DENTON, MARYLAND:

THURSDAY MORNING:::::December 2, 1869.

WE take it for granted that by this time and attended the great sale now in progress fication at the rare bargains they were able lets this chance slip, and any mother will miss it who does not see to it that "the boys" are well provided for in this emergency.

THE movement for an early return to specie payments is becoming very popular fore the close of another year. General forms not unworthy to be made. Grant and Secretary Boutwell are both in favor of an early resumption, and nothing mous Militia bill, passed to perpetuate the of his collar bones destroyed. objects at the earliest day possible. Gen. should be immediately and unconditionally post-master at Oxford vice E. S. Harrison. Garfield, and a number of other noted West- repealed, ern members, are also announced as in favor of a speedy resumption. It is thought Congress will early in the session take some decided action on the subject.

CIECUMSTANCES control some men, other men control circumstances. Four hundred thousand dollars' worth of goods, above and beyond the apparent and ordinary demand, would throw most men into a fever, if not ing of the schools. Wanamaker & Brown seem equal to any emergency, and the people are showing their appreciation of their pluck by handsomely appreciation of the property of the property of the population of their pluck by handsomely appreciation of the property of the property of the population of the property of the property of the population of the property of the pr patronizing the sale.

"No customer must be allowed to leave orders given at Oak Hall for the present bills may be passed." Already the emisarudely importunate, or to try to over-per- for a mere song, all the discharges within Price. suade any one, but that such pains shall be their reach so that the only result of antaken to suit, and such accommodations made other series of Bounties will be to en- ance in the Pocomoke River, at Snow Hill. on prices, that all will, of their own free accord, desire to buy.

## OUR SPANISH RELATIONS.

ognition. The facts about the activity in our Navy yards during the last ten weeks have already been published, and it is doubtless also known, that as rapidly as our iron clads, monitors and other armed vessels were got ready for service, they were dispatched for ports in the Florida Keys, in the West Inin the matter of the Spanish Canoneras, trenchment and reform. the Battery. It had also been announced through the remaining third of the year.

KENT COUNTY that the Admiral would go to New York in person to supervise the release of the gunboats which were built under his instructions, as given through Captain Arragon; but it is now said that he will be detained at Havan and will there be ready to give a wel
