a tie or defeat to mar their records.

Issues Statement

Regardless of these facts, Coach Kean issued the following statement:

"Now that the football season is over I feel that I, as coach of the Kentucky State College eleven, can come forward with an attempt to answer some of the newspaper articles which we felt were unjustified and unwarranted.

"Bear in mind that this is the first article I have written this year, that was not a report of a football game, but one that I have and read so much about the National Champions, their challenges and threats of cowardice when they refused to accept the challenge. I feel we owe it to our followers and the sport-loving public, which we have found fair-minded, to explain our side.

"After the 1933 season when commencement rolled around, I found graduation diplomas were given to Crooks, guard; Fields, halfback; Hoke, quarterback; West, halfback and captain, and Miller, end. Five men, each one of them a star. In spite of this we were ready to talk turkey. If we had found fair-minded men we would have found fair-minded men in the country, we are confident, who would have, if we could not talk post-season games before our final game and we feel that we would have, by refraining from any post-season games, put the game in doubt. We may be good publicity, but any team nowadays may bump you off.

Want Like Foes

Bear in mind what Kentucky State's answer is now—**We will play anybody, anywhere, anytime, for a substantial guarantee anywhere.** Since we are undefeated and untied we feel the other eleven schools should have a like record.

"Will Langston please oblige" us by releasing an account of the Texas College-Langston game will never be known because after getting the two-point lead, we attempted to carry the ball little, playing a defensive game.

Thins Week in Advance

"After this victory was put on the right side of the ledger, we began making preparations for Tuskegee, not daring to think more than a week in advance. We took every hurdle in a stride, not daring to think about national honors.

"We made no boast, nor predicted any victories, so you can imagine our embarrassment when week after week challenges to play off the national championship from Langston began appearing in the various papers. One Langston challenge went so far as to say that their people had not been crossed and they saw no chance of its being crossed".

Challenges Article

Another article appeared in a Kansas City paper wherein an attempt was made to explain the 33-0 defeat against Langston's 14-6 defeat of Lincoln of Mo. I feel that this article was an attempt that dissension between the line coach and head coach at Lincoln, which played them, disrupted the team is an insult to the intelligence of the football players and the coaches, and I feel that the statement vilifies the first principle of good sportsmanship.

"I search this week's papers over to find the result of the Langston-Texas College game played in Langston, Okla., December 8, the same date that we played Wiley. Can it be true that Langston had refused Texas College the common courtesy of releasing a write-up and scores of that game. The sport-loving public would like to see a write-up of that classic in a newspaper, for I know that the same sport we are ready to talk turkey. If we could have found fair-minded men in the country, we feel that we could not talk post-season games before our final game and we feel that we would have, by refraining from any post-season games, put the game in doubt. We may be good publicity, but any team nowadays may bump you off.

Texas College Wins Grid Title in Southwest Area

MARSHALL, Texas. — The Texas College Steers at Tyler were officially named undisputed football champions of the Southwestern Athletic Conference for the first time in the history of the school, according to Prof. T. Long, director of athletics, Wiley College.

"The Steers," writes Mr. Long, "who has established many a record as well as a host of traditions since he began coaching at Wiley "were voted the honors named at the annual meeting of the Southwestern Athletic Conference, held in the Hotel Cotton in Dallas, December 14 and 15.

"Critics point out that "there ain't no such animal" anywhere in the nation, all of the leading teams having at least a tie or a defeat on their record. Game Warden Pleads That Birds Be Fed

BALTIMORE—The conservation department of the state plans to revive, through E. Lee LeCompte, state game warden, recently has made an appeal to every Maryland farmer to cooperate with winter feeding program in every section of the state for the protection of the game birds and insectivorous birds and game animals.

Jamison warden reminds that "severe freezing weather probably accompanied by sleet or snow makes it impossible for feathered and furred tribes to secure adequate food for existence unless aided by mankind."

There are numerous methods of establishing feeding stations. One of the best is—corn stalks on which the fodder remains, set up in Indian tepee style, leaving the bottom open at all times.

Another is to nail a pole between trees, or take the pole and place in forked sticks so that it is twelve feet in length, place corn fodder over the north side, over which it would be well to cover with straw, which makes a good, warm feeding station and grain supplied is bound to attract the birds in the neighborhood.

For song and insectivorous birds, the following method can be used in the country and in the suburbs.

Place a small wooden tray, or a vessel of some kind on your fence post, which place there a grain or suet, or both, which will furnish an excellent dinner table.

Texas College Tops Langston; Score 13-2

LANGSTON, Okla.—The Texas College Steers won their first Southwestern Athletic Conference championship by pasting a 13-2 defeat on Zip Gayles's Langston Lions, on December 8.

The first touchdown came in the first quarter, the ball being held by Brown to Johnson, which was received over the goal line. Anderson's kick for the extra point was wide.

The second score was made in the second quarter by Anderson, hard-running halfback for the Steers, who rammed the Langston line and went over with several players hanging on his back. Anderson kicked the extra point.

Walker elected to give the Lions a safety in the fourth period.

TOO MUCH Stress on Sports Charged by CIAA SPEAKER

Ex-Official Warns of Giving Athletes Too Much Publicity

By BILL GIBSON
(Staff Correspondent)

WASHINGTON, — Because Paul Perkins, McDonald, Pa., halfback, was declared scholastically ineligible for competition on the eve of the Thanksgiving Day game with Lincoln University, Howard University has forfeited five games in which he participated.

Hurtle the Howard board of athletic control voluntarily agreed to the forfeitures, they did not wait for official action had been taken by the eligibility committee of the Colored Intercollegiate Athletic Association, the time being reported to the body its 24th annual session at Howard University, here Friday and Saturday.

By the ruling, the Bisons lost by forfeit, scoreless tie games with Hampton and Virginia State and victories over Hampton and St. Paul. A fifth game which the Bisons lost to N.C. State, was nevertheless forfeited by a technicality. The Bisons did not use Perkins, their victory over Lincoln on Thanksgiving Day was uncontested.

Howard-in-Second Division

No material change in the order of the conference race was precipitated by the change. Bluefield Colleges Bears, conference champions for the third consecutive year, finished undefeated by a score of 23.57 to 22.81, according to the Dickinson rating system.

By virtue of gaining a victory instead of a tie, the Virginia State Trojans moved into the first division and Howard dropped among the cellar-dwellers.

One of the highlights of the session came on Friday morning when Garnet C. Wilkinson, first assistant superintendent of Washington schools, speaking on "Competitive Athletics and Education," charged some school administrators and school officials with using the newspapers with more emphasis than is consistent with intercholastic and intercollegiate athletics.

"Education approves of competitive athletics in high schools and colleges," the speaker declared, "when competitive athletics encourage and reinforce education and when they teach social-mindedness.

Must Not Be Star

"On all teams the individual must submit himself for the benefit of the whole. If there is an idea which permeates our modern life more than any other, it is that of the wane in the belief in rugged individualism as against team work.

Mr. Wilkerson suggested that all releases on athletics be confined to educational purposes, and educational be preventing overemphasis. Football, he said, should not be made to support an entire athletic program. Instead, he urged, there should be a budget for athletics which will avoid the necessity for dressing the box office for football games.

A round-table discussion on "Problems in Athletics," led Saturday morning by Coach John H. Burr of Howard University, was lively discussion, and brought out the charge that some coaches and physical directors are blind to vision.

Coach Burr pointed to the necessity of coaches setting the proper examples for their players and of doing away with the practice of stamp out misconduct on the part of players, theft of athletic equipment from institutions which they visit, and gambling.

Have With Health

"We must also take into consideration," he said, "that there is another form of gambling other than that of wagering money on games. It is gambling with the athlete's physical condition by demanding that he engage in educational and cultural obligations in order that he may concentrate entirely on the game, to only unfair to the individual but to the institution as well."

More than thirty officials in various branches of sport, were removed from the association's lists by the committee on certification of football officials. Certified and probationary lists were also revised, with the association adopting the rule that an annual certification fee of one dollar be charged to the given certified and probationary arbiters in the sports in which they receive pay, payable on or before February 1 of each year.

Dues Hiked $12.50

An increase in the annual dues of each school was also approved, the fee being raised from $25 to $37.50. A sum of $180 was also allocated the secretary-treasurer's office, $100 for salary and $80 for clerical services.

Football and basketball schedules were arranged and officials assigned for the 1935 football season. One of the surprises furnished by the schedule-makers was the announcement that the annual Virginia Union-Hampton game will be played at the Polo Grounds in New York City on Thanksgiving Day.

Place of the Howard-Lincoln game was not decided upon, although the game was expected unofficially by representatives of the two schools indicated that the contest probably will be played at night, indoors at the Atlantic City auditorium, Lincoln, Pa., or Philadelphia.
